NEWS RELEASE

County Road 25 (Adams Street) Project Begins July 11, 2011

July 7, 2011

Construction on a segment of County Road 25 or Adams Street in Hutchinson is scheduled to begin July 11, 2011. This 1.5 mile project is located between the Crow River Bridge (near 3M) and County Road 115 (Airport Road). Duininck, Inc. of Prinsburg, MN was awarded the project.

The rehabilitation project is expected to be completed around the middle of August, 2011 and includes removing a portion of the existing driving surface and shoulders, and placing a new concrete driving surface on top along with concrete shoulders. There will be a little more extensive work where the project ties into the bridge.

The road will be closed to Thru Traffic; there will be no posted detours in place. Residents living along the closed road and Local Traffic having business along the road will be permitted and should expect delays and inconveniences, which should be minimal because the project is being constructed in two stages to help alleviate this.

This \$1 million project is funded with State Aid funds.

Any questions regarding the project should be directed to Phil Schmalz, Project Engineer at (320) 484-4362 or email at phillip.schmalz@co.mcleod.mn.us.

Additional project information, updates, and layouts are available on our construction page at www.co.mcleod.mn.us/highway/construction.

Project specific information will also be posted on our [Facebook](#) and [Twitter](#) pages; username is "McLeodCoHwy".
