VTrans Traffic Operations Engineer
Vermont Traffic Committee Coordinator
Ian.Degutis@vermont.gov

Via e-mail only

Dear Mr. Degutis and Vermont Traffic Committee:

We write to request the Vermont Traffic Committee's review of the speed limits on Route 116 and Route 125 in East Middlebury.

Residents report that the 35 and 40 mile-per-hour speed limits on the two roads in the densely-populated village core seem too high given the high volume of vehicular traffic, the number of businesses and community facilities, and the significant number of pedestrians.

Please let us know when the Traffic Committee schedules their meeting for the review of the speed limits on Route 116 and Route 125, as several Town representatives would like to attend to support our request.

Letter to Traffic Committee
