## STATEMENT OF EVIDENCE

(2004)

Original corner was set by Government Surveyor Barber in December 1855. Evidence of original corner and bearing trees no longer remain. Supplemental survey of Section 1, Township 42, Range 26, was done by Earl Harrington in November 9-13, 1923.

Handschu did a survey of Sections 7 and 8 in 1933 and recorded in Book A of Surveys.

In June 2004, we found a 1/2" iron pipe at this location. No ties or Certificate of Location could be found in Mille Lacs or Kanabec County. The distance from this pipe to the south quarter corner of Section 6 was 3094.45, while Handschu measured 3095 in 1933. The distance to the west quarter corner of Section 7 measured 2606.46, while John Oliver measured 2606.38 feet.

We accepted this pipe as the location for the corner and established Kanabec County Coordinates on this position and took new ties.
