

**COUNTY OF LINCOLN**  
**RFP #23-24-01 Solid Waste Service**  
**Addendum #3**

**For:** Questions received, due date 7/25/23 and **Responses due by July 28**

**The flowing questions have been asked by potential Offerors and responded to as follows:**

1). **Question:** *“Number, 17 Equipment Currently Available. Is this referring to the contractor's equipment and its capability to service the existing county equipment or asking the contractor to provide to the county additional or replacement collection equipment at the contractor's expense?”*

**Response:** Equipment that the contractor has to service our current operations. Do they have trucks to pick up dumpsters? Do they have equipment to move and dump compactors? Do they have a grapple truck for bulky waste? Do they have roll-offs?

2). **Question:** *“Would be able to best respond to Appendix C, cost response form in a narrative format addressing all the items with further clarification. Would that be acceptable so long as all items we are interested in bidding on are addressed?”*

**Response:** Yes, a narrative is acceptable.

3). **Question:** *“On the cost response form there is a line item for "Recycling Collection Service " but we have no explanation of what ,or where or any type of collection equipment the county is wanting hauled? At this time the county has no recycling bins in service so what would we be bidding on here?”*

**Response:** The county does not currently have recycling containers and does not participate in a recycling program. This can be left blank at this time.

4) **Question:** *“Will you also please provide the frequency of weekly service for each bin location and compactor site?”*

**Response:** The information Solid Waste provided as follows was the breakdown of services as indicated. As of this date we are not able to get that from the current contractor and do not anticipate obtaining that information. Please do your best with what we have been able to provide.

1. Breakdown of services – Appendix G Attachment #2 Dumpster Locations (see below link)
  - a. how many and where the pin numbers on this spreadsheet correlate with the google earth pro map.

**COUNTY OF LINCOLN**  
**RFP #23-24-01 Solid Waste Service**  
**Addendum #3**

5. **Question regarding** *“B. Number of Copies (6) identical copies with one being marked "Original" and (PDF) on a flash drive”. Since the campaign contribution form and cost proposal are to be in separate sealed envelopes do we include those two items on the PDF flash drive?”*

**Response:** Send all documents in the flash drive. Separate those two documents into its own file within the flash drive and include 6 hard copies.

6. **Question:** *“Please confirm the contract will be for an 8-year term.”*

**Response:** The goal of the county is to enter into a long-term satisfactory contract for our solid waste services. The contract term shall be determined and negotiated with the awarded vendor.
