NEWS RELEASE

County Road 15 Bridge Replacement Begins August 13, 2012

August 6, 2012

Replacement of bridge #7193, located approximately 5 miles north of Glencoe on County Road 15 over the south fork of the Crow River is scheduled to begin August 13, 2012. Duininck, Inc. of Prinsburg, MN was awarded the project.

The new 3-span concrete slab type bridge will be 153' long and 40' wide, which is approximately 25% longer and 30% wider than the existing 54 year old structure.

The road will be closed to all traffic at the bridge. A signed detour utilizing County Road's 55, 2, and 22 will be in place for Thru Traffic (see attached map).

The bridge replacement is expected to be completed around the middle of October, 2012.

This \$700,000 project is funded with State bridge bonds and County State Aid Highway funds.

Any questions regarding the project should be directed to Phil Schmalz, Project Engineer at (320) 484-4362 or email at phillip.schmalz@co.mcleod.mn.us.

Additional project information, updates, and layouts are available on our construction page at www.co.mcleod.mn.us/highway/construction.

Project specific information will also be posted on our [Facebook](#) and [Twitter](#) pages; username is "McLeodCoHwy".
