

Present: Dustin Hunt, Megan Curran, Tricia Allen, Mark Wilch, Greg Boglioli, Megan Mayo

- Dustin updated the group on the hiring and training process for summer staff.
 - 1st Aid/CPR, Tick Safety training, and 4.5 hours of staff training online are part of the training package as well as participation in the Summer-rama conference.
 - Dustin discussed the new hiring process which is more involved.
- Talked about changes to policies and procedures for summer
 - New pool manager has already begun to review, with the rec staff, standard operating procedures for pools to manualize rules/procedures for the Midd pool this summer
 - Requirement that registration paperwork is in before allowing children to participate in programs
 - Discussed the interview with potential Kookamunga director. Interview went well and will likely offer the applicant the job. Goal is to have her be a part of selecting counselors and start preparing early for summer.
- Cleaning staff for Rec. building has been changed and people were optimistic. Kelly Trayah starts May 1, 2018
- Notes from last meeting were reviewed
- Feedback from Donna LaRose was discussed. Group agreed her points had been investigated and taken into consideration as plans for this summer were made. It was noted that Donna had not gotten any follow up from her presentation of her concerns at an earlier P & R meeting. The group agreed that some type of feedback was warranted, at minimum, sharing with Donna that her concerns were listened to. Greg volunteered to draft a letter of feedback for Donna that would be given to Dustin to share with Bill and Kathleen.
