

Infrastructure Committee Meeting Agenda and Project Update Notes

Water Monitoring Project

One bid was received, from Parker Excavating Bid was \$255,112.37. The bid was higher than expected. Our engineering consultant, Aldrich & Elliott are reviewing the bid and will discuss with the State. We may consider re-bidding later in the summer.

Facilities Management

Judy Harris will attend the meeting to discuss the Library maintenance spreadsheet. We met with Tim Ryan (HVAC) and Mike Adams (Electric) on May 5 to review the mechanical and electrical needs based on an engineering report by Engineering Services of Vermont. The Library spreadsheet is attached.

Fuel Supply- Public Works

Bill Kernan will review the two fuel pump supplier proposals.

Otter Creek Footbridge Asphalt Path to Marble Works.

Bill will discuss the schedule for work to re-pave this area.
