Subject: ACEDEC Board

Dear Ms. Ramsey and Mr. Carpenter:

I was reading the recent minutes of the last selectboard meeting and noticed that no one stepped forward to fill the position of town representative to the ACEDC board.

I'd like to throw my hat in the ring, though it'd be good for me to hear just what the job entails.

While my personal residence is in Weybridge, I own two properties in Middlebury (6 High St. and 50 Court St.) and I own Addison County Real Estate, which is located south of Foster Motors on Route 7. Besides many volunteer activities, I am also chair of the Weybridge Planning Commission. I've long been interested in economic development and would love to help solve some of the challenges facing the county.

If you feel I qualify, I'd like to have a chat with one or both of you.

Thanks,

Jeff
