Statement of Evidence:

In October of 1855 Deputy Surveyor Isaac Banker set a post to mark the Northeast corner of Section 35, Township 41 North, Range 22 West of the 4th Principal Meridian.

All of the original Government evidence was searched for. None was found.

There is no resurvey information available for this corner.

In December 2013 I made a survey around Sections 34 and 35, Township 41, Range 22 for Jerry Hennessey to locate existing monuments, lines of occupation and establish search areas.

On 12/3/2013 I made a search with a magnetic locator. No evidence of the corner was found. I set a 7/8"x 72" Rebar monument with Aluminum cap at a double proportion position as shown below.

This location was determined to be the best available evidence of the original government corner monument location.
