Hi Eric

Here is the quote on two models of pressure washers that i sell
the first one is a FX2503 5 hp 3 gpm 2500 psi pretty plane

The second one is the one that i would recomend that you go with it has more features like an electric clutch for the pump and i think you will get a lot longer life out of the pump as when you let off on the wand and put that down for some reason the pump will actually disengage . and it also has flat free tires 'adjustable temp,swivel wheels ect.thats the model ss-2503-cl

for the Fx series price with 50'of hose is	3995.00
hose reel kit with 100' of hose	395.00
freight	100.00
total for the fx with hose reel and 100' of hose	\$4490.00

For the ss 2503-cl price with 50' of hose is	4895.00
hose reel kit with 100' of hose	395.00
freight	100.00
total for the ss with hose reel and 100' hose is	\$5390.00

If you have any questions please give me a call
I can have either unit within a couple days

Thank you
Todd
