

TOWN of MIDDLEBURY
77 Main Street
Middlebury, Vermont 05753

October 24, 2018

Dear Property Owner,

As you know, the Middlebury Selectboard is considering repair options for Creek Road. One of the options under discussion is to shift the road to the east in some locations in order to create a vegetated buffer between the river and the road.

In order to shift the road to the east, we would need to work with you to secure a right-of-way across a portion of your property and the Middlebury Selectboard asked me to contact you to inquire about your interest and/or willingness to provide land for the right-of-way to the Town. To facilitate your response, I have enclosed a response form along with a self-addressed stamped envelope for your use.

To provide additional information about the several options under consideration, a copy of the engineering report laying out options for the Creek Road right-of-way, an updated document entitled the *Background & Status of Creek Road Temporary Closure* and a copy of the draft Selectboard Meeting Minutes from October 23rd, which include the Board's latest discussion of Creek Road, are enclosed for your review.

The Middlebury Selectboard will be discussing next steps in their consideration of the Creek Road right-of-way at its meeting on Tuesday, November 27, 2018 at 7:00 p.m.

Thank you for your consideration of our inquiry. If you have any questions about this correspondence, please do not hesitate to contact me at 458-8000.

Sincerely,

Kathleen Swinington Ramsay
Town Manager
