Date Ameren was contacted to retire Electrical & Gas:	/ /
Date Water Department was contacted to kill the Water Service:	/ /

6. Certification

PLEASE NOTE: The sewer line for your building must be terminated/plugged. It is your responsibility to call Public Works (309-852-2611 ext 222) and have the sewer line inspected BEFORE filling the void left from the building. If you are not rebuilding on the property, the sewer will need to be terminated at the property line to eliminate the potential for problems in the future with the sewer line. If you do not have this inspection, you may have to remove all fill material at your expense to have the sewer inspected.

PLEASE NOTE: Fill material must be inspected BEFORE being placed in the ground. Only clean debris permitted by the Illinois Environmental Protection Act section 3.160.b may be used as fill material. This means only uncontaminated broken concrete without protruding metal bars, bricks, rock, stone or soil generated from construction or demolition activities. The fill material is to be covered by sufficient uncontaminated soil to support vegetation within 30 days of the completion of filling.

PLEASE NOTE: Any damage to the City sidewalk or the City Right Of Way must be repaired at the completion of the demolition. The expense of this work is the responsibility of the property owner and/or the contractor performing the Demolition.

I hereby certify that I am the owner of record of the named property, or that the proposed work is authorized by the owner of record and that I have been authorized by the owner to make this application as his authorized agent and I agree to conform to all applicable laws of the City of Kewanee. In addition, if a permit for work described in this application is issued, I certify that the code official or the code official's authorized representative shall have the authority to enter areas covered by such permit at any reasonable time to enforce the provisions of the applicable codes. If any information provided is incorrect, such permit may be revoked.

Signature of Applicant (Must be same person identified in section #2 above):
