

## STATEMENT OF EVIDENCE

W1/4 COR SEC 21, T41, R24

The original Government corner was set by Isaac Banker in 1855. The original corner and ties no longer remain. No record of subsequent survey at County.

I met with Don Olson (E1/2 of Sec 20) and Rick Martens, who showed us the approximate lines accepted by the land owners. This was on an old north-south fence line and a tree line to the west. I set a Kanabec County monument equidistant from the Northwest and Southwest corners of Section 21 and on the old north-south fence line. It fit the tree line to the west. I took new ties and included it in my survey of Section 21.

In May 2004, we ran a survey around Section 20, and we established Kanabec County coordinates on this monument using GPS equipment.
