Dear Members of the Middlebury Selectboard:

I have attached a draft letter to Secretary Flynn that I wrote after the most recent public hearings. The letter speaks for itself, but in summary, it asks the Secretary to intervene in the tunnel project and ask his project team to listen to the people of Middlebury and incorporate their vision harmonizing multimodal transportation and economic and community development into the rebuilding of Triangle Park and Printer's Alley.

I am requesting that you join me in this letter. If so, I would be happy to rewrite it so we both could sign it.

Thank you for considering this request. Like Middlebury, the Addison County Regional Planning Commission wants the best for the State's transportation infrastructure and Middlebury's downtown. We look forward to continuing to work with the Middlebury Selectboard, VTrans and all other stakeholders to try to harmonize those goals.

Very truly yours,

Adam Lougee, Director
