RE: Village of Lynwood  
NPDES Permit MS4 Annual Report – *Reporting Cycle 2021-2022*  
Permit No. ILR40 – 0380

Dear Sir/Madam:

Enclosed please find the following items regarding the NPDES Permit for Storm Water Discharges from Municipal Separate Storm Sewer Systems (MS4) for the Village of Lynwood:

- MS4 Annual Facility Inspection Report for 2021-2022
- Attachment 1 (summarizing status of Minimum Control Measures)
- Summary and Schedule of Proposed Best Management Practices
- Various Attachments supporting Minimum Control Measures

This documentation has also been emailed to [epa.ms4annualinsp@illinois.gov](mailto:epa.ms4annualinsp@illinois.gov). If you have any questions, please call me at (217) 530-4084.

Very truly yours,

**ROBINSON ENGINEERING, LTD.**

## Division of Water Pollution Control ANNUAL FACILITY INSPECTION REPORT

### for NPDES Permit for Storm Water Discharges from Separate Storm Sewer Systems (MS4)

*This fillable form may be completed online, a copy saved locally, printed and signed before it is submitted to the Compliance Assurance Section at the above address. Complete each section of this report.*

Report Period: From March, 2021 To March, 2022

Permit No. ILR40 0380

#### MS4 OPERATOR INFORMATION: (As it appears on the current permit)

Name: Village of Lynwood Mailing Address 1: 21460 Lincoln Highway  
Mailing Address 2: County: Cook  
City: Lynwood State: IL Zip: 60411 Telephone: 708-758-6434  
Contact Person: Raymond Campbell Email Address: rcampbell@villageoflynwood.net  
(Person responsible for Annual Report)

#### Name(s) of governmental entity(ies) in which MS4 is located: (As it appears on the current permit)

Cook County

#### THE FOLLOWING ITEMS MUST BE ADDRESSED.

A. Changes to best management practices (check appropriate BMP change(s) and attach information regarding change(s) to BMP and measurable goals.)

- |   |  |
|---|--|
| 1. Public Education and Outreach <input type="checkbox"/>             | 4. Construction Site Runoff Control <input type="checkbox"/>       |
| 2. Public Participation/Involvement <input type="checkbox"/>          | 5. Post-Construction Runoff Control <input type="checkbox"/>       |
| 3. Illicit Discharge Detection & Elimination <input type="checkbox"/> | 6. Pollution Prevention/Good Housekeeping <input type="checkbox"/> |

B. Attach the status of compliance with permit conditions, an assessment of the appropriateness of your identified best management practices and progress towards achieving the statutory goal of reducing the discharge of pollutants to the MEP, and your identified measurable goals for each of the minimum control measures.

C. Attach results of information collected and analyzed, including monitoring data, if any during the reporting period.

D. Attach a summary of the storm water activities you plan to undertake during the next reporting cycle ( including an implementation schedule.)

E. Attach notice that you are relying on another government entity to satisfy some of your permit obligations (if applicable)

F. Attach a list of construction projects that your entity has paid for during the reporting period.

**Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony. (415 ILCS 5/44(h))**

Village of Lynwood, NPDES Permit No. ILR40 0380  
**Annual Facility Inspection Report - Supplemental Information**  
March 2021 to March 2022  
May 16, 2022

**Item A: Description of Changes to BMPs**

The following changes have been made in Village BMPs for the next reporting cycle:

- None this reporting cycle.

The Village's Storm Water Management Program (SWMP) plan was last revised on 5/15/19 (see attached).

**Item B: Status of compliance with permit conditions  
and assessment of minimum control measures**

The Village believes that the BMPs completed within the reporting period are appropriate for the permit conditions. The status of each BMP is as follows:

**A. Public Education and Outreach**

**1. A1: Distributed Paper Material (Newsletter)**

The Village's Newsletter has been used to reach out to residents and businesses about a variety of topics. Sample newsletter pages are enclosed from the Summer 2021, Fall 2021 and Winter 2021/2022 Village newsletters which emphasizes branch pickup service, recycling service, cleanup week and snow removal readiness. *These newsletters are "fairly" distributed and available for all in the community. They are posted on the Village website.*

**2. A6: Other Public Education (Website and local Cable station)**

The Village Website was used to post information for "Storm Water Awareness," "Storm Water Management," and "EPA Pollution Prevention" links. The Village posts its Annual Reports, NOI, and SWMP on the Village Website. The Village's Public Service Cable Channel was formerly used to carry storm water messages 24/7; however, the cable station is currently offline. The cable station may be reinstated again in the future. *The website and public service cable channel are "fair access" modes for communicating with residents and business owners.*

## **B. Public Participation and Involvement**

### **3. B4: Public Hearing**

The Village deferred its annual informational Public Hearing. These meetings typically call attention to the 6 minimum control measures, provide details on each, describe the public works maintenance yard program, and other planned activities going forward. The hearing/meeting is planned for the next reporting cycle.

### **4. B7: Other Public Involvement (Village-Wide Cleanup Week)**

The Village held its annual Village-wide Cleanup Week beginning July 2021. All residents can participate by putting out items for pickup by the Village. Residents are also asked to put out all debris for pickup—debris that would otherwise be blown around or thrown into fields and ditches. Refer to the enclosed examples. *This annual event is offered “fairly” to the whole community.*

### **5. B7: Other Public Involvement (Weekly Branch Pickup)**

The Village offers Weekly Branch Pickup, Weekly Leaf Pickup and Weekly Recycling Pickup services. Notice is given in the Village Newsletter and on the website. Sample copies of Village Event examples are enclosed.

## **C. Illicit Discharge Detection and Elimination**

### **6. C1: Storm Sewer Map Preparation**

The Village has a Storm Sewer Map on which the outfalls are numbered and storm sewer sizes are included. The map was updated during the cycle in May 2014. Further updates will be explored as needed.

### **7. C2: Regulatory Control Program (Ordinance)**

The Village has various ordinances for Illicit Discharge Elimination, which are available on the Village’s website (or upon request). Additionally, the Village uses the MWRD Sewer Use Ordinance for enforcement. The Village Code includes, but is not limited to the following sections that apply to this Minimum Control Measure:

- Unlawful Dumping (Refuse) is discussed in Article IV, Section 34-182
- Waste Collection and various penalties Article II, Sections 86-19 through 86-32
- Other penalties in Section 30-158

### **8. C3: Detection/Elimination Prioritization Plan**

The Village developed written Illicit Discharge Detection and Elimination (IDDE) Procedures in July 2015 that include detection/elimination as part of its outfall inspections, tracing and illicit source removal procedures, so after a trial period this BMP was added in the 2018 reporting cycle.

**9. C4: Illicit Discharge Tracing Procedures**

The Village developed written Illicit Discharge Detection and Elimination (IDDE) Procedures in July 2015 that include tracing procedures, so after a trial period this BMP was added in the 2018 reporting cycle.

**10. C5: Illicit Source Removal Procedures**

The Village developed written IDDE Procedures in July 2015 that include source removal procedures, so after a trial period this BMP was added in the 2018 reporting cycle.

**11. C7: Visual Dry Weather Screening**

The Village deferred its dry weather Outfall Inspections of 100% of its outfalls due to staff changes and COVID-19. The inspections are planned for the next reporting cycle.

**12. C10: Other Illicit Discharge Controls (Visual Monitoring Inspections)**

This BMP was added in 2016. Since the Village population is under 25,000, it has opted for visual monitoring of its upstream and downstream watercourse locations. Visual Monitoring Inspections at upstream and downstream locations were last performed in August 2017 with no unusual substances found. No chemical samples were taken. The goal is to continue to conduct these inspections in the future.

**D. Construction Site Runoff Control**

**13. D1: Regulatory Control Program (Ordinance)**

Village Codes include the “Site Development Requirements” which include Erosion and Sediment Control (Section 46-61) and separate “Erosion and Sediment Control” requirements under the “Environmental” Chapter 34 – Article III. The codes include sections for violations and penalties. There have been no changes to the E&SC codes during this cycle.

**14. D2: Erosion and Sediment Control BMPs**

Erosion and Sediment Control BMPs are required under the current ordinance. These requirements are enforced through the plan review process.

**15. D4: Site Plan Review Procedures**

Development projects are reviewed under local and state ordinances by Village Staff and/or engineering consultants, especially regarding erosion and sediment control measures. Projects over one acre are required to submit a Notice of Intent for an ILR10 permit prior to construction. A SWPPP is required with plan sets. Ordinances are available at the Village’s website (or upon request).

**16. D6: Site Inspection/Enforcement Procedures**

Weekly inspection reports are required from developers of active projects. Developments for which the developers have gone bankrupt are inspected periodically by the Village or they have been stabilized.

## **E. Post-Construction Runoff Control**

### **17. E2: Regulatory Control Program (Ordinance)**

Village Codes include Division 5 – “Post-Construction Management.” There have been no changes to the codes during this cycle.

### **18. E3: Long Term O&M Procedures**

These are required and reviewed where applicable during the site plan review process.

### **19. E4: Pre-Construction Review of BMP Designs**

The ordinance requirements are enforced during the site plan review stage of a development. The site plan reviews include a review of the BMP designs.

### **20. E5: Site Inspections During Construction**

Weekly inspection reports are required from developers of active projects. Periodic or surprise audit inspections are conducted by the Village or its engineering consultant as needed.

### **21. E6: Post-Construction Inspections**

The Building and Public Works Departments conduct Final Inspections. Stormwater management systems are inspected during the year depending on staff availability. Inspected storm sewers and structures that are found to need maintenance are cleaned, vacuumed, jetted or repaired as needed by Village staff.

## **F. Pollution Prevention and Good Housekeeping**

### **22. F1: Employee Training Program**

Employee Training has occurred within the Public Works Department. Public Works staff members were trained on Road Salt Usage.

### **23. F2: Inspection and Maintenance Program – Routine Maintenance**

Routine maintenance of Village streets, storm sewer, ditches, and stormwater facilities is part of the Public Works responsibilities. This includes sweeping, vacuuming, jetting, repair, debris and branch collection, etc. Sample reporting sheets are included with this report.

- a. Street-sweeping was deferred this cycle due to budget cuts. It is planned to be reinstated for the next reporting cycle.
- b. Catch Basins are cleaned as needed during the reporting period.
- c. Storm Sewers were inspected and cleaned on an as needed basis during the reporting cycle.
- d. Parkway Trees – The Village removes all dead or dying parkway trees at no expense to residents.

- e. Leaf Pickup – The Village contracts with Homewood Disposal to do a weekly leaf pickup as part of the residential garbage pickup service. Leaf pickup is done weekly as long as the leaves are placed in biodegradable bags.
- f. Recycling Pickup – The Village contracts with Homewood Disposal to do a weekly recycling pickup as part of the residential garbage pickup service.
- g. Deicing Materials – These are stored in a permanent enclosed salt dome.
- h. Fertilizers, Pesticides, or Other Chemicals – These are stored indoors away from any catch basins.

**24. F2: Inspection and Maintenance Program – SOP's**

Maintenance Yard SOP's and a List of Possible Pollutants are in written form for the Public Works Maintenance Yard. A Yard Map is also kept on site for staff to be aware of locations of existing utility lines, catch basins, etc. in case there is a spill. Spill containment materials have been purchased and are kept on site.

**25. F3: Municipal Operations Storm Water Control**

The Municipal Operations Programs for Storm Water Control and Waste Control are ongoing. The Village does cleaning and removal of debris in all ditches, creeks and lakes; including the removal of debris, beaver dams, etc.

**26. F4: Municipal Operations Waste Disposal**

Maintenance Records and Logs are kept for routine maintenance of Village vehicles and equipment. All fluid changes are tracked. Waste oils are collected and put into waste oil containers only. Written SOP's are reviewed annually.

**27. F5: Flood Management/Assess Guidelines**

The Village code includes "Division 3 – Floodplain Development Requirements" (Sections 46-83 to 46-98) which enforces flood hazard regulations for any development in or near to floodplains.

**Item C: Results of information collected and analyzed, monitoring data (if any).**

As part of its Outfall Inspections the Village performed visual Monitoring Inspections at upstream and downstream locations in August 2017. No suspicious fluids were observed, so no chemical samples were taken.

***The U.S. Census Bureau data for the Village of Lynwood demographics is:***

<b><i>2014 Estimated Population</i></b>	<b><i>9,313</i></b>
<b><i>Poverty Percentage</i></b>	<b><i>18.8%</i></b>
<b><i>Black Pop. Percentage</i></b>	<b><i>65.9%</i></b>
<b><i>White Pop. Percentage</i></b>	<b><i>25.1%</i></b>
<b><i>Hispanic Pop. Percentage</i></b>	<b><i>7.3%</i></b>
<b><i>Other Pop. Percentage</i></b>	<b><i>1.7%</i></b>

**Item D:** Summary of stormwater activities you plan to undertake during the next reporting cycle (and implementation schedule).

See the attached Summary that is numbered to correspond with the original Notice of Intent.

**Item E:** Notice that you are relying on another governmental entity to satisfy some of your permit obligations (if applicable).

Not applicable. The Village of Lynwood does not rely on another governmental entity to satisfy NPDES permit obligations.

**Item F:** List of construction projects that your entity has paid for during the reporting period.

The following is a list of contracts that the Village let and constructed during this reporting period:

- None this reporting period.

#### Sample Documentation for Minimum Control Measures

The remaining sheets in this report include some available documentation for various Best Management Practices discussed under Item B.

# The Lynwoodian Newsletter

## Mayors Corner The FIRST 45 DAYS

It is hard to believe that it has been 45 days since I took the oath. There has been lots of learning, growing, and changing. As you enter village hall you will see many new faces. Please take the time to introduce yourself and be patient as we are working hard to implement new and effective systems that will allow us to perform our jobs more efficiently. I have enjoyed driving around and meeting many of you in your driveways. A significant focus right now is creating a sustainable financial model in a time where our village finances are challenged. I have been meeting with potential business owners and as of today, we are scheduled to have 7 new businesses either open or breaking ground by the end of the year. Board meetings look and feel different. Department heads are in attendance and providing detailed reports regarding finances, public works, police, and fire while Trustees are sharing valuable committee information. Please consider joining us on the 2nd and 4th Tuesday of every month at 6:00pm. We are also working on adding a village YouTube channel so that we can upload meeting videos for you to watch as time permits. We have implemented several new community touch points including, Thursday morning walk & talks starting at 6am in Lakeview Park, movie nights every other Friday, and our coffee with a cop event. We are looking forward to our Independence Day Parade on July 3rd and Lynvinia Music Festival on July 9th as well as Lynwood Fest on August 21st. Cleanup week is scheduled for July 19th and we are planning to work on some beautification projects. Contact village hall if you are interested in volunteering. As promised, recycling is coming back to Lynwood in September. Be sure to check the Village of Lynwood website often for calendar updates. You can also follow us on the official Village of Lynwood Facebook page. It is the one with our gold medallion logo as a profile picture. Please know that I am working hard to stabilize our infrastructure and create a better future for this village, but I cannot do it without this amazing team and your support. I am always a phone call, email or office visit away.

Yours In Service,  
Mayor, Jada D. Curry

# LYNWOODIAN NEWSLETTER

## MAYORS CORNER OUR FIRST 100 DAYS

As I reflect back on my first 100 days, I'm in awe of what we've been able to accomplish. We started our Thursday morning 6am walks at Lakeview Park and that has grown into a small group that eagerly anticipates our time together. We've held 2 Lynvinia concerts which brought the community out on a Friday evening and Sunday afternoon for some much needed fun and fellowship. We've hosted 5 movie nights where families from not just Lynwood enjoyed Grease, The Wiz, The Incredibles, Black Panther & E.T. As if the summer couldn't get any better, we were able to bring Lynwood Fest back. It was great to see everyone having fun, meeting new neighbors and enjoying a fulfilled day. Behind the scenes we have been working hard to move this village forward. With very little prep time and very little historical data, our Finance Director was able to create a budget that puts us on the path towards becoming financially sound. Public Works has been out responding to your requests and planning for future projects. We've hired 5 new police officers which allows us to increase patrol and now we're preparing to add more support by creating a tactical team. There will be an exciting announcement that's coming from our Fire Department this Fall. The Trustees have been busy recruiting residents to join a variety of committees and they have hit the ground running. They are meeting, planning and implementing based on your feedback. Our clerk has been working on getting accurate records in place. As for me, I've been spending my days, meeting with existing and potential businesses to move us towards a self sustaining village. Be on the lookout for our new Dollar General, Dunkin Donuts, L Restaurant & Sweet Potato Patch distribution center and market to name a few. I've enjoyed meeting many of you and addressing your concerns. I'm working with department heads everyday to make sure that we are all focused on growth and stability for Lynwood. There is much work to be done and we are continuing to think outside the box to transform our village. John F. Kennedy once said, "All this will not be finished in the first one hundred days. nor will it be finished in the first one thousand days... Nor even perhaps in our lifetime on this planet. But let us begin." Lynwood, we have begun and there is much more to come! Everyday I wake up with a tremendous sense of purpose and gratitude that I'm able to serve this amazing village.

Yours In Service,

Mayor Jada D. Curry

## ◆ Fall Events

### Back to School Skate Party

Lynwood Roller Rink will be hosting a back to school skate party for Lynwood Resident school age Children. RSVP will be required. Check the village website for details.

### Village Football Tailgate

Football fans and those that just love to tailgate. The village will be hosting our first tailgating celebration on October 17th. Bears vs Packers. More details to come.

### Fall Decorating Competition

Community Relations is holding it's 1st Annual Fall home decorating competition themed "How Can We Say Thanks," Judging will take place 11/19-11/21. There will be a 1st, 2nd, and 3rd place winner.

### October Fest /Trunk or Treat

October Fest will be located at Liberty Park on Saturday, October 23rd. Bring your family out for a Fall Fun Time.

ISSUE 04 | JANUARY | FEBRUARY 2022

## MAYORS CORNER

Happy New Year!

Just like that, the year 2021 is behind us and we find ourselves facing a new year. I hope that you have had time to reflect and plan for the upcoming year. I certainly have given much thought to what 2022 will look like for myself as well as the village.

Despite a global pandemic and the transition of a new administration, Lynwood experienced many successes in 2021! We're seeing the community grow in population and an increase in new businesses. Residents have shown an even greater sense of pride in the village. The capacity of our village government is strengthening with qualified staff who are eager to meet the needs of our citizens. I can't say enough about how proud I am of our entire team.

There's a lot more work to do as we usher in another year. It takes the full participation of everyone to keep Lynwood moving in a positive direction. The Trustees, Clerk, department heads and I are hitting the ground running as we accelerate infrastructure improvements such as new streets and sidewalks, bringing on additional law enforcement and fire personnel, improving our financial standing and striving for even greater transparency in our government. As we move forward, you will see exciting initiatives that benefit our residents, businesses, and stakeholders in making Lynwood safer, smarter, healthier and unified! I'm looking forward to continuing the journey with the greatest village in the world.

Yours In Service,

*Mayor Jada D. Curry*

## Inside THIS ISSUE

- ▶ COVID-19 testing, vaccines & boosters provided by Family Christian Health Center on January 11th & 12th 2022 at the Lynwood Municipal Center.
- ▶ Coffee with a Cop will resume in 2022 on January 12th with an evening start time.
- ▶ The Village of Lynwood will host the 1st Dr. Martin Luther King Jr. Day of Service on Monday, January 17th, 2022 for residents and business owners.
- ▶ American Red Cross Blood Drive will take place on January 19th, 2022 at the Lynwood Municipal Center.
- ▶ Introducing NIXLE for emergency and community notifications for residents in the village of Lynwood. Please text 60411 to 888-777 to sign up and to begin receiving communications.
- ▶ The vehicle sticker for the 2022/2023 student design competition winner, will be announced at the Board Meeting.

# MLK DAY OF SERVICE

Join the Village of Lynwood residents and business owners for a day of reflection and service on Monday, January 17th, 2022. Please check the website for more details and how to be a part of this special day as we also honor the memory of Dr. Martin Luther King Jr.

**Village of Lynwood Blood Drive**  
**Wednesday, January 19, 2022**  
**1:00pm - 6:00pm**

**LUNA LAND  
DOG PARK**

**NOW OPEN**  
**201st & Lake Park**

## CLERKS CORNER

Sandridge and Heritage 5th - 8th grade students submitted drawings to be entered into the 2022-2023 village vehicle sticker competition. The winner will be announced at the January 11th Board Meeting.

## PUBLIC WORKS

- The speed bumps have been removed for the winter.
- All vehicles have been inspected and prepared for winter snow removal.

## POLICE & FIRE

-A neighborhood block meeting will take place on Wednesday, January 12th, 2022 at 6pm. You will receive a notification when your block is meeting.

-Coffee with a Cop will resume in 2022 with an evening installment on Thursday, January 13th, 2022 from 5-7pm. For more details please email: [Lweinbrecht@villageoflynwood.net](mailto:Lweinbrecht@villageoflynwood.net)

-The Fire Department is **HIRING**. Pick up an application at the Fire Station or in Village Hall.

The Village of Lynwood is thankful for all of our residents and business owners. We would like to give a special thanks to those that contributed to the toy drive, purchased the 2021 village ornament or gave a monetary donation.

## 2021 Branch Pickup Dates

[Print This](#) [E-mail This](#)

Branch pickup for 2021 is below.

Large branches can be placed out at the curb with all stump ends facing the same direction and oncoming traffic. Branches should not exceed 6' length and 10' in diameter. The Village chipper will make one run down each street. Please make sure that branches are set out the night before pickup.

Branch pickup days:

- August 30th and 31st
- September 13th and 14th
- September 27th and 28th
- October 12th
- October 25th and 26th
- November 8th and 9th
- November 22th and 23rd

Please note that these day may change due to weather or machine repairs.

### Location, Phone and Business Hours

21460 Lincoln Highway  
Lynwood IL, 60411  
[708-758-6101](tel:7087586101)  
Monday-Friday 8:00am - 4:30pm

# CURBSIDE RECYCLING

## ACCEPTED ITEMS

Aluminum, Tin,  
& Metal Cans

Plastic Bottles  
& Containers

Glass Bottles  
& Jars

Cartons - Milk, Juice,  
Broth, Soup & Other

File Folders, Office  
Paper, Envelopes

Junk Mail, Glossy Paper,  
Magazines

Flattened  
Cardboard Boxes

Paperboard Boxes -  
Cereal, Tissue &  
Frozen Food Boxes

Newspapers, Catalogs,  
Phone Books,  
Paper Bags

## NOT ACCEPTED

### PLASTIC:

Plastic Bread/Storage Bags  
Large Storage Bins  
Plastic Wrap  
Snack Bags  
(chips, fruit snacks, etc.)  
Flex Packaging  
(baby food pouches, fruit  
snack pouches, etc.)  
CD, DVD Packaging  
Bubble Wrap  
Plastic Silverware  
Motor Oil Containers  
Clothes Hangers  
Straws

### PAPER:

Self Stick Labels  
Used Paper Plates  
Tissue Paper  
Gum / Candy Wrappers  
Waxed Paper  
Paper Cups  
Paper Towels  
**GLASS:**  
Light Bulbs  
Mirrors, Window Glass  
Dishes / Drinking Glasses

### CARTONS:

Foam Egg Cartons  
Ice Cream Cartons

### METAL:

Large Scrap Metal  
Aerosol Cans

### OTHER:

Diapers  
Wood  
Yard Waste

**You might be surprised  
to learn that these  
items are not accepted:**

**Plastic Bags**  
**Greasy Pizza Boxes**  
**Aerosol Cans**  
**Electronics and TV's**  
**Shredded Paper**  
**Batteries**  
**Styrofoam**  
**Solo Cups**  
**Prescription Bottles**  
**Garden Hoses**  
**Christmas Lights**

### QUICK TIPS

- Please do not put recyclables in plastic grocery bags
- Leave your bottle caps on empty bottles
- Please gently rinse or wipe your containers

## Mission Statement:

Storm Water Management is important to everyone as it attempts to protect our environment by protecting waterways including streams, ditches, lakes etc. By instituting stormwater management practices we are trying to have rules that will stop discharges into the waterways that would be harmful.

## What is Storm Water?

Storm Water starts as water from the sky such as rain, snow and hail. Once the water comes into contact with the ground it is then called runoff. Once this water hits the ground it most likely becomes contaminated with things like: dirt, fertilizers, road salt, oils and fluids from all types of vehicles that previously dripped on driveways and streets, oils from asphalt roofing and any other types of debris it comes in contact with as it flows to the storm sewer system. The drainage system is a series of catch basins and drainage ditches that collect and channel runoff from streets, driveways, sidewalks, parking lots and vegetated land surfaces.

## So why is Storm Water a problem?

The problem with storm Water is once it comes in contact with everything described above it carries these debris to the storm sewer system which eventually flows to our streams, ditches, lakes and ponds contaminating the water ways when it is mixed with them. This affects everyone's ability to use the water for such things as swimming, drinking, and fishing. This contaminated storm Water also affects the quality of the aquatic life in our water ways.

## What can I do to help?

Remember only rain in the drains is the statement we should all be using. Please help us keep storm drains clean of debris, if you see someone dumping anything into the storm sewers please notify the Police Department or Public Works immediately.

The links and items below should provide you with information on what we are doing to meet Storm Water Management requirements.

## **Storm Water Management Program (SWMP)**

**For discharges from Small Municipal Separate Storm Sewer Systems (MS4)**

**April 2019 to March 2021**

**May 15, 2019**

### **A. General Information**

**1. Storm Water Management Program contact:**

Name: Vacant  
Title: Director of Public Works  
Mailing Address: Village of Lynwood  
21460 Lincoln Highway  
Lynwood, IL 60411  
Village Number: 708-758-6101  
Public Works Dept.: 708-758-8434  
Email Address:

**2. State Authority Contact:**

Name: Mr. Alan Keller, PE  
Title: Manager, Permit Section  
Mailing Address: Illinois Environmental Protection Agency  
Division of Water Pollution Control  
Permit Section  
P. O. Box 19276  
Springfield, IL 62794-9276  
Email Address: [epa.ms4noipermit@illinois.gov](mailto:epa.ms4noipermit@illinois.gov)

### **B. Governmental entities in which MS4 is located:**

Cook County

### **C. Names of known receiving waters:**

1. Lansing Ditch
2. Lansing Ditch Lynwood Tributary
3. Lansing Ditch Torrence Tributary

**D. Storm Water Management Program Requirements:**

1. The [Village] must develop, implement, and enforce a storm water management program designed to reduce the discharge of pollutants from [its] small municipal separate storm sewer system (MS4) to the maximum extent practicable (MEP), to protect water quality, and to satisfy the appropriate water quality requirements of the Illinois Pollution Control Board Rules and Regulations (35 Ill. Adm. Code, Subtitle C, Chapter 1) and the Clean Water Act. The storm water management program must include the 6 Minimum Control Measures (MCMs). The U.S. Environmental Protection Agency's National Menu of Storm Water Best Management Practices (<http://cfpub.epa.gov/npdes/stormwater/menuofbmps/index.cfm>) and the most recent version of the Illinois Urban Manual should be consulted regarding the selection of appropriate BMPs.
2. You may partner with other MS4s to develop and implement your storm water management program.
3. For further details on the requirements for each of the 6 MCMs, please refer to the latest version of the General NPDES Permit No. ILR40.

**E. Minimum Control Measures (MCMs):**

1. Public Education and Outreach – (MCM 1)
2. Public Participation/Involvement – (MCM 2)
3. Illicit Discharge Detection and Elimination – (MCM 3)
4. Construction Site Runoff Control – (MCM 4)
5. Post-Construction Runoff Control – (MCM 5)
6. Pollution Prevention/Good Housekeeping – (MCM 6)

## F. Minimum Control Measures (MCMs):

### A. Public Education and Outreach

- ☒ A.1 Distributed Paper Material
- ☐ A.2 Speaking Engagement
- ☐ A.3 Public Service Announcement
- ☐ A.4 Community Event
- ☐ A.5 Classroom Education Material
- ☒ A.6 Other Public Education

### B. Public Participation/Involvement

- ☐ B.1 Public Panel
- ☐ B.2 Educational Volunteer
- ☐ B.3 Stakeholder Meeting
- ☒ B.4 Public Hearing
- ☐ B.5 Volunteer Monitoring
- ☐ B.6 Program Coordination
- ☒ B.7 Other Public Involvement

### C. Illicit Discharge Detection and Elimination

- ☒ C.1 Storm Sewer Map Preparation
- ☒ C.2 Regulatory Control Program
- ☒ C.3 Detection/Elimination Prioritization Plan
- ☒ C.4 Illicit Discharge Tracing Procedures
- ☒ C.5 Illicit Source Removal Procedures
- ☐ C.6 Program Evaluation and Assessment
- ☒ C.7 Visual Dry Weather Screening
- ☐ C.8 Pollutant Field Testing
- ☐ C.9 Public Notification
- ☒ C.10 Other Illicit Discharge Controls

### D. Construction Site Runoff Control

- ☒ D.1 Regulatory Control Program
- ☒ D.2 Erosion and Sediment Control BMPs
- ☐ D.3 Other Waste Control Program
- ☒ D.4 Site Plan Review Procedures
- ☐ D.5 Public Information Handling Procedures
- ☒ D.6 Site Inspection/Enforcement Procedures
- ☐ D.7 Other Construction Site Runoff Controls

### E. Post-Construction Runoff Control

- ☐ E.1 Community Control Strategy
- ☒ E.2 Regulatory Control Program
- ☒ E.3 Long Term O&M Procedures
- ☒ E.4 Pre-Const Review of BMP Designs
- ☒ E.5 Site Inspections during Construction
- ☒ E.6 Post-Construction Inspections
- ☐ E.7 Other Post-Const Runoff Controls

### F. Pollution Prevention/Good Housekeeping

- ☒ F.1 Employee Training Program
- ☒ F.2 Inspection and Maintenance Program
- ☒ F.3 Muni Operations Storm Water Control
- ☒ F.4 Municipal Operations Waste Disposal
- ☒ F.5 Flood Management/Assess Guidelines
- ☐ F.6 Other Municipal Operations Controls

Statement of Fairness – All BMPs shall and will be implemented, conducted, regulated, or enforced fairly throughout the entire Village as appropriate and applicable.

Revisions – BMPs C3, C4, and C5 were added to the program in 3/2018.

**H. Revisions:**

1. 10/12/07 – Initial Plan
2. 7/27/15 – Updated Plan for 2013–18
3. 4/15/16 – Updated; added BMP C10
4. 5/2/18 – Updated; added BMPs C3, C4, and C5
5. 5/15/19 – Minor updates
- 6.
- 7.
- 8.
- 9.
- 10.
