FOR IMMEDIATE RELEASE

ABC to Open Contractor Supply Center in Machesney Park

ABC Supply, a National building materials supply company, will construct a new store along Interstate 39-90

MACHESNEY PARK, IL (July 20, 2022) – ABC Supply Company, Inc, headquartered in Beloit, WI, is slated to open a new sales and distribution center warehouse in Machesney Park. Earlier this summer, the Village Board of Trustees approved a development agreement to facilitate the company’s construction of a 15,000 square-foot addition to an existing building near the intersection of Interstate 39-90 and Route 173. Once construction is complete, the warehouse space will total 45,000 square-feet along with a screened, outside storage area.

Mayor Steve Johnson explains that this project is another economic development success for the Village, “We have immense gratitude for the investment that ABC Supply is making here in Machesney Park. The Village’s streamlined development process and business-friendly practices were the ultimate catalysts to landing this project.”

ABC Supply will join a group of other businesses in the Park 90 industrial park including, Quantum Design, TH Foods, HMC Products, and SCP Distributors. Warehouse operations are expected to commence in the first quarter of 2023 with a total of 22 employees.
