## Statement of Evidence:

MA A-IN-OC

West 1/4 Corner Section 23, Township 42, Range 23

All of the original bearing trees are now gone.

There are no records at the County Court House for this corner.

In May of 2000, we ran a survey along the west line of section 23 to locate existing monuments, lines of occupation and search areas.

There is an old road bed running north-south and an old fence line to the east at this this location. The County Highway Department has an old highway map from the 1930's that shows State Highway No. 5 along the west line of section 23 and turning west along the north line of section 27. We were unable to locate any records of this highway.

An excavation with a back-hoe was made at the fence line and road intersection. (12' x 12' x 2.5' deep) No evidence was found NTHE or the corner location. ELYAVATION

On May 16, 2000 we set a rebar with alum. cap at the intersection of the roar centerline and the fence line east as the perpetuated corner location.
