

TOWN OF HOPKINTON
18 Main Street
Hopkinton, MA 01748

COVID-19 Updates & Precautions **Sept 1, 2021 update**

Previous updates and additional information and resources can be found here:

<https://coronavirus-hopkintonma.hub.arcgis.com/>

As of 8/27/21, Hopkinton's Health Department is reporting 1,136 total confirmed COVID-19 cases; 8 of those cases are active, with 1,111 recoveries and 17 deaths. You can see historical tracking and updates on [Hopkinton's Community Impact Dashboard](#).

Covid Prevention & Treatment

Many of the things you do to help prevent colds and the flu can help protect you against other respiratory viruses, including COVID-19:

- Wash your hands often with soap and warm water for at least 20 seconds.
- Avoid touching your eyes, nose and mouth.
- Clean things that are frequently touched (like doorknobs and countertops) with household cleaning spray or wipes.
- Cover your mouth when you cough or sneeze. Use a tissue or your inner elbow, not your hands.
- Stay home if you are sick and avoid close contact with others.
- Get vaccinated.

Even if you do not have symptoms, stay home as much as you can and practice social distancing if you must go out. That's because you can be sick with COVID-19 and spread the illness to others as much as 48 hours before you have symptoms.
