Business from the floor:

Dennis McNally had comments and questions on the compost's/Evergreen project.

Craig said the reason why he wanted to bring this up tonight was he met with someone on the board of animal health that met with Evergreens composition applicant. 60 acres is not enough land to spread that stuff on. Minnesota pollution control wants concrete and he want to do it in clay soil.

New business:

Jeff made a motion to accept the bid from Mark Graber that has been mowing the ditches in prior years. It was the same price as last year. M/S/C by Jeff Akkerman second by Craig Peterson. Motion carried

Craig Peterson proposed to postpone the Annual Meeting minutes until the next regular board meeting, when we will have a full board.

Old Business:

IUP/CUP information from the Planning Commission is on hold until we hear back from the state.
