

Hopkinton Health Department

Narcan Training Community Harm Reduction

**EVERY 2ND TUESDAY
HOPKINTON PUBLIC LIBRARY**

**5:30 pm - 6:30 pm
Ellsworth Conference Room**

Narcan is the brand name of generic naloxone which is a life-saving medication that can reverse an opioid overdose.

This free training provides how to recognize/react to an overdose, when/how to use Narcan, and a free kit with fentanyl test strips to take home.
