Hello Chief,

We did have the Bird scooters for a very short time in 2018 here in Montpelier.

I am sure you have seen the Sevendays article here:

We also have the following Valcour complaints documents:

If you were going to have them in your community, I would suggest an ordinance to guide their use/operation as we had many issues with them on sidewalks, left in random places and of course the person isn't wearing a helmet issue.

If you need anything else, just let me know.

Take care,

Eric
