

Town of Middlebury, Vermont November 15, 2022 - Selectboard Meeting Highlights

Key Items & Highlights/Next Steps

- **Review of Proposed Settlement Agreement between Acorn Renewable Energy Co-op & Bristol solar array project contractor Aegis Renewable Energy re: original installation change at solar array site**
 - Town has recently been informed by Co-Op that due to change made by contractor during installation of the solar field, the solar array will be producing less electricity than expected.
 - Town **approved** the proposed settlement agreement between the Co-op and Aegis (contractor) which will compensate co-op members (including the Town) for 70% of the losses that are expected due to error in installation.

Full details of the Selectboard's November 15, 2022 meeting are available in the Draft Meeting Minutes page on the Town's website.
