Dear Kathleen

Attached are two documents I would like to submit for the October 9 Select Board meeting. They are lists of residents who request that the new park to be built on the site of the Lazarus Department Store (in or near Printers Alley) be named in honor of Stan Lazarus and the Lazarus family.

One document is a three-page formal petition assembled by Scott Needham in support of the proposed name for the park. The other document is an informal list of residents who responded affirmatively by email to my request for support. There is a little duplication between the list and the petition, but there are more than ninety separate names. I am certain that many more Middlebury residents as well as residents of nearby towns who shop in Middlebury will be equally enthusiastic.

Thank you,

Judy Olinick

I support that the new park to be built on the site of the former Lazarus Department store in Middlebury be named, "Lazarus Park". This will be a lasting memorial to the contributions of Stan Lazarus and other members of the Lazarus family to our town and the State of Vermont.
