---

**IL 251 Sidewalk Improvements  
Construction Update #4  
May 22, 2023**

**Scope of Work:**

The removal and replacement of the sidewalks along the west side of IL 251 between Shoreland Road and Peachtree Court. Reconstruction will include the removal and replacement of driveway aprons.

**This week (May 22<sup>nd</sup> through May 26<sup>th</sup>) Upcoming Driveway Apron Work:**

The Contractor will be starting to remove driveway apron pavement Wednesday, starting at the north end of the project and adjacent to where they had already poured new concrete sidewalk last week. Once the pavement is removed, they will be immediately backfilling with temporary stone so you can continue to use your driveway. Access to your driveway apron will be limited for a short period of time while they are performing this work. In addition to this update, the Contractor will be knocking on doors of affected residents tomorrow (Tuesday) to make arrangements with you to access your property during this work.

Later this week, the Contractor intends to start coring out driveway aprons for the placement of a stone base and new concrete pavement. Another update providing notice to affected residents will be issued prior to that work as well. Finally, the Contractor is cognizant of the upcoming Memorial Day weekend and will ensure that driveway access for adjacent properties is provided over the weekend.

Contractor: NTRAK Group, LLC.
