Middlebury Select Board:

Thanks again to Brian and Heather for talking with the Middlebury Economic Health Committee on August 30. The discussion was very helpful. The Committee still feels that our work would benefit from an economic development outcome statement by the Select Board. What is the vision that you have in mind that this work should address? In the meantime, the Committee will use the Goals, Strategies, and Actions in Section 4 of the Town Plan (Economic Development) for guidance.

The Committee has the following requests:

- Consider modifying the committee charge as suggested in the attached redraft (view in track changes with all edits options on).
- Extend the life of the Committee to two years with periodic check-ins and the ability to submit interim recommendations for consideration.
- Approve a \$1,500 budget with expenditure requests approved by the Town Manager.

Best,

Fred
