MAYORS CORNER

Neighbors and Friends,

As we prepare to gather together for the holidays, let's remember to be thankful for everything that life has thrown our way. The good and bad have shaped who we are as individuals. Let us also remember those who are less fortunate and offer up compassion to them whenever possible. As life slows down, let's take some time to continue to get to know our neighbors and plan for the future of our village.

You have made Lynwood an amazing place to live. These past 6 months have been a bit of a whirlwind. I've enjoyed watching movies in the park, our Thursday morning walks, Lynvinia, Lynwood Fest, OktoberFest and all of the others that brought us together for fun and fellowship. Although the weather is changing, we will not forget to come together whenever possible to continue our journey towards one united community. Be on the lookout for a new and improved website that will be user friendly and will make it easier for you to conduct village business as well as stay informed. We will continue to put information out on social media because we understand that it's used by many but that is not the means by which we will conduct business. Please call village hall or email us if you have a question or concern.

As we look ahead to the New Year, I am excited about pending projects for the village. Dollar General will be open by the end of the year, Dunkin Donuts has delivered final engineering plans, Droit state of the art storage facility has been approved, L Lake Restaurant will be fully open by January and HGP Event Space recently held it's ribbon cutting. You asked for a place to grocery shop and Sweet Potato Patch heard you. They presented my office with final engineering plans for their new distribution center and corporate offices that also includes a separate building that will house a food market along with a beautiful promenade. They are tentatively scheduled for a Phase 1 opening in Q1 of next year. We are changing the economic landscape of Lynwood and enhancing the quality of life for our residents.

Through partnership, we are entering 2022 in the fortunate position of being a village in the midst of a transformation. I consider myself blessed to be able to serve as your leader. Each of you continue to motivate me to work harder. Lynwood is truly becoming a beacon of light in the southland.

Happy Holidays and Happy New Year!

Mayor Jada D. Curry
