RE: Village of Lynwood
NPDES Permit MS4 Annual Report – *Reporting Cycle 2022-2023*
Permit No. ILR40 – 0380

Dear Sir/Madam:

Enclosed please find the following items regarding the NPDES Permit for Storm Water Discharges from Municipal Separate Storm Sewer Systems (MS4) for the Village of Lynwood:

- MS4 Annual Facility Inspection Report for 2022-2023
- Attachment 1 (summarizing status of Minimum Control Measures)
- Summary and Schedule of Proposed Best Management Practices
- Various Attachments supporting Minimum Control Measures

This documentation has also been emailed to epa.ms4annualinsp@illinois.gov. If you have any questions, please call me at (217) 530-4084.

Very truly yours,

ROBINSON ENGINEERING, LTD.

Division of Water Pollution Control ANNUAL FACILITY INSPECTION REPORT

for NPDES Permit for Storm Water Discharges from Separate Storm Sewer Systems (MS4)

This fillable form may be completed online, a copy saved locally, printed and signed before it is submitted to the Compliance Assurance Section at the above address. Complete each section of this report.

Report Period: From March, 2022 To March, 2023

Permit No. ILR40 0380

MS4 OPERATOR INFORMATION: (As it appears on the current permit)

Name: Village of Lynwood Mailing Address 1: 21460 Lincoln Highway
Mailing Address 2: County: Cook
City: Lynwood State: IL Zip: 60411 Telephone: 708-758-6101 ext 256
Contact Person: Dan Lebeter Email Address: dlebeter@villageoflynwood.net
(Person responsible for Annual Report)

Name(s) of governmental entity(ies) in which MS4 is located: (As it appears on the current permit)

Village of Lynwood Cook County

THE FOLLOWING ITEMS MUST BE ADDRESSED.

A. Changes to best management practices (check appropriate BMP change(s) and attach information regarding change(s) to BMP and measurable goals.)

- | | |
|---|--|
| 1. Public Education and Outreach <input type="checkbox"/> | 4. Construction Site Runoff Control <input type="checkbox"/> |
| 2. Public Participation/Involvement <input type="checkbox"/> | 5. Post-Construction Runoff Control <input type="checkbox"/> |
| 3. Illicit Discharge Detection & Elimination <input type="checkbox"/> | 6. Pollution Prevention/Good Housekeeping <input type="checkbox"/> |

B. Attach the status of compliance with permit conditions, an assessment of the appropriateness of your identified best management practices and progress towards achieving the statutory goal of reducing the discharge of pollutants to the MEP, and your identified measurable goals for each of the minimum control measures.

C. Attach results of information collected and analyzed, including monitoring data, if any during the reporting period.

D. Attach a summary of the storm water activities you plan to undertake during the next reporting cycle (including an implementation schedule.)

E. Attach notice that you are relying on another government entity to satisfy some of your permit obligations (if applicable).

F. Attach a list of construction projects that your entity has paid for during the reporting period.

Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony. (415 ILCS 5/44(h))

Village of Lynwood, NPDES Permit No. ILR40 0380
Annual Facility Inspection Report - Supplemental Information
March 2022 to March 2023
May 16, 2023

Item A: Description of Changes to BMPs

The following changes have been made in Village BMPs for the next reporting cycle:

- None this reporting cycle.

The Village's Storm Water Management Program (SWMP) plan was last revised on 5/15/19.

**Item B: Status of compliance with permit conditions
and assessment of minimum control measures**

The Village believes that the BMPs completed within the reporting period are appropriate for the permit conditions. The status of each BMP is as follows:

A. Public Education and Outreach

1. A1: Distributed Paper Material (Newsletter)

The Village's Newsletter (The Lynwoodian) has been used to reach out to residents and businesses about a variety of topics. Sample newsletter pages are enclosed from the Spring, Summer and Fall Village Newsletters which emphasizes branch pickup service, recycling service, cleanup week and snow removal readiness. *These newsletters are "fairly" distributed and available for all in the community. They are posted on the Village website.*

2. A6: Other Public Education (Website and Facebook and local Cable station)

The Village Website and Facebook are used to post information for stormwater-related information. The Village posts its Annual Reports, NOI, and SWMP on the Village Website. The Village's Public Service Cable Channel was formerly used to carry storm water messages 24/7; however, the cable station is currently offline. The cable station may be reinstated again in the future. *The website and public service cable channel are "fair access" modes for communicating with residents and business owners.*

B. Public Participation and Involvement

3. B4: Public Hearing

The Village deferred its annual informational Public Hearing. These meetings typically call attention to the 6 minimum control measures, provide details on each, describe the

public works maintenance yard program, and other planned activities going forward. The hearing/meeting is planned for the next reporting cycle.

4. **B7: Other Public Involvement (Village-Wide Cleanup Week)**

The Village held its annual Village-wide Cleanup Week beginning May 9, 2022. All residents can participate by putting out items for pickup by the Village. Residents are also asked to put out all debris for pickup—debris that would otherwise be blown around or thrown into fields and ditches. Refer to the enclosed examples. *This annual event is offered “fairly” to the whole community.*

5. **B7: Other Public Involvement (Weekly Branch Pickup)**

The Village offers Weekly Branch Pickup, Weekly Leaf Pickup and Weekly Recycling Pickup services. Notice is given in the Village Newsletter and on the website. Sample copies of Village Event examples are enclosed.

C. Illicit Discharge Detection and Elimination

6. **C1: Storm Sewer Map Preparation**

The Village has a Storm Sewer Map on which the outfalls are numbered and storm sewer sizes are included. The map was updated during the cycle in May 2014. Further updates will be explored as needed.

7. **C2: Regulatory Control Program (Ordinance)**

The Village has various ordinances for Illicit Discharge Elimination, which are available on the Village’s website (or upon request). Additionally, the Village uses the MWRD Sewer Use Ordinance for enforcement. The Village Code includes, but is not limited to the following sections that apply to this Minimum Control Measure:

- Unlawful Dumping (Refuse) is discussed in Article IV, Section 34-182
- Waste Collection and various penalties Article II, Sections 86-19 through 86-32
- Other penalties in Section 30-158

8. **C3: Detection/Elimination Prioritization Plan**

The Village developed written Illicit Discharge Detection and Elimination (IDDE) Procedures in July 2015 that include detection/elimination as part of its outfall inspections, tracing and illicit source removal procedures, so after a trial period this BMP was added in the 2018 reporting cycle.

9. **C4: Illicit Discharge Tracing Procedures**

The Village developed written Illicit Discharge Detection and Elimination (IDDE) Procedures in July 2015 that include tracing procedures, so after a trial period this BMP was added in the 2018 reporting cycle.

10. **C5: Illicit Source Removal Procedures**

The Village developed written IDDE Procedures in July 2015 that include source removal procedures, so after a trial period this BMP was added in the 2018 reporting cycle.

11. C7: Visual Dry Weather Screening

The Village deferred its dry weather Outfall Inspections of 100% of its outfalls due to staff changes and COVID-19. The inspections are planned for the next reporting cycle.

12. C10: Other Illicit Discharge Controls (Visual Monitoring Inspections)

This BMP was added in 2016. Since the Village population is under 25,000, it has opted for visual monitoring of its upstream and downstream watercourse locations. Visual Monitoring Inspections at upstream and downstream locations were last performed in August 2017 with no unusual substances found. No chemical samples were taken. The goal is to continue to conduct these inspections in the future.

D. Construction Site Runoff Control

13. D1: Regulatory Control Program (Ordinance)

Village Codes include the “Site Development Requirements” which include Erosion and Sediment Control (Section 46-61) and separate “Erosion and Sediment Control” requirements under the “Environmental” Chapter 34 – Article III. The codes include sections for violations and penalties. There have been no changes to the E&SC codes during this cycle.

14. D2: Erosion and Sediment Control BMPs

Erosion and Sediment Control BMPs are required under the current ordinance. These requirements are enforced through the plan review process.

15. D4: Site Plan Review Procedures

Development projects are reviewed under local and state ordinances by Village Staff and/or engineering consultants, especially regarding erosion and sediment control measures. Projects over one acre are required to submit a Notice of Intent for an ILR10 permit prior to construction. A SWPPP is required with plan sets. Ordinances are available at the Village’s website (or upon request).

16. D6: Site Inspection/Enforcement Procedures

Weekly inspection reports are required from developers of active projects. Developments for which the developers have gone bankrupt are inspected periodically by the Village or they have been stabilized.

E. Post-Construction Runoff Control

17. E2: Regulatory Control Program (Ordinance)

Village Codes include Division 5 – “Post-Construction Management.” There have been no changes to the codes during this cycle.

18. E3: Long Term O&M Procedures

These are required and reviewed where applicable during the site plan review process.

19. E4: Pre-Construction Review of BMP Designs

The ordinance requirements are enforced during the site plan review stage of a development. The site plan reviews include a review of the BMP designs.

20. E5: Site Inspections During Construction

Weekly inspection reports are required from developers of active projects. Periodic or surprise audit inspections are conducted by the Village or its engineering consultant as needed.

21. E6: Post-Construction Inspections

The Building and Public Works Departments conduct Final Inspections. Stormwater management systems are inspected during the year depending on staff availability. Inspected storm sewers and structures that are found to need maintenance are cleaned, vacuumed, jetted or repaired as needed by Village staff.

F. Pollution Prevention and Good Housekeeping

22. F1: Employee Training Program

Employee Training has occurred within the Public Works Department. Public Works staff members were trained on Road Salt Usage.

23. F2: Inspection and Maintenance Program – Routine Maintenance

Routine maintenance of Village streets, storm sewer, ditches, and stormwater facilities is part of the Public Works responsibilities. This includes sweeping, vacuuming, jetting, repair, debris and branch collection, etc. Sample reporting sheets are included with this report.

- a. Street-sweeping was deferred this cycle due to budget cuts. It is planned to be reinstated for the next reporting cycle.
- b. Catch Basins are cleaned as needed during the reporting period.
- c. Storm Sewers were inspected and cleaned on an as needed basis during the reporting cycle.
- d. Parkway Trees – The Village removes all dead or dying parkway trees at no expense to residents.
- e. Leaf Pickup – The Village contracts with Homewood Disposal to do a weekly leaf pickup as part of the residential garbage pickup service. Leaf pickup is done weekly as long as the leaves are placed in biodegradable bags.
- f. Recycling Pickup – The Village contracts with Homewood Disposal to do an every-other weekly recycling pickup as part of the residential garbage pickup service.
- g. Deicing Materials – These are stored in a permanent enclosed salt dome.
- h. Fertilizers, Pesticides, or Other Chemicals – These are stored indoors away from any catch basins.

24. F2: Inspection and Maintenance Program – SOP’s

Maintenance Yard SOP’s and a List of Possible Pollutants are in written form for the Public Works Maintenance Yard. A Yard Map is also kept on site for staff to be aware of locations of existing utility lines, catch basins, etc. in case there is a spill. Spill containment materials have been purchased and are kept on site.

25. F3: Municipal Operations Storm Water Control

The Municipal Operations Programs for Storm Water Control and Waste Control are ongoing. The Village does cleaning and removal of debris in all ditches, creeks and lakes; including the removal of debris, beaver dams, etc.

26. F4: Municipal Operations Waste Disposal

Maintenance Records and Logs are typically kept for routine maintenance of Village vehicles and equipment. All fluid changes are typically tracked. Waste oils are typically collected and put into waste oil containers only. However, the Village currently does not have a mechanic for routine maintenance of Village vehicles and equipment. Written SOP’s are reviewed annually.

27. F5: Flood Management/Assess Guidelines

The Village code includes “Division 3 – Floodplain Development Requirements” (Sections 46-83 to 46-98) which enforces flood hazard regulations for any development in or near to floodplains.

Item C: Results of information collected and analyzed, monitoring data (if any).

As part of its Outfall Inspections the Village performed visual Monitoring Inspections at upstream and downstream locations in August 2017. No suspicious fluids were observed, so no chemical samples were taken.

The U.S. Census Bureau data for the Village of Lynwood demographics is:

<i>2014 Estimated Population</i>	<i>9,313</i>
<i>Poverty Percentage</i>	<i>18.8%</i>
<i>Black Pop. Percentage</i>	<i>65.9%</i>
<i>White Pop. Percentage</i>	<i>25.1%</i>
<i>Hispanic Pop. Percentage</i>	<i>7.3%</i>
<i>Other Pop. Percentage</i>	<i>1.7%</i>

Item D: Summary of stormwater activities you plan to undertake during the next reporting cycle (and implementation schedule).

See the attached Summary that is numbered to correspond with the original Notice of Intent.

Item E: Notice that you are relying on another governmental entity to satisfy some of your permit obligations (if applicable).

Not applicable. The Village of Lynwood does not rely on another governmental entity to satisfy NPDES permit obligations.

Item F: List of construction projects that your entity has paid for during the reporting period.

The following is a list of contracts that the Village let and constructed during this reporting period:

- None this reporting period.

Sample Documentation for Minimum Control Measures

The remaining sheets in this report include some available documentation for various Best Management Practices discussed under Item B.

Inside THIS ISSUE

- The winner of the Lil Artist 2022/23 Village of Lynwood vehicle sticker competition.
- New Village of Lynwood Educational Scholarship for 2022 graduating highschool Seniors.
- CEDA will offer income eligible residents Water Bill assistance through LIHWAP.
- Lynwood Police & Fire Department 2nd Bowling with Badges. Citizen Police Academy
- Easter Egg Hunt at Liberty Memorial Park
- Welcome Franciscan Alliance (Sisters of St. Francis)

For more details on all events visit the website at www.lynwoodil.us

Message from the Mayor

Spring is here! I don't know about you, but I'm ready for some warm weather. I am already thinking about all of the beautiful flowers and gardens that we will soon see around the village. There is plenty to look forward to as we prepare for the change in seasons. The village will offer many opportunities to fellowship with our neighbors. I hope you saved the events calendar that was previously mailed and will consider joining us for upcoming events. Communication will soon have a new look. We have a new website that will be launching in 5 weeks. Constant Contact is now being used by the village as a means to email and text residents. We also have Twitter and Instagram pages. Please be sure to sign up, view our social media pages and check the website often for updates.

COVID-19 continues to be something that the village monitors. While the mitigations are changing, our commitment to safety will never change. We continue to encourage vaccinations, testing and remaining home when you're not feeling well. I'm proud to say that the numbers in Lynwood are heading in a positive direction. Kudos to each of you who have done your part to ensure the safety of your loved ones and neighbors. The Board and I are committed to ongoing economic development. I hope that you've taken the time to shop at our new Dollar General or eaten at our newest restaurant Mae's Que House. We have received the final plans for Sweet Potato Patches new distribution facility which includes a boutique grocery store.

Droit Storage and Dunkin Donuts are both waiting on MWRD permits and upon receipt, both will begin breaking ground. Please continue to take care of yourselves and reach out to Village hall if you have questions or concerns. I hope to see all of your smiling faces around the village soon.

Yours In Service,

Mayor Jada D. Curry

LYNWOOD SPOTLIGHTS

The winner of the 2022 Village of Lynwood Lil' Artist vehicle sticker competition is...
Kamayah S. Matthews!

CLERKS CORNER

The 2022/23 vehicle sticker, animal license, and resident/ commercial alarm permit will be available to purchase May 1st.

POLICE & FIRE

Neighborhood block meeting will take place on the following
Wednesdays-4/6, 4/20 at 6pm.

The Fire Department is **HIRING**. Pick up an application at the Fire Station or in Village Hall.

The Village of Lynwood Welcomes the Franciscan Alliance(Sisters of St. Francis)

PUBLIC WORKS

Focused on resident concerns about sanitary sewers and storm water drainage.

CEDA is accepting applications year-round for LIHWAP. To qualify, families must be income-eligible & live in Cook County. They also must be disconnected, facing disconnection, or have a past-due balance of at least \$250. Please call CEDA or visit a partner in-take site to check eligibility at 800-571-2332 or www.cedaorg.net/

EVENTS

COMMUNITY PARTNERS

The Village of Lynwood is thankful for all residents and business owners. We would like to give a special thanks to those that continue to contribute to make village events possible.

LYNWOODIAN

ISSUE 06 | MAY | JUNE 2022

MAYORS CORNER

1-YEAR ANNIVERSARY ADDRESS

This past year has been an amazing lesson in life. There have been many highs and lows, but I wouldn't trade this experience for anything. The joys of accomplishing goals for Lynwood far outweigh the sleepless nights and stressful days.

The residents of Lynwood continue to impress me. The commitment you have to this village is second to none. I have enjoyed meeting many of you, listening to your concerns, working towards solutions and parting ways with a hug or a good laugh.

Within this first year, we have welcomed new residents and businesses. By now, I'm sure you've shopped at Dollar General or eaten at Mae's Que House. If not, please consider patronizing them along with all the great businesses based here in Lynwood.

I am extremely proud to say we have been laser focused on our finances. If you haven't heard, let me share with you we've paid off 2 tax anticipation warrants the village had been carrying for years. I remain committed to seeking out ways to bring more revenue to the village and paying down debt so we can make some major investments in our infrastructure.

Did you know our Fire Department is no longer paid on call? We now have a part-time department which allows us to be even more timely in our response to calls. The Police Department continues to flourish. We recently closed out the process for Sergeant promotions and I'm thrilled to say we now have 3 new Sergeant's that have been promoted.

We have invested in new body cameras, a new vehicle fleet and training for all officers. We now have all Public Works crew members up to date with trainings and will be making some investments in machinery so they can better service the village.

On the backside of this newsletter, you will find our calendar for the year. As you can see, we have created several opportunities to engage all members of our community. I hope you will join me at some of these events as it is a great way to continue to build a sense of community.

They say time flies when you're having fun. I still cannot believe it's been 1 year since I took office. Please feel free to stop by Village Hall on May 11th from 12-4:30pm to help me along with the Trustees and Clerk celebrate our 1-year anniversary.

Lynwood, you have been the perfect partner. Cheers to 1 year of working together to make Lynwood stronger than it's ever been. Even after a whole year together, I still think I'm dreaming. How could I ever be so lucky as to have been elected to serve as the Mayor of this great village?

Yours In Service,

Mayor Fada D. Curry

CLERKS CORNER

The 2022/23 Vehicle Sticker is now on sale. The 2021/2022 sticker expires on May, 31, 2022. Pet tags, resident, and commercial alarm permits are now also available for purchase.

POLICE & FIRE

Lynwood Police Academy Ends 5/26
Block Meeting Dates: 5/4, 5/18, 6/1, 6/15

Join the Lynwood Police Dept. for the annual **TORCH RUN** 6/14/22
LAW ENFORCEMENT FOR SPECIAL OLYMPICS ILLINOIS

The Fire Department is **HIRING**.
Pick up an application at the Fire Station or Village Hall.

PUBLIC WORKS

CEDA is accepting applications year-round for LIHWAP (water bill assistance). Please call CEDA or visit a partner in-take site. To check eligibility call 800-571-2332 or www.cedaorg.net/

Village Clean Up Week will be held 5/9-5/13. Please place all items on the curb by Sunday 5/8 to be collected by Public Works. No tires, electronics, or paint!

Ever wonder how the \$2.00 bill you receive from Lincoln Lansing District is utilized?

The funds are used to maintain the ditches throughout the village to help prevent flooding. Watch out for the bill to hit your mail box soon.

STAY CONNECTED

EVENTS

Join us for A Pre-Mother's Day Jazz Brunch on Saturday, 5/7 @12pm. Check the website to purchase tickets.

Please patronize our local restaurants throughout the month of May. Use the hashtags #shoplynwood and #lynwoodrestaurantfest

The Village of Lynwood will host a Veterans Memorial Site Dedication at Liberty Memorial Park on Monday, 5/30 @10am. RSVP by 5/23/22

Join us for a walk & talk 5k race to kick-off the summer brisk morning walk series at Lakeview Community Park, Saturday, 6/4 @ 9am.

Join us for our 2nd season of "Movie Nights In The Park" 6/10, 7/8, 8/19. Check the website for the season opener!

The Village will host a Summer Craft Fair on 6/18 & 6/19 10-6pm, @Liberty Park & we are looking for crafters. Email ceaves@villageoflynwood.net or call 708-935-5803. Proceeds will support the 2022/23 Educational Scholarship Fund.

FATHER'S DAY

FOOD TRUCK FEST

Celebrate Father's Day with an afternoon in the park. Bring tents, lawn chairs, and enjoy the sounds of a live DJ while feasting on some of your favorite food trucks 6/19 3-7pm @Liberty Memorial Park.

LynVinia is back for a second season! The two part concert series will take place on 6/25 & 7/23 at Lakeview Community Park. Bring your friends & family out, for what is guaranteed to be a good time in the park.

The Village of Lynwood NEWSLETTER

A MESSAGE FROM MAYOR JADA D. CURRY

I hope you enjoyed all the summer events. My personal favorites were Lynvinia, movie nights, Thursday morning walks and Lynwood Fest. I certainly enjoyed seeing your smiling faces and look forward to seeing you again at all of Fall/Winter events.

Did you know that Lynwood grew by 104 acres? We annexed in land on Joe Orr Road as well as Lincoln Highway. All 3 parcels bring with them new opportunities to showcase the diversity of Lynwood. We are heading into a season of groundbreaking. By now, you most likely have read about the new Equestrian University that's coming to Lynwood. It will be a space where future veterinarians train, international competitions will be held and there will be programs for children on the autism spectrum as well as veterans who suffer from PTSD. This multi-million-dollar project will be housed on the corner of Burnham and Glenwood Dyer Rd.

We have also received the long awaited MWRD permit for Dunkin Donuts which clears the way for them to begin the building process. I can't wait to drive down the street for a cup of coffee.

We continue to keep our focus on reducing debt, public safety, economic development, and beautification. Speaking of beautification, have you seen the parking lot repairs at Liberty, Lakeview and Terrace Parks as well as Village Hall? Did you notice the new 2-sided Welcome to Lynwood signs? Stay tuned for more announcements regarding more refreshes including curb painting and repairs, street repavements and much more.

I have so much more to share at our annual Town Hall meeting. We're working hard to make you proud. I continue to be grateful for the trust that you've placed in me.

Yours In Service,
Mayor Jada D. Curry

CLERK'S CORNER

New Residents please stop by Village Hall to receive a Welcome to Lynwood packet & don't forget to register to vote. Notary services are available for all residents (free of charge).

PUBLIC WORKS

Residential branches and tree/yard waste is collected twice a month on Mondays. In 2023 we will begin a street and curb repair project.

POLICE & FIRE

Police Department is now accepting applications for Records Clerk. Fire Department Open House will be held October 15, 2022 at the Fire Station. Our annual Senior Luncheon will also be held on October 15, 2022 at Lencioni's located at 3325 Glenwood Dyer Rd. Check the website for more details.

Residents on the north side of 201st Street will have their recycling collected on the Yellow Week. Residents on the south side of 201st Street will have their recycling collected on the Blue Week.

Holidays are marked with **Pink** squares. Pick ups that fall ON or AFTER the holiday will be delayed one day that week ONLY.

Because Christmas Day falls on a Sunday, we will observe it on Monday, December 26th. All pick ups will be delayed one day that week.

UPDATED CALENDAR FOR HOMEWOOD DISPOSAL RECYCLING SCHEDULE

Sorry Lynwood Residents for the confusion but we got word that the previous calendar had a small mistake but Homewood Disposal updated it right away!

Lynwood 2022 Thursday Recycle Schedule

Your recycling is picked up every other week. Your recycling day is highlighted on the calendar. Please use the color-coded map below to determine your pick up day.

Residents on the north side of 201st Street will have their recycling collected on the Yellow Week. Residents on the south side of 201st Street will have their recycling collected on the Blue Week.

Holidays are marked with Pink squares. Pick ups that fall ON or AFTER the holiday will be delayed one day that week ONLY.

Because Christmas Day falls on a Sunday, we will observe it on Monday, December 26th. All pick ups will be delayed one day that week.

STORM WATER MANAGEMENT

Mission Statement:

Storm Water Management is important to everyone as it attempts to protect our environment by protecting waterways including streams, ditches, lakes etc. By instituting stormwater management practices we are trying to have rules that will stop discharges into the waterways that would be harmful.

What is Storm Water?

Storm Water starts as water from the sky such as rain, snow and hail. Once the water comes into contact with the ground it is then called runoff. Once this water hits the ground it most likely becomes contaminated with things like: dirt, fertilizers, road salt, oils and fluids from all types of vehicles that previously dripped on driveways and streets, oils from asphalt roofing and any other types of debris it comes in contact with as it flows to the storm sewer system. The drainage system is a series of catch basins and drainage ditches that collect and channel runoff from streets, driveways, sidewalks, parking lots and vegetated land surfaces.

So why is Storm Water a problem?

The problem with storm Water is once it comes in contact with everything described above it carries these debris to the storm sewer system which eventually flows to our streams, ditches, lakes and ponds contaminating the water ways when it is mixed with them. This affects everyone's ability to use the water for such things as swimming, drinking, and fishing. This contaminated storm Water also affects the quality of the aquatic life in our water ways.

What can I do to help?

Remember only rain in the drains is the statement we should all be using. Please help us keep storm drains clean of debris, if you see someone dumping anything into the storm sewers please notify the Police Department or Public Works immediately.

The links and items below should provide you with information on what we are doing to meet Storm Water Management requirements.
