STATEMENT OF EVIDENCE

East Quarter Corner of Section 28, Township 39 North, Range 23 West, 4th Principal Meridian, Comfort Township, Kanabec County, Minnesota

During the G.L.O. survey, a wood post was set to mark the corner and bearing trees were recorded as follows:

18" White Oak	N 49° W	75 links
30" Pine	S 45° E	38 links

No trace of the original government corner or its accessories remain.

No records of subsequent surveys were found at the Kanabec County Offices on this corner.

In 2005, Bogart, Pederson, and Associates (BPA), in a private survey in Section 27 searched the area near the corner and located fence remains north, south, east, and west from the location of said corner. A search was performed for the original government monument and its accessories but none were found. The fence remains, being there for some time, proved to be the best evidence of the corner. A $\frac{1}{2}$ inch iron pipe (R.L.S. #12236) was placed at the intersection of the fence remains and reference ties were recorded at this time. A distance of 2670.85 feet was measured to the Southwest Corner of Section 27 and 2663.52 feet was measured to the Northwest Corner of Section 27.
