

SOUTHFORK TOWNSHIP

Policy

Revised November 2022

Culverts

The township follows the culvert policy of Kanabec County. The policy can be viewed at the County Highway Dept. Office. Also, as stated in Section 6, Subd. 4 of the township Zoning Ordinance, "To build a new driveway on township roads, the driveway must conform to county standards."

Deposit

When ordering a culvert for a new driveway, the applicant shall pay \$100.00 deposit to the township zoning administrator. This will be held by the township treasurer until a driveway has been correctly put in. It will then be returned to the applicant.

Culvert Cost

Culverts required for new driveways or approaches must be paid for by the applicant.

Use

The township will maintain or replace existing culverts.

Procedure

- *township checks the site for the culvert needed
- *deposit payments made by applicant
- * The applicant must obtain culvert on their own. All Culverts must be galvanized steel and be correct size as determined by Township.
- *final inspection of entrance by township
- *return of \$100 deposit to applicant

Driveway Culverts

The township is not responsible for frozen or plugged culverts. (March 15, 2018)
