REQUEST FOR INCREASE OF GARBAGE PICKUPS IN THE CITY OF KEWANEE

I (we) request to increase the number of garbage pickups at our property. I (we) understand that the rate for each garbage pickup currently is \$18.34 per month and agree to pay for the additional service in addition to my (our) water usage that is billed bi-monthly by the City of Kewanee.

Number of units/apartments in the residence 1 2 3 4 5 6 7 8 9 10

I (we) understand that additional carts may be returned to the City of Kewanee thereby returning the monthly rate to the original one cart rate. A return fee of \$15.00 per cart plus any cost of repairing a damaged cart will be charged on our next utility bill following the earl return. At least seven (7) days' notice must be given in advance of returning a cart and this request can only be made once a year. This service is to remain in effect until the City of Kewanee has received written notification of its termination.
