Dear Kathleen,

Chip and I can't come to the Selectboard meeting this Tuesday, but attached is the Climate Solutions Resolution that 35 other Vermont towns have already passed and that we are working to get on the ballot for Middlebury's Town Meeting.

In the VLCT policy draft, **4.06, Energy and Environment**, the League supports some elements of the Climate Solutions Resolution. Please consider taking the Climate Solutions Resolution to the League for their consideration and support.

Thank you very much,

Jack and Chip Mayer
