Notes:

- Option pricing was requested for several line items that DPW plans to maintain if an EV Mower is purchased this year
- It appears that Steady Property Maint. had an entry error on Bid Packet #4 of \$100,000 instead of \$100 (result would still have been higher than low bid)
- Pierre Laroche did not supply numbers for all packets, which was a requirement of the bid package

The Middlebury Selectboard met on April 11th and awarded the bid to Brian's Lawn Care with any option pricing to be worked out with DPW
