DOCUMENT NO. \_\_\_\_\_

Statement of Evidence:

In October of 1855 Deputy Surveyor Isaac Banker set a post to mark the East Quarter corner of Section 34, Township 41 North, Range 22 West of the 4th Principal Meridian.

All of the original Government evidence was searched for. None was found.

1916-A Township Supervisor's Road Order was filed in the Office of the County Auditor opening a road along the east line of Section 34. There is no survey of the road.

In December 2013 I made a survey around Sections 34 and 35, Township 41, Range 22 for Jerry Hennessey to locate existing monuments, lines of occupation and establish search areas.

On 12/10/2013 I made a search with a magnetic locator at a lost position and at the centerline intersection of the old road bed north and driveway west. No evidence of the corner was found. I found 3 ties previously set by Ernie Rud, RLS 9808. He told me that they had started a survey, but ended up not finishing the job when his client cancelled the work. I set a 7/8"x 30" Rebar monument with Aluminum cap on the centerline of the old road bed extended south and halfway between the Northeast and Southeast corners of Section 34. I measure 2632.74 feet to both the Northeast and Southeast corners of Section 34. Established reference ties and assigned Kanabec County coordinates.

This location was determined to be the best available evidence of the original government corner monument location.
