To Whom It May Concern:

Housing Vermont is requesting consent for HOPE, also known as Bristol Affordable Housing, Inc., to exit Smith Housing Limited Partnership. HOPE is intent on placing their efforts in other areas and divesting themselves of their housing partnerships. As a result, they are exiting all of our mutual partnerships.

This exit should have little to no impact on the operation of this project. Addison County Community Trust has been and will continue to be managing the property with the oversight of Housing Vermont and both organizations are committed to maintaining the affordability and longevity of this very important local resource.

Please feel free to contact me with any questions.

Sincerely,

Rewa Worthington
