

STATEMENT OF EVIDENCE  
(FROM TIE SHEET 737)

All of the original bearing trees are now gone.

There is a town road order dated 1903, that establishes a town road from the northwest corner of Section 6, Township 40, Range 22, south along the town line to the southwest corner of Section 30, Township 40, Range 22.

There is a Government Corner Location Certificate on file in Kanabec County that shows a wood stake was found at this corner and a 1" by 2" wood stake was set. There is no name or date on this certificate.

In January of 1986, we ran a survey along the town line and an old road bed west at this corner.

In June of 1986, we made an excavation with a backhoe at this corner location and found a wood hub 6" below the surface and at 2 feet below the surface we found a wood post per the certificate on file.

I accepted the wood post location as the perpetuated location of the original government corner.

(2003)

On January 28, 2003, we established Kanabec County coordinates on this corner using G.P.S. equipment.
