Family Service Director's Report

February 2024

Staffing

We have an open Office Support Specialist position that closes on February 20. There are 14 applicants at this time. We will be interviewing for this position the week of February 26. We have an open Social Worker position and have not found qualified candidates to fill.

Administrative Assistant

After 16.5 years of service Renee Peterson is retiring. This position is funded by both Community Health and Family Services. It is of benefit to both agencies and serves a vital role in coordination and support of the operation of our agencies. Kathy Burski and I both recommend filling the position at this point to allow some cross-over training with the retiring staff. The effective date of her retirement is 3rd of May 2024

- Action requested.
- See attached resolution

Children's Mental Health Social Worker

Currently we have a Community Support Tech (CST) position in this area. She is providing Targeted Case Management services under an exemption from 1998. We will be unable to find a replacement staff that meets this exemption. Children's Mental Health is a growing and challenging area that is directly related to services for high needs children who are at risk of placement. We need to change this position from a Community Support Tech to a Social Worker position to meet DHS requirements and allow billing for our services. The current staff is a level 12 step B rate of pay is \$28.44 per hour and we are asking to change this position to a Social Worker with a rate of pay at Level 14 Step A at \$30.48 an hour. The staff's last day of work is May 1, 2024.

- Action requested.
- See attached resolution

Community Support Social Worker

We have a resignation that was effective 2/12/2024. A Social Worker in this area is essential and will continue to be a critical position to meet our needs. I would request refilling this position as the needs in this area are high and this is the best option for the agency.

- Action requested.
- See attached resolution

Ongoing Update on Number of Children in Placement

Last month we had <u>21</u> children in our care in out of home placements. We have <u>21</u> children in care this month compared to <u>22</u> last year for the same month.

Resolution #FS - 2/20/24

Health & Human Services Administrative Assistant Replacement Resolution

WHEREAS the Health & Human Services long term Administrative Assistant has given notice that she will be retiring on May 3, 2024, and

WHEREAS this position is budgeted and essential to the director's in both agencies, and

THEREFORE the Family Services Director is requesting to replace the Health & Human Services Administrative Assistant.

THEREFORE BE IT RESOLVED the Kanabec County Family Services Board authorizes the Family Service Director and Community Health Director assisted by the HR Director to hire a full time Administrative Assistant at Grade 9 Step A which is \$21.93 per hour and to backfill any position that could become vacant due to a promotion or lateral move.

Resolution #FS - 2/20/24

Family Services Community Support Tech to Social Worker Resolution

WHEREAS the Children's Services 24-year veteran Community Support Tech (CST) has given notice that she will be retiring the first week in May, and

WHEREAS the position of Children's Services CST was given an exception from DHS to bill for Targeted Case Management (TCM) in years past, and

WHEREAS finding a person to meet this exception would be difficult and would potentially not meet DHS's requirements for billing for our TCM services, and

WHEREAS the Family Services Director is requesting to replace the CST with a social worker to continue performing and billing for the TCM duties she has been providing.

.

THEREFORE BE IT RESOLVED the Kanabec County Family Services Board authorizes the Family Service Director assisted by the HR Director to hire a full time social worker to replace the Children's Services CST who is retiring at level 12 step B rate of pay of \$28.44 with a Social Worker Grade 14 Step A which is \$30.48 per hour and to backfill any position that could become vacant due to a promotion or lateral move.

Resolution #FS - 2/20/24

Family Services Community Supports Social Worker Resolution

WHEREAS a Social Worker in the Community Supports adult area has given notice of their resignation effective 2/12/2024, and

WHEREAS the adult area has another vacancy and a staff person out on leave at this time leaving the adult area down three staff, and

WHEREAS the Family Services Director is requesting to replace this social worker.

THEREFORE BE IT RESOLVED the Kanabec County Family Services Board authorizes the Family Service Director assisted by the HR Director to hire a full time social worker at Grade 14 Step A which is \$30.48 per hour and to backfill any position that could become vacant due to a promotion or lateral move.

Hosting Agreement between Clay County and Kanabec County

This agreement is entered into by and between the County of Clay, a Political Subdivision existing under the laws of the State of Minnesota, acting through its Technology Services Division, 807 11th St N. Moorhead, MN 56560, hereinafter referred to as the "Host", and Kanabec County, through its Family Services Division, 905 Forest Avenue, Suite 150, Mora, MN 55051; hereinafter referred to as "County".

WITNESSETH:

WHEREAS, counties benefit through collaboration by reducing duplication of like administrative activities without negatively affecting service capacity, by adding value through sharing the specialized knowledge and experience of staff with the result of increased aggregate service capacity, and by utilizing the evolution of technology to effectively work across distances and jurisdictions, and

WHEREAS, increased efficiencies and streamlining across county lines benefits taxpayers in cost savings, and

WHEREAS, the County has implemented an electronic document management system, Caseworks, through Next Chapter Technology (NCT), within their Health and Human Services Department, consisting of document scanning, electronic document management, electronic forms, and activity management, with one standard for workflow and business process across the counties, ensuring a negotiation of shared resources, authority, and accountability for human services programs; and

WHEREAS, the County desires to "upgrade and migrate" to the current Caseworks platform; and

WHEREAS, the County desires application hosting services for the current Caseworks platform; and

WHEREAS, Clay County currently provides a technological "host environment" for several Minnesota counties, with a centrally located hosting infrastructure in Moorhead; and

WHEREAS, a means for financing both the anticipated startup costs and anticipated annual hosting costs has been identified in the proposed terms and conditions set forth in this Agreement.

WHEREAS, all previous hosting agreements between Host and County are hereby rendered null and void upon signed copy of this agreement.

NOW THEREFORE, in consideration of the mutual covenants and promises between the parties set forth herein, it is hereby agreed that:

I. DEFINITIONS

Annual maintenance costs - annual costs necessary for maintenance of the Software.

Activity Management - a client flow and schedule management tool that improves the assignment, coordination, and communication of scheduled and non-scheduled appointments.

Business Managers - Financial Assistance supervisors and managers.

Business Process - the collection of related, - structured activities and tasks that result in determination of eligibility for Social Services public assistance programs.

Caseworks or Caseworks Editions - Editions or program specific applications of Caseworks, typically tied to a State System of Record. The following are the current Caseworks Editions and their systems of record:

- Financial Services Edition MAXIS
- Child Support Edition PRISM
- Workforce Center Edition
- METS/MNsure Edition Curam
- Social Services Edition SSIS
- Accounting Editions IFS & SSIS, General Accounting

Electronic Document Management System (EDMS) - utilization of electronic systems and methods to store and route case information rather than traditional paper files.

Go Live - the first productive use of the Software on Host Environment, by the County, after completion of Software installation, testing and training.

Host- Clay County.

Host Environment - production and test servers on which applications, databases, and documents reside and connectivity to those servers.

User - Each actual seat or users who access the system.

Product Updates and Upgrade - those improvements and/or modifications to the software that the Vendor generally makes available as part of an annual software support agreement.

New Product Modules - any product releases, including added functionality or major enhancement of the software, which the Vendor markets and licenses for additional fees separately from updates and upgrades. The term includes new modules and applications marketed by Vendor that pertain to the electronic document management system.

Project Sponsors - Human Services Directors from County.

Project Manager - Individual assigned to manage project resources, budget, and communications during the implementation phases of each Caseworks Edition implementation or upgrade.

Software - Caseworks and related software provided by Next Chapter Technology, Inc.

Startup costs - funds used to set up and implement Caseworks Editions and their scanning, document management, electronic forms, and activity management processes on the Host Environment.

Statement of Work (SOW) - a signed document between the Host and the County.

Workflow - a sequence of operations declared as work of a person, a group of persons, or an organization of staff.

II. DESIGNATED REPRESENTATIVES

The following representatives will administer this Agreement for and on behalf of the parties:

Representatives of County:

<u>Technical Representative</u>: <u>Business Representative</u>:

Lisa Blowers, Director Chuck Hurd, Director, Kanabec County

Kanabec County I.S. Family Services

317 Maple Ave. East 905 Forest Ave. E., Suite 150

Mora, MN 55051 Mora, MN 55051 320-679-6496 320-679-6350

Representatives of Host:

Technical Representative
Rory Schmitz, Clay County
Technology Services Director

Business Representative
Rhonda Porter, Clay County
Director of Social Services

807 11th Street North 715 11th Street North, Suite 502

Moorhead, MN 56560 Moorhead, MN 56560

Page 3

To assist the parties in the day-to-day performance of this Agreement and to develop service, ensure compliance, and provide ongoing consultation, liaisons shall be designated by Host and County. The parties shall keep each other continually informed, in writing, of any change in the designated liaison.

III. THIRD-PARTY VENDORS

The parties agree that provision of Software and Start-Up/Upgrade services under this agreement shall be limited to approved third-party vendors as follows:

A. Software: Caseworks Editions and Print2CaseWorks

Next Chapter Technology, Inc. 7700 Equitable Drive, Suite 200, Eden Prairie, MN 55344. The Designated Representative of the Vendor is Cathy Wassenaar, Chief Executive Officer

B. Services: Start-Up/Upgrade Project Management

Next Chapter Technology, Inc. 7700 Equitable Drive, Suite 200, Eden Prairie, MN 55344. The Designated Representative of the Vendor is Cathy Wassenaar, Chief Executive Officer

IV. NOTICES

All notices and demands pursuant to this Agreement shall be directed in writing to the Host and County.

V. COST ALLOCATIONS

In entering into this Agreement, the Host and County agree to purchase and maintain Software licenses, support, maintenance, and training as follows:

A. Initial Costs

- 1) <u>License</u> Host and County must obtain and maintain, at their own cost, a limited, non-exclusive, perpetual license to the Software and interfaces, including all future revisions, Product Upgrades and Product Updates. Any additional software licenses needed by County for its end use of the Software are the financial responsibility of the County. Invoices for the licenses purchased, as well as the associated ongoing maintenance, are billed directly to the County by the Vendor. Upon request of Host, County must provide proof of Microsoft licensing compliance. Failure to provide proof of a current license within ninety (90) days of request will result in a disconnection of services.
- 2) <u>Annual Software Support</u> Host and County must obtain and continue, at their own cost, Software maintenance services from NCT in order to comply with the License requirements above.

B. Start-up Costs:

- County will be charged by Host for a one-time "Start-up" fee which will cover the labor necessary to register County on the Host Environment. The County's cost for the one-time set up fee is as follows:
 - Financial Services Edition \$2000
 - Child Support Edition \$2000
 - METS/MNsure Edition \$0
 - Workforce Center Edition N/A
 - Social Services Edition N/A
 - Accounting Edition N/A
 - General Accounting Edition \$0
 - Future Editions to be mutually agreed upon by Host and County
- There shall be no net increase in costs to Host. Host will be responsible for costs to establish and maintain the Hosting Environment prior to full implementation in the County.
- All training related to use of the Software on the Host Environment is considered end user training and is the sole responsibility and cost of County.

C. Ongoing Costs:

1) Host will charge County an annual "Host EDMS Support Fee" ("Host Fee") as follows:

Financial Services - \$2000
Child Support - \$2000
METS/MNSure Edition - \$0
Workforce Center Edition - N/A
Social Services Edition - N/A
Accounting Edition - N/A
General Accounting Edition - N/A
Future Editions - to be mutually agreed upon by the Host and County

- 2) The Host Fee is in place to cover infrastructure upgrades, costs associated with support of the infrastructure, and replacement of hardware.
- 3) Ongoing costs do not include costs incurred by County to meet its individual needs, such as consulting, implementation, customization, education and training-related services, service to other products; maintenance of software that has been modified or repaired by someone other than third-party vendors set out in Section III; and modification or repair of damage to hardware or software located in County facilities caused by failure to continually provide a suitable operating environment (regardless of cause) or by using the software for other than the purposes for which licensed. Such costs shall be paid directly by County.

Host will prepare annual invoices for Host Fees. County shall remit payment to Host for

invoices within thirty (30) days unless other arrangements are agreed upon by the Host and County.

D. Database and Server Costs

- The server and database licenses have been purchased by Host with software assurance so as to keep both the server operating system and the database software up to date and supported. Costs for licenses and maintenance are included in the fee defined in C1 above.
- 2) The production server hardware has been purchased and will be maintained by Host.
- 3) The backup server hardware has been purchased and will be maintained by Host.
- 4) Host will be responsible for initial load and ongoing maintenance and support of all its local server hardware and server operating and database management software.
- 5) County service requests to NCT shall pass through the Host's Help Desk as identified by Host.

VI. SCOPE OF SERVICES PROVIDED BY HOST

- A Host will provide the production and test environments for the electronic document management system software. During the term of this Agreement, Host will provide the services described herein so as to maintain the services as identified in the following sections, in good, working order, so that the services shall function properly.
- B. Host will ensure sufficient server and storage space will be reserved for use to support County expected application response times for the business unit(s) in the Host hosting environment, including network devices, virtualization technologies, and backups. Host will ensure the memory, processing power, space and disk speeds are of sufficient performance to ensure all seasonal demands and reporting processing effort are responsive and can be completed during working hours and within expected durations.
- C. Host will provide and maintain the operating systems necessary to support effective operation of the hardware and installed software.
- D. Host will provide hardware support services necessary for the operability of all hardware located in the hosted facility.
- E. <u>Backups</u>, <u>Disaster Recovery</u>, and <u>High Availability and Restoration Services</u>. Host agrees to implement and maintain standard processes and procedures to ensure the County's data is highly available and the environments are secure and can be restored. Host agrees to maintain daily differential backups and weekly full backups of all hosted environments. Backup data shall be subject to all terms and conditions as set forth in the terms and conditions of this

Page 6 12

agreement.

Host agrees to provide restorative services following any incident, outage or disaster, foreseen or unforeseen, when requested by County. Restored data and environments must be to the most recent date possible. In no circumstances, unless mutually agreed upon by Host and County, can the restored data exceed more than twenty-four (24) hours from the date of the incident. Unless mutually agreed upon by Host and County, restoration services must be accomplished within 4 hours. If Host fails to meet data restoration requirements resulting in more than twenty-four (24) hours loss of data, County may terminate the Agreement and Attachments for cause/breach as set forth in the terms and conditions of this agreement.

F. <u>User Authentication</u>. Host agrees to set up security sufficient for County Users to access the hosted services related to the County's Caseworks installation at the Host's site. NCT will administer the County security within its hosted instance of Caseworks. County is responsible for management of its user accounts and credentials.

G. Security Practices.

- Hosted Environment: Host agrees to implement commercially reasonable measures to protect the security of the Host Environment and to prohibit unauthorized access to the Host Environment. Under no circumstances will County data, in any format, be hosted or transferred outside of the continental United States.
- 2) Data Center: The following physical security controls apply to County data residing in the Host's data center:
 - a. Servers and devices dedicated to County's use will be located in an access-controlled data center; and
 - b. Host will secure access to data center and limit access to the data center to authorized individuals; and
 - c. Upon termination of this Agreement as set forth in Section XI, Host will wipe data from hard drives and storage devices if equipment is being repurposed or decommissioned by Host.
- 3) Data Encryption at Rest: County data stored on servers shall be encrypted with Federal Information Processing Standards (FIPS)-validated or National Security Agency (NSA)-approved encryption during storage, regardless of location, except when no approved encryption technology solution is available that addresses the specific technology.

VII. COUNTY COMPLIANCE

Without limiting the foregoing, County agrees that neither it nor its employees, agents, contractors, or representatives shall attempt, in any way, to circumvent or otherwise interfere with any security precautions, procedural controls, acceptable use policy, change management or other Host policies relating to the Host service offering. Any such actions may cause a disruption in service. County will be responsible and indemnify Host for any damage or service interruptions caused by County or its employees in violation of these

Page 7 13

provisions, including, without limitation, any damage to any Host provided equipment or colocation infrastructure. County will pay Host, at the current published rates, for reasonable remedial services resulting from the County's actions.

VIII. CHANGE MANAGEMENT

Host will provide the County with reasonable notice before performing scheduled maintenance and as much notice as possible when performing emergency change controls. Host will use commercially reasonable efforts to minimize the impact of any change control and, when possible, schedule the change control to eliminate or minimize impact to the County's service. However, Host reserves the right to proceed with any change control if it is determined by Host in its sole discretion that a change control is necessary to maintain the overall integrity of the services if the County has received proper notifications of the impending change.

IX. FILES NOT NECESSARY FOR UPGRADES AND "GO LIVE"

Back file conversion is not in the scope of this project, unless specifically identified, and therefore not considered. However, the preparation of the manual case file and the scanning of the manual case files into the Electronic Data Management System (referred to as the File Prep Process and the File Scan Process) is the responsibility of the County.

X. DURATION

The term of the Agreement shall be in effect from date signed by all parties until December 31st, 2024, or an earlier mutually agreed termination date. This Agreement may be supplemented, amended or revised only in writing by agreement of all parties. The term of this Agreement may be terminated by either party by delivered written Notice of Termination as defined below.

XI. NOTICE OF TERMINATION

Written notice of termination shall be made by certified mail or personal delivery directed to each party specified in the Notice section of this Agreement. Notices are deemed effective upon delivery to the Host and County's authorized representative. Written notice is required ninety (90) days prior to renewal to be effective for the following year. If this Agreement is terminated as set forth above, Host will return all County data to County within sixty (60) days of termination date.

XII. EFFECT OF TERMINATION

Termination of this Agreement shall not discharge any liability, responsibility, or right of any party which arises from the performance or failure to adequately perform the terms of this Agreement prior to the effective date of termination, nor shall termination discharge any obligation which by its nature would survive after the date of termination. Early termination prior to the termination terms herein will not absolve any parties from the funding obligations set forth in this Agreement.

XIII. ASSIGNMENT

No party may assign this Agreement without the prior written consent of the other party, and such consent shall not be unreasonably withheld.

XIV. NEUTRAL CONSTRUCTION

The parties to this Agreement agree that this Agreement was negotiated fairly between them at arm's length and that the final terms of this Agreement are the product of the parties' negotiations. Each party warrants and represents that it has sought and has received legal counsel of its own choosing with regard to the contents of this Agreement and the rights and obligations affected hereby. The parties agree that this Agreement shall be deemed to have been jointly and equally drafted by them and that the provisions of this Agreement therefore should not be construed against a party or parties on the grounds that the party or parties drafted or was more responsible for drafting the provision.

XV. DATA PRACTICES

Pursuant to Minnesota Statutes Chapter 13 (the Minnesota Government Data Practices Act, or MGDPA), Host and County agree that they will continue to be responsible authorities for data created by their agency. Nothing in this Agreement shall result in any change in responsibilities for data practices requests, data access procedures, and compliance responsibilities of the individual agencies. Host and County agree that the originator of the data continues to own the data and responsibilities attendant to creation and maintenance of such data. All requests for data under the MGDPA will be forwarded to the agency that created the data.

Attached hereto and marked as **Exhibit A** is the Business Associate requirements under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), which is hereby incorporated by reference in its entirety. County and Host have read and understand its contents and agree to comply therewith.

XVI. SUBCONTRACTORS

Host may use subcontractors to perform work. Host will use appropriate screening and background checks to assure compliance with this Agreement as well as data privacy practices. Any subcontractor of Host used to perform any portion of this Agreement shall report to and bill Host directly. Host shall be solely responsible for the breach, performance, or nonperformance of any subcontractor.

XVII. SEVERABILITY

If any one or more of the provisions contained herein shall for any reason be held to be invalid, illegal, or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions hereof, and such invalidity, illegality, or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XVIII. ENTIRE AGREEMENT AND REMEDY

In conjunction with the matters considered herein, this Agreement contains the entire understanding and agreement of the parties, and there have been no promises, representations, agreements, warranties, or undertakings by any of the parties, either oral or written, of any character or nature hereafter binding except as set forth herein. This Agreement may be altered, amended or modified only by an instrument in writing executed by the parties to this Agreement and by no other means. Each party waives its future right to claim, contest or assert that this Agreement was modified, canceled, superseded, or changed by any oral agreements, course of conduct, waiver or estoppel.

XIX. MINNESOTA LAW

This Agreement shall be governed by the laws of the State of Minnesota. Any litigation regarding this Agreement or its contents shall be filed in the County of Clay, if in state court, or in the federal district court nearest to Clay County, if in federal court. Prior to commencing any litigation regarding this Agreement, the parties shall participate in mediation, with the parties equally responsible for the cost of the mediator. The parties shall mutually agree upon a mediator.

XX. WAIVER

Waiver of either party of any right or remedy pursuant to this Agreement will not be deemed a waiver of any other or subsequent right or remedy pursuant to this Agreement.

XXI. AUTHORITY

All parties to this Agreement warrant and represent that they have the power and authority to enter into this Agreement in the names, titles, and capacities herein stated and on behalf of any entities, persons, or firms represented or purported to be represented by such entity(ies), person(s), or firm(s) and that all formal requirements necessary or required by any state and/or federal law in order to enter into this Agreement have been fully complied with.

XXII. INDEMNIFICATION, HOLD HARMLESS, AND WAIVER

By County.

Subject to exceptions and limitations provided by law, including but not limited to those contained in Minnesota Statutes, Chapter 466, County agrees to indemnify and hold harmless Host from and against all claims of whatever nature, whether suit is initiated or not, arising or resulting from any act, omission or negligence of County, its officers, employees and agents and to indemnify and hold harmless Host, whether suit is initiated or not, against all costs, expenses and liabilities, including reasonable attorney's fees, incurred in connection with any such claim or proceeding, and the defense thereof. In case of any action or proceeding brought against Host by reason of any such claim, upon notice from Host, County shall defend such action or proceeding at County's cost and expense.

By Host.

Subject to exceptions and limitations provided by law, including but not limited to those contained in Minnesota Statutes, Chapter 466, Host agrees to indemnify and hold harmless County from and against all claims of whatever nature, whether suit is initiated or not, arising or resulting from any act, omission or negligence of Host, its officers, employees and agents and to indemnify and hold harmless County against all costs, expenses and liabilities, including reasonable attorney's fees, incurred in connection with any such claim or proceeding arising or resulting from the negligence of Host, its officers, employees and agents. In case of any action or proceeding brought against County arising or resulting from the negligence of Host, its officers, employees, and agents, upon notice from County, Host shall defend such action or proceeding at Host's cost and expense.

Page 11 17

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed intending to be bound thereby.

BUSINESS ASSOCIATE AGREEMENT

1. Definitions

- a) <u>Breach.</u> "Breach" shall mean the unauthorized acquisition, access, use, or disclosure of Protected Health Information which compromises the security or privacy of such Protected Health Information such that the unauthorized acquisition, access, use, or disclosure poses a significant risk of financial, reputational, or other harm to the Individual (as defined below). A "Breach" shall not include the following:
 - i) any unintentional acquisition, access, or use of Protected Health Information by an employee or person acting under the authority of Covered Entity or Business Associate, as long as such acquisition, access, or use was made in good faith and within the scope of such employee's or person's authority with Covered Entity or Business Associate, provided that such information is not further used or disclosed in an unauthorized manner:
 - ii) an inadvertent disclosure by a person who is otherwise authorized to access Protected Health Information at Covered Entity or Business Associate to another similarly situated person at the same Covered Entity or Business Associate, provided that any such information received as a result of such disclosure is not further used or disclosed in an unauthorized manner; or
 - iii) a disclosure of Protected Health Information where Covered Entity or Business Associate has a good faith belief that an unauthorized person to whom the disclosure was made would not reasonably have been able to retain such information.
- b) <u>Electronic Health Record.</u> "Electronic Health Record" shall mean an electronic record of health-related information on an Individual that is created, gathered, managed, and consulted by authorized health care clinicians and staff.
- c) <u>Electronic Protected Health Information.</u> "Electronic Protected Health Information" shall have the same meaning as the term "electronic protected health information" at 45 C.F.R. § 160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity.
- d) <u>Health Plan.</u> "Health Plan" or "Plan" shall have the same meaning as the term "Health Plan" at 45 C.F.R. § 160.103.
- e) <u>HIPAA</u>. "HIPAA" shall mean the Health Insurance Portability and Accountability Act of 1996, as amended, and the implementation regulations thereunder, including without limitation the HITECH Standards (as defined below), the January 25, 2013 final rule issued by the Secretary (the "Final Rule"), and all future regulations promulgated thereunder.

Page 13 19

- f) <u>HIPAA Rules.</u> "HIPAA Rules" means the Privacy Rule (as defined below) and the Security Rule (as defined below).
- g) <u>HITECH Standards.</u> "HITECH Standards" means Subtitle D of the Health Information Technology for Economic and Clinical Health Act ("HITECH"), found at Title XIII of the American Recovery and Reinvestment Act of 2009, and any regulations promulgated thereunder, including all amendments to the HIPAA Rules, including the Final Rule.
- h) <u>Individual.</u> "Individual" shall have the same meaning as the term "individual" at 45 C.F.R. § 160.103, and any amendments thereto, and shall include a person who qualifies as a personal representative in accordance with 45 C.F.R. § 164.502(g).
- i) <u>Privacy Rule.</u> "Privacy Rule" means the Standards for Privacy of Individually Identifiable Health Information at 45 C.F.R. Part 160 and 164.
- j) Protected Health Information. "Protected Health Information" shall have the same meaning as the term "protected health information" at 45 C.F.R. § 160.103, and any amendments thereto, limited to the information created or received by Business Associate from or on behalf of Covered Entity.
- k) Required By Law. "Required By Law" shall have the same meaning as the term "required by law" at 45 C.F.R. § 164.103.
- I) <u>Secretary.</u> "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.
- m) <u>Security Incident.</u> "Security Incident" shall have the same meaning as the term "security incident" at 45 C.F.R. § 164.304.
- n) <u>Security Rule.</u> "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 C.F.R. Parts 160, 162, and 164.
- Unsecured Protected Health Information. "Unsecured Protected Health Information" means
 Protected Health Information that is not rendered unusable, unreadable, or indecipherable
 to unauthorized persons through the use of a technology or methodology specified by the
 Secretary.
- p) Terms used, but not otherwise defined, in this Agreement shall have the same meaning as those terms in the Privacy Rule, the Security Rule, the HITECH Standards, the Final Rule, or any future regulations promulgated or guidance issued by the Secretary thereunder.

2. Relationship of Parties

In the performance of the work, duties and obligations described in this Agreement or under any other agreement between the parties, the parties acknowledge and agree that each party is at all times acting and performing as an independent contractor and at no time shall the relationship between the parties be construed as a partnership, joint venture, employment, principal/agent relationship, or master/servant relationship.

3. Ownership of Protected Health Information

Business Associate acknowledges that all right, title and interest in and to any Protected Health Information furnished to Business Associate vests solely and exclusively with Covered Entity or the Individual to whom such Protected Health Information relates.

4. Obligations and Activities of Business Associate

Page 14 20

- a) Business Associate agrees to not use or disclose Protected Health Information other than as permitted or required by this Agreement, any underlying agreement between the parties, or as Required By Law.
- b) Business Associate will make reasonable efforts to limit requests for and the use and disclosure of Protected Health Information to the minimum necessary, and as applicable, in accordance with the regulations and guidance issued by the Secretary on what constitutes the minimum necessary for Business Associate to perform its obligations to Covered Entity under this Agreement, any underlying agreement, or as Required By Law.
- c) Business Associate agrees to use appropriate safeguards to prevent the use or disclosure of Protected Health Information other than as provided for by this Agreement.
- d) Business Associate agrees to implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of Electronic Protected Health Information that it creates, receives, maintains or transmits on behalf of Covered Entity.
- e) Business Associate agrees to mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of Protected Health Information by Business Associate in violation of the requirements of this Agreement.
- Business Associate agrees to report to Covered Entity any use or disclosure of the Protected Health Information not provided for by this Agreement of which it becomes aware. To the extent that Business Associate creates, receives, maintains or transmits Electronic Protected Health Information, Business Associate agrees to report as soon as practicable to Covered Entity any Security Incident, as determined by Business Associate, involving Protected Health Information of which Business Associate becomes aware. At the request of Covered Entity, Business Associate shall identify the date of the Security Incident, the scope of the Security Incident, Business Associate's response to the Security Incident and the identification of the party responsible for causing the Security Incident, if known. The parties agree that this section satisfies any reporting required by Business Associate of attempted but Unsuccessful Security Incidents (as defined below) for which the parties agree no additional reporting shall be required. "Unsuccessful Security Incidents" include but are not limited to activity such as "pings" and other broadcast attacks on Business Associate's firewall, port scans, unsuccessful log-on attempts, denials of service and any other attempts to penetrate such computer networks or systems that do not result in unauthorized access, use or disclosure of Electronic Protected Health Information.
- g) Following Business Associate's discovery of a use or disclosure of Unsecured Protected Health Information that is not provided for by this Agreement, Business Associate shall notify Covered Entity of the Breach without unreasonable delay, and in no event later than ten (10) calendar days after Business Associate, or any of its employees or agents, discovered the Breach.
- h) Business Associate agrees to ensure that any agent, including a subcontractor, to whom it provides Protected Health Information received from, or created or received by Business Associate on behalf of Covered Entity, agrees to substantially the same or greater restrictions and conditions on the creation, use or disclosure of Protected Health Information that apply through this Agreement to Business Associate with respect to such information by entering into a business associate agreement.
- i) Business Associate agrees to provide access, at the request of Covered Entity, and in a time and manner mutually acceptable to Business Associate and Covered Entity, to Protected Health Information in a Designated Record Set to Covered Entity, or, as directed by Covered Entity, to an Individual, in order to meet the requirements under 45 C.F.R. § 164.524.

Page 15 21

- j) Business Associate agrees to make any amendment(s) to Protected Health Information in its possession contained in a Designated Record Set that Covered Entity directs or agrees to pursuant to 45 C.F.R. § 164.526 at the request of Covered Entity or an Individual, and in a time and manner mutually acceptable to Business Associate and Covered Entity.
- k) Business Associate agrees to document such disclosures of Protected Health Information and information related to such disclosures as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures of Protected Health Information in accordance with 45 C.F.R. § 164.528.
- I) Within ten (10) business days (or such other date that Business Associate and Covered Entity may reasonably agree upon) of receiving written notice from Covered Entity that Covered Entity has received a request for an accounting of disclosures of Protected Health Information, Business Associate agrees to provide to Covered Entity information collected to permit Covered Entity to make the accounting required in accordance with 45 C.F.R. § 164.528.
- m) Business Associate agrees to honor any restriction to the use or disclosure of Protected Health Information that Covered Entity has agreed to in accordance with 45 C.F.R. § 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of Protected Health Information, upon written notice by Covered Entity to Business Associate. Specifically, upon written notice from Covered Entity that an Individual has made a request to restrict the disclosure of the Individual's Protected Health Information, Business Associate must comply with the requested restriction if, except as otherwise required by law, the disclosure is to a Health Plan for purposes of carrying out payment or health care operations and the Protected Health Information pertains solely to a health care item or service for which the health care provider involved has been paid out of pocket in full.
- n) Business Associate agrees to make its internal practices, books, and records, including policies and procedures, relating to the use and disclosure of Protected Health Information received from, or created or received by Business Associate on behalf of Covered Entity, available to the Secretary for purposes of determining Covered Entity's compliance with the Privacy Rule.
- o) If Business Associate uses or maintains Protected Health Information in an Electronic Health Record, Business Associate must provide access to such information in an electronic format if so requested by an Individual. Any fee that Business Associate may charge for such electronic copy shall not be greater than Business Associate's labor costs in responding to the request.
- p) Business Associate shall not engage in any marketing activities or communications with any Individual unless such marketing activities or communications are allowed by the terms of this Agreement or a separate underlying agreement between the parties, and are made in accordance with the HITECH Standards, the Final Rule, or any future regulations promulgated thereunder. Notwithstanding the foregoing, any payment for marketing activities shall be made in accordance with the HITECH Standards, the Final Rule, or any future regulations promulgated thereunder.
- q) If Business Associate knows of, or becomes aware of, a pattern of activity or practice of Covered Entity that constitutes a material breach or violation of Covered Entity's obligations under this Agreement, Business Associate shall take reasonable steps to cure the breach or end the violation, as applicable, and if such steps are unsuccessful shall terminate this Agreement.

Page 16 22

- r) Business Associate shall abide by the Security Standards for the Protection of Electronic Protected Health Information at 45 C.F.R. Subpart C, specifically the Administrative Safeguards at 45 C.F.R. § 164.308, the Physical Safeguards at 45 C.F.R. § 164.310, the Technical Safeguards at 45 C.F.R. § 164.312, and the policies and procedures and documentation requirements at 45 C.F.R. § 164.316, in the same manner such provisions apply to Covered Entity.
- s) Business Associate shall not receive remuneration, directly or indirectly, in exchange for any Protected Health Information, unless so allowed by the terms of this Agreement or a separate underlying agreement between the parties and in accordance with the HITECH Standards, the Final Rule, and any future regulations promulgated thereunder.
- t) To the extent the Business Associate is to carry out one or more of Covered Entity's obligations under Subpart E of 45 CFR Part 164, comply with the requirements of Subpart E that apply to the Covered Entity in the performance of such obligations.

5. General Use and Disclosure Provisions

Except as otherwise limited in this Agreement:

- a) Business Associate reserves the right to use Protected Health Information for the proper management and administration of Business Associate, to carry out the legal responsibilities of Business Associate, and to provide data aggregation services to Covered Entity.
- b) Business Associate may use or disclose Protected Health Information to perform functions, activities, or services for, or on behalf of, Covered Entity provided that such use or disclosure would not violate the Privacy Rule if done by Covered Entity.
- c) Business Associate may disclose Protected Health Information in its possession for the proper management and administration of Business Associate, provided that disclosures are Required by Law, or Business Associate obtains reasonable assurances from the third party to whom the information is disclosed that such Protected Health Information will be held confidentially and used or further disclosed only as Required By Law or for the purpose for which it was disclosed to the third party, and the third party notifies Business Associate of any instances of which it is aware in which the confidentiality of the Protected Health Information has been breached.

6. Obligations of Covered Entity

- a) Covered Entity shall notify Business Associate of any limitation(s) in its notice of privacy practices in accordance with 45 C.F.R. § 164.520, to the extent that such limitation may affect Business Associate's use or disclosure of Protected Health Information.
- b) Covered Entity shall notify Business Associate, in writing and in a timely manner, of any change in, or revocation of, permission by Individual to use or disclose Protected Health Information, to the extent that such change may affect Business Associate's permitted or required use or disclosure of Protected Health Information.
- c) Covered Entity shall notify Business Associate, in writing and in a timely manner, of any restriction to the use and/or disclosure of Protected Health Information, which Covered Entity has agreed to in accordance with 45 C.F.R. § 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of Protected Health Information.

Page 17 2.1

d) Covered Entity shall notify Business Associate if it has entered into "Business Associate Agreements" with any third parties (e.g., case managers, brokers or third-party administrators) to which Covered Entity directs and authorizes Business Associate to disclose Protected Health Information

7. Permissible Requests by Covered Entity

Covered Entity shall not request Business Associate to use or disclose Protected Health Information in any manner that would not be permissible under the Privacy Rule or the Security Rule if done by Covered Entity.

8. <u>Term and Termination</u>

- a) <u>Term</u>. The term of this Agreement shall commence on the Effective Date which shall be no later than the earliest applicable compliance date, and shall terminate when all of the Protected Health Information provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or, if it is not feasible to return or destroy the Protected Health Information, protections are extended to such information, in accordance with the termination provisions in this Section.
- b) <u>Termination for Cause</u>. Upon Covered Entity's knowledge of a material breach by Business Associate, Covered Entity shall either:
 - Provide an opportunity for Business Associate to cure the breach of this BAA or end the violation and terminate this Agreement if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity;
 - ii) Immediately terminate this Agreement if Business Associate has breached a material term of this Agreement and cure is not possible.

c) Effect of Termination.

- i) Except as provided in paragraph (ii) of this Section, upon termination of this Agreement, for any reason, Business Associate shall return or destroy all Protected Health Information received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity. This provision shall apply to Protected Health Information that is in the possession of subcontractors or agents of Business Associate. Business Associate shall not retain copies of the Protected Health Information.
- ii) In the event that Business Associate determines that returning or destroying the Protected Health Information is not feasible, or if Protected Health Information is retained by Business Associate for purposes described in Section 5 above, Business Associate shall provide to Covered Entity notification of the conditions that make return or destruction not feasible or necessary for purposes of Section 5 above. Upon determination that return or destruction of Protected Health Information is not feasible or necessary for purposes of Section 5 above, Business Associate shall extend the protections of this Agreement to such Protected Health Information and limit further uses and disclosures of such Protected Health Information to those purposes that make the return or destruction not feasible, for so long as Business Associate maintains such Protected Health Information.

9. Miscellaneous

Page 18 24

- a) <u>Regulatory References</u>. A reference in this Agreement to a section in the Privacy Rule or the Security Rule means the section as in effect or as amended and for which compliance is required.
- b) Amendment. The parties acknowledge that the foregoing provisions are designed to comply with the mandates of HIPAA. No change, amendment, or modification of this Agreement shall be valid unless set forth in writing and agreed to by both parties. Notwithstanding the foregoing, the parties acknowledge that state and federal laws relating to electronic data security and privacy are rapidly evolving and that amendment of this Agreement may be required to ensure compliance with such developments. The parties specifically agree to take such action as may be necessary from time to time for the parties to comply with the requirements of HIPAA.
- c) <u>Interpretation</u>. Any ambiguity in this Agreement shall be resolved to permit Covered Entity and Business Associate to comply with HIPAA.

Chuck Hurd Kanabec County Family Services 905 Forest Avenue, Suite 150 Mora, MN 55051

RE: CaseWorks Hosting

Dear Chuck,

As you're aware, in late October 2023, our hosting environment for CaseWorks was impacted by a cyber incident in which threat actors obtained personal information related to clients we serve, in many of the counties we support. Since 2012, Clay County was designated as the hosting site in a collaborative effort to reduce costs for counties across the state. While we've successfully met that goal over the years, the recent cyber incident has prompted careful consideration as to the additional risks associated with hosting data for other agencies.

On January 23rd, 2024, the Clay County Board voted in favor of discontinuing hosting services for the CaseWorks EDMS solution effective end of business day on December 31st, 2024. We anticipate this notice will give your agency adequate time to plan and budget for these service changes going forward. The official Notice of Termination will be delivered via Certified Mail per the hosting agreement with Clay County.

To help with this transition, Clay County has been coordinating planning efforts with Next Chapter Technology, Inc. to assist in migration of your data to their new platform rollout this Summer. Next Chapter has offered two options for their new platform, self-hosted and Microsoft Azure Cloud hosted. Next Chapter will provide full support with either option. They have indicated the hosting fees for the cloud offering will be the same as you are paying now, plus 20 percent to offset additional costs associated with Microsoft Azure. For more information and to discuss plans, please reach out to Cathy Wassenaar at cathy.wassenaar@nctinc.com or at 612-998-9926.

Additional questions or concerns can be directed to Rory Schmitz by e-mailing him at rory.schmitz@claycountymn.gov or by phone at 218-299-7289.

2024 AGREEMENT BETWEEN

PINE COUNTY HEALTH AND HUMAN SERVICES

AND

KANABEC COUNTY HEALTH AND HUMAN SERVICES

This Agreement is made by and between Pine County Health and Human Services, 635 Northridge Dr. NW, Suite 220, Pine City, MN 55063 ("Pine County") and Kanabec County Family Services, 905 Forest Avenue E., Suite 150, Mora, MN 55051 ("Kanabec County").

WHEREAS, Minnesota Statutes sections 245.461 through 245.486 and sections 245.487 to 245.4889 establish the Minnesota Comprehensive Adult Mental Health Act and the Minnesota Comprehensive Children's Mental Health Act, respectively;

WHEREAS, Pine County wishes to secure the provision of Psychiatric Services, including mental health medication management; and

WHEREAS, pursuant to Minnesota Statutes Chapter 402, Pine County wishes to purchase such services from Kanabec County.

NOW, THEREFORE, in consideration of the mutual understanding and agreements set forth, Pine County and Kanabec County agree as follows:

SECTION 1: OBLIGATIONS OF KANABEC COUNTY

- 1.1 Provision of Services: Kanabec County shall provide uninsured and underinsured residents of Pine County with Psychiatric Services. A client's eligibility to receive such services will be mutually agreed upon by Pine County and Kanabec County prior to providing such services; services shall not be provided to clients who are not determined to be eligible. Fees may be determined on a sliding scale for clients without third-party insurance. Clients may also be eligible for the sliding scale when health plans including Medical Assistance, Medicare, Minnesota Care, PMAP, or third-party payers have denied payments or reached limits.
- 1.2 Standard of Performance: Kanabec County shall provide services in conformance with applicable laws and regulations, including, but not limited to the accepted standards of professional practice (e.g. professional standards set forth in the MHCP Provider Manual and Minnesota Department of Human Services rules).
- 1.3 Program Licensure: Kanabec County and personnel providing services shall maintain the appropriate licensure for delivering Psychiatric Services and shall provide proof of such licensure if requested by Pine County.

Commented [RF1]: Is there a way to define this further?

- 1.4 Kanabec County shall maintain general and professional liability insurance in amounts mutually acceptable to the Authorized Representatives. Kanabec County shall provide evidence of such coverage to Pine County upon request and shall notify Pine County of any proposed changes or cancellations in such coverage.
- 1.5 Access to Records: Consistent with federal and state requirements, Kanabec County shall, upon the request of Pine County or any other appropriate government agency, provide access to books and records related to the provision of services under this Agreement for at least ten (10) years after the services have been rendered. This obligation survives the termination of this Agreement.
- 1.6 Audits: Kanabec County shall cooperate with audits as requested by Pine County or any other appropriate government agency.

SECTION 2: OBLIGATIONS OF PINE COUNTY

- 2.1 Payment for Services: Payment will be based on services provided, not to exceed the payment rate indicated in Appendix A.
- 2.2 Invoices: Invoices shall detail services provided. Upon receipt of the invoice, Pine County will make payment to Kanabec County within 35 days of receipt per Minnesota Statutes section 471.425 subd. 2(a).

SECTION 3: AUTHORIZED REPRESENTATIVES

- 3.1 Pine County's Authorized Representative: Rebecca Foss, Pine County Health and Human Services Director, 635 Northridge Dr. NW, Suite 220, Pine City, MN 55063.
- 3.2 Kanabec County's Authorized Representative: Chuck Hurd, Kanabec County Family Services Director, 905 Forest Avenue East, Suite 150, Mora, MN 55051.

SECTION 4: TERMINATION

- 4.1 Termination with Cause: Either party may terminate this Agreement for material breach by written notice to the breaching party's Authorized Representative, provided that such breach remains uncured for a period of thirty (30) days after receipt of written notice.
- 4.2 Termination Due to Change in Funding: In the event funding from the state or federal sources is less than expected, decreased, terminated, or not continued at a sufficient level to allow purchase of services, Pine County reserves the right to give a thirty (30) day notice of termination of this Agreement.
- 4.3 Termination Without Cause: Either party may terminate this Agreement without cause upon ninety (90) days written notice to the other party's Authorized Representative.

4.4 Obligations Upon Termination: Pine County is only responsible for the cost of services provided under this Agreement up to the termination date. Pine County is not responsible for paying for services not provided for before or after termination.

SECTION 5: DATA PRIVACY

- 5.1 All data collected, received, maintained, created, shared between the parties, or disseminated, or used for any purpose in the course of either party's performance of this Agreement shall be governed by the Minnesota Government Data Practices Act, Minnesota Statutes, Chapter 13, hereafter referred to as "the Act", and any other Minnesota Statute and Minnesota Rules implementing the Act now in force or hereafter adopted, and, applicable federal laws and regulations on data privacy, including the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Pub. L. 104-191. The parties agree to strictly abide by the Act, other applicable Statutes, Rules, regulations, and policies governing data practices as they are now and as they may be amended.
- 5.2 This section survives termination of this Agreement.

SECTION 6: INDEMNIFICATION

- 6.1 Kanabec County shall indemnify, defend, and hold harmless Pine County, its officers, employees, assigns, and agents from and against any and all costs, liabilities, losses, and expenses (including, but not limited to, reasonable attorney's fees) resulting from any claim, suit, action, or proceeding against Pine County resulting from a breach by Kanabec County of this Agreement; the provision of services by Kanabec County under this Agreement, including claims relating to patient care plans, protocols or standards; or violations by Kanabec County of any applicable federal, state, or local laws or regulations and any applicable terms and conditions of any contract between Kanabec County and agencies of the State of Minnesota and/or the United States of America.
- 6.2 Pine County shall indemnify, defend, and hold harmless Kanabec County, its officers, employees, assigns, and agents from and against any and all costs, liabilities, losses
- , and expenses (including, but not limited to, reasonable attorney's fees) resulting from any claim, suit, action, or proceeding against Kanabec County resulting from a breach by Pine County of this Agreement; or violations by Pine County of any applicable federal, state, or local laws or regulations and any applicable terms and conditions of any contract between Pine County and agencies of the State of Minnesota and/or the United States of America.
- 6.3 Each party's indemnification obligations will be subject to (i) receiving prompt written notice of the existence of any potential claim, suit, or action; (ii) the indemnifying party's option to control the defense of any claim, suit, or action; (iii) permitting the indemnified

party to participate in the defense of any claim, suit, or action; and (iv) receiving the full cooperation of the indemnified party in the defense of any claim.

SECTION 7: MISCELLANEOUS

- 7.1 Governing Law: This Agreement shall be governed and construed in accordance with the laws of the State of Minnesota.
- 7.2 Assignment and Subcontracting: Neither party shall assign, transfer, or delegate its responsibilities or amounts owed to any third party without the prior written consent of the other party. Kanabec County shall not subcontract any portion of its obligations without the prior written consent of Pine County.
- 7.3 Amendments: This Agreement may not be amended or modified except by writing and approved by both parties.
- 7.4 Entire Agreement. This Agreement, including the exhibits, constitutes the entire understanding between the parties as to the Agreement's subject matter, and supersedes all prior discussions, agreements, and understandings between the parties as to the subject matter herein.
- 7.5 Independent Contractor: Kanabec County and Pine County are independent contractors of each other. Nothing in this Agreement shall create or be deemed to create an employment, partnership, or joint venture relationship between the parties. Any employees or officials of each party will remain the employees or officials of that party.
- 7.6 Severability: The provisions of this Agreement are severable. If any paragraph, section, subdivision, sentence, clause, or phrase of the Agreement is for any reason held to be contrary to law, or contrary to any rule or regulation having the force and effect of law, such decision shall not affect the remaining portions of this Agreement.
- 7.7 Survival: Any section of this Agreement that by its terms contemplates or requires continuing effect following termination of this Agreement shall survive such termination.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed intending to be bound thereby.

Appendix A: Services Description and Payment Rate per Service:

Psychiatry Services (Mental Health Medication Management) reimbursed

Pine County will pay for (7) seven hours of this service per month to Kanabec County at a rate of \$130.56 per hour. Kanabec County will bill quarterly for these services. Kanabec County will bill all available pay sources for service provided under this agreement and reduce the amount of the payment due from Pine County by 90 percent of the revenues collected in the quarter for the contracted (7) seven hours of service per month. Kanabec County will retain 10 percent of revenues from reimbursement collected during the quarter for the (7) seven hours of services for Pine County per month. A settle up will be done each quarter by a reduction in the full amount billed to Pine County for services provided under this Agreement delivered in the previous quarter by subtracting 90 per cent of revenues under this Agreement collected in that quarter from the total due.

Mental Health Medication Management

Medication Management is a service to determine a recipient's needs for a prescribed drug, or to evaluate the effectiveness of the prescribed drug as noted in the recipient's written individual treatment plan (ITP).

Medication Monitoring is a brief, face-to-face service to monitor a recipient's drug dosage or prescription.

Resolution # FS -2/20/2024

Pine County Psychiatric Services Resolution

WHEREAS, Minn. Stat. §§235.461 through 235.486 and Minn. Stat. §§235.487 through 235.488 establishes the Minnesota Comprehensive Adult Mental Health Act and the Minnesota Comprehensive Children's Mental Health Act, respectively; and

WHEREAS, on December 21, 2023 this Board approved an Agreement with Pine County Health & Human Services for Psychiatric Services, and

WHEREAS, upon receipt of the partially signed Agreement Pine County has chosen to revise said Agreement.

NOW, THEREFORE BE IT RESOLVED that the Kanabec County Family Services Board approves the revised Psychiatric Services Agreement with Pine County Health & Human Services which commenced on January 1, 2024 through December 31, 2024.

MEMORANDUM OF UNDERSTANDING

Between

Braham Public Schools - District# 314

And

Kanabec County, dba Kanabec County Family Services

Transportation Procedures Agreement

To ensure the educational stability of Foster Care Youth:

Every Student Succeeds Act (ESSA) requirements

This memorandum of Understanding (MOU) addresses transportation related provisions. Additional policies may be added to address the unique needs of each collaboration between the Local Education Agency (LEA) Child Welfare Agency (CWA) in order to ensure the educational stability of foster care youth. Note: this MOU is not a local transportation plan. It is an agreement between the LEA and CWA to collaboratively design a local transportation plan.

Purpose:

The purpose of this agreement is to establish transportation procedures between **Braham Public Schools** (LEA) and **Kanabec County dba Kanabec County Family Services** (CWA) to ensure the provision of transportation for foster care youth enrolled in a LEA (Pre-K -12) when a best interest determination indicates that the student should remain in the school of origin, and alternative means of transportation to and from school have been fully explored and deemed unavailable.

Joint Responsibilities:

- The LEA and CWA agree to collaborate to update or establish formal mechanisms to ensure that the LEA is promptly notified when a child enters foster care or changes foster care placements.
- The LEA and CWA agree to collaborate to jointly design a comprehensive transportation plan to ensure that transportation for children in foster care is provided, arranged, and funded.
- Both parties agree that under no circumstances shall a transportation dispute between parties delay or interrupt the provision of transportation for a child to the school of origin.
- Both parties agree to communicate regularly and share leadership responsibilities at the local level to ensure that available resources for transportation are utilized in the most effective manner, without duplication.
- Both parties agree that transportation must be provided in a "cost effective" manner so low-cost /no-cost options should be explored. (e.g. pre-existing bus stops or public

- transportation, foster parents provide transportation, transportation by other programs if child is eligible).
- Both parties agree to maintain confidentiality of information regarding children and families being served, in accordance with the Family Education Rights and Privacy Act (FERPA), and all other State and Federal laws and regulations regarding confidentiality.
- Both parties understand that all federal, state and local funding sources should be maximized to ensure transportation costs are not unduly burdensome on one agency.

Respective responsibility under this agreement include:

Braham Public Schools- District 314 (LEA)

- Establish a Foster Care Point of Contact (POC) given the importance of transportation to
 ensure educational stability requirements. Defined by the Every Student Succeeds Act (ESSA).
- Share the Foster Care POC's contact information with state and local education and child welfare agencies.
- Understands that even if an LEA does not transport other students, it must ensure that transportation is provided to children in foster care, adhering to the collaboratively designed transportation plan.
- Acknowledges that Title I is an allowable funding source for additional transportation costs although funds reserved for comparable services for homeless children and youth may not be used for transportation.
- Informs the CWA whether Title I funds are available to support additional transportation costs for children in foster care in order to maintain enrollment in their school of origin.
- Agrees, if applicable, to support additional transportation costs for eligible foster care youth utilizing funds made available within Title I.
- Understands that if there are additional costs providing transportation for children in foster care to remain in his or her school of origin, the LEA (school of origin) will provide such transportation if (1) the county children and youth agency agrees to reimburse the LEA for the cost of transportation; (2) the LEA agrees to pay for the additional costs; or (3) the LEA and county children and youth agency agree to share the costs.
- Agrees that a child must remain in his or her school of origin while any disputes are being resolved;
- To provide or arrange for adequate and appropriate transportation to and from the school of origin while any disputes are being resolved.

Kanabec County Family Services Agency (Child Welfare Agency (CWA)

- Identifies all children in foster care enrolled in the LEA in order for the LEA and CWA to fulfill the jointly agreed upon transportation responsibilities.
- Informs LEA of children in foster care who may be in need of transportation to maintain enrollment in their school of origin.
- Agrees to immediately inform the school of origin of children in foster care who experience a change of foster care placement.

- Agrees, if applicable, to support transportation costs for eligible foster care youth utilizing funds made available within the county's child welfare budget under Section 475(4)(A) of Title IV-E of the Social Security Act.
- Informs the LEA/school of origin whether Title IV-E funds are available to support additional transportation costs for children in foster care in order to maintain enrollment in their school of origin. Agrees to assist the LEA/school of origin in exploring the full range of options for providing and funding transportation to maintain a child in his or her school of origin, consistent with the child's educational stability plan.

Updates and Revisions:

Updates and revisions to this MOU should be made as needed. Any updates or revisions to the MOU must be submitted to the Minnesota Department of Education. Best Practice recommends that an updated MOU be submitted every three years, as contractual updates follow this timeline.

<u>Braham Public Schools</u> - <u>District #314 (LEA)</u> and <u>Kanabec County Family</u> <u>Services (CWA)</u> agree to update or revise this Memorandum of Understanding (MOU) as needed or every three years to coincide with the contractual timelines.

This agreement will be reviewed and approved by representatives of both agencies;

Kanabec County Family Services 905 Forest Avenue E., Suite 150 Mora, MN 55051

PURCHASE OF SERVICE AGREEMENT FOR THE TRANSPORTATION OF CHILDREN AND YOUTH IN FOSTER CARE PLACEMENT

This Agreement is entered into by and between Mora Public School District (hereinafter referred to as the District) and Kanabec County, dba Kanabec County Family Services.

WHEREAS, the parties desire for the District to provide certain transportation services for students in foster care placement under the terms and conditions hereinafter set forth:

WHEREAS, pursuant to the Elementary and Secondary Act (ESEA), as amended by the Every Student Succeeds Act (ESSA), youth placed in a foster care placement will remain enrolled in their school of origin, unless a determination is made that it is not in their best interest. Best interest factors include timeliness, consideration of the appropriateness of the current educational setting and the proximity to the school in which the child is enrolled at the time of placement.

WHEREAS, the term foster care is defined as 24-hour substitute care for children placed away from their parents or guardians and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions and pre-adoptive homes. This definition is consistent with the Fostering Connections Act (45 CFR 1355.20).

WHEREAS, pursuant to the Elementary and Secondary Act (ESEA), as amended by Every Student Succeeds Act, the District is required to collaborate with child welfare agency to develop and implement procedures for how transportation for youth in foster care will be provided, arranged and funded, including the use of child welfare funding to cover costs for such transportation provided by the District and Kanabec County agree to share the costs of the transportation. This agreement outlines the developed agreement about shared costs of transporting youth in foster care to and from school.

NOW, THEREFORE, in consideration of the mutual terms and conditions contained herein, it is agreed by and between the parties hereto as follows:

1. <u>TERM:</u>

The term of this Agreement shall be in effect until terminated by either party in writing.

2. EDUCATIONAL PLACEMENT DECISIONS:

Kanabec County is responsible for determining appropriate education placement and the presumption should be that the child will remain in the school of origin to provide school stability and educational continuity for the child, unless contrary to the child's best interests. Kanabec County and/or representative of the school in which the child is currently enrolled will work with the Kanabec County foster care contact to determine, based on the child's best interest, whether the child should remain in the school of origin or consider a transfer to the local zoned school for the child's new residence.

If Kanabec County is considering moving a child to a new educational placement, Kanabec County will have a phone consultation with the district contact prior to gathering input about the best interests of the child in relation to their school placement. Kanabec County and the District Foster Care Point of Contact for Mora Public Schools responsible for students in foster care will work collaboratively to inform this school placement decision-making process. The school will provide information about the appropriateness of the child's current educational placement. Kanabec County shall take into consideration this information and other best interest factors found in paragraph three in making educational decisions. The District Foster Care Point of Contact and/or a representative of the school in which the child is enrolled will be asked to participate in the meeting, either by phone or in person. Kanabec County will identify a point of contact from the agency to work directly with the District Foster Care Point of Contact to ensure a smooth transition.

3. <u>BEST INTEREST FACTORS:</u>

When considering placement, the following best interest factors should be considered:

- · The student's age
- The school attended by the student's siblings
- Length of time student is expected to remain at the current placement and the possible location of housing intended to be long-term
- Distance of commute and the impact it may have on the student's education and other student-centered, transportation-related factors, including travel time
- The preferences of the student, the birth parents or prior custodians as appropriate, and the students foster care parent(s) or current placement provider
- · School stability and educational continuity
- Time remaining in the academic year
- Personal safety, attendance, academic progress and social involvement of the students in the current school
- The impact transferring the student to a new school may have on his or her needs and progress academically, emotionally, socially and physically
- Availability of lasses to avoid credit-loss and for timely graduation or promotion
- Documentation of the best interest determination shall be maintained in the Kanabec County case file and student's cumulative record.

4. SERVICES

Transportation Services will be provided by the District in the following manner:

a. <u>Students who are able to be transported to school on an existing route:</u> When feasible, students placed in foster care will be transported to school on an existing bus route. Feasibility considerations will include the location, length of bus ride, space available on the route and availability of any needed accommodations. District will cover the associated costs.

- b. Students who have an IEP indicating the need for specialized transportation: If students are residing and attending school within the District, the District will assume costs required for transporting the student to school.
- c. Students who are unable to be transported on an existing route: If a route does not exist or is not a feasible option for the student placed in foster care, the District will negotiate with Kanabec County to determine the best possible means of transportation. The District and Kanabec County will share the transportation costs identified in Section Sa.
- d. Students residing in a foster Care placement outside of District boundaries, but attending a District School: If students are residing in a foster care placement outside of District boundaries, but are attending school within the District, transportation will be arranged by the District. The District will negotiate with Kanabec County to determine the best possible means of transportation and discuss transportation within a reasonable distance (40 mile radius from the Mora Public Schools Bus Garage). The District and Kanabec County will share the transportation costs identified in Section Sa.
- e. Students placed in foster care within the District and attending a non-Mora

 Public Schools school: The District will bear no financial responsibility for this
 student. Kanabec County and the School District where the student attends are
 expected to make arrangements for transportation and the associated costs.

5. PAYMENT FOR SERVICES:

- a. The District and Kanabec County agree to split the costs of the transportation described in Section 4, including but not limited to staff time and third party carriers as appropriate. Mileage reimbursement is to be set at the current IRS rate. All transportation costs identified in this agreement are to be split equally; the District and Kanabec County agree to each assume payment of 50% of the costs.
- b. Kanabec County will identify a point of contact from the agency to work directly with the District Foster Care Point of Contact to ensure transportation arrangements are timely and authentic. All transportation requests are to be requested by the Kanabec County point of contact in order to be honored.
- c. Transportation services will be provided by the District and its contracted transportation providers, when possible. If due to driver or vehicle unavailability, Kanabec County will be responsible for transportation of the student placed in foster care.
- d. The District will submit itemized invoices to the Kanabec County contact on a quarterly basis. The invoices will detail each trip provided by the District, the total time for each trip and the associated charge. Payment shall be made within 35 days of receipt of the invoice.
- In situations where transportation is being funded by Kanabec County, the Kanabec County point of contact will notify the District Foster Care Point of Contact when foster care placements end.

6. **DISPUTE RESOLUTION**:

It is the responsibility of Kanabec County and the District to collaborate in determining the child's best interest for school transportation and to resolve any conflicts. Whenever possible, the parties will attempt to informally resolve any dispute involving the best means and costs of transportation of a child in foster care.

Kanabec County and the District will pursue the formal dispute resolution procedures below when informal resolution is not possible, or when informal resolution would result in disruptions to the child's education.

To formally dispute a decision regarding transportation for a student in foster care the following steps should be taken:

- 1. The process for resolution between the two parties requires a written explanation of the conflict from the disputing party within 24 hours.
- 2. Upon receipt of the explanation, the decision will be reviewed by the District and the Director of Kanabec County Family Services. Input will be reviewed from all parties and a decision by the Director will be communicated within three business days. A decision could be made to uphold the decision, reverse the decision or require the parties to participate in a Conflict Resolution Decision Making Team meeting.
- Kanabec County will determine the placement of the child until the dispute resolution process has concluded. During this time the transportation costs will be divided equally between the District and Kanabec County.
- 4. If disagreement on school transportation remains, guidance from the Minnesota Department of Education will be requested.

7. PROVIDERS NOT AN EMPLOYEE:

It is agreed by the parties that at all times and for all purposes herein, District and its subcontractors are independent providers and not employees of Kanabec County. No statement contained in this Agreement shall be construed so as to find the District shall be entitled to none of the rights, privileges, or benefits of Kanabec County employees except as otherwise stated herein.

8. **INDEMNIFICATION**:

Each party shall be liable for its own acts and the acts of its representatives to the extent provided by law and hereby agrees to indemnify, hold harmless, and defend each other, its officers, employees and volunteers against any and all liability, loss, costs, damages, expenses, claims or actions, including attorney's fees which the others, its officers, employees and volunteers may hereinafter sustain, incur or be required to pay, arising out of or by reason of any act or omission of the Party, its agents, employees or

volunteers, in the execution, performance, or failure to adequately perform its obligation pursuant to this Agreement.

9. TERMINATION OF CONTRACT:

This contract is in effect from **July 1**, **2024** or when fully executed, and shall remain in effect until **June 30**, **2027**. Either party may terminate this Agreement, with or without cause, upon a thirty (30) days written notice by certified delivery to the other party on or before the actual termination date.

10. STANDARDS:

The District and Kanabec County shall comply with all applicable State statutes and regulations as well as local ordinances and rules now in effect or hereafter adopted.

11. DATA PRACTICES:

All data collected, created, received, maintained, or disseminated for any purposes by the activities of the District or Kanabec County because of this contract is governed by the Minnesota Government Data Practices Act, Minnesota Chapter 13, as amended, the Minnesota Rules implementing such act now in force or as adopted, as well as federal regulations on data privacy.

12. <u>AMENDMENTS:</u>

This agreement may be supplemented, amended or revised only in writing by agreement of both parties.

THE REMAINDER OF THIS PAGE WAS INTENTIONALLY LEFT BLANK.

MEMORANDUM OF UNDERSTANDING

Between

Ogilvie Public Schools - District #333

and

Kanabec County Family Service Agency

Transportation Procedures Agreement

To ensure the educational stability of Foster Care Youth: Every Student Succeeds Act (ESSA) requirements

This Memorandum of Understanding (MOU)addresses transportation related provisions. Additional policies may be added to address the unique needs of each collaboration between the Local Education Agency (LEA)/Child Welfare Agency (CWA) in order to ensure the educational stability of foster care youth. Note: this MOU is not a focal transportation plan. It Is an agreement between the LEA and CWA to collaboratively design a local transportation plan.

Purpose:

The purpose of this agreement is *to* establish transportation procedures between <u>Ogilvie Public Schools</u> (LEA) and <u>Kanabec County Family Service Agency</u> (CWA) to ensure the provision of transportation for foster care youth enrolled in an LEA (Pre-K-12) when a best interest determination indicates that the student

should remain in the school of origin, and alternative means of transportation to and from school have been, fully explored and deemed unavailable.

Joint Responsibilities:

- The LEA and CWA agree to collaborate to update or establish formal mechanisms to ensure that the LEA is promptly notified when a child enters foster care or changes foster care placements.
- The LEA and CWA agree to collaborate to jointly design a comprehensive transportation plan to ensure that transportation for children in foster care is provided, arranged, and funded.
- Both parties agree that under no circumstances shall a transportation dispute between party's delay or interrupt the provision of transportation for a child to his school of origin.
- Both parties agree to communicate regularly and share leadership responsibilities at the local level to ensure that available resources for transportation are utilized in the most effective manner, without duplication.
- Both parties agree that transportation must be provided in a "cost effective" manner so low to no-cost options should be explored. (e.g. pre-existing bus stops or public transportation, foster parents provide transportation, transportation by other programs if child is eligible)
- Both parties agree to maintain confidentiality of information regarding children and families being served, In accordance with the Family Education Rights and Privacy Act (FERPA), and all other State and Federal laws and regulations regarding confidentiality.
- Both parties understand that all federal, state and local funding sources should be maximized to ensure transportations costs are not unduly burdensome on one agency.

Respective responsibilities under this agreement include:

Ogilvie Public Schools - District #333 School District

- Establish a Foster Care Point of Contact (POC) given the importance of transportation to ensure educational stability requirements defined by the Every Student Succeeds Act (ESSA).
- Share the Foster Care POC's contact Information with state and local education and child welfare agencies.
- Understands that even if an LEA does not transport other students, it must ensure that transportation is provided to children in foster care, adhering to the collaboratively designed transportation plan.
- Acknowledges that Title I is an allowable funding source for additional transportation costs, although funds reserved for comparable services for homeless children and youth may not be used for transportation.
- Informs the CWA whether Title I funds are available to support additional transportation costs for children in foster care in order to maintain enrollment in their school of origin.
- Agrees, if applicable, to support additional transportation costs for eligible foster care youth utilizing funds made available within Title I.
- Understands that if there are additional costs providing transportation children in foster care
 remain in his or her school of origin, the LEA (school of origin) will provide such transportation if (1)
 the county children and youth agency agrees to reimburse the LEA for the cost of transportation; (2)
 the LEA agrees to pay for the additional costs; or (3) the LEA and county children and youth agency
 agree to share the costs.
- Agrees that a child must remain in his or her school of origin while any disputes are being resolved. Agrees to provide or arrange for adequate and appropriate transportation to and from the school of origin while any disputes are being resolved.

Kanabec County Family Service Agency (Child Welfare Agency (CWA)

- Identifies all children in foster care enrolled in the LEA in order for the LEA and CWA to fulfill the
 jointly agreed upon transportation responsibilities.
- Informs LEA of children In foster care who may be In need of transportation to maintain enrollment in their school of origin.
- Agrees to immediately inform the school of origin of children In foster care who experience a change of foster care placement.
- Agrees, If applicable, to support transportation costs for eligible foster care youth utilizing funds made available within the county's child welfare budget under Section 475(4)(A) of Title IV-E of the Social Security Act.
- Informs the LEA/school of origin whether Title IV-E funds are available to support additional transportation costs for children in foster care are in school to maintain enrollment in their school of origin. Agrees to assist the LEA/school of origin in exploring the full range of options for providing and funding transportation to maintain a child in his or her school of origin, consistent with the child's educational stability plan.

Updates and Revisions:

(LEA)

Updates and revisions to this MOU should be made as needed. Any updates or revisions to the MOU must be submitted to the Minnesota Department of Education. Best practice recommends that an updated MOU be submitted every three years, as contractual updates follow this timeline.

Ogilvie Public Schools-District #333 (LEA) and Kanabec County Family Service Agency(CWA) agree to update or revise this Memorandum of Understanding (MOU) as needed or every three years to coincide with the contractual timelines.

This agreement will be reviewed and approved by representatives of both agencies:

Resolution # FS 2/20/24

Agreement for Foster Children and Youth Transportation resolution

WHEREAS, it is directed by the State of Minnesota that Local Education Agencies and Child Welfare agencies will collaborate in order to establish transportation procedures for foster care youth to ensure their educational stability, and

WHEREAS, Mora, Braham and Ogilvie Public Schools and Kanabec County Family Services agree to collaborate to design a comprehensive transportation plan to ensure that transportation for children in foster care is arranged, provided and funded when a best interest determination indicates that the student should remain in the school of origin, and

WHEREAS, Kanabec County Family Services and Braham, Mora and Ogilvie Public Schools agree that transportation must be provided in a "cost effective" manner and that all federal, state and local funding sources should be maximized to ensure transportation costs are not unduly burdensome to one agency.

THEREFORE BE IT RESOLVED the Kanabec County Family Services Board approves the Family Services Director signing Agreements with Braham, Mora and Ogilvie Public Schools for a Transportation Procedures Agreement to provide transportation for foster care youth to ensure their educational stability, effective upon the date of execution. These agreements shall be reviewed every three years by mutual agreement

FINANCIAL ASSISTANCE

Preparer: Tim Dahlberg

A. Major Highlights

• We were able to fill our open Eligibility Worker position internally. Piper Sauter has been promoted from working at our front desk to this position. She has previous experience working as an Eligibility Worker and she's excited to get back into it.

B. Challenges/Concerns

- Program policies continue to be in flux from the state. We continue to do our best at handling these changes.
- The end of the year is a peak time in certain aspects of our work. We have cost of living adjustments that take place at this time as well as an influx of METS (healthcare) related work as certain programs renew at the start of the year. The team has worked hard to handle this peak in work while also being there for our newest worker and helping with training and answering questions. It has been challenging, especially with the advent of the public health emergency unwinding policies, but it has been great seeing the team rise to the occasion.
- We're anticipating an increase in phone calls related to the healthcare renewal process. We're getting closer to the time when extension periods would be ending for those who did not complete the renewal process.

C. Looking Ahead

• Piper will be completing various trainings through DHS to become fully operational.

Program Totals as of 12/31/23						
Program	Active Cases	# of Persons Active				
MN Family Investment Program						
(MFIP)	59	155				
Diversionary Work Program (DWP)	4	14				
General Assistance	87	88				
MN Supplemental Assistance (MSA)	88	91				
Housing Supports (Formerly GRH)	76	76				
Food Support (SNAP)	833	1426				
Medical Assistance and/or Medicare						
Savings Programs (MAXIS)	897	928				
Medical Assistance (METS) *as of

MinnesotaCare (County Serviced) * as of						
10/5/23	108	145				

CHILD SUPPORT

Preparer: Tammy Owens and Tim Dahlberg

A. Major Highlights

- We had our annual training in October and two members of the unit attended. They
 attended various training sessions related to: Collaborating with Tribal Child Support,
 SAVES Grant update, Parentage Adjudication in the IV-D World, Do's and Don'ts for
 Defaults, Utilizing the Child Support Portal and the annual legislative, CLV and case law
 updates. This information was then shared with the rest of our team.
- We have been able to see interfaces of up-to-date information coming over to our system from the MNsure System (healthcare). This has allowed us to make needed changes to our cases. For example, adjusting household composition when parents are living together again, etc.

B. Challenges/Concerns

- Policy surrounding Medical Assistance with the end of the public health emergency (PHE) continues to be in a sort of flux. We're likely to still see some challenges with cases affected by this as we work through the unwinding of the PHE policies.
- We continue to see an increase of requests for possible modification to the enforcing court order. This is likely due, in part, to rising costs of living.

C. Looking Ahead

• We have an upcoming retirement coming for our Support Enforcement Aide. She'll have been with Kanabec County for 22 years! This retirement is expected to happen in June. We're anticipating that a request to replace this position will go to Board within the next few months.

ACCOUNTING UNIT

Reporter: Jessica Gravich

A. Major Highlights

- All quarterly reports were completed by the due dates.
- The 2023 Family Services Budget ended within expectations.
- Implemented the paperless process for voucher processing.

B. Challenges and Concerns

• We are keeping an eye on our fund balance. It is currently below the previous year.

- I am working with Welia to remove their bank account from our TIN.
- Federal and State reimbursement percentages are continuing to change due to COVID increases expiring.

C. Looking Ahead

• Beginning to work on the annual audit.

D. Fiscal Fraud/Collections

• For this quarter the following amounts were collected:

Туре	Amount	County Portion	Number of Cases
Fraud	\$0	\$0	17
Estate (MA)	\$56,535	\$14,134	23
Estate (GA)	\$0	\$0	2

CHILD PROTECTION

A. Major Highlights:

- There continues to be grant based funding for clients that have used opiates or have a history of using opiates.
- Toys for Tots was completed and successful. The program served many children in Kanabec County.

B. Trainings:

- Staff has participated in the following trainings:
- One worker began CORE training, which is the foundations training for Child Protection Services. Once she completes this, all Children's Services staff will be fully trained.
- DHS is requiring that all child welfare staff complete a new training called Motivational Interviewing. Motivational Interviewing is a practice tool that promotes behavior change through deep listening, reflection, and principles rooted in empathy and supporting self efficacy. This training will begin in the near future.

C. Challenges/Concerns:

- Affordable housing that is available in Kanabec County is limited and hard to find for many families
- Truancy appears to be trending higher than years past.

Kanabec County Family Services

4th Quarter 2023 Report

- The need for workers to transport families has increased due to the location of families and lack of available transportation resources.
- There is an increase in child welfare intakes.

D. Looking Ahead:

- The addition of Microsoft Teams has been beneficial in virtual meetings with outside agencies.
- A social worker will have medical leave in Children Services within the next couple of months and will create a need for temporary coverage

Child Foster Care Licensing/Family Connections/Permanency

Reporter: Allissa M.

A. Major Highlights:

- Had several inquiries for licensing and completed two orientations, of those one resulted in an application.
- Participation in Kinship/Relative Search Collaboration meeting every other month
- CFC Reform Community of Practice and Licensing Guidelines monthly
- DHS Foster Care Licensing meeting monthly
- Regional Foster Care meeting quarterly.
- Foster Care recruitment activity- offering orientations privately at the time of inquiry instead of making wait for bi-monthly scheduled time.

B. Trainings:

- Building Positive Partnerships with Foster Parents
- St. Louis County Health and Human Services Conference
- Think Twice, Live Once, Supporting Foster, Adoptive, and Kinship Youth Through Emotional Intelligence
- The Ties that Bind
- The Trauma and Sleep Connection
- The Importance of ICWA, Framing the Issue: A medical view of prenatal substance exposure, withdrawal, and healing for infants
- The Wonder of Life Story
- Mental Health Crisis Planning for Families
- Center for Advanced Studies in Child Welfare Permanency and Child Welfare Fall Conference

C. Challenges/Concerns:

- How to recruit and prepare providers to provide care in a home setting to children/youth who have very high needs/challenges.
- New child foster care licensing guidelines were released in 12/2023. This is great to have more clarity/guidance from DHS but will require many processes to be updated to meet updated guidelines.

D. Looking Ahead:

- Several children should achieve permanency over the next period.
- Priority of increasing engagement and support with current foster families.
- Working to develop a foster family recruitment plan.
- Working to get in person training opportunities brought to Kanabec County Foster Providers. Hoping for first opportunity in May 2024.

CHILDREN'S MENTAL HEALTH

A. Major Highlights:

- We have had several medical necessity recommendations for placement this quarter.
- Both staff have a large amount of travel time to see clients in placement across the state.
- One client recently discharged from placement and is doing very well in their home setting.

B. Trainings:

• Both staff attended the St. Louis County conference in Duluth in October.

C. Challenges/Concerns:

- We have not been able to access any in home services due to long wait lists.
- Figuring out the Families First Federal requirements and procedures has been a challenge.

D. Looking Ahead:

- One staff will be retiring next year which will bring up challenges for coverage of caseloads.
- One client will be discharged to her grandparents' home soon, she is doing very well in placement.

AGING SERVICES CARE COORDINATION

Reporter: Aliina Olson and Krista Eye

A. Major Highlights:

- Completing initial assessments and reassessments with clients in their homes and getting to see them in person.
- Connecting members with the resources they need when they are at the most critical point in their lives.

B. Training Attended:

- MMIS yearly training
- BluePlus annual Care Coordination training,
- Continued refresher training for MNChoices new roll out and MNChoices assessor training hours.

C. Challenges and Concerns:

- Among members continued concerns include isolation of older adults.
- Challenges as care coordinators include limited resources being in a rural area.
- Another challenge as care coordinators is balancing heavy caseloads that are continually growing while still devoting time to each client as they need.
- Along with new tasks assigned to Care Coordinators regards MA renewals starting again due to COVID emergency orders ending, which include a discussion of options for our aging population.
- Continuing to learn the workflow of a new health plan.

D. Trends:

- Continued growth of this caseload and clients turning 65 in our county.
- We have seen our aging population's health decline significantly in the past quarter (more hospitalizations and complex care needs).

E. Looking Ahead:

- Implementing the new MNChoices model for our assessments and reassessments.
- Continue to navigate through Blue Plus and SCHA with different guidelines and tasks for each plan.

COMMUNITY SUPPORT PROGRAM

Reporter: Rhonda Bergstadt

A. Major Highlights

• Support groups and Holiday celebrations have been well attended. Holiday celebrations continue to welcome all.

B. Training Attended

- I continue to complete research and training as needed to offer the best and most effective treatment to those I serve.
- This worker completed DBT Skills Training and is including this information in teaching mental health skills in groups as well as individual meetings.

C. Challenges and Concerns

• With the end of the national health emergency some funding sources have changed for PCA and homemaker services. This required switching of programs and additional paperwork for all participants.

D. Looking Ahead

• Kanabec County Local Advisory Council on Mental Health (LAC) continues to look for activities that they can advocate for mental health awareness. They are planning on contacting the sheriff's office to ask about national night out and if they would be allowed to set up an informational station at that activity.

E. Trends

• A large number of clients are currently using YouTube and other apps to complete mindfulness exercises. This has increased the convenience of this skill to be used when staff or others are not available to assist with anxiety attacks. Mindfulness skills can be incorporated into daily living to decrease anxiety and improve functioning.

MNCHOICES ASSESSMENT

Reporter: Ashlee, Leah, Danielle

A. Major Highlights:

• MnChoices Revision – we have started/ completed reassessments using MNChoices Revision. There are some technical issues being reported to DHS

Kanabec County Family Services

4th Quarter 2023 Report

- Regional 7E Meeting in Isanti County
- Parents, stepparents, and legal guardians of minors, as well as spouses are no longer allowed as paid caregivers for personal care assistance (PCA) services as of November 11, 2023.

B. Training Attended:

- Revised MnC application launch (Trainlink)
- Convene Trainings

C. Challenges and Concerns:

- Continued waiting list for new MnChoices approximately 2 month wait for a new assessment to be completed at this time
- MnChoices Revision needing extra time to complete assessments as we are learning the application

D. Trends:

- Medical Assistance renewals
- SMRT (State Medical Review Team) referrals DHS is taking longer to process
- Consumer Support Grant requests mid-year for people previously receiving PCA

E. Looking Ahead:

- Completing more MnChoices reassessments in MnChoices revision
- Assessor Meetings within the region to create support through the learning challenges of MnChoices Revision

ADULT MENTAL HEALTH

Reporters: Kurt Seidel

A. Major Highlights:

• None this quarter.

B. Training Attended:

• No conferences were attended during the fourth quarter by AMH staff Miscellaneous individual training courses were attended, mostly virtual.

C. Challenges and Concerns:

• Housing options continue to be the biggest roadblock for persons struggling with mental health issues. Virtually all subsidized apartments have long wait lists.

D. Trends:

• It was an active time for persons requiring the protection of civil commitment. There is continued assessment and accessing of the CADI Waiver by SPMI clients who are requiring residential placement with 24/7 staffing due to complex behaviors.

E. Looking Ahead:

• The AMH team is looking forward to the selection of a new Social Worker/Case Manager.

<u>Disability Services Case Management</u> DD, CADI, CAC, BI Waivers and Rule 185 Case Management

Reporter: Kurt Seidel, Kelly Mitchell, Chelsey Bottelson, Eileen Wagner

A. Major Highlights

• MNChoices Revision roll out started.

B. Training Attended:

• Staff have attended various online and in-person trainings.

C. Challenges and Concerns:

- Increase in children with high behavioral needs. Lack of services available.
- Continued lack of staffing in PCA, in-home and residential settings.
- More children attending early intensive developmental and behavioral intervention service. These services are far away, closest being St. Cloud. Transportation is an issue for these children.
- Continued lack of child residential settings in the state.
- Transportation continues to be a challenge for the individuals in our area. This is a big barrier for our individuals who are seeking employment.
- Continues to be long wait lists for day programs. Staffing continues to be an issue for this service.

D. Trends:

- Increase in CDCS exception requests based on behavioral or other needs.
- Rental costs continue to rise, making income-based housing necessary with a majority of our population who are looking for an apartment or house to rent.
- Continued Increase in Environmental Accessibility Adaptation referrals.
- Seeing an increase for exception rates services such as residential and in-home supports due to higher needs clients.

E. Looking Ahead:

• Staff are starting to work in MNChoices Revision

• Clients having issues with health care renewals and completion.

Adult Protection

Reporter: Kurt Seidel & Aliina Olson

A. Major Highlights:

- 28 individual intakes during the quarter. Nine were open for assessment or screened in for investigation. Allegation types included:
 - Emotional abuse 1
 - Physical Abuse 1
 - Sexual Abuse 1
 - Financial Exploitation 5
 - Caregiver Neglect 0
 - Self Neglect 3

B. Training Attended:

• Region 7 Adult Protection Partnership Meeting (Quarterly).

C. Challenges and Concerns:

• Continued high level financial exploitation and theft cases, some with large financial loss.

D. Trends:

• Case frequency is quite unpredictable.

E. Looking Ahead:

• Continue to maintain relationships with other local service providers for assessment and referral.

KANABEC COUNTY FAMILY SERVICES - LICENSING

- Monthly Licensor Call in Webex (FCC)
- Monthly ELICI Trainings
- Monthly Foster Care Webinars (when available)
- St. Louis County Conference

C. Challenges and Concerns

- Child Care Systems Transformation Project training for Licensors and Providers.
- Over a year waiting list for new applicants for 245D Home and Community Based Services with DHS.

D. Looking Ahead

- Adult Foster Care (AFC) and Community Residential Services (CRS) webinar sessions start with DHS 2nd Thursday of each month in 2024.
- Child Care Systems Transformation Project, rolls out April 2024

E. Trends

• Licensor meetings/consults scheduled monthly.

Resolution # -2/20/2024

RESOLUTION AUTHORIZING SPONSORSHIP OF THE ALANDALE TRAIL PROJECT, AN OFF HIGHWAY MOTORCYCLE TRAIL SYSTEM FOR PUBLIC RIDING, OPERATED BY THE NORSEMEN MOTORCYCLE CLUB

WHEREAS, the State of Minnesota has made funding available through the Minnesota Trails Assistance Program for the purpose of constructing and maintaining Off Highway Vehicle trails for Off Highway Motorcycles (OHM) and All-Terrain Vehicles (ATVs), and

WHEREAS, the County of Kanabec desires to make available to its citizens and visitors, such an area for the aforementioned purposes, in harmony and keeping with its comprehensive plan,

THEREFORE, BE IT RESOLVED that Kanabec County act as the legal sponsor for an application for the funding to the State of Minnesota Department of Natural Resources for acquisition, construction, and maintenance of an OHM and ATV riding area, open to the public, and managed by the Norsemen Motorcycle Club, for a period of up to five (5) years; and

BE IT FURTHER RESOLVED that upon approval of its application by the State, Kanabec County may enter into any agreement with the State of Minnesota for the above referenced project and that it will comply with all applicable laws and regulations as stated in the agreement; and

BE FURTHER RESOLVED that the County Auditor-Treasurer is authorized to sign such an agreement with the Minnesota Department of Natural Resources and would be named the fiscal agent for this project; and

BE IT FINALLY RESOLVED THAT, notwithstanding the financial assistance provided for in the state contract, Kanabec County shall not be liable for any or such costs as are incurred by the Norsemen Motorcycle Club, should state funds become depleted.

ADOPTED BY the Kanabec Conty Board of Commissioners this 20th day of February, 2024.

Off-Highway Vehicle Grant-in-Aid Program Worksheet 2 TMO Development

This worksheet should be used to assist trail administrators, managers, and volunteers in developing Trail Management Objectives (TMOs) for their trail. This worksheet must be submitted alongside Form 2 - New Project Application and is referenced in several other applications, where submission of TMOs is optional but encouraged. This worksheet will display and function best when downloaded and filled out using Adobe Acrobat Reader. The latest version can be downloaded from Adobe's website.

1. What are Trail Management Objectives?

TMOs are documentation of the club and sponsor's large-scale and long-term vision and intentions for the trail throughout its life, from conception to completion and further. TMOs assist with communication, management, maintenance, improvement, fiscal accountability, and resource management. Additionally, TMOs provide a standard for the trail's development and maintenance, so all parties participating in those activities have clear direction and are in agreement about unified goals for the trail. TMOs are not static; they are meant to be a living document as the trail, its users, and the parties responsible for its maintenance change. As factors change, the TMOs should reflect that. Having all of this information documented in one place allows the club, sponsor, and DNR to ensure trails are being developed and maintained in an efficient manner and are proceeding toward a common goal. TMOs don't necessarily reflect the actual conditions on the ground, but rather, the what the trail would be in an ideal world where resources and time are always available to manage and maintain the trail. The implementation of TMOs should be as close to the documented goals as clubs and sponsors can achieve.

Please keep in mind that your trail may have different TMOs for different seasons of riding, as they have different needs and will be maintained in a different way. The majority of this document is intended for development of summer TMOs. Please jump to Section 3 to develop winter TMOs for your trail. If your trail will not be open in the winter, you do not need to complete Section 3.

2. Develop Summer TMOs

What motorized classes will the trail be open to?						
□ ATV Class 1 □ ATV Class 2 □ OHM □ ORV						
How developed will this trail be? Refer to Section 4 for assistance.						
☐ Least Developed ☐ Moderately Developed ☐ Most Developed						
How difficult will this trail be? Refer to Section 4 for assistance. Check all that apply. Keep in mind that all users will experience trails in a manner different from one another. Skill level and geography are both large factors in how difficult a trail feels. Try to be as objective as possible when classifying the difficulty of your trail.						
☐ Easiest ☐ More Difficult ☐ Most Difficult						

What does it have that other trails don't have? What features do you envision?
What does it have that other trails don't have. What reatares do you envision.
Who is the targeted user? Examples: families, long-distance travelers, or technical riders.
How much annual maintenance do you anticipate? Who do you anticipate will do this work?
The William Communication are you and opposed the decimentary are the work.
Is the trail in an area that has it's own management considerations? Examples: state forests, national lands, or
trails shared with non-motorized uses.
Are there areas on the trail that may require special attention? Examples: wetland crossings, areas prone to
erosion, or areas that will need more frequent or intense maintenance.
Are there other issues or considerations for this trail? From also wears were he was a to trail off the last
Are there other issues or considerations for this trail? Examples: users may be prone to travel off-trail or use trails that are inappropriate for their OHV class, land use or permission issues with local landowners, or
enforcement challenges.
and demonstration of the control of

3. Develop Winter TMOs

If your trail will not be open year-round, you do not need to complete this section.

Will the trail be open year-round? If so, how will the management vary between seasons? Will the purpose,
targeted users, motorized classes or management considerations for this trail change in winter?
How will this trail be maintained in the winter? Grooming, plowing, none, etc.
The will this trail be mainted in the willter. Grooming, prowing, none, etc.

Off-Highway Vehicle Grant-in-Aid Program Form 4

Step 0 Funding Application

This application should be used to obtain funding necessary to establish new trails not yet enrolled in the Grantin-Aid (GIA) system. Specifically, this grant can fund expenses associated with (1) the administration expense category, such as necessary paperwork and permits, attendance of meetings, and labor to complete those tasks, and (2) the acquisition & development expense category, such as leases and acquisition fees.

Step 0 funding applications can be submitted to your local Area Supervisor at any time. Funding granted for a given project is subject to the discretion of DNR Staff and requests may not be funded in full. This application does not guarantee how much funding a project will receive, nor does it guarantee how quickly or how far the project will progress through the 7-Step Process, if at all. If funding is granted, the project still must submit a New Project Application (Form 2) and complete the 7-step review process before it can be established and construction can begin.

Please fill out this application in full. Boxes outlined in red are required. Boxes outlined in green are dropdown menus with pre-set options. Boxes outlined in blue will be automatically calculated and filled. Please enter all dates in MM/DD/YYYY format. This form will display and function best when downloaded and filled out using Adobe Acrobat Reader. The latest version can be downloaded from Adobe's website.

1. Club Information

Please attach	Worksheet 3 –	- Trail Contact	Information to	o this application.

Club
Does the club have any trails currently enrolled in the GIA program? Yes No
Person submitting application
Authorized signature of submitter
Date

2. Sponsor Information

Has the club secured a local government unit as a sponsor? Yes No If so, fill out below. If not, describe how you plan to secure sponsorship.

Local government unit as sponsor
Representative Name
Address

Describe your plan to obtain a sponsor if the project does not yet have one	e.
3. Trail Information	
Trail or Trail System Name

Where will the trail be located? List all cities/counties/townships the prop coordinates, or other identifying information is helpful. Please be as specif	

5. Project Description

Describe your project. What is the long-term vision for the trail? Will it connect to other trails? What kind of facilities will the trail have? Will it be open year-round or will it open and close seasonally? How will it impact local natural resources? What are the trail management objectives (TMOs)?

Attach Worksheet 2 – TMO Development to this application if your trail does not have established TMOs.

This information will be used to inform DNR staff about your overall vision and will assist in soliciting public comments.

comments.		

6. Projected Costs

Below are the categories that are eligible for funding in this Step 0 Funding Application. These categories will be reimbursed at a rate of 65%. Fill in the approximate cost of expenses, prior to any reimbursements or matching funds. Calculations will be performed automatically by the form.

- 1. **ADMINISTRATION** (includes equipment, labor, materials, and mileage for preparation of paperwork, bookkeeping, travel to and from project area, soliciting bids for contracting or rental equipment)
- 2. **ACQUISITION** (includes equipment, labor, materials, and mileage for trail alignment work, checking land ownership records, contacting landowners, leases or fee acquisitions)

Amount requested		
Description		
Total amount requested		
Total grant request (65% of above)		
7. Project Communications		
Has the club and/or sponsor received any land	lowner p	ermissions? If so, please describe the discussion.
Yes No (explain how you plan to secu	re permi	ssions below)
Has your organization been in communication	with sta	tewide user groups?
Amateur Riders Motorcycle Association	Yes	No
All Terrain Vehicle Association of Minnesota	Yes	No
Minnesota 4 Wheel Drive Association	Vac	No

If so, please describe the discussion.			

If not, the primary contacts for each statewide organization can be found in the GIA Program Manual. Please contact these organizations as soon as possible.

7. Supplemental Information

Please send the following with your application:

- Demonstration of proposed route (preferably in SHP or KMZ format)
- Resolution from local government unit supporting sponsorship
- Worksheet 2 Trail Management Objectives
- Worksheet 3 Trail Contact Information

8. Sponsor Review and Approval – FOR SPONSOR USE ONLY

Does the club have a resolution from your agency? Yes No
Has the club communicated with you about landowner permissions? Yes No
Do you know of any permits needed? If so, check all that apply: State lands access

February 20, 2024 9:50am Appointment Agenda of Chad T. Gramentz, PE Public Works Director

1.	Mussel survey Agreement for Bridge 33507	Resolution #1 (2-20-24)
2.	Carpet bids for Courthouse second floor	Resolution #2 (2-20-24)
3.	Equipment Purchases	Resolution #3-5 (2-20-24)
4.	Sign Inventory	Resolution #6 (2-20-24)
5.	Purchase Drone	Resolution #7 (2-20-24)
6.	Right of Way Offer	Resolution #8 (2-20-24)
7.	5 year plan, Advertise for Bids	Resolution #9 (2-20-24)

Resolution #1 (2-20-24) Mussel survey agreement for Bridge # 33507 on CSAH 6

WHEREAS: the MnDNR is requiring that a mussel survey be conducted for Bridge 33507, and

WHEREAS: three price quotes were received as follows:

Daguna Consulting \$26,515.00 Edge Aquatic Service LLC \$1,000.00 **Endangered Resource Services** \$3,333.00

WHEREAS: the Public Works Director has evaluated the proposals for, service availability, experience, schedule and cost, and

WHEREAS Endangered Resource Services can best accommodate the required schedule, and

THEREFORE BE IT RESOLVED; to accept the quote from Endangered Resource Services for \$3,333.00 as the best value in services.

Resolution #2 (2-20-24) Carpet bids for Courthouse Second Floor

WHEREAS the following quotes were provided for carpet replacement in the 2nd floor of the Courthouse:

DKN Construction	\$95,000.00
Multiple Concepts Interiors	\$99,475.00
Sam Schusted, LLC	\$118,000.00

WHEREAS said quotes were presented before the board, and

THEREFORE BE IT RESOLVED to accept the quote of \$95,000.00 by DKN Construction for carpet replacement in the courthouse.

Resolution #3 (2-20-24) Purchase Tractor

WHEREAS the following quotes were provided by Kubota and Trueman Welters for highway maintenance tractors:

Tractor (2024 Kubota M5-091HDC12-:	1 4WD w/Loader)	\$88,636.53
Trade-In (unit no. 1503 Kubota L6060-20)		-\$25,000.00
Trade-In (unit no. 1502 Kubota L6060-	-20)	-\$25,000.00
Kubota	Total:	\$38,636.53
Tractor (2024 Case IH Farmall 90C 4W	'D w/Loader)	\$78,151.00
Trade-In (unit no. 1503 Kubota L6060-20)		-\$12,000.00
Trade-In (unit no. 1502 Kubota L6060-	-20)	-\$12,000.00
Trueman Welters	Total:	\$54,151.00

WHEREAS said quotes are based on State Contract pricing and were presented before the Board, and

THEREFORE BE IT RESOLVED to accept the quote of \$47,086.53 by Kubota for a 2024 Kubota M5-091HDC12-1 4WD w/Loader, trade-in of units 1503 and 1502, and approve the purchase thereof.

Resolution #4 (2-20-24) Purchase Lawn Tractor

WHEREAS the following quotes were provided by Midwest Machinery for highway maintenance lawn tractor:

Lawn Tractor (2024 John Deere X730) \$13,391.30
Trade-In (unit no. 448 John Deere X724) -\$1,000.00
Total: \$12,391.30

WHEREAS said quotes are based on State Contract pricing and were presented before the Board, and

THEREFORE BE IT RESOLVED to accept the quote of \$12,391.30 by Midwest Machinery for a 2024 John Deere X730, trade in of unit no 448, and approve the purchase thereof.

Resolution #5 (2-20-24) Purchase Brush Cutter

WHEREAS the following quotes were provided by Schulte and Trueman Welters for highway maintenance brush cutter:

Schulte: FX-107 Rotary Cutter \$12,384.96 Trueman Welters: BH417 Rotary Cutter 7' \$10,949.00

WHEREAS said quotes are based on State Contract pricing and were presented before the Board, and

THEREFORE BE IT RESOLVED to accept the quote of \$10,949.00 by Trueman Welters BH417 Rotary Cutter 7' and approve the purchase thereof.

Resolution #6 (2-20-24) Sign Inventory Quotes

WHEREAS the following quotes were received for signs and supplies inventory:

Newman Signs	\$23,155.44
MR Sign	\$23,710.17
Sign Solutions	\$28,614.38

BE IT RESOLVED to accept the low quote of \$23,155.44 submitted by Newman Signs.

Resolution #7 (2-20-24) Purchase Drone

WHEREAS the 2024 Public Works budget includes the purchase of a drone for inspections and surveys, and

WHEREAS the following quote was received for a Skydio 2+ drone:

Skydio \$1,873.00

THEREFORE BE IT RESOLVED to accept the quote of \$1,873.00 submitted by Skydio for a Skydio 2+ drone.

Resolution #8 (2-20-24) SAP 033-603-026 Right-of-Way Determination of Just Compensation

WHEREAS Kanabec County wishes to proceed with the project development of improvements to CSAH 5 from TH 23 to CSAH 19 as identified in the five-year plan, and

WHEREAS the planned improvements require acquisition of additional right-of-way, and

WHEREAS a qualified and licensed appraiser has completed appraisal work on the subject property and the appraisal is included herein, and

THEREFORE BE IT RESOLVED the Kanabec County Board determines the appraised value as presented is just compensation, and

BE IT FURTHER RESOLVED to authorize the Public Works Director to initiate property acquisition based on the appraised value.

Resolution #9 (2-20-24) Advertise for Bids 2024 Construction Projects

WHEREAS the Kanabec County Board of Commissioners wish to proceed with the following projects:

<u>Road</u>	<u>Type</u>	<u>Length</u>	<u>From</u>	<u>To</u>
5	Reconstruction	2.5 mi.	TH 23	CSAH 19
86	Reclamation	1.0 mi.	CSAH 5	E. Co. Line
71	Resurfacing	4.3 mi.	CR 70	CSAH 11
6	Bridge Replacement	0.2 mi.	Ann River	

BE IT RESOLVED to authorize the County Engineer, upon final plans, specifications, and proposal, to advertise for bids for said projects.

Matthew S. Berg, Research Biologist

saintcroixdfly@gmail.com 572 N. Day Road St. Croix Falls, WI 54024 715-338-7502 (cell)

Specializing in Aquatic Plant, Mussel, Dragonfly and Bird Surveys Habitat Assessment and Endangered Species Mitigation

This document is to serve as an itemized contract proposal between Kanabec County (KC) and Endangered Resource Services, LLC (ERS). At the request of Jay Munson – Kanabec County Engineer, we propose to complete a Level 1 Unionid Mussel Survey as outlined by the Minnesota Department of Natural Resources' standard protocol for mussel surveys and required per the MnDNR review (MCE-2023-00867) of the bridge project (SP 033-606-024 Replace Bridge No 33507) at T39N R24W Sections 6/7 on HWY 6 approximately 0.6m east of the Jct. of Co. Rd. 59 (Garden St.). Using SCUBA/Snorkel, we will conduct three timed searches of not less than 2-person hour each within the approximately 2,625 square meter designated project areas – one survey will be above the bridge (75m X 10m), and the second and third will occur downstream from the bridge (125m X 15m). Because the river is narrow, each survey area will extend across the entirety of the river. Within the survey areas, all suitable habitat types will be searched to increase the chances that all mussel species present will be sampled. A photograph of each study site will also be taken and appear in the final report.

All site data will be entered on the MnDNR's standard datasheets on site immediately following each survey. Data will include maximum depth, bottom substrate, riparian areas, all species found alive, the total number of individuals of each species, the minimum and maximum length of all adult mussels (>5yrs old) found for each species, and the minimum and maximum length of any juveniles (0-5yrs old) found for each species. Species represented by only empty valves will also be recorded, and a shell condition will be assigned to estimate how recently the individual was alive. A minimum of one voucher will be collected for each species present unless no dead individual is found in which case a photograph of the best quality live individual available will suffice for documentation. In addition to voucher shells, all species will be photographed, and each individual of any state or federally listed species will also be photographed. All listed individuals will be Floy tagged to establish individual identity at the site and immediately translocated upstream of the project area to a suitable relocation habitat area where they will be hand placed in the substrate and their location recorded by GPS. These verifying photographs of each species will also appear in the final report. If the mussel community if found to be significant or a listed species is present (specifically the Creek Heelsplitter (Lasmigona compressa) – a state special concern species or the Mucket (Actinonaias ligamentina) and Flutedshell (Lasmigona costata) – state threatened species that are historically known from the Ann River), a Level II mussel survey or a translocation may be required. If we find these species or a significant community at this location, we will immediately notify KC so they can communicate with MnDNR about what further action may be required at this location. This contract does NOT cover such a survey/translocation – if additional surveys are needed, they may be renewed at the same daily rate for as many days as necessary.

Following the surveys, all data will be entered into standardized worksheets/MnDNR's mussel database. Cumulative data from the site will also be summarized in an Excel worksheet and standard statistical analysis will be performed. Site maps and individual species density and distribution maps will also be generated using ArcGIS. Both the data and maps will appear in the final report. A preliminary draft of this report will be delivered to KC for review within two weeks of the completion of the field portion of this contract.

Work will not commence until water temperatures at the location are greater than 21°C AND discharge at the Snake River USGS station (Snake River - Pine City) shows a gauge height that is <4ft (500 cfs) ensuring reasonably safe diving conditions/an end to spring floods. Historical records indicate river conditions in this drainage change rapidly, but it's expected that these prerequisite survey conditions will be met multiple times in early June. KC will be notified at least three days in advance of the survey so they may have a representative on site if supervision is desired/required.

Details of the contract are as follows:

A. Three surveyors (two divers/snorkelers and a safety person/data recorder) @ \$100/person/hr X 8hrs	\$2	2,400
B. Mileage to site - \$0.67 X 124 total miles	\$	83
C. Tank fills/equipment prep/mobilization	\$	400
D. Report to MNDNR detailing survey/data entry analysis/photo documentation of all species present/voucher preparation of shells. @ \$30/hr X 15	\$	450
Total Cost for Surveys, Analysis and Reports		3,333

Standard Terms and Conditions:

No payment is required upfront, and no payment shall be made until acceptance of the survey by MnDNR and KC. Payment in full is expected approximately 30 days following the delivery of the final report by ERS, and the satisfied acceptance of said report by KC/MnDNR. It is understood by both parties that the acceptance of the final report by KC/MnDNR may take time due to unavoidable 3rd party time constraints tied to availability of reviewing board members, etc. Both parties further understand that a good faith effort will be made to bring the contract to completion as soon as possible. If payment will be later than 30 days past delivery/acceptance of the final report due to unexpected 3rd party constraints, it is requested that KC notify ERS.

These data remain the intellectual property of ERS, and they may not be sold to or published by anyone other than KC/MnDNR as it relates to this project without the expressed written consent of ERS.

Signature below indicates that both parties understand the services to be rendered at the costs outlined and agree to all provisions as stated. No change to this contract shall be made without written approval and acceptance by all parties.

PROPOSAL AND ESTIMATE

Mussel Survey/Preliminary Relocation in the Ann River for the CSAH 6 Bridge Replacement in Kanabec County, Minnesota (SP 033-606-024, Bridge No 33507)

by

Daguna Consulting, LLC 617 20th Street NE Rochester, MN 55906

for

Kanabec County Public Works Department 903 Forest Avenue East Mora, MN 55051

February 7th 2024

SCOPE OF WORK

Kanabec County, Minnesota, intends to replace the existing CSAH 6 Bridge west of Mora (SP 033-606-024, Bridge No 33507). This project will disturb riverbed habitats of the Ann River. The Ann River is a small tributary in the St. Croix River Basin. Several state-listed species have been documented in the Ann River. The approximate center of the proposed project will be 45.889344, -93.374673 (WGS84). Based on plans provided by the county engineer, the approximate extent of direct disturbance will be limited to an area that is less than 2,000 square meters (m²).

The Minnesota Department of Natural Resources (DNR) is requiring a mussel survey of the site as a prerequisite for issuance of a permit. A survey is needed to determine the presence or absence of protected species and to determine if any mitigation actions, such as relocations, are needed. The extent of the mussel survey should include all areas of the riverbed that will be directly impacted by excavation, pile driving, placing of fill or riprap, driving of equipment, or dewatering. No federally endangered species are expected.

We, Daguna Consulting, LLC, will conduct surveys according to the "Minnesota Freshwater Survey and Relocation Protocol". At a minimum, that protocol will require at least one "Level I" survey for each 2,000 m² of riverbed that would be directly or indirectly disturbed. Based on the limited extent of this project, we suggest conducting at least 3 "Level I" surveys; one downstream of the bridge, one under the bridge and one upstream of the bridge. All mussel species native to the state will be targeted. If during "Level I" surveys, we encounter more than 1 mussel per minute or a listed species, a "Level II" survey will be required. We will initiate "Level II" sampling if warranted. If federally listed species are detected at any time during the survey, the U. S. Fish and Wildlife Service (USFWS) will be immediately notified. Protocols are detailed below. Pending DNR approval, mussels collected during surveys may be relocated.

Depending on findings, surveys can serve as a preliminary mussel relocation. If the DNR approves the relocation of mussels collected during surveys, additional searches will be needed to identify relocation recipient sites, as outlined in the "Minnesota Freshwater Survey and Relocation Protocol". This search will be covered as part of the Level I survey.

The DNR and USFWS will determine the need for additional relocations or other mitigation actions based on survey results. Relocations can cover the entire project area or be limited to specific footprints. As such, relocations may require an additional 1 to 5 days in the field and require the development of a specific relocation plan.

Level I Survey Protocol: The mussel assemblage in the defined area will be surveyed by biologists to qualitatively assess species composition, abundance, and the possible presence of protected species. Depending on water depth, biologists/divers will conduct visual and tactile searches of the riverbed using SSA, SCUBA, mask and snorkel, or by

wading with a view scope. All habitats in the survey area will be surveyed unless deemed "unsuitable" for mussels based on the site visit. The "unsuitability" of any habitat for mussels will be fully documented in the report. Sufficient effort will be expended to inspect all suitable habitat so that we can state with reasonable confidence that endangered and/or threatened species do or do not occur in the river reach sampled. We anticipate conducting no fewer than 3 timed searches in the survey area, each lasting no fewer than 20 minutes. We will also search the bank for mussel shells and animal middens so that we can develop a complete list of species possibly present at the site.

Surveys will only be conducted when water levels are suitable to locate live individuals with ease and are safe for biologists. We typically operate at water levels around or below median flow according to local USGS gages. All mussels encountered will be collected and identified at the surface. Specimens of endangered or threatened mussel species will be marked, and returned to the substrate by hand, placed on their side, and allowed to burrow on their own. Other species may be returned to the substrate from the water surface. Shell material may be retained. Survey efforts will be measured in person-hours of effort. We will photograph representatives of all species observed. Geographical Information System (GIS) programs will be used to geo-reference the boundaries of the survey, location of protected species, and location of other pertinent features.

If federally listed mussels are observed, we will immediately contact the U.S. Fish and Wildlife Service (USFWS). We will maintain correspondence with the DNR prior to and following the survey to ensure our efforts are in accordance with DNR requirements.

If during Level I surveys, we encounter either state-listed mussels or any native mussels at a rate greater than 1 mussel per minute, or both, we will immediately initiate Level II survey protocol.

Level II Survey Protocol: In smaller streams, Level II samples will be randomly distributed, with sampling continuing until an acceptable level of precision is achieved; typically, a Coefficient of Variation (CV) \leq 0.30. Each sample unit will be a metal framed 0.25 m² quadrat. In each quadrat, all mussels and substrate will be removed to a depth of 10-15cm, placed into a mesh bag, and brought to the surface for processing. All mussels collected will be identified to species, measured for length in millimeters, and aged by counting annual growth arrest lines. At least one photograph will be taken of an example of each species found during the survey. Once processed, all live mussels will be held in submerged mesh bags until they can be returned to the site. Specimens of endangered or threatened mussel species will be marked and returned to the substrate by hand, placed on their side, and allowed to burrow on their own. Other species may be returned to the substrate from the water surface. The location of quadrats and survey boundaries will be recorded.

If federally listed mussels are observed, we will immediately contact the USFWS. We will maintain correspondence with the DNR prior to and following the survey to ensure our efforts are in accordance with DNR requirements.

SCHEDULE

We will not conduct surveys or relocations when water temperatures are below 40°F and air below 32°F (these are requirements of our permits). We reserve the right to postpone efforts if weather or flow conditions are unsuitable for sampling or unsafe for biologists. With signed acceptance of this proposal and permission to proceed, we will schedule and coordinate work as soon as possible. This includes a review of survey plans with DNR and USFWS. We anticipate the Level I survey will require a single deployment to the site lasting no more than 1 day. If Level II survey is required, it may require an additional day of sampling.

The schedule of additional tasks will be determined based on findings and project timelines. Relocations typically occur within 2 months of construction.

Based on river levels, temperatures, and mussel behavior, we suggest May 1st, 2024, as the earliest survey date. We anticipate completing surveys before June 30th, 2024.

Additional relocations, if warranted, should be scheduled no more than 2 months prior to instream work.

DELIVERABLES

Preliminary findings will be submitted to the DNR and client by email within 2 days following completion of surveys, so that consultation can proceed.

We will prepare a final report detailing survey methods, summarizing results, and identifying the location, if any, of endangered or threatened species on a detailed map. All items listed in the "Minnesota Freshwater Survey and Relocation Protocol" will be covered in the report. We will include representative photographs of each species detected.

QUALIFICATIONS

All work will be conducted under Minnesota DNR Special Permit No. 32812, which covers sampling for all native mussel species in the state. Work will also be covered by United States Fish and Wildlife Service Recovery Permit ES59798B-2, which covers all federally listed mussels in Minnesota. Brett Ostby, Senior Biologist and Co-owner of Daguna Consulting, LLC will be the project lead. He is listed as an approved surveyor for freshwater mussels by the DNR. He earned a Masters' Degree in Fisheries and Wildlife Sciences from Virginia Tech (Blacksburg, VA) in 2005 and has 20 years of experience conducting freshwater mussel surveys and leading research projects. His work has been funded by various governmental and non-governmental agencies across the United States. Information on Daguna Consulting projects and detailed resumes can be view at www.daguna.com.

Recent projects in the area:

- 1. Relocation of the Mussel Assemblage in the South Fork Zumbro River at the Elton Hills Bridge in Rochester, Minnesota (Project for Rochester Public Works Department, 2019-2020)
- 2. Mussel Survey and Relocation in the St. Croix River for City of Stillwater (Project for AMI Consulting Engineers, May-September 2020)
- 3. Mussel Survey/Relocation at the Proposed Old Dairy Plant Site Redevelopment on the Banks of the Otter Tail River Reservoir in Fergus Falls, Minnesota (Project for Bran Intertec, October 2020)
- 4. Mussel Surveys and Relocations in the Cedar River at the Third Street Bridge, Waverly, Iowa (Project for City of Waverly, IA, October 2021)
- Mussel Survey and Relocation in the Minnesota River at the CSAH 8/CSAH
 Bridge Connecting Brown and Renville Counties (Project for Brown County Engineer, July 2021-August 2022)
- 6. Mussel Relocation in the St. Croix River at Wisconsin STH 77/Minnesota 48 Bridge near Danbury, WI (in partnership with GEI Consultants for Wisconsin DOT, June 2022)
- 7. Mussel Survey and Relocation in the Mississippi River for a City-Owned Boat Launch Dock and Fishing Dock in Prescott, Wisconsin (Daguna Consulting, September-October 2022)
- 8. Mussel Survey/Relocation of Raccoon River for a Pedestrian Bridge at Raccoon River Park in West Des Moines, Iowa, IDOT Project No. EDP-8260(653) -7y-77 (Project for Herberger Construction Company, Inc., May-August 2023)
- Relocation of Federally Endangered Mussels in the Wisconsin River for the I-39-90-94 Bridge Replacement (in partnership with GEI Consultants for Wisconsin DOT, May 2023 to present)
- 10. Mussel Survey of the Otter Tail River at the CSAH 45 Bridge in Otter Tail County, Minnesota (Project for J Otter Tail County Highway Department, June 2023)
- 11. Mussel Survey and Biological Assessment for Afton Marina and Yacht Club Dredging Project (August 2023 to present)

LITERATURE CITED

Minnesota Department of Natural Resources. 2013. Minnesota Freshwater Survey and Relocation Protocol. St. Paul. MN. 6 pp.

FEE AND BASIS OF PAYMENT

- 1) Level I survey, including report \$4,990.00
- 2) Level II survey, including report \$2,025.00

There may be an additional insurance cost of \$2,000.00 for this project to cover Worker's Compensation in Minnesota. This will be a one-time charge for any work in 2024 and may be waived based on the contract. Additional relocation efforts will be billed at a rate of \$3,500.00 per field day with each mobilization from Rochester, MN, billed at \$2,000.00. A more extensive relocation effort, requiring a separate mobilization from Rochester, MN, and 5 days of relocation efforts, may be as great as an additional \$17,500.00.

The combined survey, relocation, and additional insurance costs will not exceed \$26,515.00 unless approved by the client.

Project billing for relocation efforts will be based on daily rates.

Separate invoices may be submitted for each mobilization.

We request payments be remitted to:

Daguna Consulting, LLC

7509 Pin Oak Circle Bristol, VA 24202

Estimates were made using the following assumptions:

- 1. Access to public and private property, if necessary, will be arranged by the client.
- 2. The work site will be readily accessible for biologists and their gear.
- 3. Construction activities will be limited so that biologists are not endangered during surveys.
- 4. There is no more than 1 deployment to the site for both Level I and Level II surveys.
- 5. The DNR/USFWS approves survey and relocation plans.

Acceptance of proposal/estimate and permission to proceed:

STATE OF MINNESOTA DEPARTMENT OF NATURAL RESOURCES DIVISION OF ECOLOGICAL AND WATER RESOURCES 500 LAFAYETTE ROAD, BOX 25 ST. PAUL, MN 55155

SPECIAL PERMIT NO. 32812

(Taking and possession of mussels, including endangered or threatened species)

April 1, 2022

TO WHOM IT MAY CONCERN:

Under the authority of Minnesota Statutes, Section 84.0895 and Section 97A.401, and Minnesota Rules, Parts 6212.1800-2100, permission is hereby granted to:

Brett J. K. Ostby Daguna Consulting, LLC 617 20th Street NE Rochester, MN 55906

to take, possess, and transport state-listed and unlisted native mussel species, subject to the following conditions:

- 1. This permit authorizes the possession of mussels, including endangered or threatened species, for the purpose of conducting Level 1 Surveys, Level 2 Surveys, and Relocations as described in the April 2013 Minnesota Freshwater Mussel Survey and Relocation Protocol ("the Protocol") and as required under the Minnesota DNR's environmental review process. Before initiating any site-specific surveys, the Permittee will provide a survey plan via email with "Mussel Survey Protocol" in the subject line and request approval from Reports.NHIS@state.mn.us. Before initiating any relocations, the Permittee will request approval for that project from the Minnesota Endangered Species Consultant (Bridget Henning-Randa, Division of Ecological Resources; bridget.henning-randa@dnr.state.mn.us). Work on any specific project will not proceed until such approvals have been received. Any departure from the conditions of this permit or the Protocol must be approved before the departure is implemented.
- 2. A federal permit is required for any collection or handling of federally listed species.
- 3. Assistants may carry out activities allowed by this permit under the direct on-site supervision of the Permittee. The Permittee must possess a countersigned copy of this permit while conducting permitted activities.
- 4. Voucher specimens may be collected for purposes of verifying identification, or where no recent records for the species are known from within 5 stream miles of the survey area. Up to 2 sets of dead valves may be collected as vouchers; for species where dead shells are not found, one representative live specimen may be collected as a voucher for each species for which 10 or more live individuals are found, excluding federally-listed species. All voucher specimens must be: preserved; labeled with data on species, location, and date of collection; and transferred to Bernard Sietman, MNDNR, Lake City, within 3 months of collection.
- 5. An unlimited number of dead shells of state endangered, threatened, special concern, or non-listed mussels may be salvaged, as well as any specimens found freshly dead or moribund.
- 6. Any incidental injuries and/or mortalities of state endangered and threatened species must be explained in writing to the Minnesota Endangered Species Consultant within 5 calendar days. Permitted activities may not resume until approved by the Minnesota Endangered Species Consultant.
- 7. Take precautions to prevent the spread of aquatic invasive species (AIS). Before starting work in any Minnesota water under this permit, you should decontaminate all equipment that has previously been

MNDNR Special Permit No. 32812

Permittee: Ostby

Page 2 of 3

used in any other waters (see "Aquatic Invasive Species Prevention for Permittees," which is attached to and made a part of this permit, for detailed instructions). Review the list of known AIS-infested waters at www.dnr.state.mn.us/invasives/ais/infested.html. If you will be working in infested waters under this permit, you must take additional steps to prevent the spread of AIS, as detailed in the attachment.

- 8. It is the Permittee's responsibility to acquire any additional permits that may be required. The Permittee is responsible for securing landowner or land manager permission if needed to access collection sites.
- 9. The Minnesota DNR's Area Fisheries Supervisor
 https://www.dnr.state.mn.us/areas/fisheries/index.html and District Enforcement Manager with responsibility for the specific project area must be notified prior to the initiation of fieldwork. Contact information may be obtained from the DNR website at http://www.dnr.state.mn.us.
- 10. A report must be submitted to the Endangered Species Consultant (bridget.henning-randa@state.mn.us) and reports.nhis@state.mn.us, by January 31 following each year this permit is effective, describing the results of work on any specific project authorized under this permit in the previous year. The report shall include a completed electronic spreadsheet (see the "Rare Mussel and Fish Observations" file available under "Submitting Data" at http://www.dnr.state.mn.us/eco/nhnrp/nhis.html) that contains information on any endangered, threatened or special concern species encountered. The data template shall include completion of at least the fields labeled as "required" as well as at least one set of precise locational coordinates (UTM, Lat/Long, GIS Shapefile). Additional fields in the data template will be completed to the degree practical. The report shall also include any descriptive data about the habitat (e.g. substrate, depth, current) that are recorded.

This permit is effective immediately, and through December 31, 2026, but may be revoked at any time. Failure to submit reports or deliver specimens as required may be grounds for denial of future permit requests.

PRINCIPAL OFFICER: BRAVEN B. BEATY,

SENIOR BIOLOGIST

Authority: Statutes and Regulations: 16 U.S.C. 1539 (a), 16 U.S.C. 1533 (d) 50 CFR 17.22, 50 CFR 17.32, 50 CFR 13

Location where authorized activity may be conducted:

Illinois, Iowa, Minnesota, Tennessee, Virginia, and Wisconsin.

Reporting requirements:

Annual Reports are due by January 31 following each year that this permit is in effect.

Authorizations and Conditions:

A. General conditions set out in Subpart B of 50 CFR 13, and specific conditions contained in Federal regulations cited above, are hereby made a part of this permit. All activities authorized herein must be carried out in accordance with and for the purposes described in the application submitted. Continued

Version Number: 2

Effective: 2022-03-29 **Expires:** 2027-03-31

validity, or renewal of this permit is subject to complete and timely compliance with all applicable conditions, including the filing of all required information and reports.

- B. The validity of this permit is also conditioned upon strict observance of all applicable foreign, state, local tribal, or other federal law.
- C. The following individuals are authorized to conduct activities as authorized by this permit: Braven Beaty and Brett Ostby.

Trained assistants not named on this permit may work on permitted activities under the direct and on-site supervision of the individuals named above. However, trained assistants may not work independently at a site. All site investigators who will handle mussels shall be trained in their identification and handling techniques, advised on the laws and restrictions related to listed species, and apprised of permit conditions. The permittee shall be present at all site investigations. The number of site investigators at any site shall be of an appropriate, manageable, size so that the permittee shall observe actions and prevent or limit harm to listed species and their habitats.

- D. Acceptance of this permit serves as evidence that the permittee understands and agrees to abide by the terms of this permit and all sections of title 50 Code of Federal Regulations, Parts 13 and 17, pertinent to issued permits. Section 11 of the Endangered Species Act of 1973, as amended, provides for civil and criminal penalties for failure to comply with the permit conditions. In addition, the permittee shall have all other applicable Federal, Tribal, State, and/or local government permits prior to the commencement of activities authorized in this permit.
- E. The permitted activities described herein require prior, site-specific approval from the U.S. Fish and Wildlife Service (USFWS) Field Supervisor in the State(s) where the project will occur. Permittee shall notify the USFWS Field Supervisor for the State in which activities are proposed to occur at least 15 days prior to conducting any activities (https://www.fws.gov/?type=%5B%22Conservation%20Office%22%5D). Your request for this site-specific approval must be in writing and must indicate:
- 1. The purpose and a description of the activities proposed (e.g., surveys, radio telemetry studies, etc.).
- 2. Location of proposed activities, including project site (legal description and lat/long), county, and state.

Page 3 of 8

Permit Number: ES59798B

Version Number: 2

Effective: 2022-03-29 **Expires:** 2027-03-31

3. Dates when the project is proposed to take place.

4. You may proceed with activities only <u>upon receipt of written concurrence</u> from the applicable USFWS Field Supervisor. Your concurrence letter/email must be carried with this permit to authorize site-specific activities.

This permit is not valid without applicable concurrence letter(s)/email(s) for activities and any required State permits.

- F. Permittee is authorized to take (capture, handle, identify, measure, age by examining shell growth rings, sex, photograph, apply PIT tags or Hallprint plastic shell tags, mark, release, and salvage relic shells) the following federally listed mussel species: Alabama lampmussel (Lampsilis virescens), Appalachian elktoe (Alasmidonta raveneliana), Appalachian monkeyface (Quadrula sparsa), birdwing pearlymussel (Conradilla caelata), clubshell (Pleurobema clava), cracking pearlymussel (Hemistena lata), Cumberland bean pearlymussel (Villosa trabalis), Cumberland elktoe (Alasmidonta atropurpurea), Cumberland monkeyface (Quadrula intermedia), Cumberlandian combshell (Epioblasma brevidens), dromedary pearlymussel (Dromus dromus), fanshell (Cyprogenia stegaria), dwarf wedgemussel (Alasmidonta heterodon), fat pocketbook (Potamilus capax), fine-rayed piqtoe (Fusconaia cuneolus), fluted kidneyshell (Ptychobranchus subtentum), green-blossom pearlymussel (Epioblasma torulosa gubernaculum), Higgins eye (Lampsilis higginsii), James spinymussel (Pleurobema collina), little-wing pearlymussel (Pegias fabula), oyster mussel (Epioblasma capsaeformis), pale lilliput (Toxolasma cylindrellus), pink mucket pearlymussel (Lampsilis abrupta), purple bean (Villosa perpurpurea), rough pigtoe (Pleurobema plenum), rough rabbitsfoot (Quadrula cylindrica strigillata), scaleshell (Leptodea leptodon), sheepnose (Plethobasus cyphyus), shiny pigtoe (Fusconia cor), slabside pearlymussel (Lexingtonia dolabelloides), snuffbox (Epioblasma triquetra), spectaclecase (Cumberlandia monodonta), tan riffleshell (Epioblasma walkeri). tuberculed-blossom pearlymussel (Epioblasma torulosa torulosa), turgid-blossom pearlymussel (Epioblasma turgidula), winged mapleleaf (Quadrula fragosa), yellow-blossom pearlymussel (Epioblasma florentina), and yellow lance (Elliptio lanceolata) while conducting presence and possible absence studies, as specified in permittee's January 30, 2020, and October 29, 2020, applications and as conditioned below:
- 1. Permittee may survey for mussels by hand collecting via wading, snorkeling, or scuba diving. Under certain circumstances, brailing (raking) may be used to collect specimens. In these instances, the methods of collection, handling, and release must be pre-approved by the USFWS affected Field Office(s)(https://www.fws.gov/?type=%5B%22Conservation%20Office%22%5D).

NATIVE ENDANGERED & THREATENED SP. RECOVERY

Permit Number: ES59798B

Version Number: 2

Effective: 2022-03-29 **Expires:** 2027-03-31

The affected Field Office(s) will coordinate with the appropriate Species Recovery Lead (https://www.fws.gov/media/recovery-leads-southeast) when considering the use of brailing (raking).

- 2. Permittee may temporarily hold specimens in mesh bags, either suspended in the water or held in a container containing river water, while awaiting identification and data collection. Specimens may be held for up to 3 hours provided that they are held in the water in bags that allow free movement of water the mussels were taken from or held in buckets of water that is changed every hour (every half-hour when air temperatures are at or above 80° F) and replaced with water freshly taken from where the mussels were collected. Specimens must be returned to the locality from which they were taken. No live specimens may be removed from the site. Live specimens that cannot be identified at the site must be photographed for identification purposes and immediately returned to the substrate.
- 3. Collection of mussels must be done only when the air temperature is above 32° F and the water temperature is above 40° F. Specimens shall be returned to the point of capture and hand-placed into the substrate. The substrate shall be loosened in a circular area with a diameter about 1.5 2 times the length of the mussel. Mussels shall be placed at least halfway or entirely into the substrate near the center of the loosened area, ensuring that the anterior of the shell is exposed to water with the siphon end up and pointing upstream.
- 4. All live mussels shall be measured (length and height) and, if possible, sexed and aged. No intrusive activities are permitted. Random samples will be taken and sample locations will be determined using a stratified, random design. Data collected will include descriptions of external morphometry and reproductive status.
- 5. Relic shells may be collected and retained for reference and voucher purposes. Each individual shall be labeled with collection information including species, location, date, and habitat / substrate characteristics of collection locality. Any specimens collected in excess of those needed for reference and voucher by the permittee shall be provided to a public museum, university collection, or similar public facility that is accessible to interested researchers.

NATIVE ENDANGERED & THREATENED SP. RECOVERY

Permit Number: ES59798B

Version Number: 2

Effective: 2022-03-29 **Expires:** 2027-03-31

6. Live mussels of sufficient size may be PIT-tagged, tagged with HallprintTM plastic shell tags, or marked (etched) prior to returning to the substrate. Any tagged or marked mussels must be photographed with the tag/mark clearly visible. Photos of tagged/ marked mussels must be included in or attached to annual reports.

- 7. No live specimens may be removed from the survey sites, except for specimens encountered in circumstances which would reasonably be expected to result in stranding due to low or receding water, in which case such specimens must be moved to suitable habitat that is not in danger of low or receding water within the same water body as close as possible to the collection site.
- G. No injury or mortality is expected to occur to federally listed species covered under this permit. In the event that any accidental injury or mortality occurs, all activities must cease and the injury or mortality reported immediately (not to exceed 1 business day) to the appropriate USFWS species recovery lead (https://www.fws.gov/media/recovery-leads-southeast) and Southeast Region Recovery Permit Coordinator at the address and telephone number noted in Condition M., below. Based upon consultation between these offices, a decision will be made as to whether any of the authorized activities can continue. Decisions will also be made concerning the disposition of any dead or injured specimens. The permittee shall provide a written statement to the USFWS species recovery lead(s) and Southeast Region Recovery Permit Coordinator, which documents the cause of the injury/mortality, and identifies the remedial measures employed by the permittee to eliminate future mortality/injury events. The final decision on remedial measures and disposition of specimens rests with the USFWS.
- H. Permittee must carry a copy of this permit at all times when conducting the authorized activities.
- I. This permit is non-transferable.
- J. Issuance of this permit does not constitute permission to conduct these activities on national wildlife refuges or any other public or private lands; such permission must be obtained separately from the appropriate landowner or land manager before beginning these authorized activities. This permit, neither directly nor by implication, grants the right of trespass.

NATIVE ENDANGERED & THREATENED SP. RECOVERY

Permit Number: ES59798B

Version Number: 2

Effective: 2022-03-29 **Expires:** 2027-03-31

K. Upon locating a dead, injured, or sick federally listed species, under circumstances not addressed in this authorization, initial notification must be made immediately to the USFWS Field Office in the State in which the specimen is found (https://www.fws.gov/?type=%5B%22Conservation%20Office%22%5D). Notification should also be made by the next work day to the USFWS' Southeast Region Recovery Permit Coordinator identified in Condition M., below. Those offices will confer with the USFWS' Division of Law Enforcement as appropriate and determine next steps. Care should be taken in handling sick, injured, or dead specimens to ensure effective treatment or to preserve biological materials for later analysis. In conjunction with the care of sick or injured endangered or threatened species, and the preservation of

L. Reports are due by January 31 following each year that this permit is in effect and must be submitted to the office identified in Condition M, as well as to the USFWS Field Offices in the States where activities occurred (https://www.fws.gov/?type=%5B%22Conservation%20Office%22%5D), and to the appropriate species recovery leads

biological materials from a dead animal, the finder should take responsible steps to ensure that the site is

(https://www.fws.gov/media/recovery-leads-southeast). When possible, electronic copies shall be submitted in lieu of hard copies in MS Word, Portable Document Format, Rich Text Format, or other file format that is compatible with the receiving office. At a minimum, the report shall include:

- 1. The name(s) and organization affiliation of all members of the survey crew.
- 2. The project for which the survey was conducted and the target species.
- 3. The date of the survey.

not unnecessarily disturbed.

- 4. Locations of the survey sites. Locations shall be noted using figures, maps, and by referencing a common coordinate system (e.g., latitude longitude, universal transverse mercator system, etc.).
- 5. Survey methods used and a map showing the survey location, with state and county designations, along with a description of the area sampled, noting biotic and abiotic features that might influence sample composition, and including the length of each survey reach and the latitude/longitude of the start and end location of each stream reach.
- 6. The results of the sampling, with discussions and interpretations of the data in context to recovery of the species.
- 7. A description of any mortality, injuries, deformities, or other abnormalities observed and disposition of specimens.

NATIVE ENDANGERED & THREATENED SP. RECOVERY

Permit Number: ES59798B

Version Number: 2

Effective: 2022-03-29 **Expires:** 2027-03-31

- 8. Water quality data, including velocity, visibility, temperature, DO, pH, turbidity, and conductivity.
- 9. A narrative describing stream substrate, riparian vegetation, instream vegetation, and other notable site characteristics
- 10. A list of mussels collected in each sample reach, the number collected per species in each sample reach, a summary of tagged individuals with accompanying photographs, and whether each collected mussel was released live, injured, or killed.
- 11. Copies of all published data and reports.
- 12. Copies of all site-specific authorization letters/emails required under Condition E.

IF NO ACTIVITIES OCCURRED OVER THE COURSE OF THE YEAR, INDICATION OF SUCH SHALL BE SUBMITTED AS AN ANNUAL REPORT.

END

Kanabec County Native Mussel Survey/Potential Relocation Proposal

Andrew Edgcumbe Edge Aquatic Services LLC 2/6/2024

- 1. An overview of your background and experience doing these types of surveys
 - a. Currently I work as a lead water resources technician with the Carver County Water Management Organization performing water quality, fish, vegetation, macroinvertebrate, and native mussel monitoring on county lakes and streams
 - b. I began a native mussel monitoring program in 2020 for the CCWMO to survey county streams that have never been surveyed before. To date ~50 surveys have been performed within the county and have been submitted to the MNDNR to their statewide database. I became a state certified native mussel surveyor in 2021
 - c. Lastly, I was an intern for the MNDNR native mussel statewide survey in 2010 and 2014 honing my identification and survey skills. As a part of the job, I assisted with 3 bridge project/relocation efforts
- 2. A time frame for conducting the survey and associated reports
 - a. If snowfall and spring rain hold off and river levels remain low, late May to early June could be the best-case scenario. If snow levels increase and spring rain bounce the river, the survey time frame would be pushed back until water levels are safe to snorkel or SCUBA
- 3. An estimated cost break down. If there are different scenarios for pricing based on the findings of your surveys please provide general costs for those scenarios.
 - a. I would charge \$50/hour for travel; I live in Le Sueur, MN which is 2 hours one way ~\$200
 - I would charge \$100/hour for survey, mussel processing (sorting to species and age ranges, enumerating each species, and measuring), relocating mussels (if necessary), and report writing
 - Survey time estimates: 2-3 hours depending on stream reach and number of mussels
 - ii. Mussel processing: 0.5-1 hours depending on number of mussels
 - iii. Mussel relocation: 1-1.5 hours depending on number of mussels
 - iv. Report writing: 1 hour

Cost range: \$650-850; however could exceed with unforeseen time additions, cost of survey not to exceed \$1000.

- 4. An email from Molly Barrett has indicated that a permit to handle live mussels is required prior to the survey work.
 - a. I have a permit with Carver County, so I don't see an issue getting a permit for this project. If I am hired, I will obtain the proper permits for the project

Prepared By: SHAWN FIEDLER

Email: SFIEDLER@MCICARPETONE.COM

Mobile #: 320-248-1301

Proposal Submitted To:		Fax, Phone, Email or Contact:
KANABEC COUNTY		DAVE MULVANEY
Street Address:		Name of Project:
		COURTHOUSE 2ND FLOOR CARPET REPLACEMENT
City, State, Zip Code:		Project Location:
		MORA, MN
Architect/Drawing Developer:	Date of Drawings:	Addendums:

Notes:

- -Bid is per plans provided/site walk done on 2-9-24.
- -Timeframe of work is mixed between day/night hours as needed to complete project.
- -Bid is to complete full demo/removal, and replacement of carpet and vinyl base finishes as indicated on floorplan attached in the RFP page. 8. Phasing to be worked out with Dave to allow time for everyone to move personal items / small items from areas where getting flooring replacements. Furniture moving/lifting in our bid. Packing up of small non-furniture items to be done by Kanabec County. Bid includes disposal of material off site. MCI Has been selling and installing commercial floor coverings since 1976, and is and employee owned company. We are situated in Waite Park, MN and have around 65 employees. Demo and install of carpet figuered with Small, Minority, Women owned business.
- -Supply and install, EF Contract TLNE LNE56 24" x 24" Carpet Tile, Includes 5% material overage
- -Supply and install, Vinyl Base 4" Vinyl 63 Burnt Umber
- -Demo 12,825 SF of carpet and adhesive and dispose of in dumpsters provided by MCI.
- -Move Furniture as required to complete carpet demo/install.

\$99,475.00

Material: \$59,576.00 Labor: \$39,899.00

Note:

Minor floor prep as anticipated is included, any major floor prep that is out of the ordinary or hidden would be additional and negotiated before work to commence. Pricing is not figuring a floor grind after carpet removal. We don't anticipate an adhesive floor grind being needed as Dave said it was not needed on other floors on last phase of carpet replacement.

PROPOSAL NOTES:

Signature:

EXCLUDES TAX

Typical floor prep is included in this proposal. Materials and labor for the amount of:

N/A

Grinding, self-leveling, bead blasting or glue removal is not included unless noted above. Additional labor will be billed at \$81.25 per hour plus the cost of any materials required. Includes final broom cleaning. Prior trades are responsible to clean any residue from floors left by their scope of work, otherwise charges will apply to clean. Proposal does not include removal of existing flooring or adhesives. Dumpsters not included. Post floor protection is not included. Initial moisture testing is included performed by 3rd party. Additional testing due to high moisture or special request will be billed at \$80.00 per test and \$.65 per mile from Richfield, MN.

PAYMENT TERMS: Net 30 days of invoice date using cash, check, or credit card. Any collection fees or attorneys fees incurred by MCI will be the responsibility of the buyer. A monthly service charge will be added at the rate of 1.5% per month (18% annum). We reserve the right to perfect mechanics lien rights when applicable.

All materials are guaranteed to be as specified. All work to be completed in a substantial workmanlike manner according to specifications submitted, per standard practices. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents or delays beyond our control. Owner to carry fire, tornado and other necessary insurance. Our workers are fully covered by Workmen's Compensation Insurance. If either party commences legal action to enforce its rights pursuant to this agreement, the prevailing party in said legal action shall be entitled to recover its reasonable attorney's fees and costs of litigation relating to said legal action, as determined by a court of competent jurisdiction.

This proposal may be withdrawn by MCI if not accepted within 60 days of proposal date above. This proposal is contingent upon final acceptance of contract language.

ACCEPTANCE OF PROPOSAL: The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as
specified. Payment will be made as outlined above.

This quote is for Customer's budgetary purposes only. Skydio will not accept a purchase order that purports to accept this quote or offer to purchase the products and services below without a signed Skydio Order Form.

APPRAISAL REPORT OF

2376 Quarter St Brook Park, MN 55007

PREPARED FOR

Michael and Naomi Schultz 2376 Quarter St Brook Park, MN 55007

AS OF

11/14/2023

PREPARED BY

Circle Six Appraisal Service PO Box 78 Zimmerman, MN 55398

20872 File No

Case No. LETTER OF ENGAGEMENT Date: November 2023 Michael and Naomi Schultz From: Heather Quinn The lender/client is requesting you perform an appraisal on: 2376 Quarter St, Brook Park, MN 55007 Scope of work to be performed: The scope of work for this appraisal was an interior and exterior inspection of the subject property. Appraiser uses aerial photos and maps from county assessors office as appraiser did not walk entire property, and uses these maps and county records for determining the topography and utility of the subject property. Research for comparable sales included a twenty-five mile radius of the subject property. Data was obtained from owners, the tax assessor and recorder of deed records. These sources are considered reliable and verified when necessary. Data obtained from the Multiple Listing Service is presumed correct and accurate with respect to contract and closing dates and verified with public records when possible. Multiple Listing Service manner of counting bedrooms, baths, and other pertinent data is amended to conform to assignment guidelines. A physical inspection of the interior and exterior was conducted to take an inventory of general construction, mechanical components, amenities, updating, modernization, upgrades and overall condition. The inspection is not done to the same extent as would be normally performed by building inspectors, environmental assessors and pest inspectors. Please be aware that I did not inspect unfinished attic areas nor any foundation crawl space, if such areas required access through scuttle doors or were otherwise not readily accessible. My inspection was limited to areas which would be considered part of the gross building area (GBA). Any undisclosed problem associated with such an inspection is considered a condition of the appraisal. The appraiser may modify the value after disclosure. *I have performed no other services, as an appraiser or in any other capacity, regarding the property subject of this report within the three-year period immediately preceding acceptance of this assignment. The appraisal is subject to the extraordinary assumption that the well and septic are compliant and would pass county requirements and that there are no defects with the homes plumbing and electrical systems. Home is assumed to be in average condition with no major issues. Digital Photos: This report contains digital photos. Some comparable photos may have been copied from the MLS with expressed consent. The comparables used have been viewed at a minimum from the street, and when possible, for expediency and/or to more accurately reflect the condition of the comparable at the time of the sale, MLS photos are used. Intended Use: The intended use is to evaluate the property that is the subject of this appraisal for Michael and Naomi Schultz to help determine the market value. Kanabec County is widening Quarter Street and the house is close enough to the road that it will need to be removed. It is the appraiser's understanding that the county will be having an appraisal done and has asked the Schultzs to also have an appraisal done. Michael has sent me the following information from the county: "The appraisal must be done by a MN licensed real estate appraiser and meet the requirements of "The Uniform Standards of Appraisal Practice" (USPAP) in order to be considered by the County." Heather Quinn is a Certified General Real Property Appraiser in Minnesota and the appraisal does conform to USPAP. Appraiser determines fair market value, as there has been no clarification if a different approach should be taken. This is the most probable price that a property should sell for in a competitive and open market under all conditions requisite to a fair sale. Intended User: The intended users of this report are the clients, Michael and Naomi Schultz, and they will share it with Kanabec County. I have read the requirements as they pertain to performing this appraisal and agree to perform the appraisal within the guidelines outlined. Appraisal Firm: Circle Six Appraisal Service Heather Quint

This appraisal report is subject to the scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. The Appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) research, verify, and analyze data from reliable public and/or private sources, and (2) report his or her analysis, opinions, and conclusions in this appraisal report.

DEFINITION OF MARKET VALUE: The definition of market value is the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser may have provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

APPRAISER'S CERTIFICATION: I certify that, to the best of	of my knowledge and belief:

Circle Six Appraisal Service COMMENT ADDENDUM

File No. 20872 Case No.

Property Address 2376	Quarter St					
City Brook Park	County	Kanabec	State	MN	Zip Code	55007

The appraiser has researched a 25 mile radius of the subject for comparable sales of similar age, condition, and size homes. Appraiser did find 8 sales to consider, and develops the six best available. The comparables developed are all similar condition homes with similar tracts of land in the same or competing real estate markets. Comps are all within 7.5 miles of subject, which is an acceptable distance for comparables when considering this rural market. Finding properties that have similar updated farmhouses or older homes can be difficult to locate as there are few to choose from.

Appraiser did not make any time adjustments on any of the sales, even though three of the sales are over 6 month old sales. In reviewing median sale price averages for similar homes in the Mora, Brook Park and Grasston areas, as well as Kanabec county overall, median sale prices have been a bit up and down, with the Mora market having dropped 3.9% in the previou 12 months, the Brook Park market having risen 9.2% in the previous 12 months, the Grasston market having dropped 1.7% in the previous 12 months, and the Kanabec County market having decreased 2.1% over the previous 12 months. The volatility of the current market, where rising interest rates are slowing marketing times, but the shortage of homes and land still drives the price to remain consistent, making it difficult to determine if the market will continue to increase or if there will be any drop in value. The Mora, Brook Park and Grasston markets are very rural with limited sales and activity, and the fluctuations that are occurring on the graph are likely due to such limited data to consider. The Mora, Grasston and Kanabec County graphs are more gradual, with only a slight decrease over the previous 12 months, which is much more consistent with overall data for the state of Minnesota. The appraiser feels the stability of the Kanabec County market, where median sale prices have only slightly decreased, makes it unnecessary and unwise to make any type of time adjustment.

All comps are within 7.5 miles of the subject and are all in the same real estate market where the average buyer would consider the subject and all compareable sales competing properties. They are in rural settings with either pastoral or wooded surroundings and views or a combination of the two. No location or view adjustment are necessary due to the similarities of all.

Age adjustment is only necessary on comp 3, as subject and all comps appear to have been updated within a similar time frame and with similar quality and condition of finishes. Comp 3 has newer siding, roof and windows, and interior was more recently remodeled than subject, however, adjustment is minor, as the remodel was not completely finished with extensive missing trim and base, some missing outlet plates, some missing ceiling tiles, paint splatter on kitchen cabinets, and one garage door that is old and not operational, so appraiser feels that adjustment for more modern finishes is tempered with the perceived deferred maintenance or necessary repairs.

No site size adjustment if comparable is within 1 acre of the subject and no square footage adjustment if comparable is within 100 square feet of the subject as the average buyer would not make a value distinction between such small differences. Also square footage of basements is not valued, as subject and all comps have basements. There is only an adjustment for finished basement square footage, at \$20/square foot, except for comp 5, which has no basement, in which case a \$10,000 adjustment is made to reflect the value of having basement for storage and shelter from tornadoes.

Comp 1 is a similar older farmhouse with similar updating to subject. Comp 1 is slightly larger lot size, has no central air, has a single detached garage and has two older sheds. Comp 1 has similar design, condition, room count, square footage, full basement with no finish, and is within 2.75 miles of the subject. Comp 1 is also a three month old sale, so a recent transaction. Comp 1 is given the most weight as it is most similar overall.

Comp 2 is just north of the subject on the same road. Comp 2 is a bit smaller site size, a rambler with similar effective age due to similar updates, similar condition with similar room count. Comp 2 is adjusted for site size, inferior square footage, superior basement finish as it had a rec room and a 1/2 bath, for its built in one car garage, slight difference for its large deck versus subject's covered porch and small deck, for having a fireplace and for having an older small barn with shed addition.

Comp 3 is a similar cap cod design with very similar acreage. Comp 3 was recently updated and has an effective age adjustment, see above comments. Comp 3 is also adjusted for inferior bedroom count above grade, inferior square footage, superior basement finish, double car garage, adjustment for having a large deck versus subject's covered porch and small deck, and for no outbuildings.

Comp 4 is a three level home sith superior square footage and superior bathroom above grade count, with other adjustments including basement finish, two car attached garage and 30x40 pole shed. Comp 4 has almost exact same site size and is similar effective age and is most recent sale.

Comp 5 is a rambler that is in fairly close proximity to the subject. Comp 5 has a site adjustment for inferior size, superior bathroom count above grade, lack of basement, superior garage, patio that is slightly inferior to subject's porch and deck, and for having a fireplace. Comp 5 is only 22 years old, but is mostly original and reflects the same effective age as the subject. Comp 5 is similar in above grade square footage and outbuildings.

Circle Six Appraisal Service COMMENT ADDENDUM

File No. 20872 Case No.

Property Address	2376 Quarter St						
City Brook Park		County	Kanabec	State	MN	Zip Code	55007

Comp 6 is a rambler on the edge of town of Mora. Comp 6 has much smaller lot size, but is similar in updates as it was likely updated in the early 2000s with similar finishes to subject. Comp 6 also is adjusted for superior bathroom count above grade, inferior square footage, for having basement finish in electrical and drywall, but no floor coverings, superior garage, inferior deck, and for having a pole shed.

Comps 1 & 5 are given the most weight as comp 1 is most similar in overall appeal, with comp 5 having most similar outbuilding to subject with similar square footage. Comps 2 & 3 are given some weight as Comp 3 is similar design also and has similar site size, with comp 2 being closest in proximity to subject with similar outbuildings.

Comp 4, having a unique three level design, which appears to be a split entry home with an addition, is given the least weight as the design has, in the appraiser's opinion, a less functional flow. Comp 6 is also not given much weight as it is on the edge of town and has a much smaller lot.

Final Reconciliation of Value:

The sales comparison approach is the only real consideration of value, as the cost approach is unreliable with homes older than 30 years, and the income approach doesn't apply, as the highest and best use for the subject is not income producing, and there is very little data available for rentals in rural markets, on acreage.

The opinion of the appraiser is that the real range of value for the subject is \$232,500 to \$245,000, based on the four comparables that were given the most weight. The owners will be settling this with the county and buying in a market that has higher interest rates, and still very low listed inventory. It is my opinion that the higher range of value, at \$240,000, is reasonable because there is still strong competition for homes that have no needed updates or repairs, like the subject.

Sales Comparison Adjustment Comments

The following transactional items were accounted for in the order shown prior to calculating any property feature adjustment results and only as necessary for transaction adjustments: Property Rights, Financing Terms, Distressed Sales, Seller Concessions, and Market Conditions. The appraiser can and often does reserve the right to correct adjustments to what is considered typical to rural markets, as the rural markets often do not have enough data to quantify adequate adjustments.

Lot Size

The Lot Size adjustment was developed at \$0.10 per square foot. To arrive at this adjustment, 14 different adjustment methods were utilized and many of those were calculated on three sets of data. That resulted in a total of 44 different analyses being performed. Of those analyses, a total of 23 were given weight and consideration. The results (based on those 23 methods) provide an adjustment range from \$0.00 to \$0.18. Average Grouped Data, seven different types of simple regression, and Sensitivity Analysis were the adjustment methods used to develop this adjustment. Because the subject property is in a more rural location, the appraiser can opt to make no adjustment for small variations in lot sizes when in town, as the average buyer does not make a value distinction between small variations in lot sizes. Also, when acreage is involved, appraiser typically adjusts on a per acre basis, but because of the format of the adjustment software, states it in per square foot values rather than per acre values.

GLA

The GLA adjustment was developed at \$45 per square foot. The results (based on all adjustment methods that were calculated and considered relevant) provide an adjustment range from \$8 to \$83. Grouped Data (Median and Average), seven different types of simple regression, and Sensitivity Analysis were the adjustment methods used to develop this adjustment.

Full Bath

The Full Bath adjustment was developed at \$7,500. To arrive at this adjustment, 17 different adjustment methods were utilized and many of those were calculated on five sets of data. That resulted in a total of 51 different analyses being performed. Of those analyses, a total of 16 were given weight and consideration. Depreciated Cost in addition to seven different types of simple regression were the adjustment methods used to develop this adjustment.

Garage Spaces

The Garage Space adjustment was developed at \$7,500. To arrive at this adjustment, 17 different adjustment methods were utilized and many of those were calculated on five sets of data. That resulted in a total of 51 different analyses being performed. Of those analyses, a total of 24 were given weight and consideration. The results (based on those 24 methods) provide an adjustment range from \$0 to \$14,600. Depreciated Cost, Average Grouped Data, seven different types of simple regression, and Sensitivity Analysis were the adjustment methods used to develop this adjustment.

Fireplace Count

The Fireplace # adjustment was developed at \$5,000. The results (based on all adjustment methods that were calculated and considered relevant) provide an adjustment range from \$258 to \$8,600. Depreciated Cost in addition to five different types of simple regression were the adjustment methods used to develop this adjustment. Because of limited data, appraiser must consider several factors beyond the data included here, which can include data from areas farther than the 20 mile radius considered here. There is also peer and market driven data that considers not only what the average buyer in these rural markets would pay for certain features, but also what is considered typical for adjustments for certain features by appraisers.

Year Built

The Age adjustment was developed at \$500. The results (based on all adjustment methods that were calculated and considered relevant) provide an adjustment range from \$43 to \$1,900. Grouped Data (Median and Average) in addition to seven different types of simple regression were the adjustment methods used to develop this adjustment. Age adjustments are made on the effective age of all comps and subject, as older homes are not often original and have had several updates, both interior and exterior updates of varying levels of condition.

Basement Fin. Size

The Basement Finished Area adjustment was developed at \$20. The results (based on all adjustment methods that were calculated and considered relevant) provide an adjustment range from \$1 to \$53. Seven different types of simple regression in addition to Sensitivity Analysis were the adjustment methods used to develop this adjustment.

Exterior Features: Pole Building

The Pole Building adjustment was developed at \$20,000. The results (based on all adjustment methods that were calculated and considered relevant) provide an adjustment range from \$3,600 to \$29,600. Grouped Data (Median and Average), seven different types of simple regression, and Sensitivity Analysis were the adjustment methods used to develop this adjustment. Because of limited data, appraiser must consider several factors beyond the data included here, which can include data from areas farther than the 20 mile radius considered here. There is also peer and market driven data that considers not only what the average buyer in these rural markets would pay for certain features, but also what is considered typical for adjustments for certain features by appraisers. Values given to pole sheds can and often do vary based on age, condition, level of finish, square footage, etc.

Bedroom

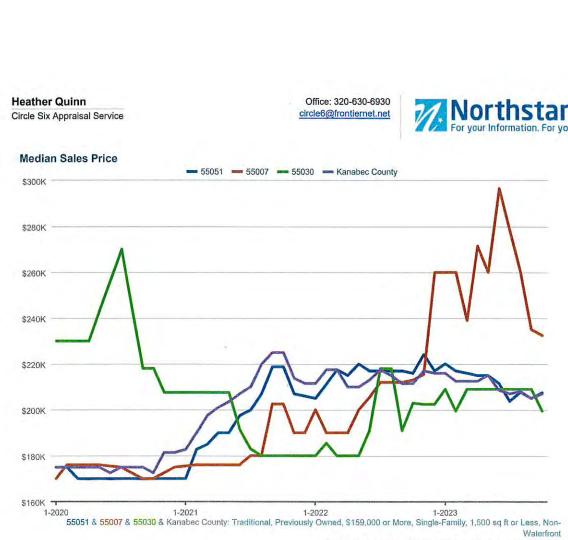

The Bedroom adjustment was developed at \$2,500. The results (based on all adjustment methods that were calculated and considered relevant) provide an adjustment range from \$0 to \$5,000. Average Grouped Data in addition to seven different types of simple regression were the adjustment methods used to develop this adjustment.

ENVIRONMENTAL ADDENDUM

File No. 20872 Case No.

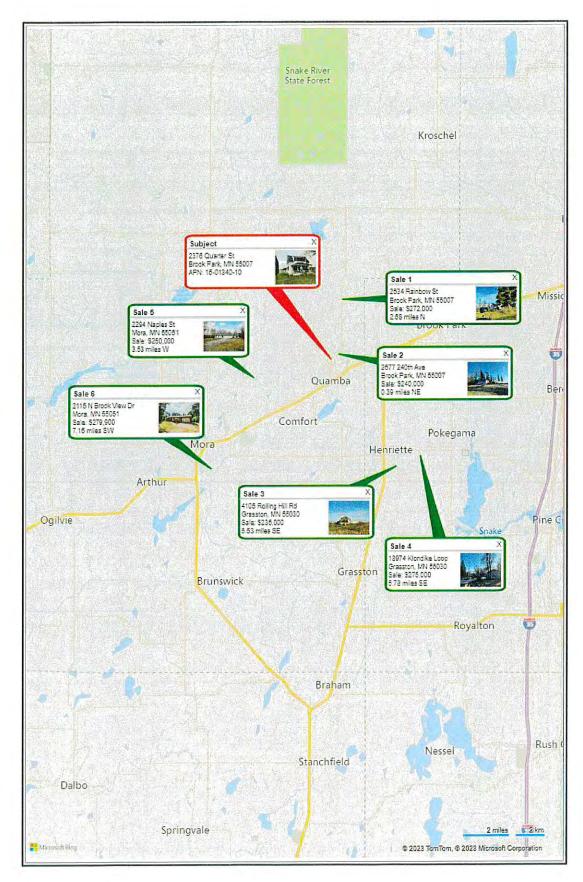

Borrower Michael and Naomi Schultz Property Address 2376 Quarter St 55007 Kanabec State MN Zip Code City Brook Park County Address 2376 Quarter St, Brook Park, MN 55007 Lender Michael and Naomi Schultz APPARENT* HAZARDOUS SUBSTANCES AND/OR DETRIMENTAL ENVIRONMENTAL CONDITIONS APPARENT is defined as that which is visible, obvious, evident or manifest to the appraiser. This universal Environmental Addendum is for use with any real estate appraisal. Only the statements which have been checked by the appraiser apply to the property being appraised. This addendum reports the results of the appraiser's routine inspection of and inquiries about the subject property and its surrounding area. It also states what assumptions were made about the existence (or nonexistence) of any hazardous substances and/or detrimental environmental conditions. THE APPRAISER IS NOT AN ENVIRONMENTAL INSPECTOR and therefor might be unaware of existing hazardous substances and/or detrimental environmental conditions which may have a negative effect on the safety and value of the property. It is possible that tests and inspections made by a qualified environmental inspector would reveal the existence of hazardous materials and/or detrimental environmental conditions on or around the property that would negatively affect its safety and value **DRINKING WATER** Drinking Water is supplied to the subject from a municipal water supply which is considered safe. However the only way to be absolutely certain that the water meets published standards is to have it tested at all discharge points. X Drinking Water is supplied by a well or other non-municipal source. It is recommended that tests be made to be certain that the property is supplied with adequate pure water. Lead can get into drinking water from its source, the pipes, at all discharge points, plumbing fixtures and/or X appliances. The only way to be certain that water does not contain an unacceptable lead level is to have it tested at all discharge points. The value estimated in this appraisal is based on the assumption that there is an adequate supply of safe, X lead-free Drinking Water. Comments SANITARY WASTE DISPOSAL Sanitary Waste is removed from the property by a municipal sewer system. X Sanitary Waste is disposed of by a septic system or other sanitary on-site waste disposal system. The only way to determine that the disposal system is adequate and in good working condition is to have it inspected by a qualified inspector. X The value estimated in this appraisal is based on the assumption that the Sanitary Waste is disposed of by a municipal sewer or an adequate properly permitted alternate treatment system in good condition. Comments SOIL CONTAMINANTS X There are no apparent signs of Soil Contaminants on or near the subject property (except as reported in Comments below). It is possible that research, inspection and testing by a qualified environmental inspector would reveal existing and/or potential hazardous substances and/or detrimental environmental conditions on or around the property that would negatively affect its safety and value. X The value estimated in this appraisal is based on the assumption that the subject property is free of Soil Contaminants. Comments **ASBESTOS** All or part of the improvements were constructed before 1979 when Asbestos was a common building material. X The only way to be certain that the property is free of friable and non-friable Asbestos is to have it inspected and tested by a qualified asbestos inspector. The improvements were constructed after 1979. No apparent friable Asbestos was observed (except as reported in Comments below). X The value estimated in this appraisal is based on the assumption that there is no uncontained friable Asbestos or other hazardous Asbestos material on the property. Comments PCBs (POLYCHLORINATED BIPHENYLS) X There were no apparent leaking fluorescent light ballasts, capacitors or transformers anywhere on or nearby the property (except as reported in Comments below). X There was no apparent visible or documented evidence known to the appraiser of soil or groundwater contamination from PCBs anywhere on the property (except as reported in Comments below). X The value estimated in this appraisal is based on the assumption that there are no uncontained PCBs on or nearby the property. Comments RADON X The appraiser is not aware of any Radon tests made on the subject property within the past 12 months (except as reported in Comments below). The appraiser is not aware of any indication that the local water supplies have been found to have elevated X levels of Radon or Radium. X The appraiser is not aware of any nearby properties (except as reported in Comments below) that were or currently are used for uranium, thorium or radium extraction or phosphate processing. The value estimated in this appraisal is based on the assumption that the Radon level is at or below EPA X recommended levels Comments

70

USTs (UNDERGROUND STORAGE TANKS)
X There is no apparent visible or documented evidence known to the appraiser of any USTs on the property nor
any know historical use of the property that would likely have had USTs.
X There are no apparent petroleum storage and/or delivery facilities (including gasoline stations or chemical
manufacturing plants) located on adjacent properties (except as reported in Comments below).
There are apparent signs of USTs existing now or in the past on the subject property. It is recommended that an
inspection by a qualified UST inspector be obtained to determine the location of any USTs together with their
condition an proper registration if they are active, and if they are inactive, to determine whether they were
deactivated in accordance with sound industry practices.
X The value estimated in this appraisal is based on the assumption that any functioning USTs are not leaking and
are properly registered and that any abandoned USTs are free from contamination and were properly
drained, filled and sealed.
Comments
NEARBY HAZARDOUS WASTE SITES
X There are no apparent Hazardous Waste Sites on the subject property or nearby the subject property (except as
reported in Comments below). Hazardous Waste Site search by a trained environmental engineer may deter-
mine that there is one or more Hazardous Waste Sites on or in the area of the subject property.
X The value estimated in this appraisal is based on the assumption there are no Hazardous Waste Sites on or
nearby the subject property that negatively affect the value or safety of the property.
Comments
LIDEA FORMAL DELIVIDE (LIEFU INCLU ATION
UREA FORMALDEHYDE (UFFI) INSULATION X All or part of the improvements were constructed before 1982 when UREA foam insulation was a common
building material. The only way to be certain that the property is free of UREA formaldehyde is to have it
inspected by a qualified UREA formaldehyde inspector.
The improvements were constructed after 1982. No apparent UREA formaldehyde materials were observed
(except as reported in Comments below).
X The value estimated in this appraisal is based on the assumption there is no significant UFFI insulation or
other UREA formaldehyde material on the property.
Comments
LEAD PAINT
X All or part of the improvements were constructed before 1980 when Lead Paint was a common building
material. There is no apparent visible or known documented evidence of peeling or flaking Lead Paint on the
floors, walls or ceilings (except as reported in Comments below). The only way to be certain that the property
is free of surface or subsurface Lead Paint is to have it inspected by a qualified inspector.
The improvements were constructed after 1980. No apparent Lead Paint was observed (except as reported in
Comments below).
The value estimated in this appraisal is based on the assumption that there is no flaking or peeling Lead Paint
on the property.
Comments
AIR POLLUTION
X There are no apparent signs of Air Pollution at the time of the inspection nor were any reported (except as
reported in Comments below). The only way to be certain that the air is free of pollution is to have it tested.
X The value estimated in this appraisal is based on the assumption that the property is free of Air Pollution.
Comments
WETLANDS/FLOOD PLAINS
X The site does not contain any apparent Wetlands/Flood Plains (except as reported in Comments below). The
only way to be certain that the site is free of Wetlands/Flood Plains is to have it inspected by a qualified
environmental professional.
X The value estimated in this appraisal is based on the assumption that there are no Wetlands/Flood Plains on the
property (except as report in Comments below).
property (except as report in Comments below).

STATE OF MINNESOTA

HEATHER J QUINN PO BOX 78 ZIMMERMAN, MN 55398

Department of Commerce

The Undersigned COMMISSIONER OF COMMERCE for the State of Minnesota hereby certifies that Heather J Quinn

PO BOX 78 ZIMMERMAN, MN 55398

has complied with the laws of the State of Minnesota and is hereby licensed to transact the business of Resident Appraiser: Certified General

License Number: 20075251

unless this authority is suspended, revoked, or otherwise legally terminated. This license shall be in effect until August 31, 2025.

IN TESTIMONY WHEREOF, I have hereunto set my hand this August 14, 2023.

COMMISSIONER OF COMMERCE

Avace amold

Minnesota Department of Commerce

Licensing Division 85 7th Place East, Suite 500 St. Paul, MN 55101-3165 Telephone: (651) 539-1599

Email: licensing.commerce@state.mn.us

Website: commerce.state.mn.us

Notes:

 Individual Licensees Only - Continuing Education: 15 hours is required in the first renewal period, which includes a 7 hour USPAP course. 30 hours is required for each subsequent renewal period, which includes a 7 hour USPAP course.

 Appraisers: You must hold a licensed Residential, Certified Residential, or Certified General qualification in order to perform appraisals for federally-related transactions. Trainees do not qualify. For further details, please visit our website at commerce.state.mn.us.

Heather Quinn

Circle Six Appraisal
Certified General Real Property Appraiser #20075251
PO Box 78 Zimmerman, Minnesota 55398
Phone 320.630-6930 ~ Circle6@frontiernet.net

QUALIFICATIONS

Heather Quinn and the team at Circle Six Appraisal strive to give their clients the best possible service with honest, accurate appraising in a timely manner.

My education and experience allow me to provide professional, quality service for all my clients.

I believe that experience is critical to being a knowledgeable and credible appraiser. I feel my 27+ years experience have allowed me to learn and grow and I enjoy the challenge that every new project presents me.

Completed work on over 12,000 appraisals including residential, agricultural, and commercial appraising over the course of 27+ years.

License

State of Minnesota Department of Commerce - Heather Quinn MN State License #20075251 FHA approved

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he considers his own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF LIMITING CONDITIONS

CONTINGENT AND LIMITING CONDITIONS: The appraiser's certification that appears in the appraisal report is subject to the following conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- 2. The appraiser has provided a sketch in the appraisal report to show approximate dimensions of the improvements and the sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- 5. The appraiser has estimated the value of the land in the cost approach at its highest and best use and the improvements at their contributory value. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used.
- 6. The appraiser has noted in the appraisal report any adverse conditions (such as, needed repairs, depreciation, the presence of hazard wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property or adverse environmental conditions (including the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- 7. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- 8. The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice.
- 9. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that completion of the improvements will be performed in a workmanlike manner.
- 10. The appraiser must provide his or her prior written consent before the lender/client specified in the appraisal report can distribute the appraisal report (including conclusions about the property value, the appraiser's identity and professional designations, and references to any professional appraisal organizations or the firm with which the appraiser is associated) to anyone other than the borrower; the mortgage or its successors and assigns; the mortgage insurer; consultants; professional appraisal organizations; any state or federally approved financial institution; or any department, agency, or instrumentality of the United States or any state or the District of Columbia; except that the lender/client may distribute the property description section of the report only to data collection or reporting service(s) without having to obtain the appraiser's prior written consent. The appraiser's written consent and approval must also be obtained before the appraisal can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.

Uniform Residential Appraisal Report

-	omom Kookonka	Appraisar Roport		
	SCOPE OF WORK:			
	To determine an independent opinion of market value for the sole pu	rnose of aquisition		
				A
	I have not performed services as an appraiser, or in any other capaci	ty for the subject, within a 3 year period prece	ding the acce	eptance of
	this assignment.			
	INTENDED USE:			
		The year of this report is the newed weet.		Manage 1
	To assist in assessing current market value for Kanabec County Zonir	ig. The user of this report is the named party	and any addi	itionai
	users they deem necessary.			
	HIGHEST AND BEST USE:			
	The subject is a legally permissible use based on its current zoning. A	Additionally, the current improvements based	on the lot size	chane
	and land-to-building ratio, making it physically possible. Similarly, base			
	single family residence, are financially feasible and represent a maxim	ially productive use. The highest and best use	e, as if vacant	, would be
	to build a single family residence. The property is not an income produ	icing property. The remaining economic life	is approximat	ely 75
Ĕ.	years with continued care.			
F				
2	SUBJECT:			
ጀ .		Variable Transfer to the state of		S. C. S. Care In
8	The subject is a one and a half story home located in a rural area in E			
3	condition with updated features. The land is a rectangular strip of high	land in the immediate yard and lower brush a	and excess la	nd along
≶	the roadway. The main floor has custom cabinetry floor to ceiling in	average condition added in 2000 along with a	pdated floori	ng,
ō	windows, insulation and fixtures. Dual heat with FWA and 2nd floor ha	as electric baseboard. The basement is rock	and block for	undation.
E				
ADDITIONAL COMMENTS	OPINION:			
뒿				-
	The value of \$230000 is supported by the sales and the cost per squ	are footage. Comparable 1 and 2 are suppo	rtive of the in	nterior
	features of the subjects condition and style. The setting just off coun	ty road and location are most representative	of subject.	
	RECONCILIATION:			
		as to the authort. With adjustments and over	all considerati	ion of
	Comparables are all older homes and recent sales with similar feature			
	land, buildings, and features, they support the opinion of value. The	market for updated older homes that have so	old in this area	a have sold
	between 120 and 200 per square foot of finished living space on similar	ar acreage. The subject being most compara	ble to conditi	on and
	size of Comparable 1 supports the cost per square footage and the or	pinion of value. Comparable 4 is similar in st	vle and a rura	al area
	with more superior features. Adjustments for those features also supp

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit, including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements.The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Uniform Residential Appraisal Report

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- 1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- 2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms, I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

Uniform Residential Appraisal Report

- 21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).
- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

The market is stable and the appraiser does not have evidence to support a time adjustment for sales. Adjustments: for age are based on Marshall Swift depreciation tables and appraisers best opinion of the condition differences based updated features and actual age. The percentage is weighted against the sales price to determine dollars of depreciation unless it is for a specific feature. These adjustments are considered mostly with paired sales differences for similar properties and adjusted accordingly. I have also consulted with peers and used paired sales. Acreage adjustments are made to properties based on paired sales analysis and county records of neighborhoods and lot values.

The comparable's and listings show that this price range is marketable for this style of home. The comparable's I have chosen best represent and bracket the features and the overall values of the property. Time adjustments were made if necessary based on a current market assessment.

Most value for land is given to the site value and the rural neighborhood where the property is located and use. The comparables were chosen specifically to provide support for this setting. Acreage adjustments are based on review of market and each comparable.

SEARCH CRITERIA: I have reviewed Active, Pending, and Sold properties within the past 12 months within the surrounding rural area of the subject to maintain location values. The market exposure time for these types of properties in approximately 45 days. The most consideration was given to those sales within a 10 mile radius of the subject. I certify, as the appraiser, that I have completed all aspects of this valuation, including my reconciling my opinion of value, free of influence from the client, clients representatives, borrower, or any other party to the transaction.

CONCESSIONS:

Concessions are prevalent in this current market and adjustments are made if deemed necessary. I have not made any adjustments in this report for conessions. The listings and pending sales show that values are stable in comparable home styles and conditions and have not declined.

The appraisal was prepared in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice. The appraisal was prepared in accordance with the requirements of Title XI of the Financial Institutions Reform, Recovery and Enforcement Act of 1989, as amended (12 U.S.C 3331 et seq.) and any implementing regulations.

"The Appraisal Subcommittee (ASC) of the Federal Financial Institutions Examination Council (FFIEC) was created on August 9, 1989, pursuant to Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (Title XI). In response to the O1CS avings and Loan Crisis u201D Congress adopted Title XI to address the problem of unregulated persons performing incompetent and/or fraudulent appraisals for federally regulated financial institutions. Title XI 2019s purpose is tou201Cprovide that Federal financial and public policy interests in real estate transactions will be protected by requiring that real estate appraisals utilized in connection with federally related transactions are performed in writing, in accordance with uniform standards, by individuals whose competency has been demonstrated and whose professional conduct will be subject to effective supervision Title XI created a unique, complementary relationship between the States, the private sector, and the Federal government. Title XI recognized that the States were in the best administrative position to certify and license real estate appraisers and to supervise their approisal-related activities. Title XI authorized the private sector 2014 the Appraisal Foundation and its two independent boards, the Appraiser Qualifications Board and the Appraisal Standards Board 2014 to establish uniform minimum appraiser qualifications standards and uniform standards of professional appraisal practice. Title XI created the ASC to oversee the activities of the States and the Appraisal Foundation. Title XI also authorized the Federal financial institutions regulatory agencies 2013 the Board of Governors of the Federal Reserve System, Federal Deposit Insurance Corporation, Office of the Comptroller of the Currency and National Credit Union Administration 2013 and the U.S. Department of Housing and Urban Development (HUD) to adopt regulations regarding real estate appraisals made in connection with federally related transactions, including, when appraisals are required, who must perform the appraisals, and the manner in which appraisals must be performed."

STANDARD FLOOD HAZARD DETERMINATION FORM INSTRUCTIONS PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this data collection is estimated to average 20 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. This collection of information is mandatory. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency,1800 South Bell Street, Arlington VA 20598-3005, Paperwork Reduction Project (1660-0040) NOTE: DO NOT SEND YOUR COMPLETED FORM TO THIS ADDRESS.

SECTION 1

- 1. LENDER/SERVICER NAME AND ADDRESS: Enter lender name and address
- COLLATERAL DESCRIPTION: Preparer should coordinate with user to ensure the collateral is sufficiently identified. Suggested forms of
 collateral identification include, but are not limited to, property address, parcel or lot number and longitude/latitude. If needed, additional
 information may be attached to this form.
- 3. <u>LENDER/SERVI</u>CER ID NO: Optional. Preparer should coordinate with user to ensure the lender is sufficiently identified on the form. The lender name and address (Box 1. above) may be sufficient.
- 4. LOAN IDENTIFIER: Optional. May be used by lenders to conform with their individual method of identifying loans
- 5. AMOUNT OF FLOOD INSURANCE REQUIRED: Optional. The minimum federal requirement for this amount is the lesser of: the outstanding principal loan balance; the value of the improved property, mobile home and/or personal property used to secure the loan; or the maximum statutory limit of flood insurance coverage. A lender retains the prerogative to require flood insurance in excess of the minimum federal requirements not by the direction of FEMA. National Flood Insurance Program (NFIP) policies do not provide coverage in excess of the insured value of the building/mobile home/personal property.

SECTION 2

A. NATIONAL FLOOD INSURANCE PROGRAM (NFIP) COMMUNITY JURISDICTION

- 1. NFIP Community Name. Enter the complete name of the community (as indicated on the NFIP map) in which the building or mobile home is located. Under the NFIP, a community is the political unit that has authority to adopt and enforce floodplain management regulations for the areas within its jurisdiction. A community may be any State or area or political subdivision thereof, or any Indian tribe or authorized tribal organization, or Alaska Native village or authorized native organization. (Examples: Brewer, City of, Washington, Borough of; Worchester, Township of; Baldwin County; Jefferson Parish) For a building or mobile home that may be annexed by one community but is shown on another community's NFIP map, enter the Community Name for the community with land-use jurisdiction over the building or mobile home.
- 2. <u>County(ies)</u>. Enter the name of the county or counties in which the community is located. For unincorporated areas of a county, enter "unincorporated areas." For independent cities, enter "independent city".
- 3. State. Enter the two-digit state abbreviation. (Examples: VA, TX, CA)
- 4. NFIP Community Number. Enter the 6-digit NFIP community number. This number can be determined by consulting the NFIP Community Status Book or can be found on the NFIP map; copies of either can be obtained from FEMA's Website http://msc/fema.gov or by calling 1-800-358-9616. If no NFIP Community Number exists for the community, enter "none".

B. NFIP DATA AFFECTION BUILDING/MOBILE HOME

The information in this section (excluding the LMOA/LOMR information) is obtained by reviewing the NFIP map on which the building/mobile home is located. The current NFIP map maybe be obtained from FEMA by calling 1-800-358-9616. Scanned copies of the NFIP maps can be viewed on FEMA's website at http://msc.fema.gov. Note that even when an NFIP map panel is not printed, it may be reflected on a community's NFIP map index with its proper number, date, and flood zone indicated; enter these data accordingly.

1. NFIP Map number or Community-Panel Number. Enter the 11-digit number shown on the NFIP map that covers the building or mobile home. (Examples: 480214 0022C; 58103C0075F). Some older maps will have a 9-digit number (Example: 12345601A). Note that the first six digits will not match the NFIP Community Number when the sixth digit is a "C" or when one community has annexed land from another but the NFIP map has not yet been updated to reflect this annexation. When the sixth digit is a "C", the NFIP map is in countywide format and shows the flood hazards for the geographic areas of the county on one map, including flood hazards for incorporated communities and for any unincorporated county contained within the county's geographic limits. Such countywide maps will list an NFIP Map Numer. For maps not in such countywide format, the NFIP will list a Community-Panel Number on each panel. If no NFIP map is in effect for the location of the building or mobile home, enter "none."

- 2. NFIP Map Panel Effective/Revised Date. Enter the map effective date or the map revised date shown on the NFIP map. (Example: 6/15/93) This will be the latest of all dates shown on the map.
- 3. <u>Is there a letter of Map Change (LOMC)?</u> This field can remain blank if no Letter of Map Change (LOMC) (these include the Letter of Map Amendment (LOMA), Letter of Map Revision (LOMR) or similar FEMA Map Letter(s)) applies to the subject property. If there is a LOMC, list the date and number. Information on the LOMC is available from the following sources:
 - * The community's official copy of its NFIP map should have a copy of all subsequently-issued FEMA Letters attached.
 - * For a LOMC issued on or after October 1, 1994. Information is available on FEMA's website at http://www.fema.gov/national-flood-insurance-program-flood-hazard-mapping/compendium-flood-map-changes.
 - * The FEMA Map Service Center website is https://msc.fema.gov/portal.
- 4. Flood Zone. Enter the flood zone(s) covering the building or mobile home. (Examples: A, AE, A4, AR, AR/A, AR/AE, AR/AO, V, VE, V12, AH, AO, B, C, X, D) If any part of the building or mobile home is within the Special Flood Hazard Area (SFHA), the entire building or mobile home is considered to be in the SFHA. Each flood zone is defined in the legend of the NFIP map on which it appears. If there is no NFIP map for the subject area, enter "none"
- 5. No NFIP Map. If no NFIP map covers the area where the building or mobile home is located, check this box.
- C. <u>FEDERAL FLOOD INSURANCE AVAILABLITY.</u> Check all boxes that apply; however, note that boxes 1 (Federal Flood Insurance is available...) and 2 (Federal Flood Insurance is not available...) are mutually exclusive. Federal flood insurance is available to all residents of a community that participates in the NFIP. Community participation status can be determined by consulting the NFIP Community Status Book, which is available from FEMA and at http://msc.fema.gov. The NFIP Community Status Book will indicate whether or not the community is participating in the NFIP and whether participation is in the Emergency or Regular Program. If the community participates in the NFIP, check either Regular Program or Emergency Program. To obtain Federal flood insurance, a copy of this completed form may be provided to an insurance agent.

Federal flood insurance is prohibited in designated Coastal Barrier Resources Area (CBRA) and Other Protected Areas (OPAs) for buildings or mobile homes built or substantially improved after the date of the CBRA or the OPA designation. Information about the Coastal Barrier Resources System may be obtained on FEMA's website at http://www.fema.gov/plan/prevent/floodplain/nfipkeywords/cbrs.shtm

- D. <u>DETERMINATION</u>. If any portion of the building/mobile home is in an identified Special Flood Hazard Area (SFHA), check yes (flood insurance is required). If no portion of the building/mobile home is in an identified SFHA, check no. If no NFIP map exists for the community, check no if, no NFIP map exists, Section B5 should also be checked.
- E. COMMENTS. Optional Comment. Preparer may add additional comments/pages/data as needed.
- F. <u>PREPARER'S INFORMATION.</u> If other than the lender, enter the name, address, and telephone number of the company or organization performing the flood hazard determination. An individual's name may be included, but is not required.

Date of Determination. Enter date on which flood hazard determination was completed

MULTIPLE BUILDINGS: If the loan collateral includes more than one building, a schedule for the additional buildings/mobile homes indicating the determination for each may be attached. Otherwise, a separate form must be completed for each building or mobile home. Any attachments should be noted in the comment section. A separate flood insurance policy is required for each building or mobile home.

<u>GUARANTEES REGARDING INFORMATION:</u> Determinations on this form made by persons other than the lender are acceptable only to the extent that the accuracy of the information is guaranteed.

FORM AVAILABLITY: The form is available online at http://www.fema.gov/plan/prevent/fhm/frm_form.shtm). Copies of this form are available from FEMA fax-on-demand line by calling (202) 646-FEMA and requesting form #23103. Guidance on using the form in a printed, computerized, or electronic format is contained in form #23110. This information is also available on FEMA's website. See the resource record, for usability purposes. The URL is http://www.fema.gov/media-library/assets/documents/225?id=1394.

PURPOSE OF FORM: In accordance with P.L. 103-325 Sec. 1365, (b) (1), this form has been designated to facilitate compliance with the flood insurance purchase requirements of the National Flood Insurance Reform Act of 1994.

FOR LENDING RELATED GUIDANCE REGARDING THIS FORM: Implementation of the mandatory flood insurance purchase requirements of the Flood Disaster Protection Act of 1973 and the National Flood Insurance Reform Act of 94, as amended, is the responsibility of the various Federal agencies that regulate lenders. Please contact your regulator or lender to determine their requirements.

UNIFORM APPRAISAL DATASET (UAD) Property Condition and Quality Rating Definitions

File No.

Requirements - Condition and Quality Ratings Usage

Appraisers must utilize the following standardized condition and quality ratings within the appraisal report.

Condition Ratings and Definitions

C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered "new" if they have significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

CZ

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. It's estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

C

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

CE

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability are somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

UNIFORM APPRAISAL DATASET (UAD) Property Condition and Quality Rating Definitions

File No.

Quality Ratings and Definitions

01

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are exceptionally high quality.

Q2

Dwellings with this quality rating are often custom designed for construction on an individual property owner's site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residences constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high-quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.

Q3

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.

Q4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

Q5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

Q6

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure.

Requirements - Definitions of Not Updated, Updated and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes.

Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example

3.2 indicates three full baths and two half baths.

10:30am Appointment

February 20, 2024

REQUEST FOR BOARD ACTION

a. Subject: Discuss Criteria to Define Successful Implementation/Functionality of the Snake River Watershed Plan Partnership	b. Origination : Kanabec County Board of Commissioners
c. Estimated time: 10-15 minutes	d. Presenter(s): Kanabec County Environmental Services Staff

e. Board action requested:

Discuss the process and initial ideas to define the criteria to determine successful implementation/functionality of the Snake River Watershed Plan Partnership.

f. Background:

Pine and Aitkin counties have requested to leave the Snake River Watershed Management JPA and receive payouts of their respective portion of funds since dissolution of the Snake River Watershed Management Board did not pass. Both Mille Lacs and Kanabec voted "no" until further discussion with their Boards.

In December 2023, the Kanabec County Board of Commissioners unanimously passed a motion to direct the Kanabec's SRWMB's representative to vote to retain the Snake River Watershed Management Board's funds at this time and to re-evaluate within 12 months.

Discussion was held to clarify the Commissioner's intention to safeguard the existing entity and its assets while providing the new Snake River Watershed Partnership entity an opportunity to demonstrate its functionality prior to further discussion of SRWMB dissolution and payouts.

REQUEST FOR BOARD ACTION

a. Subject: a. Interviews at the Fair b. Department Update	b. Origination: Extension, 4-H Youth Development
c. Estimated time: 10 minutes	d. Presenter(s): Nikki Priebe

e. Board action requested:

I will be requesting to have commissioners serve as judges for our 4-H interviews at the fair. Tuesday, July 23rd from 4-7pm at the Civic Center.

f. Background:

I want to give our members an opportunity to grow their interview skills by speaking with leaders in our community and give the commissioners a chance to engage with our 4-H members.

<u>Action #6</u> – It was moved by Tom Roeschlein, seconded by Peter Ripka and carried unanimously to approve the following resolution:

Resolution #6 - 2/6/24

WHEREAS the Kanabec County Board of Commissioners has been presented with a request for lawful gambling within Kanabec County, and

WHEREAS the application was complete, included all necessary documentation, appears in accordance with County Policies and the applicant and facility owners are in good standing with the County;

BE IT RESOLVED to approve the Application for Exempt Permit for the Kanabec Conservation Club of Mora, Minnesota for a raffle event to be held at the Kanabec County Conservation Club of Mora, Minnesota, 1963 160th Ave, Mora, MN 55051 on June 19, 2024.

<u>Action #7</u> – It was moved by Peter Ripka, seconded by Tom Roeschlein and carried unanimously to approve the following resolution:

Resolution #7 - 2/6/24

WHEREAS the Kanabec County Board of Commissioners has been presented with a request for lawful gambling within Kanabec County, and

WHEREAS the application was complete, included all necessary documentation, appears in accordance with County Policies and the applicant and facility owners are in good standing with the County;

BE IT RESOLVED to approve the Application to Conduct Excluded Bingo for the Ann Lake Watershed Alliance, for two bingo events to be held at Firepit Bar & Grill, 1434 Ann Lake Rd, Ogilvie, MN 56358 on March 24, 2024 and November 3, 2024.

<u>Action #8</u> – It was moved by Alison Holland, seconded by Peter Ripka and carried unanimously to recess the meeting at 9:18am to a time immediately following the Community Health Board.

The Kanabec County Community Health Board met at 9:18am on Tuesday, February 6, 2024 pursuant to adjournment with the following Board Members present: Tom Roeschlein, Rick Mattson, Wendy Caswell, Alison Holland and Peter Ripka. Community Health Director Kathy Burski presented the Community Health Board Agenda.

SHIP Health Promotion Coordinator Lori Swanson met with the Board to give an update regarding Statewide Health Improvement Partnership (SHIP)/Partners in Healthy Living (PiHL). Information only, no action was taken.

Community Health Director Kathy Burski gave the Director's report.

<u>Action #CH9</u> – It was moved by Alison Holland, seconded by Wendy Caswell and carried unanimously to approve the following resolution:

Resolution #CH9 – 2/6/24

Marco Copier Lease Agreement Resolution

WHEREAS, Kanabec County Community Health has a lease agreement for a copier/printer, and

WHEREAS, it was noted that the current lease agreement has expired, and

WHEREAS, the I.S. Director researched the cost of a new lease for a copier/printer and found the cost to be significantly less at \$389.67 per month compared to the \$787.11 that it is currently costing KCCH.

THEREFORE, the Community Health Director, is requesting the lease of a new copier/printer at a cost of \$389.67 per month or possibly slightly higher due to the number of copies covered under the contract.

THEREFORE, BE IT RESOLVED the Kanabec County Community Health Board approves the Community Health Director with assistance from the I.S. Director to lease a new copier/printer from Marco for Kanabec County Community Health.

<u>Action #CH10</u> – It was moved by Alison Holland seconded by Peter Ripka and carried unanimously to approve the following resolution:

Resolution #CH10 – 2/6/24

Amherst Wilder Foundation Consulting Agreement Resolution

WHEREAS, the Kanabec County Opioid Settlement Committee has approved an application for funding from Kanabec County Community Health/the Better Together Coalition to partner with local schools and the Amherst Wilder Foundation to administer a substance use and mental health survey, and

WHEREAS, Amherst Wilder Foundation has agreed to provide consulting services and to complete the analysis of the survey results.

THEREFORE, the Community Health Director is requesting to sign an Agreement with Amherst Wilder for said consulting and analysis services in the amount of \$3,000 based on the Board's approval of the Opioid Committee's recommendations.

THEREFORE, BE IT RESOLVED the Kanabec County Community Health Board approves the Community Health Director entering into an Agreement and signing said Agreement for consulting and analysis services with the Amherst Wilder Foundation for \$3,000.

<u>Action #CH11</u> – It was moved by Alison Holland, seconded by Wendy Caswell and carried unanimously to approve the following resolution:

WHEREAS, Kanabec County Community Health, with Isanti, Mille Lacs and Pine counties has received funds for the purpose of reducing tobacco use and exposure through increasing healthy eating, increased activity, and managing chronic disease through the Statewide Health Improvement Program (SHIP) grant, and

WHEREAS, funds have been made available to the Statewide SHIP program from the Juul Settlement for additional funding to local SHIP grantees, and

WHEREAS, Kanabec, Isanti, Mille Lacs and Pine counties have agreed they would like to apply for the funding available for local SHIP grantees to conduct point-of-sale audits to collect data that can be shared to inform strategies that can be used to protect youth and other vulnerable populations.

THEREFORE, the Kanabec County Community Health Administrator requests permission to apply for up to \$30,000 to be spent conducting store audits during the 3-month-period March 11 through June 14, 2024.

WHEREAS, if funding is awarded, the SHIP contracts with Isanti, Mille Lacs and Pine counties will be amended to account for time and expenses to complete this work.

NOW THEREFORE BE IT RESOLVED the Kanabec County Community Health Board approves the Community Health Director applying for, accepting funds, and signing a contract if awarded funding for additional SHIP funding from the Juul Settlement for work to be performed between March 11 and June 14, 2024.

<u>Action #CH12</u> – It was moved by Tom Roeschlein, seconded by Peter Ripka and carried unanimously to approve the following resolution:

Resolution #CH12 - 2/6/24

Safe Drinking Water for Private Well Users Grant Request Resolution

WHEREAS, Kanabec County Community Health has an opportunity to apply for the Safe Drinking Water for Private Well Users grant, and

WHEREAS, the purpose of the grant is to ensure safe drinking water for private well users, and

WHEREAS, the grant is for up to \$100,000 for the period 7/1/2024 through 5/1/2027, there is no match required and the grant is funded through the MN Department of Health, and

THEREFORE, the Community Health Director, is requesting permission to apply for, accept, and sign a contract if the agency is funded.

THEREFORE, BE IT RESOLVED the Kanabec County Community Health Board approves the Community Health Director to apply for, accept, and sign a contract for if funded with the Safe Drinking Water for Private Well Users grant.

<u>Action #CH13</u> – It was moved by Wendy Caswell, seconded by Alison Holland and carried unanimously to approve the following resolution:

Resolution #CH13 – 2/6/24 SAMHSA Stipend Request Resolution

WHEREAS, the Substance Abuse and Mental Health Services Administration (SAMHSA) is awarding \$750 stipends to be used for *Communities Talk* activities and

WHEREAS, Kanabec County Community Health, through the local Better Together Coalition would like to plan one or more Communities Talk activity (ies) to educate the community about the consequences of alcohol and other substance use and misuse, use evidence-based approaches that reduce alcohol and other substance use and misuse and/or to mobilize communities around substance use and misuse prevention initiatives at the local, state and national levels.

THEREFORE, the Community Health Director is requesting to apply for the SAMHSA \$750 stipend to work with the local Better Together Coalition to provide activities to educate communities about alcohol and other substance use and misuse by providing an activity or activities by November 30, 2024.

THEREFORE, BE IT RESOLVED the Kanabec County Community Health Board approves the Community Health Director applying for, accepting funds, and signing a contract with SAMHSA if awarded the stipend of \$750.00.

It was moved by Peter Ripka, seconded by Tom Roeschlein and carried unanimously to adjourn Community Health Board at 9:33am and to meet again on Tuesday, February 20, 2024 at 9:20am.

<u>Action #CH14</u> – It was moved by Tom Roeschlein, seconded by Peter Ripka and carried unanimously to approve the payment of 88 claims totaling \$57,538.42 on Community Health Funds.

<u>Action #CH15</u> – It was moved by Alison Holland, seconded by Tom Roeschlein and carried unanimously to adjourn Community Health Board at 9:59am. The Community Health Board will meet again on Tuesday March 5, 2024 at 9:20am.

The Board of Commissioners reconvened.

Chairperson Rick Mattson presented Health Promotion Coordinator Lori Swanson with a plaque in recognition of her 25 years of service to Kanabec County.

Bryan Wood, Executive Director of Osprey Wilds Environmental Learning Center met with the County Board to give a presentation regarding Outdoor School for All Legislation.

<u>Action #16</u> – It was moved by Tom Roeschlein, seconded by Alison Holland and carried unanimously to approve the following resolution:

Resolution #16 - 2/6/24

WHEREAS, Minnesota has a rich outdoor heritage and prides itself on its close connection to nature through outdoor recreation, appreciation, and conservation; and

WHEREAS, Minnesota is home to five accredited outdoor schools; and

WHEREAS, all Minnesotans benefit from education in outdoor-related subjects and activities:

THEREFORE, BE IT RESOLVED the Kanabec County Board of Commissioners supports the legislation to establish an Outdoor School For All grant program that would provide all Minnesota students grades 4-8 with the opportunity to attend an accredited, immersive, multiday, overnight outdoor school.

Community Health Director Kathy Burski met with the Board to present Opioid Committee Funding Requests.

<u>Action #17</u> – It was moved by Alison Holland, seconded by Peter Ripka and carried unanimously to approve the following resolution:

Resolution #17 - 2/6/24

Opioid Settlement Committee Recommendations Resolution

WHEREAS, the Kanabec County Opioid Settlement Committee has received three requests for funding, and

WHEREAS, the Committee met and reviewed all three funding requests: Wellness in the Woods for Peer Recovery Support in the jail; Better Together Coalition to further youth engagement and community connectedness around substance use prevention and mental wellbeing; and contracting with Wilder Research for a student survey focused on substance use and some well-being, and

WHEREAS, the Committee is recommending funding all three requests.

THEREFORE, BE IT RESOLVED the Kanabec County Board of Commissioners approves the Opioid Settlement Committee's recommendations for funding Wellness in the Woods for Peer Recovery Support for \$12,803.40, the Better together Coalition for youth engagement and community connectedness activities for \$45,892 and Wilder Research in the amount of \$3,000 for a student survey focused on substance use and well-being.

Environmental Services Supervisor Ryan Carda met with the Board to review and discuss the Planning Commission's recommendations for the proposed revisions to Kanabec County Ordinance #19, an ordinance relating to the sale, possession and use of tobacco, tobacco products and tobacco related devices in the county and to reduce the illegal sale, possession and use of such items to and by minors.

Community Health Director Kathy Burski met with the Board to review and discuss Community Health's recommendations for the proposed revisions to Kanabec County Ordinance #19 (Tobacco).

 $\underline{Action~\#18}$ – It was moved by Wendy Caswell, seconded by Peter Ripka and carried unanimously to schedule a public hearing regarding the intent to adopt and enact revisions to

Ordinance #19 Regulating the Sale of Tobacco and Related Devices and Products within Kanabec County Minnesota.

Environmental Services Supervisor Ryan Carda met with the Board to review and discuss the Planning Commission's recommendations for a proposed new ordinance, an Ordinance Regulating the Use of Cannabis and Cannabis Derived Products in Public Places within the County of Kanabec.

Community Health Director Kathy Burski met with the Board to review and discuss Community Health and the Cannabis Committee's recommendations for a proposed new ordinance, an Ordinance Regulating the Use of Cannabis and Cannabis Derived Products in Public Places within the County of Kanabec.

<u>Action #19</u> – It was moved by Tom Roeschlein, seconded by Peter Ripka and carried unanimously to set a public hearing regarding the intent to adopt and enact an ordinance regulating the use of cannabis and cannabis derived products in public places within Kanabec County.

<u>Action #20</u> - It was moved by Tom Roeschlein, seconded by Peter Ripka and carried unanimously to adjourn the meeting at 10:57am to a time immediately following the Family Services Board.

The Kanabec County Family Services Board met at 10:57am on Tuesday, February 6, 2024 pursuant to adjournment with the following Board Members present: Tom Roeschlein, Rick Mattson, Wendy Caswell, Alison Holland and Peter Ripka. Family Services Director Chuck Hurd presented the Family Services Board Agenda.

<u>Action #FS21</u> – It was moved by Peter Ripka, seconded by Alison Holland and carried unanimously to approve the Family Services Board Agenda as presented.

<u>Action #FS22</u> – It was moved by Tom Roeschlein, seconded by Wendy Caswell and carried unanimously to approve the following resolution:

Resolution #FS22 - 2/6/24

Family Services Office Support Specialist Replacement Resolution

WHEREAS an Office Support Specialist in the Family Service agency has resigned effective 1/19/2024, and

WHEREAS this position plays an essential role in assisting other members in the agency to fulfill their duties as well as having a designated workload of its own.

THEREFORE the Family Services Director is requesting to refill the Office Support Specialist position.

THEREFORE BE IT RESOLVED the Kanabec County Family Services Board authorizes the Family Service Director with assistance from the HR Director to hire a full-time Office Support Specialist at Step A, Range 5 of the pay plan which is \$17.37 per hour for this budgeted position.

<u>Action #FS23</u> – It was moved by Peter Ripka, seconded by Tom Roeschlein and carried unanimously to approve the following resolution:

Resolution #FS23 - 2/6/24

Health & Human Services Advisory Committee Appointment Term Date Correction

WHEREAS, on January 2, 2024 the Family Services Board reappointed Tina Simons from an alternate to a regular position as a representative on the Health and Human Services Advisory Committee, and

WHEREAS, the specified term dates for the regular appointment were incorrect as the term was treated as a new appointment instead of a continuation of the existing appointment;

THEREFORE, BE IT RESOLVED that the term dates for Tina Simons's appointment to the Health and Human Services Advisory Committee as a Community member commenced February 7, 2023 and expires January 7, 2025.

<u>Action #FS24</u> – It was moved by Alison Holland, seconded by Tom Roeschlein and carried unanimously to adjourn Family Services Board at 10:59am. The Family Services Board will meet again on Tuesday, February 20, 2024 at 9:20am.

10:59am – The Board took a five-minute break.

11:03am – The Board reconvened.

<u>Action #25</u> – It was moved by Wendy Caswell, seconded by Alison Holland and carried unanimously to recess the meeting at 11:14am to a time immediately following the Railroad Authority Board.

<u>Action #RR26</u> – It was moved by Peter Ripka, seconded by Alison Holland and carried unanimously to approve the Railroad Authority Board Agenda as presented.

Railroad Authority Board Clerk Kris McNally led a discussion regarding an upcoming Railroad Authority Advisory Committee Meeting. The Coordinator's Office was asked to convene a meeting of the Railroad Authority Advisory Committee to discuss the potential for the development of a trail system between Kanabec and Pine Counties using the existing railroad beds on the east side of Mora. Information only, no action was taken.

<u>Action #RR27</u> – It was moved by Tom Roeschlein, seconded by Peter Ripka and carried unanimously to adjourn the Railroad Authority Board Meeting at 11:14am.

County Attorney Barbara McFadden met with the Board to request filling an upcoming vacancy due to a retirement in her department.

<u>Action #28</u> – It was moved by Wendy Caswell, seconded by Peter Ripka and carried unanimously to approve the following resolution:

Resolution #28 – 2/06/24 Approval to Post & Fill a Vacancy

WHEREAS there is an upcoming vacancy in the position of Legal Assistant in the County Attorney's Office as the result of a retirement, and

WHEREAS the Board desires to refill this position;

BE IT RESOLVED that the County Board authorizes the County Attorney and the County Personnel Director to post and fill this full-time position at Grade 8, Step A of the pay plan which is \$20.68 per hour or the rate set by internal promotion;

BE IT FURTHER RESOLVED that the hours of work for this position be limited to those budgeted.

HR Specialist Kim Christenson met with the Board to request approval of a 2024 wage scale correction.

<u>Action #29</u> – It was moved by Alison Holland, seconded by Tom Roeschlein and carried unanimously to approve the following resolution:

Resolution #29 – 2/6/24 2024 Wage Scale Correction

WHEREAS the County Board approved the 2024 wage scale for County employees on December 19, 2023, and

WHERES an error was discovered on the wage scale pertaining to wages on Grade 20;

BE IT RESOLVED to approve the following corrected wage scale for non-union employees and elected officials effective January 1, 2024:

2024 - 2.5% Increase

Grade	A	В	С	D	E	F	G	Grade

<u>Action #30</u> – It was moved by Alison Holland, seconded by Peter Ripka and carried unanimously to approve the following resolution:

Resolution #30 – 2/6/24 2024 Auditor/Treasurer Wage

WHEREAS the County Board approved the 2024 annual wage for County Auditor/Treasurer Denise Snyder on January 2, 2024, and

WHEREAS an error was discovered on the wage scale pertaining to wages on Grade 20;

BE IT RESOLVED to correct the wage and set the Y2024 annual wage of County Auditor/Treasurer Denise Snyder at \$123,198.40, which will be accomplished in the following manner with pay distribution based on 40 hours per week at: January 1, 2024 = \$59.23 per hour.

Public Works Director Chad Gramentz met with the Board to discuss matters concerning his department.

<u>Action #31</u> – It was moved by Tom Roeschlein, seconded by Wendy Caswell and carried unanimously to approve the following resolution:

Resolution #31 – 2/6/24 MnDOT Detour Agreement

WHEREAS MnDOT is planning to perform bridge work on TH 23 between Milaca and Ogilvie that requires a detour, and

WHEREAS Kanabec County State Aid Highway No. 26 from the West county line to TH 47 is included in the detour route selected by MnDOT for this project, and

WHEREAS MnDOT has proposed a detour agreement, agreement no. 1055538, which was presented before the Board, and

THEREFORE BE IT RESOLVED that Kanabec County enter into MnDOT agreement No. 1055538 with the State of Minnesota, Department of Transportation for the following purposes:

To provide for payment by the State of Minnesota to Kanabec County for the use of County State Aid Highway No. 26 as a detour route during the construction to be performed upon, along, and adjacent to Trunk Highway No. 23 from 250' East of County State Aid Highway No. 2 East of Milaca to the Ground House River Bridge East of Ogilvie under State Project No. 4802-25 (T.H. 23=023), and

BE IT FURTHER RESOLVED that the Board Chair and the Public Works Director are authorized to execute the Agreement and any amendments to the Agreement.

 $\underline{Action~\#32}$ – It was moved by Tom Roeschlein, seconded by Wendy Caswell and carried unanimously to approve the following resolution:

Resolution #32 - 2/6/24

Final Payment KCP 22-06 Aggregate Surfacing

WHEREAS the project, KCP 22-06 has in all things been completed and in accordance with the contract and the County Board being fully advised in the premises, and

THEREFORE BE IT RESOLVED that we do hereby accept said project for and on behalf of the County of Kanabec and authorize final payment to Wm. D. Scepaniak, Inc. in the amount of \$4,781.30.

<u>Action #33</u> – It was moved by Peter Ripka, seconded by Alison Holland and carried unanimously to approve the following resolution:

Resolution #33 - 2/6/24

Final Payment 2022 Bituminous Paving SAP 033-620-011, SAP 033-630-003, SAP 033-617-010, SAP 033-605-022, KCP 22-04, Arthur 22-01

WHEREAS the projects, SAP 033-620-011, SAP 033-630-003, SAP 033-617-010,

SAP 033-605-022, KCP 22-04, and Arthur 22-01 has in all things been completed and in accordance with the contract and the County Board being fully advised in the premises, and

THEREFORE BE IT RESOLVED that we do hereby accept said project for and on behalf of the County of Kanabec and authorize final payment to Knife River Corporation in the amount of \$48,427.93.

Public Works Director Chad Gramentz gave an update regarding the Ann River Bridge Project. Information only, no action was taken.

<u>Action #34</u> – It was moved by Alison Holland, seconded by Tom Roeschlein and carried unanimously to approve the following resolution:

Resolution #34 - 2/6/24

SCORE CLAIMS

WHEREAS the board has been presented with claims for recycling efforts to be paid from SCORE Funds, and

WHEREAS these claims have been reviewed, tabulated and approved by the Kanabec County Solid Waste Officer, and

WHEREAS SCORE Funds appear adequate for the purpose;

BE IT RESOLVED to approve payment of the following claims on SCORE Funds:

Waste Management	\$794.31
Quality Disposal	\$3,351.60
Arthur Township	\$500.00

Commissioner Mattson led a discussion regarding the request for a letter of support and resolution in support of the creation of wolf hunting and trapping season.

<u>Action #35</u> – Tom Roeschlein introduced a motion to send a letter of support to State and Federal representatives for the creation of a wolf hunting and trapping season for improved wolf population management on behalf of the Kanabec County Board of Commissioners.

Wendy Caswell seconded the motion and the following voted:

IN FAVOR: Rick Mattson, Tom Roeschlein, Wendy Caswell, Peter Ripka

OPPOSED: None

ABSTAIN: Alison Holland

Whereupon the motion passed.

County Coordinator Kris McNally presented a request for a resolution proclaiming February 2024 School Board Recognition Month.

<u>Action #36</u> – It was moved by Alison Holland, seconded by Peter Ripka and carried unanimously to approve the following resolution:

Resolution #36 - 2/6/24

Minnesota School Board Recognition Month Proclamation Resolution

- **WHEREAS**, Kanabec County Board of Commissioners recognizes the importance of public education in our community; and
- **WHEREAS**, Kanabec County Board of Commissioners appreciates the vital role played by those individuals who, as local school board members, establish policies to ensure an efficient, effective school system; and
- **WHEREAS**, school board members serve as a voice that enables our community to preserve local management and control of our public schools; and
- **WHEREAS**, school board members are charged with representing our local education interests to state and federal governments and ensuring compliance with state and federal laws; and
- **WHEREAS**, school board members selflessly devote their knowledge, time and talents as advocates for our schoolchildren;
- **WHEREAS**, local school board members are strong advocates for public education and responsible for communicating the needs of the school district to the public and the public's expectations to the district;
- **NOW THEREFORE, BE IT RESOLVED**, that Kanabec County Board of Commissioners recognizes and salutes the members of all School Boards within Kanabec County by proclaiming February 2024 as School Board Recognition Month.
- County Coordinator Kris McNally presented a resolution to approve the collective bargaining agreement and related memorandums of understanding with Local 49.
- <u>Action #37</u> It was moved by Tom Roeschlein, seconded by Wendy Caswell and carried unanimously to approve the following resolution:

Resolution #37 - 2/6/24

WHEREAS the Kanabec County Labor Negotiating Committee has presented the Board with a proposed 2024-2026 collective bargaining unit agreement and related memorandums of

understanding between Kanabec County and the International Union of Operating Engineers, Local 49, and

WHEREAS the Local 49 has indicated acceptance by signature of the Union Business Agent and Stewards;

 $\underline{Action \#6}$ – It was moved by Wendy Caswell, seconded by Peter Ripka and carried unanimously to approve the following resolution:

Resolution #6 – 1/16/24

WHEREAS the Kanabec County Board of Commissioners has been presented with a request for lawful gambling within Kanabec County, and

WHEREAS the application was complete, included all necessary documentation, appears in accordance with County Policies and the applicant and facility owners are in good standing with the County;

BE IT RESOLVED to approve the Application for Exempt Permit for Isanti County Pheasants Forever for a raffle event to be held at Pheasants Ridge Shooting Preserve 1547 Imperial St, Ogilvie, MN 56358 on April 6, 2024.

County Coordinator Kris McNally led a discussion regarding a request for authorization to send a new position to the pay consultant for review and scoring.

<u>Action #7</u> – It was moved by Tom Roeschlein, seconded by Wendy Caswell and carried unanimously to approve the following resolution:

Resolution #7 - 1/16/24

Approve Job Description and Refer for Evaluation Behavioral Health Nurse

WHEREAS County Policy P-106 calls for Board authorization for all new position job descriptions, and

WHEREAS the Family Services Director has submitted a new job description and physical analysis for the position of Behavioral Health Nurse, and

WHEREAS the Personnel Director has examined and evaluated the information for referral to the Board;

BE IT RESOLVED that the Kanabec County Board of Commissioners hereby approves the job description and physical analysis, and

BE IT FURTHER RESOLVED that the Board authorizes the Behavioral Health Nurse job description and physical analysis be sent to the salary consultant for review and scoring.

<u>Action #8</u> – It was moved by Alison Holland, seconded by Peter Ripka and carried unanimously to recess the meeting at 9:17am to a time immediately following the Family Services Board.

The Kanabec County Family Services Board met at 9:17am on Tuesday, January 16, 2024 pursuant to adjournment with the following Board Members present: Tom Roeschlein,

Rick Mattson, Wendy Caswell, Alison Holland and Peter Ripka. Family Services Director Chuck Hurd presented the Family Services Board Agenda.

<u>Action #FS9</u> – It was moved by Peter Ripka, seconded by Alison Holland and carried unanimously to approve the Family Services Board Agenda as presented.

Family Services Director Chuck Hurd gave the Director's report.

Social Services Supervisor Katie Heacock met with the Board to give an overview of the Care Coordination Program.

<u>Action #FS10</u> – It was moved by Tom Roeschlein, seconded by Wendy Caswell and carried unanimously to approve the following resolution:

Resolution #FS10 – 1/16/24

Family Services Social Worker Resolution

WHEREAS the case load for the Kanabec County Care Coordinators is at or above maximum capacity for the current employees, and

WHEREAS a request is being made for the continuation of the additional Social Worker position in Family Services which was authorized by Board resolution # FS 5 on 1/21/2020 to address the need in this area, and

WHEREAS this position will be funded by reimbursements and County Levy funds.

THEREFORE BE IT RESOLVED the Kanabec County Family Services Board authorizes the Family Service Director to continue this budgeted position ongoing.

<u>Action #FS11</u> – It was moved by Alison Holland, seconded by Peter Ripka and carried unanimously to approve the payment of 115 claims totaling \$229,018.99 on Family Services Funds.

<u>Action #FS12</u> – It was moved by Peter Ripka, seconded by Tom Roeschlein and carried unanimously to adjourn Family Services Board at 9:33am and to meet again on Tuesday, February 20, 2024 at 9:20am.

The Board of Commissioners reconvened.

Extension Educator, 4H Youth Development Nikki Priebe met with the Board to request authorization of payment for 2023 Kanabec County 4-H Clean Up Day Claims. Nikki Priebe led a discussion regarding the history of Clean Up Day Claims, as well as possibilities for future event check in, payment, and fees.

 $\underline{Action~\#13}$ – It was moved by Tom Roeschlein, seconded by Alison Holland and carried unanimously to approve the following resolution:

Resolution #13 - 1/16/24

2023 Clean Up Day Claim

WHEREAS the board did authorize by Resolution #15 - 9/5/23 the expenditure of up to \$5,000 in SCORE funds in support of Kanabec County Clean-Up Day to be held on Saturday, October 14, 2023, and

WHEREAS the board has received a report of the Clean-Up Day and request for support payment;

BE IT RESOLVED to authorize payment of \$3,990.01 in SCORE funds to "Kanabec County 4-H" for Kanabec County Clean-Up Day 2023.

Chairperson Rick Mattson administered the Oath of Office to Veterans Service Officer, Erica Bliss.

Veterans Service Officer Erica Bliss met with the Board to request authorization for outof-state travel.

<u>Action #14</u> – It was moved by Tom Roeschlein, seconded by Wendy Caswell and carried unanimously to authorize Veteran Service Officer Erica Bliss to travel to Denver, CO for the National Association of County Veteran Service Officer Training May 13-17, 2024.

Country Health Alliance Joint Powers Board to schedule a work session with the Kanabec County Board of Commissioners and key staff. The Board expressed consensus to decline the request to meet with South Country Health Alliance.

EDA Director Jim Hartshorn met with the Board to discuss Statewide Affordable Housing Aid. The Board directed Jim Hartshorn to move forward with preparing a resolution, guidelines, policies and applications to include two allowable program focus areas: rehabilitation for existing affordable housing properties; and new affordable housing development projects' grant matches for Kanabec County's Statewide Affordable Housing Aid.

EDA Director Jim Hartshorn gave an update regarding the recent EDA annual meeting, EDA activity, and the EDA Strategic Plan 2024-2026. The Board directed Jim Hartshorn to include a more County-inclusive variety of pictures in the strategic plan, as well as changing the color scheme to be consistent with Kanabec County's branding.

Vasaloppet USA Executive Director Sharon Olson met with the board to give an update regarding the 2024 Vasaloppet event. Information only, no action was taken.

10:30am – The Board took a five minute break.

10:47am – The Board reconvened.

County Assessor Tina Von Eschen met with the Board to give an update regarding Tax Court and to request approval to process a refund.

<u>Action #15</u> – It was moved by Tom Roeschlein, seconded by Alison Holland and carried unanimously to approve the following resolution:

Resolution #15 - 1/16/23 Tax Court Refund and Interest Payment

WHEREAS, a Minnesota Tax Court Judge has ordered Kanabec County to pay a refund plus interest to Recovering Hope Treatment Center;

THEREFORE, BE IT RESOLVED that the Kanabec County Board of Commissioners hereby approves said payment.

Commissioner Alison Holland led a discussion regarding a request from the Highway 23 Coalition for letters of support for an EV charging station in Rockville, MN. The Board directed County Coordinator Kris McNally to draft a letter of support for the EV charging station on behalf of the County Board.

Environmental Services Supervisor Ryan Carda met with the Board to request approval of a retainer for legal services for 2024.

<u>Action #16</u> – It was moved by Tom Roeschlein, seconded by Alison Holland and carried unanimously to approve the Flat Fee Agreement for Legal Services entered between Kanabec County, and Squires, Waldspurger, & Mace, P.A.

Commissioner Rick Mattson led a discussion regarding a resolution in opposition to redesigning the state flag and seal.

<u>Action #17</u> – Tom Roeschlein introduced the following resolution and moved its adoption:

Resolution #17 - 1/16/24

RESOLUTION IN OPPOSITION TO REDESIGNING THE STATE FLAG AND SEAL

WHEREAS, the 2023 Legislature created a State Emblems Redesign Commission in the Laws of Minnesota, Chapter 62, Article 2, Section 118 the purpose of which is to redesign the official state flag and official state seal, and

WHEREAS, the Redesign Commission was charged with bringing recommendations on the redesign to the Legislature by no later than January 1, 2024, and

WHEREAS, the official seal of the State of Minnesota has remained unchanged since

1858; the current official state flag was created in 1957 with minor modifications done in 1983, and

WHEREAS, the official state flag and seal are not only symbols of our state, but also of our history and both the current official state flag and official state seal contain historical information on our farming background, Native American heritage and the co-existence that is part of the rich history of our state, and

WHEREAS, there is a substantial public cost associated with making this change that does not advance the public interest, including every deputy badge, seals in every courtroom and County Board Rooms across the state at substantial public expense, and

WHEREAS, the public reaction to the proposed designs has thus far been overwhelmingly negative.

NOW, THEREFORE, BE IT RESOLVED the Kanabec County Board of Commissioners hereby urges our legislative delegation and the Governor to reject the work of the State Emblems Redesign Commission.

BE IT FURTHER RESOLVED the Kanabec County Board of Commissioners hereby urges our legislative delegation and the Governor to retain the existing state seal and state flag as the official emblems for the State of Minnesota.

Chairperson Rick Mattson handed the gavel over to Vice Chairperson Alison Holland.

The motion for the adoption of the foregoing Resolution was duly seconded by Rick Mattson and upon a vote being taken thereon, the following voted:

IN FAVOR THEREOF: Rick Mattson, Tom Roeschlein

OPPOSED: Alison Holland

ABSTAIN: Wendy Caswell, Peter Ripka

whereupon the resolution was declared duly passed and adopted.

Vice Chairperson Alison Holland handed the gavel back to Chairperson Rick Mattson.

Chairperson Rick Mattson led a discussion regarding an existing policy regarding maximum terms for committee members. Board consensus was to enforce the existing policy, with the option to waive in cases of vacancies in difficult to fill positions.

The Board continued Board & Committee Appointments from the January 2, 2024 Organizational Meeting.

<u>Action #18</u>— It was moved by Alison Holland, seconded by Wendy Caswell and carried unanimously to approve the following resolution:

Resolution #18 – 1/16/24

REQUEST FOR BOARD ACTION

a. Subject: Consider Revising Resolution #19- 12/19/23 to Withdraw from the South Country Health Alliance Joint Powers Agreement	b. Origination: Board of Commissioners
c. Estimated time: 10 minutes	d. Presenter(s): Commissioner Caswell

e. Board action requested:

Approve the following resolution:

Resolution # -12/19/23

Resolution to Withdraw from South Country Health Alliance Membership (Revised)

WHEREAS Kanabec County is a member county in the South Country Health Alliance joint powers entity through a joint powers agreement; and

WHEREAS the Kanabec County Board of Commissioners believes it is in the best interest of Kanabec County to withdraw its membership from South Country Health Alliance joint powers entity and to collect Kanabec County's share of South Country Health Alliance's capital and surplus; and

WHEREAS withdrawal from said membership will have minimal impact on Kanabec County clients due to new providers and a transition plan being in place; and

THEREFORE, BE IT RESOLVED the Kanabec County Board of Commissioners hereby approves the withdrawal from the South Country Health Alliance joint powers entity membership pursuant to Section 11 of the joint powers agreement;

BE IT FURTHER RESOLVED that Kanabec County requests its share of South Country Health Alliance's capital and surplus be disbursed to Kanabec County pursuant to Section 11.3 of the joint powers agreement;

BE IT FURTHER RESOLVED that the date of the notice of withdrawal from the South Country Health Alliance Joint Powers Agreement and entity membership is effective-December 31 19, 2023;

BE IT FURTHER RESOLVED that the effective date of Kanabec County's withdrawal from the South Country Health Alliance Joint Powers Agreement and entity membership is December 31, 2024.

f. Background:

Supporting Documents: None: Attached: ☑

Date received in County Coordinators Office:

Coordinators Comments:

Revised SCHA bylaw language:

Sections applicable to Withdrawal from the South Country Health Alliance Joint Powers Agreement (As Amended Effective January 6, 2022):

Section 11: WITHDRAWAL 11.1. Method of Withdrawal

A Member County may withdraw from this Agreement by filing with the CEO and copied to the Board Chair a written board action notifying SCHA of its withdrawal, by the deadline determined in advance by the by-laws. For purposes of this Agreement and the By-Laws, the "Effective Date of Withdrawal" shall be December 31st at 11:59pm in the year the Member County provided the notice of withdrawal.

11.2. Responsibilities on and after Withdrawal

Following its withdrawal from this Agreement, the withdrawing Member County shall fulfill any outstanding contractual responsibilities it may have with the State of Minnesota, the federal government, other Member Counties, and SCHA. This includes providing all information necessary for the submission of reports and/or responding to regulatory audits. The withdrawing Member County shall be responsible for notifying the State of Minnesota and any other appropriate governmental authority of its withdrawal.

Upon providing a notice of withdrawal, a Board Member or Alternate from a Member County will not be entitled to a vote on any board action related to contracts, budgets, or other issues impacting SCHA after the County's Effective Date of Withdrawal.

Payment of Surplus to Withdrawing Member County

Any withdrawing Member County is entitled to receive its share of SCHA's capital and surplus, determined as set forth in Section 4 above. The Member County's Capital Account shall become available for withdrawal after the annual audited financial statements have been issued and filed with the State of Minnesota, when such Member County's Capital Account shall be determined. Such payments may, at the option of SCHA, be:

- Made in one lump sum, without interest, by April 30th following the Effective Date of Withdrawal; or
- (b) In equal annual payments of principal commencing September 30th following the Effective Date of Withdrawal and continuing over a period not to exceed five years. Simple interest shall accrue from May 1st following the Effective Date of Withdrawal starting at the Wall Street Journal Prime Rate in effect on that date, and shall be paid to date with each installment of principal. For each subsequent year of annual payments, the prevailing interest rate will be re-set to the current Wall Street Journal Prime Rate in effect on May 1st of the payment year. SCHA at its option, may prepay any or all of the outstanding balance at any time, on seven days advance notice to the counties. If not prepaid in full, SCHA may, if it chooses, reduce the principal amount of each subsequent payment to an amount not less than the outstanding principal divided by the number of years remaining in the original term, together with interest.

<u>Sections applicable to Withdrawal from the BY-LAWS FOR THE BOARD OF</u> DIRECTORS OF SOUTH COUNTRY HEALTH ALLIANCE (As Amended 9/29/2022):

Article IX. Member County Withdrawal

A Member County may withdraw from SCHA with the authority granted to it by the provisions of Section 11(1) of the Joint Powers Agreement. The deadline for notice of withdrawal shall be March 1st of the withdrawal year.

February 20, 2024

REQUEST FOR BOARD ACTION

a. Subject: Consider a Resolution in Opposition to the North Star Act	b. Origination: Board of Commissioners	
c. Estimated time: 5-10 minutes	d. Presenter(s): Chair Mattson	

e. Board action requested:

Approve the following resolution:

RESOLUTION #__-2/20/24 OPPOSITION TO NORTH STAR ACT (SF2724, HF2860)

WHEREAS, a "Sanctuary State" is a jurisdiction that restricts state and local officials from cooperating with federal immigration enforcement efforts; and

WHEREAS, it is the duty of Congress to establish all laws and rules regarding naturalization, and

WHEREAS, the 14th Amendment to the United States Constitution was ratified on July 9, 1869, and granted citizenship to "all persons born or naturalized in the United States" are citizens of the United States and of the State wherein they reside, and

WHEREAS, law enforcement in Kanabec County is dedicated to protecting the communities they serve and promoting public safety requires the assistance and cooperation of the community, so law enforcement has the ability to gather the information necessary to investigate and deter crime, and

WHEREAS, the Kanabec County Board of Commissioners supports all law enforcement officers, federal, state, county and municipal, upholding the Constitution of the United States and the State of Minnesota, and

WHEREAS, the Legislature is reviewing approval of Senate File (SF) 2724 and House File (HF) 2860 effectively making Minnesota a "Sanctuary State" by prohibiting law enforcement, county employees, and schools from collecting information on immigration or citizenship status, prohibiting the sharing of any other information about individuals for the purposes of immigration enforcement, and prohibiting the use of county resources for immigration enforcement, and

WHEREAS, SF2724 and HF2860 interferes with the County and its employees' ability to perform current functions, imposes implementation hurdles and burdens upon the County, creates ambiguity and possible conflicts with federal law, may subject the County and its employees to statutory violations, employment consequences, and possible civil and criminal liability; and

WHEREAS, Kanabec County supports legal immigration and the positive impact it provides for our communities and the local and state economy; and

WHEREAS, Kanabec County citizens should not be negatively impacted from results caused by illegal immigration and the North STAR Act on the budgeting of taxpayer dollars and public resources.

NOW, THEREFORE, BE IT RESOLVED, the Kanabec County Board of Commissioners hereby urges our legislative delegation and the Governor to reject the North STAR Act proposals in Senate File 2724 and House File 2860, and give ample acknowledgment to public and local government input and the true impact of a "Sanctuary State" designation.

REQUEST FOR BOARD ACTION

a. Subject: Request to re-allocate committed ARPA funds	b. Origination: Sheriff's Office/ARPA Committee	
c. Estimated time: 5 minutes	d. Presenter(s): Kris McNally, Coordinator	

e. Board action requested:

Approve the following resolution:

RESOLUTION #____-2/20/24 Reallocation of Surplus ARPA Funds to a Courthouse Security Project

WHEREAS the Kanabec County Board of Commissioners committed ARPA funds to multiple projects within the County and community; and

WHEREAS, to date, some projects have been completed under budget resulting in an \$18,885 surplus; and

WHEREAS a request to upgrade certain security features in the Courthouse has been received; and

WHEREAS an estimate for this upgrade is \$5511; and

WHEREAS the ARPA Committee has voted in favor of the re-allocation of a portion of the surplus ARPA funds to this security project;

THEREFORE, BE IT RESOLVED the Kanabec County Board of Commissioners hereby approves the re-allocation of up to \$5600 from the ARPA surplus to the Courthouse security project request;

THEREFORE, BE IT RESOLVED the Kanabec County Board of Commissioners hereby approves the estimate and authorizes moving forward with the project;

BE IT FURTHER RESOLVED that Public Works Director Chad Gramentz is authorized to sign agreements related to said project.
