County of Kanabec

I hereby certify that this document was filed in the
County Recorder's office at _____ .M. on the
_____ day of _____ A.D., 20____
County Recorder _____

By _____, Deputy

DOCUMENT NO. _____

Statement of Evidence:

In August of 1855, Deputy Surveyor Silas Bernard set a post to mark the East Quarter Corner of Section 21, Township 39 North, Range 23 West, 4th Principal Meridian.

Reference ties were taken to:

- 8 inch Tamarack at South 65 degrees West a distance of 47 links
- 10 inch Tamarack at North 68 degrees East a distance of 20 links

All of the original Government corner evidence was searched for. None was found.

There is no resurvey data available for this corner.

In October of 2015, I made a survey around Section 22, Township 39 North, Range 23 West, 4th Principal Meridian for Bob Walker to locate existing monuments, lines of occupation and establish search areas.

On 10/08/2015, a search was made by checking with a magnetic locator and digging with a shovel. I found a barbed wire fence lying down and running east. There was a large wooden fence post lying over at the west end of the barbed wire. I could find no trace of the fence running north or south. The wooden fence post was approximately 0.2 feet north and 3 feet west of a computed lost position. I accepted the fence post as the best remaining available evidence of the original corner monument. I set a 3/4" x 36" Iron Pipe with Plastic Cap marked "KROSCHER 44490" at the base of the wooden fence post. The corner falls in a swamp. There are no good tie trees available.
