Subject: FW: Bird scooters - 2021 Middlebury Planning

Hi Tom,

Here is the information (attached and link below) from the scooter meeting I had. Bird is looking to find a partner currently doing business in Middlebury who will be the sponsor and caretaker of 50 scooters. I thought the PHS committee was probably the correct place to start discussing this. Some additional information...

- Business partner receives 50% of the sales
- Areas such as TAM trails or other can be geo-fenced off so the scooters won't work within a given boundary
- \$1 initial fee then around \$0.35/minute
- Scooters weigh 35 lbs

They are anxious to start this spring. Let me know what you think.

Thanks,

Bill "Buzz" Kernan
