LOCATION: STREET ADDRESS \_\_\_\_\_ MAP \_\_\_\_\_ LOT \_\_\_\_\_

New Installation \_\_\_\_\_ Repair or replace existing \_\_\_\_\_ Emergency Yes \_\_\_\_ No \_\_\_\_

This permit must be accompanied by a plan of the subject work area showing the location of the buildings, existing underground utilities, proposed storm drain line and connection including size, type of material and other pertinent details. **In addition to this permit a Road Opening Permit will be required if the work enters into the Town Right-of-Way.**

The reason for this Direction Connection is: \_\_\_\_\_

**ALL CONNECTIONS MUST BE INSPECTED AND APPROVED BY THE DPW DIRECTOR PRIOR TO BACKFILLING. CONNECTIONS ARE ONLY TO BE MADE DURING NORMAL DEPARTMENT OF PUBLIC WORKS BUSINESS HOURS.**

The construction and use of the proposed storm drain connection is subject to the applicable rules and regulations of the Massachusetts Department of Environmental Protection, the U.S. Environmental Protection Agency and the Town of Lanesborough. Owner covenants that no contaminated storm water is now or will hereafter be discharged from the above referenced property to the MS4 via this Direct Connection. Owner further agrees that if the Board of Selectmen determines that contaminated storm water is being discharged from his property via this Direct Connection, Owner will take such remedial action as the Selectmen, in their discretion, may order and, if Owner fails to do so by the deadline set by the Board of Selectmen, Owner give the Town permission to take such ordered remedial action at Owner's sole cost and expense. Violation of the Town's Illicit Discharge Detection and Elimination Bylaw may result in the revocation of a permit.

The undersigned property owner, on behalf of him/herself and his/her successors and assigns, understands the conditions of the above permit and agrees to conform to the terms thereof. Said property owner on behalf of him/herself and his/her successors and assigns, acknowledges that the Town of Lanesborough shall be held harmless from claims of environmental damage cause by illicit discharges from the permitted storm drain connection and from any surcharging or flooding that may occur from the approved connection. **If subject connection indirectly flows to a Massachusetts Highway Department storm drain, a copy of the approved permit shall be provided to the MassHighway District 1 office by the applicant.**
