

STATEMENT OF EVIDENCE

from tie sheet 933

All of the original government bearing trees are now gone.

In July of 1996, we made a survey around Section 7, Township 38, Range 23, to locate existing monuments, lines of occupation and establish search areas.

On August 8, 1996, we made a search for this corner by probing with a machete and listening with a metal locator. We found a 1/2" by 48" rebar. We accepted the rebar as the best available corner location.

This location is 1.85 feet north and 0.1 feet west of a lost position.

In August 2004, we ran a survey around Sections 6 and 7 and found this monument. We established Kanabec County coordinates and verified or established new ties to the corner.
