Members of the Governing Council Citizens of the City of Monett, Missouri

The Administrative Department is pleased to present the Annual Financial Report for the City of Monett, Missouri (the City), for fiscal year ended March 31, 2010. This report is submitted to you in compliance with state law requiring that all political subdivisions in the state shall cause to be prepared an annual report of the financial transactions in such summary form as the state auditor shall prescribe (105.145, RSMO) and the state auditor shall receive a copy of the financial report (15 CRS 40-3.030).

Responsibility to report financial data that is complete and accurate rests with the City. It is our belief that the information reported in this document fairly presents the financial position of the City in all material aspects, on a Government-wide and a Fund basis. To enhance the reader's understanding of these financial statements, note disclosures have been included as an integral part of this document.

To ensure reliability of the accounting data upon which the City's financial statements are based, internal controls are utilized to provide reasonable assurance that transactions are accounted for properly and City assets are safeguarded. Additionally, the Administrative Department staff has prepared this report in conformity with accounting principles generally accepted in the United States of America (GAAP) which are standard guidelines for financial reporting, further ensuring that the financial position of the City is presented fairly.

The City of Monett, Missouri's financial statements have been audited by The CPA Group, P.C., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Monett, Missouri for the fiscal year ended March 31, 2010, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Monett, Missouri was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards.

The Annual Report is presented in three sections: introductory, financial, and statistical. The *introduction section* is designed to introduce the reader to the report and includes the transmittal letter, the City's organization chart, and a list of principal officials.

The *financial section* begins with the independent auditors' report. The auditors' report discloses the opinion of the independent auditors with regard to the presentation of the financial statements and internal controls. This section also includes the Management's Discussion and Analysis, the Financial Statements and Notes that provide an overview of the City's financial position and operating results, the Combining Statement of non-major funds and other schedules that provide detailed information relative to the Basic Financial Statements.

The *statistical section* includes selected financial information, generally presented on a multiyear basis. This section is designed to provide the user with a broader and more complete understanding of the City and its financial affairs than is possible from only the financial statements and supporting schedules presented in the financial section.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Monett, Missouri's MD&A can be found immediately following the report of the independent auditors'.

Profile of the Government

The City of Monett, Missouri, incorporated in 1888, is a third class city located in the southwestern part of the state. The City currently occupies a land area of 9 square miles and has a population of 7,396. The City is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing council.

The City operates under a commission form of government. Policy-making and legislative authority are vested in a governing council consisting of the mayor and two commissioners. The governing council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and appointing the heads of the various departments. The various departments are responsible for carrying out the policies and ordinances of the governing council, and for overseeing the day-to-day operations of the government. Council members serve four-year terms that expire in April of 2012.

The City of Monett provides a full range of services normally associated with a municipality, including police and fire protection, emergency communication center, public works services, municipal airport, parks and other recreation facilities, and general administrative services. The City also operates water, electric, sewer, sanitation and fiber optic services, all of which are accounted for in the financial statements as business-type funds.

This report presents data for the financial reporting entity, which includes all departments, funds, boards, and commissions of the primary government (the City, as legally defined), as well as all of its component units. Component units are legally separate entities for which the City is financially accountable. The one component unit of the City is the East Highway 60 Community Improvement District, which is a blended component unit. The financial reporting entity is discussed further in Note 1 of the financial statements.

The annual budget serves as the foundation for the City of Monett, Missouri's financial planning and control. All departments of the City of Monett, Missouri are required to submit requests for appropriation to the City Administrator in January each year. The City Administrator uses these requests as the starting point for developing a proposed budget. The City Administrator then presents a proposed budget to the council for review prior to March 10th. The council is required to hold public hearings on the proposed budget and to adopt a final budget by no later than March 31, the close of the City of Monett, Missouri's fiscal year. The appropriated budget is prepared by fund (e.g., general fund), and department (e.g., police). Department heads may make transfers of appropriations within a department. Transfers of appropriations between departments, however, require the special approval of the governing council.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Monett, Missouri operates.

Local economy – The City of Monett has a diverse manufacturing and industrial base that adds stability to the local economy. Major industries with headquarters or divisions located within the government's boundaries or in close proximity include computer software providers, several window manufacturers, playground equipment manufacturer, food manufacturers, cheese processors, dairy processors, poultry processors, and several financial and insurance institutions. The City has a broad mix of retail and service establishments that serve Monett and the surrounding areas. Monett's population has increased 19.4% in the last ten years which has led to further expansion of the retail base and provided increased sales tax revenues to the local government.

During FY2010, the City experienced a decline of 7% in general sales tax revenue compared with the previous year. This was attributable to an economy that continued a slow recovery from the recession of 2008-2009. Relatively high unemployment and modest levels of consumer confidence led consumers to increase personal savings and reduce spending. General sales tax revenue for the last half of FY2010 appeared to indicate some improvement leading into FY2011.

Total General revenues and transfers for FY2010 declined 6.3% from the previous year despite a substantial increase in revenue derived from settlements with various phone companies relating to the payment of back taxes. Total expenditures decreased in FY2010 by less than one percent from the previous year.

The Monett Industrial Council indicates that business conditions have improved since 2009 and particularly in the last 30 to 45 days, however, they caution that there is uncertainty in the market which is acting as a barrier to significant economic growth. Employment levels in local industries remains stable but some companies have modified workweeks that have reduced the total number of employee hours. The outlook for 2011 remains cautiously optimistic with concern voiced for the impact of federal health care reform on small businesses.

Long-term financial planning – As of March 31, 2010, the City was preparing to issue \$2,859,000 in Recovery Zone Bonds to finance major improvements to the water distribution system. These improvements were preliminary but significant steps toward the construction of a new water treatment plant. The scope of work consisted generally of new transmission lines looping the system, improvements to Well # 21, a new raw water line from Well # 12 to the future site of the water treatment facility, and a booster pump station that would resolve low pressure problems in certain areas of the system. The City Council intends to increase water rates by \$0.40 per 1,000 gallons in April, 2010 and \$0.43 per 1,000 gallons in April, 2011 to pay for these improvements.

It is the City's intent to proceed with plans for the construction of a water treatment facility and to ask voters to approve the issuance of revenue bonds to pay for such improvements. An election is likely to be scheduled for August, 2011. These improvements to the water distribution system remain the City's top priority in the Capital Improvement Plan.

The City's Capital Improvement Plan includes Public Facility Improvements relating to the Casino building and Community Building; planning associated with the Vision 2030 Downtown Revitalization plan; constructing a new Public Works Maintenance Facility; and constructing additional hangars at the Monett Airport. Long term plans include street improvements at the intersection of Central and Broadway streets; a new railroad overpass on Chapell Drive near the intersection of Business 60; and the construction of a new, expanded runway at the airport.

Cash management policies and practices - Cash temporarily idle during the year was invested in money market accounts, certificates of deposit, and U.S. agency securities. The maturities of the investments range from 12 months to 4 years, with an average maturity of 36 months.

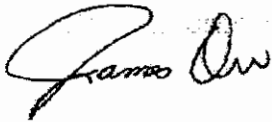

Risk management - During 1998, the government initiated a safety program for workers' compensation. This program strives to emphasize the importance of practicing sound loss prevention techniques, the refinement of work safety policies and procedures and the creation and maintenance of a safe working environment. In addition, various control techniques, including employee accident prevention training, have been implemented to minimize accident-related losses.

Acknowledgements

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the administration department. We would like to express our appreciation to all members of the department who assisted and contributed to the preparation of

this report. Credit also must be given to the governing council for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Monett, Missouri's finances.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "James Orr".

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor James Orr,
Councilman Jerry Dierker and Councilman Michael Brownsberger
City of Monett, Missouri

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the City of Monett, Missouri as of and for the year ended March 31, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Monett, Missouri's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the City of Monett, Missouri, as of March 31, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 20, 2010, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United State of America require that the management's discussion and analysis and budgetary comparison information on pages 9 through 16 and 48 through 52, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the

information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Monett, Missouri's financial statements taken as a whole. The introductory section, combining and individual departmental financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The combining and individual departmental financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and, certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, are fairly stated in all material respects in relation to the financial statements as a whole. The introductory and the combining departmental sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

THE CPA GROUP, P.C.

Monett, Missouri

MANAGEMENT'S DISCUSSION AND ANALYSIS

City of Monett, Missouri

THIRD CLASS CITY - COMMISSION FORM OF GOVERNMENT

James Orr, Mayor • Michael Brownsberger, Commissioner • Jerry Dierker, Commissioner

217 Fifth Street • P.O. Box 110 • Monett, Missouri 65708

City Clerk - (417) 235-3763

City Collector - (417) 235-3544

Council - (417) 235-3355

Fax - (417) 235-4608

Management's Discussion and Analysis

As management of the City of Monett, Missouri, we offer readers this narrative overview and analysis of the financial activities of the City of Monett, Missouri (the City) for the fiscal year ended March 31, 2010. We encourage readers to consider the information presented here in conjunction with the transmittal letter at the front of this report and the City's financial statements and footnotes, which follow this section.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$32,920,473 (*net assets*). Of this amount, \$4,915,230 (*unrestricted net assets*) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net assets increased \$1,519,927. Of this amount, \$1,271,274 was from the City's "governmental activities" and \$248,653 from the "business-type activities".
- The City total debt decreased by \$2,896,416 during the current fiscal year. The City's fiscal year started with existing debt of \$27,134,917, principal payments of \$2,982,716 were made during the year, also, new debt issuance of \$86,300, which created ending fiscal year debt balance of \$24,238,501. The debt increase was due to golf cart purchases.

Overview of the Financial Statements

This discussion and analysis is intended to provide an introduction to the basic financial statements. The basic financial statements comprise three components: government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The *government-wide financial statements* are a broad overview of the City's finances, in a manner similar to a private business.

The *statement of net assets* presents all of the City's assets and liabilities with the difference between the two reported as *net assets*. Net assets are an important measure of the City's overall financial health. The increases or decreases in net assets can be monitored to determine whether the City's financial position is improving or deteriorating.

CITY OF MONETT, MISSOURI

MDA

MARCH 31, 2010

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements report functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) and from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include policy development and administration, public safety, public works, parks and recreation, and municipal airport. The business-type activities of the City of Monett, Missouri include water, electric, sewer, sanitation and fiber optic operations.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure compliance with finance-related legal requirements. These funds are divided into two categories: governmental funds and proprietary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Proprietary funds. The City uses two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, electric, sewer, sanitation and fiber optic operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its hazardous material, safety, and mechanic operations. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

CITY OF MONETT, MISSOURI
MDA
MARCH 31, 2010

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's progress in funding its obligation to provide pension benefits to its employees. The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information on pensions.

Government-wide Financial Analysis

Net assets may serve as a useful indicator of the City's financial position. As of March 31, 2010, assets exceeded liabilities by \$32,920,473. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

NET ASSETS

The following table reflects the condensed schedule of net assets as of March 31, 2010 and 2009:

City of Monett Net Assets

	Governmental Activities		Business-type activities		Total	
	2010	2009	2010	2009	2010	2008
Current and other assets	\$ 4,040,991	\$ 4,340,309	\$ 8,989,916	\$ 8,053,929	\$ 13,030,907	\$ 12,394,238
Capital assets	26,653,822	27,722,031	20,076,267	21,122,590	46,730,089	48,844,621
Total assets	30,694,813	32,062,340	29,066,183	29,176,519	59,760,996	61,238,859
Long-term debt outstanding	15,075,839	16,985,476	8,032,133	8,491,965	23,107,972	25,477,441
Other liabilities	1,508,069	2,237,233	2,224,482	2,123,639	3,732,551	4,360,872
Total liabilities	16,583,908	19,222,709	10,256,615	10,615,604	26,840,523	29,838,313
Net assets:						
Invested in capital assets, net of related debt	10,885,894	9,511,873	11,605,694	12,197,854	22,491,588	21,709,727
Restricted	2,071,194	2,957,292	3,442,461	3,228,201	5,513,655	6,185,493
Unrestricted	1,153,817	370,466	3,761,413	3,134,860	4,915,230	3,505,326
Total net assets	\$ 14,110,905	\$ 12,839,631	\$ 18,809,568	\$ 18,560,915	\$ 32,920,473	\$ 31,400,546

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities. The City's combined net assets increased to \$32,920,473 from \$31,400,546 as a result of the increase in net assets reflected in the next table.

CITY OF MONETT, MISSOURI

MDA

MARCH 31, 2010

The largest portion of the City's net assets, \$22,491,588 (68%), reflects its investment in capital assets (e.g. land, construction in progress, buildings, improvements, machinery and equipment, and infrastructure); less any related debt used to acquire those assets that are still outstanding. An additional portion of the City's net assets, \$5,513,655 (17%), represents resources that are subject to external restrictions on how they may be used. The remaining balance of the City's net assets, \$4,915,230 (15%), represents unrestricted net assets that may be used to meet the City's ongoing obligations to citizens and creditors.

Governmental Activities

Governmental activities increased the City's net assets by \$1,271,274. Sales tax revenues, the largest governmental category, were \$2,611,282. For the fiscal year ended March 31, 2010, revenues totaled \$28,839,413 (governmental and business-type). Revenues from governmental activities total \$6,288,109, or 22%, of the total City revenues. City revenues decreased \$879,855 within the governmental activities due to a reduction in capital grants and contributions.

CITY OF MONETT, MISSOURI
MDA
MARCH 31, 2010

Certain revenues are generated that are specific to governmental program activity. These totaled \$1,127,377. The following table shows expenses and program revenues of the governmental activities for the year ended March 31, 2010 and 2009:

Net Cost of City of Monett Governmental Activities

	Total cost of service		Net cost of service	
	2010	2009	2010	2009
Policy development and administration	\$ 446,791	\$ 628,863	\$ 217,143	\$ 420,539
Public safety	3,396,137	3,501,412	3,326,679	3,460,172
Public works	2,180,829	1,581,321	1,910,788	455,779
Parks and recreation	1,043,041	1,035,047	645,103	667,268
Municipal airport	431,390	442,779	271,098	(109,175)
Interest on long-term debt	719,677	921,817	719,677	921,817
	<u>\$8,217,865</u>	<u>\$8,111,239</u>	<u>\$7,090,488</u>	<u>\$5,816,400</u>

As previously noted, expenses from governmental activities total \$8,217,865 million. However, net costs of these services were \$7,090,488.

Business-type Activities

Business-type activities increased the City's net assets by \$248,653. Key elements of this increase are as follows:

- The water recorded net loss of \$79,138 for the year. Revenues relating to charges for services increased \$146,086. Operating expenses increased \$168,038 compared to prior year expenses due to increases in repairs and maintenance expense.
- The electric recorded net income of \$645,957 for the year. Revenues relating to charges for services decreased \$8,159. Operating expenses decreased \$130,277, due to reduced electricity purchase charges.
- The sewer recorded a net loss of \$518,236 for the year. Revenues relating to charges for services increased \$222,219. Operating expenses decreased \$153,164 due to reduced depreciation charges.

Financial Analysis of the City's Funds

As of the end of the fiscal year, the City's governmental funds report a combined fund balance of \$14,110,905 (an increase of approximately 10%). This increase is largely due to intergovernmental payment of \$1,120,692 from MODoT to the TIF 1 fund. This payment was for reimbursement of construction costs relating to Hwy 60.

The fund balance of the General Fund increased to \$1,389,996 at the end of the fiscal year due to reduction in operating costs and also reduced capital outlay.

The net assets in the E-911 Fund decreased to \$124,980 (decrease of \$12,245 or 9%) in the fiscal year due to operating expenditures in excess of restricted revenues for 911 purposes.

Capital Assets and Debt Administration Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of March 31, 2010, amounts to \$46.7 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, and infrastructure.

Capital events during the current fiscal year included the following:

- Administration – 5th Street Parking Lot \$17,060, N Central Land \$2,500.
- Airport – Credit Card Reader \$6,220
- Fire – Thermal Imager \$8,100.
- Street – Roof Replacement \$41,923, Vermeer Clipper \$33,840, Clear Creek Bridget \$185,418, Eisenhower Bridge \$123,331, Greenway Project \$49,218, TIF 1 Hwy 60 addition \$141,836 and land \$12,100.
- Golf – 24 carts \$103,190.
- Mechanic – Roof Replacement \$19,312
- North Park – HVAC unit \$5,500 (donated)
- South Park – Lighting Displays \$5,758 (donated) and 2002 Kubota Tractor \$20,000
- Electric – PCB building \$2,743 and Electric System Improvement \$101,764
- Sewer – Sewer System Improvements \$158,706.
- Sanitation – Land purchase \$12,100.

CITY OF MONETT, MISSOURI
RECONCILIATION OF THE CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED MARCH 31, 2010

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balance - total governmental funds	\$ (242,972)
Prior year construction in progress is included in current year capital outlay	(110,384)
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives.	775,306
In the Statement of Activities cost of capital outlay assets is allocated over their estimated useful lives and reported as depreciation expense.	(1,664,790)
In the Statement of Activities, assets that are sold, exchanged or retired generate a gain or loss	40,628
In the Statement of Activities cost of accrued compensated absences are expensed as salary costs.	16,875
Governmental funds report unamortized bond premium as expenditures. However, in the statement of activities the cost of those premiums are allocated over their debt repayment lives.	(32,168)
In the Statement of Activities cost of accrued interest expenses are expensed as interest costs	46,547
Governmental funds report proceeds from financing as revenue. However, in the statement of activities the proceeds of those loans are balance sheet items and not reported on the Statement of Activities.	(86,300)
The repayment of the principal of long-term debt consumes the current financial resources of governmental funds.	2,528,532
Change in net assets of governmental activities	\$ 1,271,274

See accompanying notes to the financial statements.

NONCASH CAPITAL FINANCING ACTIVITIES

Capital assets of \$192,856 were acquired through capital lease.

See accompanying notes to the financial statements.

NOTES TO FINANCIAL STATEMENTS

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(A) Reporting Entity

The City of Monett, Missouri, was incorporated as a town in 1888 and, as a city on March 3, 1914, under the provisions of the State of Missouri. The City operates under a Mayor-Board of Commission form of government as a Third Class City. The Mayor and the two Commissioners serve four-year terms that expire in April 2012. The City provides a variety of general governmental services to residents including general administrative services, public safety, public works, parks and recreation, and airport operations. Other services include water, electric, sewer, fiber optic, and sanitation operations.

The financial reporting entity consists of the primary government and its component units, which are entities that the government is considered financially accountable for. The determination of financial accountability includes consideration of a number of criteria, including: (1) the appointment of a voting majority of an entity's governing authority and the ability of the primary government to impose its will on the entity, (2) the potential for the entity to provide specific financial benefits to, or impose specific financial burdens on, the primary government, and (3) the entity's fiscal dependency on the primary government.

Blended Component Unit - The following legally separate entity is a component unit, which is, in substance, a part of the City's general operations. This component unit provides services entirely, or almost entirely, to the primary government or provides services which exclusively, or almost exclusively, benefit the primary government. Data from this unit is combined with data of the primary government for financial reporting purposes.

The East Highway 60 Community Improvement District (CID) - The CID, a political subdivision of the State of Missouri under Section 67.1401 to 67.1571 of the Revised Statutes of Missouri 2000, was created under Ordinance No. 7577 of the City adopted July 14, 2006. The purpose of the District shall be those purposes stated in Section 67.1401 to 67.1571 RSMo. 2000. The CID was established to impose a sales tax of one-half of one percent of all retail sales within the district for a period of four years from the date on which the tax is first imposed for the purpose of providing revenues to support a revenue bond issue in the City of Monett, Missouri to correct the blight conditions within the district.

The board of directors of the district consists of five persons appointed by the Mayor with the advice and consent of the City Council. Financial information for the CID has been included within the governmental activities and governmental funds. Although it is legally separate from the City, the CID is reported as if it were part of the primary government because its sole purpose is to finance the construction of various capital projects within the City. No separately issued financial statements are prepared for the CID.

No other entities met the criteria for inclusion as component units of the City.

(B) Government-wide and Fund Financial Statements

The basic financial statements include both the government-wide (the Statement of Net Assets and the Statement of Activities) and fund financial statements.

Government-wide Financial Statements: The government-wide statements display information about the primary government and its component unit. For the most part, the interfund activity has been eliminated from these statements to minimize the duplication of internal activities. Governmental activities, which are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely on fees and charges for services for support.

In the government-wide Statement of Net Assets, both the governmental and business-type activities are each consolidated and presented on the full accrual, economic resources basis of accounting. The consolidated presentation incorporates long-term assets and receivables as well as long-term debt and obligations, and it provides valuable information for greater analysis and comparability.

The government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities and for the business-type activities. Direct expenses are those that are specifically associated with a program or a function.

Program revenues include (a) charges paid by recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meet operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. Program revenues are typically restricted to a specific function or activity.

Fund Financial Statements: Separate fund financial statements report information on the City's governmental and proprietary funds. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining funds are aggregated and reported as nonmajor funds in their respective categories.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. Consequently, the emphasis on near-term inflows and outflows of resources do not present the long-term impact of transactions. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrued accounting. However, debt service expenditures, as well as expenditures relating to compensated absences are recorded only when payment is due. Conversely, the proprietary fund statements incorporate the accrual basis of accounting and focus on the change in total economic resources. This presentation records long-term assets and liabilities, and recognizes revenues and expenses when transactions occur, regardless of their impact on the flow of cash. Since the accounting differs significantly between the governmental funds and the proprietary funds, it is necessary to convert the governmental fund data to arrive at the government-wide financial statements. Therefore, reconciliations have been provided following the governmental funds balance sheet and the statement of revenues, expenditures and changes in fund balance identifying categories that required conversion from the fund statements.

In the governmental funds, sales taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of taxes received within 30 days is considered to be susceptible to accrual as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Operating activities of the proprietary funds include all transactions and other events that are not defined as capital and related financing, non-capital financing, or investing activities. More specifically, operating revenues consist of sales and charges for services. Operating expenses of the proprietary funds include personnel services, operating supplies, and services incurred in conducting daily business.

The City reports the following major governmental funds:

General Fund — This fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

E-911 — The purpose of this fund accounts for revenues and expenditures relating to 911 emergency dispatching services. Cash and investment for this fund are restricted by state statute.

Tax Increment Finance — The purpose of this fund accounts for revenues and expenditures relating to tax increment financing projects. Cash and investments for this fund are restricted by state statute.

The City reports the following major proprietary funds:

Water System — This fund accounts for the operations, maintenance and improvement activities of the existing water system and capital improvements pertaining to the City wells, facilities, equipment and infrastructure.

Electric System — This fund accounts for the operations, maintenance and improvement activities of the existing electric system and capital improvements pertaining to the City substations, facilities, equipment and infrastructure.

Sewer System — This fund accounts for the operations, maintenance and improvement activities of the existing sewer system and capital improvements pertaining to the treatment plant, lift stations, equipment, and infrastructure.

Sanitation System — This fund accounts for the operations, maintenance and improvement activities of the existing sanitation collection system and capital improvements pertaining to the recycling center, sanitation equipment and facilities.

Fiber Optic System — This fund accounts for the operations, maintenance and improvement activities of the existing fiber optics system and capital improvements pertaining to the equipment, and infrastructure.

The City reports the following fund types:

Internal Service Funds — These funds account for the costs of the Hazardous Material, Safety, and Mechanic Funds on a cost-reimbursement basis.

(C) Assets, Liabilities, and Net Assets or Equity

a. Deposits and Investments

City monies are deposited in FDIC-insured banks. Funds in excess of FDIC insurable limits are secured with collateral pledged by the banks. Permissible investments include obligations of the U.S. Government, State of Missouri, bonds, bills or notes guaranteed by the U.S., state or city governments, certificates of deposit, repurchase agreements, bankers acceptances, and commercial paper. The City purchases investments from SEC-registered broker-dealers and banks. Investments are carried at cost, less purchase premiums which are amortized over the life of the investment. Cost approximates fair market value at year end.

b. Receivables and Payables

Activity between funds that are representative of borrowing/lending arrangements outstanding at the end of the fiscal year are referred to as either "due to/due from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

c. Inventories and Prepaid Items

Purchase of various operating supplies are regarded as inventories at the time purchased and are recorded as assets at the close of the fiscal year. Supplies purchased are expensed at the time they are put into use.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Health insurance premiums and workman's compensation are accounted for using the consumption method.

d. Restricted Assets

Certain proceeds of the City's bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the applicable balance sheets and statement of net assets because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

e. Capital Assets

Capital assets include land, construction in progress, buildings and improvements, equipment, and infrastructure assets (e.g., roads, bridges, storm sewers, and similar items) and are included in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, excluding land, are defined by the City as assets with a cost of \$5,000 or greater and an estimated useful life of at least one year. All land purchases are capitalized regardless of cost. All purchased fixed assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated fixed assets are valued at their estimated fair market value on the date received. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of the business-type activities is included as part of the capitalized value of the assets constructed.

Building and improvements, equipment and infrastructure is depreciated using the straight-line method over the following estimated lives:

	<u>Years</u>
Primary government:	
Buildings	5 to 40
Improvements	5 to 40
Machinery and equipment	3 to 40
Infrastructure	20 to 40

f. Compensated Absences

All vested or accumulated vacation, scheduled holiday leave and vested accumulated sick leave is accrued when incurred in the government-wide and proprietary financial statements. Compensated absences for the years ended March 31, 2010 and 2009 are \$590,595 and \$594,643, respectively.

g. Long-Term Obligations

In the government-wide financial statements and proprietary fund financial statements, long-term debt and obligations are reported in the Statements of Net Assets as liabilities in the applicable governmental and business-type categories. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

h. Fund Balances

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for specific purposes. Designation of fund balances represent tentative plans for future use of financial resources that are subject to change.

i. Capitalization of Interest

Net interest costs related to acquisition or construction is capitalized as part of the cost of the related asset for the business type and proprietary activities of the City, and component unit. Total interest costs incurred by the City were \$1,106,790, of which none was capitalized.

j. Interfund and Related Party Transactions

Transactions between the City's various funds are accounted for as revenues and expenditures or expenses in the funds involved if they are similar to transactions with organizations external to City government. Certain transactions between City Utilities and the City are also treated in this manner. The operations of City Utilities for the year ended March 31, 2010 reflect payments in lieu of taxes (PILOTS) to the City of \$2,113,366.

In addition, City Utilities also provides services such as energy for street lighting and other electric, water and sewer services without charge to the City. The cost of providing such services was approximately \$685,562.87 in the current fiscal year.

k. Net Assets

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

Invested in Capital Assets, Net of Related Debt - This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted— This consists of net assets that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation.

Unrestricted - This consists of net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

l. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United State of America (GAAP) requires management to make estimates and assumptions that affect the reporting amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

(2) DETAILED NOTES ON ALL FUNDS

(A) Deposits

The City pools idle cash from all funds for the purpose of increasing income through investment activities. The cash and investment pool is available for use by all funds and is comprised of deposits and other investments. At March 31, 2010, the bank balance of the City's deposits was \$2,233,024, which was covered by federal depository insurance or by collateral held by the City's agent in the City's name. A difference exists between bank and book balances of (\$22,008) due to deposits in transit and other reconciling items.

The City also maintains separate cash accounts restricted for specific purposes. At March 31, 2010, the bank balance of the City's restricted deposits was \$3,089,670, which was covered by federal depository insurance or by collateral held by the City's agent in the City's name.

(B) Investments

Statutes authorize the City to invest in investments, which are:

- a. Obligations of the United States government, the State of Missouri, this city, or;
- b. In bonds, bills, notes, debentures or other obligations guaranteed as to payment of principal and interest by the government of the United States or any agency or instrumentality thereof, the State of Missouri or this city, or;

- c. In revenue bonds of the City, or;
- d. In certificates of deposit, savings accounts as defined in Chapter 369, Revised Missouri Statutes or in interest bearing time deposits when such funds are held in United States banks, state banks, savings and loan associations operating under Chapter 369, Revised Missouri Statutes, or savings and loan associations authorized by the United States government so long as such deposits, savings accounts, and interest bearing deposits are secured by one or more of the types of securities described in subparagraphs (a), (b), or (c) of this section.
- e. Banker's acceptances issued by domestic commercial banks possessing the highest rating issued by a nationally recognized rating agency, or Commercial paper issued by domestic corporations which has received the highest rating issued by a nationally recognized rating agency.

The City also maintains an investment pool that is available for use by all funds and separate investments accounts which are restricted for specific purposes. At March 31, 2010, the City held the following investments, all of which have maturities of more than 24 months:

<u>Investment Type</u>	<u>Fair Value</u>
U.S. Agency:	
GNMA	\$ 1,322,466
FNMA	200,787
FHMA	24,589
Certificates of deposit	<u>1,657,665</u>
Total	<u>\$ 3,205,507</u>

The following is a listing of cash and investments held by the City as of March 31, 2010:

Money market funds	\$ 50,850
Deposits	3,121,756
Investment in security	1,579,411
Investments in CD's	1,657,665
Trustee accounts	<u>1,968,111</u>
Total	<u>\$ 8,377,793</u>

For purposes of the financial statements, the City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Deposits and investments of the City at year end are reflected as follows:

Cash and cash equivalents	\$ 1,415,933
Investments	1,447,463
Restricted cash and cash equivalents	3,756,352
Restricted investments	<u>1,758,045</u>
Total	<u>\$ 8,377,793</u>

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All fixed income securities shall be perfected in the name or for the account of the City.

Interest Rate Risk

Interest rate risk is the risk that the fair value of the City's investments will decrease as a result of increase in interest rates. The City minimizes the risk that the market value of fixed income securities in the portfolio will fall due to changes in the general interest rates by structuring the investment portfolio so that fixed income securities mature to meet cash requirements for ongoing operations.

Credit Risk

Credit risk is the risk that the City will not recover its investments due to the ability of the counterparty to fulfill their obligation. The City minimizes credit risk by pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with which the City will do business and by diversifying the portfolio so that potential losses on individual fixed income securities will be minimized. As of March 31, 2010, the City's investments were rated by Moody's Investment Service or Standard & Poor's as follows:

<u>Investment Type</u>	<u>Rating</u>
U.S. Agency Securities	AAA

(C) Capital Assets

Capital asset activity for the year ended March 31, 2010, was as follows:

Governmental Activities	Balance March 31, 2009	Additions	Deductions	Transfers	Balance March 31, 2010
Non-Depreciable Capital Assets					
Land	\$ 939,346	14,601	-	(16,909)	\$ 937,038

General Obligation Bonds payable at March 31, 2010 are comprised of the following individual issues:

4.15% General Obligation Bonds, Neighborhood Improvement District Bonds Series 2006, due through September 6, 2015 \$ 95,091

2.00% to 5.10% General Obligation Bonds, Neighborhood Improvement District Bonds Series 2004 due through September 1, 2024, callable on or after September 1, 2010, at premiums beginning at 102% of the principal amount decreasing to 100% on September 1, 2014. Monies from this bond were utilized for gravity sewer projects in the city. 320,000

Total General Obligation Bonds \$ 415,091

Revenue bonds payable at March 31, 2010 are comprised of the following individual issues:

Tax Increment Financing fund:

3.625% to 3.85% Tax Increment Allocation Bonds, Subordinate Series 2007 (Hwy 60 Amended Redevelopment Project TIF #1) interest due semi-annually October 1 and April 1; bonds mature October 1, 2010 through 2014, optional redemption beginning October 1, 2012 at 100% of the principal. Original issuance of \$6,100,000 in December of 2009 had a partial defeasance of \$590,000 with the issuance of the Series 2009 bonds. Monies generated from these bonds were used in combination with funds received from Missouri Department of Transportation for projects such as added lanes on Highway 60 and also combined with funds from the Burlington Northern Santa Fe Railroad to build an overpass on Eisenhower Street. \$ 5,510,000

4.00% to 4.5% Subordinate Tax Increment Allocation Bonds, Junior Series 2009 (Hwy 60 Amended Redevelopment Project TIF #1) interest due semi-annually April 1 and October 1 with bonds maturing October 1, 2104 through 2018, optional redemption begins October 1, 2012 at 100% of the principal. Funding from this issuance was to further expand and improve the infrastructure of and adjacent to Highway 60. 2,720,000

5.00% Tax Increment Allocation Bonds Series 2005A (East Hwy 60 Infrastructure Project TIF #2) interest due semiannually January 1, and July 1, with principal and bonds maturing January 1, 2028 Optional redemption beginning January 1, 2010, at 100% of the principal. These monies were specifically generated to make improvements on and around Chapel Drive. 1,130,000

5.25% Tax Increment Allocation Bonds Series 2005B (RPA #1 Infrastructure Improvements Project TIF #2) interest due semiannually January 1, and July 1, maturing January 1, 2028 optional redemption beginning January 1, 2010, at 100% of the principal. Specific use of this funding was to redevelop 385 acres in the southeast portion of the city adjacent to Highway 60. 2,535,000

Sewer system fund:

2.00% to 4.70% Combined Waterworks and Sewerage System Revenue Bonds, (State Revolving Funds Program) Series 2003, due through January 1, 2025, callable on or after December 1, 2012 at 100% principal. Monies generated from this debt issuance were combined with funds from the State Environment Improvement and Energy Resources Authority to construct wastewater treatment and clean water facilities for the city (Drinking Water Loan). 7,515,000

5.20% to 6.55% Sewerage Revenues Refunding Bonds, (State Revolving Funds Program) Series 1992A, due through June 1, 2013. Monies generated from this debt issuance were combined with funds from the State Environment Improvement and Energy Resources Authority to construct wastewater treatment and clean water facilities for the city (Clean Water Loan).

255,000

Total revenue bonds payable

\$ 19,665,000

Developer agreements at March 31, 2010 consisted of the following obligation:

General fund:

Tax Increment Financing fund:

Certain developers applied for reimbursement of the cost of infrastructure should the city receive an increase in the sales taxes collected from the TIF district. The related infrastructure was given to the city and is included as capital assets.

540,194

Total notes payable

\$ 540,194

Certificates of Participation

In 2002, the City accepted the Commerce National Bank, N.A. bid to acquire leasehold certificates of participation, and subsequently entered into a Lease Purchase Agreement for the purpose of airport improvements. Currently the agreement has a present value of lease payments of \$80,000, with interest at 3.30%, and is payable in semiannual installments through October 2011.

In 2002, the City accepted the Commerce National Bank, N.A. bid to acquire leasehold certificates of participation, and subsequently entered into a Lease Purchase Agreement for the purpose of golf course improvements. Currently the agreement has a present value of lease payments of \$240,000, with interest at 3.30%, and is payable in semiannual installments through October 2011.

In 2004, the City accepted the Commerce National Bank, N.A. bid to acquire leasehold certificates of participation, and subsequently entered into a Lease Purchase Agreement in 2005, for the purpose of constructing a water tower. Currently the agreement has a present value of lease payments of \$380,573, with interest at 3.52%, and is payable in semiannual installments through December 2014.

Capital Leases

Governmental Activities:

Wells Fargo Brokerage Services, LLC, Governmental Lease-Purchase Agreement: dated February 25, 2009, the present value of lease payments is \$626,150, with interest at 3.85%, and is payable in annual payments through January 15, 2018. Funds generated from this lease were used for the interior security system and communication tower and equipment at the newly constructed Monett Justice Center.

Yamaha Motor Corporation Commercial Customer Finance Lease Agreement: In July of 2009, the City entered into a lease of 24 golf carts. The present value of lease payments is \$86,300 at year end, with interest at 4.88% and is payable in monthly payments through November 2014.

Citi-capital Finance Lease Agreement: In May 2009, the City entered into a Lease of 2 golf utility carts. The present value of lease payments at March 31, 2010 is \$7,800, with interest at 5.25% and is payable monthly through November 2012.

De Lange Landen Public Finance LLC: In October 2008, the City entered into a Lease of 3 police cars. The present value of lease payments at March 31, 2010 is \$27,393, with interest at 3.47%, and is payable in annual installments through January 2011.

Wells Fargo Brokerage Services, LLC: In January of 2008, the City entered into a Lease, for which the funds were used to expand the police station and municipal court facilities by building the new Monett Justice Center. The present value of lease payments at March 31, 2010 is \$2,170,000, with interest at 4.10%, and is payable in annual installments through January 2016.

Legal Debt margin – General Obligation Bonds

Article VI, Section 26 (b), (c), (d) and (e), Constitution of Missouri, limits the outstanding amount of authorized general obligation bonds of a political subdivision to twenty-percent of the assessed valuation of the political subdivision (excluding state-assessed railroad and utilities). The legal debt margin, computed excluding state-assessed railroad and utilities, of the City at March 31, 2010 was:

Assessed Valuation	
Real Estate	\$ 89,296,225
Personal Property	<u>44,804,110</u>
Total Assessed Valuation	<u>\$134,100,335</u>

The legal debt margin at March 31, 2010, was computed as follows:

General Obligation	
Debt Limit	\$ 26,820,067
General Obligation	
Bonds Payable	<u>415,091</u>
Legal Debt Margin	<u>\$ 26,404,976</u>

As of March 31, 2010, the City of Monett had \$415,091 outstanding general obligation bonds.

(E) Construction Commitments City of Monett

As of March 31, 2010, the City had no contractual construction commitments.

(F) Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of March 31, 2010 is as follows:

<u>Receivable fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Electric	Fiber	\$ 220,000

Interfund payables and receivables are made for specific purposes for each fund, and for overdraws of cash, both of which are made in the ordinary course of business. Interfund payables and receivables are intended to be repaid in future years.

<u>Interfund Transfers</u>		
<u>General fund</u>	<u>Electric Fund</u>	<u>Total</u>
\$ 396,000	\$ (396,000)	\$ -0-
<u>Transfers</u>		
<u>General fund</u>	<u>E-911</u>	<u>Total</u>
\$ (25,000)	\$ 25,000	\$ -0-

All interfund transfers provided funding for general operations of each fund. These transfers are permanent in nature, and are not intended to be repaid in future years.

(3) OTHER INFORMATION

(A) Employee Retirement Systems and Plans

The City participates in the Missouri Local Government Employees Retirement System (LAGERS), a statewide local government retirement system.

Missouri Local Government Employees Retirement System (LAGERS) Plan Description

The City of Monett participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri.

LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries.

LAGERS was created and is governed by statute, Section RSMo 70.600-70.755. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and it is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, MO 65102 or by calling 1-800-447-4334.

Funding Status

The City of Monett's full-time employees do not contribute to the pension plan. The political subdivision is required to contribute at an actuarially determined rate; the current rate is 10.3% (general), 9.3% (police), and 12.8% (fire) of annual covered payroll. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute.

Annual Pension Cost

For 2009, the political subdivision's annual pension cost of \$538,956 was equal to the required and actual contributions. The required contribution was determined as part of the February 28, 2007 and/or February 29, 2008 annual actuarial valuation using the entry age actuarial cost method. The actuarial assumptions as of February 28, 2009 included (a) a rate of return on the investment of present and future assets of 7.5% per year, compounded annually, (b) projected salary increases of 4.0% per year, compounded annually, attributable to inflation, (c) additional projected salary increases ranging from 0.0% to 6.0% per year, depending on age and division, attributable to seniority/merit, (d) pre-retirement mortality based on the RP-2000 Combined Healthy Table set back 0 years for men and 0 years for women and (e) post-retirement mortality based on the 1971 Group Annuity Mortality table projected to 2000 set back 1 year for men and 7 years for women.

The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The amortization period at February 28, 2009 was 15 years.

Three-Year Trend Information

Fiscal Year Ending	Annual Pension Cost APC	Percentage of APC Contributed	Net Pension Obligation
6/30/2007	523,460	100%	\$ -0-
6/30/2008	513,588	100%	\$ -0-
6/30/2009	538,956	100%	\$ -0-

Contribution Information

All Monett City full-time employees participate in LAGERS. The payroll for employees covered by LAGERS for the year ended March 31, 2010, was \$4,652,600; the City's total payroll was \$4,818,583. All City full-time employees are eligible to participate in the LAGERS Program. Employees who retire at or after age 60 (55 for police and fire employees) with 5 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 1.60 percent of their final-average salary for each year of credited service. Final-average salary is the employee's monthly average of gross salary paid an employee during the period of sixty months or, if an election has been made in accordance with the plan, thirty-six consecutive months or credited service producing the highest monthly average within the last 120 months of credited service. Benefits fully vest on reaching 5 years of service. Vested employees may retire at or after age 55 (age 50 for police and fire employees) and receive reduced retirement benefits.

(B) Litigation and Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor as a result of these audits is not believed to be material.

In the normal course of business, the City is involved in various legal proceedings. Although the outcome of these proceedings is not presently determinable, it is the opinion of the City legal counsel that the resolution of these matters will not have a material adverse effect on the financial position of the City.

(C) Risk Management

The City is exposed to various risks, such as property exposures, automobile liability, workers' compensation claims, equipment losses, general liability claims, and the costs associated with an employee health plan. For property exposures, the City purchases an all-risk insurance policy. This property insurance presently carries a primary deductible of \$5,000. While coverage is purchased for City-owned equipment, the comprehensive or collision exposure to City-owned vehicles is self-insured. Neither liability claims nor property losses have exceeded the limits of coverage.

The workers' compensation plan covers all City employees, while the health plan covers all full time City employees.

The City is exposed to various risks of loss related to torts: theft or, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City maintains commercial insurance coverage for property damage and various Missouri Official's bonds. Management believes coverage is sufficient to preclude any significant uninsured losses to the City.

REQUIRED SUPPLEMENTARY INFORMATION

CITY OF MONETT, MISSOURI
NOTES TO BUDGETARY COMPARISON SCHEDULES
MARCH 31, 2010

Budgets and Budgetary Accounting

The City utilizes the following procedures in establishing the budgetary data reflected in the financial statements:

1. All departments of the City of Monett, Missouri, are required to submit requests for appropriation to the City's Director of Finance in January each year. The Director of Finance uses these requests as the starting point for developing a proposed budget.
2. The Director of Finance presents a proposed budget to the City Council for review prior to March 10th.
3. The City Council is required to hold public hearings on the proposed budget and to adopt a final budget by no later than March 31, the close of the City of Monett, Missouri's fiscal year.
4. Prior to April 1, ordinances are passed by City Council which provide for legally adopted budgets in the City's General and Special Revenue Funds. Plans approved for Capital Projects, Debt Service and Proprietary Fund types provide operating guidance subject to actual activity during the fiscal year.
5. The City operates on a program performance budget system, with legally adopted budgets prepared by fund, program, and department. The legal level of budgetary control is at the department level. The City's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of City Council.
6. Formal budgetary integration is employed as a management control device in the General and Special Revenue Funds.
7. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with GAAP.

See accompanying notes to the financial statements.

September 1, 2010

Members of the Governing Council Citizens of the City of Monett, Missouri

The Administrative Department is pleased to present the Annual Financial Report for the City of Monett, Missouri (the City), for fiscal year ended March 31, 2010. This report is submitted to you in compliance with state law requiring that all political subdivisions in the state shall cause to be prepared an annual report of the financial transactions in such summary form as the state auditor shall prescribe (105.145, RSMO) and the state auditor shall receive a copy of the financial report (15 CRS 40-3.030).

Responsibility to report financial data that is complete and accurate rests with the City. It is our belief that the information reported in this document fairly presents the financial position of the City in all material aspects, on a Government-wide and a Fund basis. To enhance the reader's understanding of these financial statements, note disclosures have been included as an integral part of this document.

To ensure reliability of the accounting data upon which the City's financial statements are based, internal controls are utilized to provide reasonable assurance that transactions are accounted for properly and City assets are safeguarded. Additionally, the Administrative Department staff has prepared this report in conformity with accounting principles generally accepted in the United States of America (GAAP) which are standard guidelines for financial reporting, further ensuring that the financial position of the City is presented fairly.

The City of Monett, Missouri's financial statements have been audited by The CPA Group, P.C., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Monett, Missouri for the fiscal year ended March 31, 2010, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Monett, Missouri was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards.

The Annual Report is presented in three sections: introductory, financial, and statistical. The *introduction section* is designed to introduce the reader to the report and includes the transmittal letter, the City's organization chart, and a list of principal officials.

The *financial section* begins with the independent auditors' report. The auditors' report discloses the opinion of the independent auditors with regard to the presentation of the financial statements and internal controls. This section also includes the Management's Discussion and Analysis, the Financial Statements and Notes that provide an overview of the City's financial position and operating results, the Combining Statement of non-major funds and other schedules that provide detailed information relative to the Basic Financial Statements.

The *statistical section* includes selected financial information, generally presented on a multiyear basis. This section is designed to provide the user with a broader and more complete understanding of the City and its financial affairs than is possible from only the financial statements and supporting schedules presented in the financial section.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Monett, Missouri's MD&A can be found immediately following the report of the independent auditors'.

Profile of the Government

The City of Monett, Missouri, incorporated in 1888, is a third class city located in the southwestern part of the state. The City currently occupies a land area of 9 square miles and has a population of 7,396. The City is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing council.

The City operates under a commission form of government. Policy-making and legislative authority are vested in a governing council consisting of the mayor and two commissioners. The governing council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and appointing the heads of the various departments. The various departments are responsible for carrying out the policies and ordinances of the governing council, and for overseeing the day-to-day operations of the government. Council members serve four-year terms that expire in April of 2012.

The City of Monett provides a full range of services normally associated with a municipality, including police and fire protection, emergency communication center, public works services, municipal airport, parks and other recreation facilities, and general administrative services. The City also operates water, electric, sewer, sanitation and fiber optic services, all of which are accounted for in the financial statements as business-type funds.

This report presents data for the financial reporting entity, which includes all departments, funds, boards, and commissions of the primary government (the City, as legally defined), as well as all of its component units. Component units are legally separate entities for which the City is financially accountable. The one component unit of the City is the East Highway 60 Community Improvement District, which is a blended component unit. The financial reporting entity is discussed further in Note 1 of the financial statements.

The annual budget serves as the foundation for the City of Monett, Missouri's financial planning and control. All departments of the City of Monett, Missouri are required to submit requests for appropriation to the City Administrator in January each year. The City Administrator uses these requests as the starting point for developing a proposed budget. The City Administrator then presents a proposed budget to the council for review prior to March 10th. The council is required to hold public hearings on the proposed budget and to adopt a final budget by no later than March 31, the close of the City of Monett, Missouri's fiscal year. The appropriated budget is prepared by fund (e.g., general fund), and department (e.g., police). Department heads may make transfers of appropriations within a department. Transfers of appropriations between departments, however, require the special approval of the governing council.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Monett, Missouri operates.

Local economy – The City of Monett has a diverse manufacturing and industrial base that adds stability to the local economy. Major industries with headquarters or divisions located within the government's boundaries or in close proximity include computer software providers, several window manufacturers, playground equipment manufacturer, food manufacturers, cheese processors, dairy processors, poultry processors, and several financial and insurance institutions. The City has a broad mix of retail and service establishments that serve Monett and the surrounding areas. Monett's population has increased 19.4% in the last ten years which has led to further expansion of the retail base and provided increased sales tax revenues to the local government.

During FY2010, the City experienced a decline of 7% in general sales tax revenue compared with the previous year. This was attributable to an economy that continued a slow recovery from the recession of 2008-2009. Relatively high unemployment and modest levels of consumer confidence led consumers to increase personal savings and reduce spending. General sales tax revenue for the last half of FY2010 appeared to indicate some improvement leading into FY2011.

Total General revenues and transfers for FY2010 declined 6.3% from the previous year despite a substantial increase in revenue derived from settlements with various phone companies relating to the payment of back taxes. Total expenditures decreased in FY2010 by less than one percent from the previous year.

The Monett Industrial Council indicates that business conditions have improved since 2009 and particularly in the last 30 to 45 days, however, they caution that there is uncertainty in the market which is acting as a barrier to significant economic growth. Employment levels in local industries remains stable but some companies have modified workweeks that have reduced the total number of employee hours. The outlook for 2011 remains cautiously optimistic with concern voiced for the impact of federal health care reform on small businesses.

Long-term financial planning – As of March 31, 2010, the City was preparing to issue \$2,859,000 in Recovery Zone Bonds to finance major improvements to the water distribution system. These improvements were preliminary but significant steps toward the construction of a new water treatment plant. The scope of work consisted generally of new transmission lines looping the system, improvements to Well # 21, a new raw water line from Well # 12 to the future site of the water treatment facility, and a booster pump station that would resolve low pressure problems in certain areas of the system. The City Council intends to increase water rates by \$0.40 per 1,000 gallons in April, 2010 and \$0.43 per 1,000 gallons in April, 2011 to pay for these improvements.

It is the City's intent to proceed with plans for the construction of a water treatment facility and to ask voters to approve the issuance of revenue bonds to pay for such improvements. An election is likely to be scheduled for August, 2011. These improvements to the water distribution system remain the City's top priority in the Capital Improvement Plan.

The City's Capital Improvement Plan includes Public Facility Improvements relating to the Casino building and Community Building; planning associated with the Vision 2030 Downtown Revitalization plan; constructing a new Public Works Maintenance Facility; and constructing additional hangars at the Monett Airport. Long term plans include street improvements at the intersection of Central and Broadway streets; a new railroad overpass on Chapell Drive near the intersection of Business 60; and the construction of a new, expanded runway at the airport.

Cash management policies and practices - Cash temporarily idle during the year was invested in money market accounts, certificates of deposit, and U.S. agency securities. The maturities of the investments range from 12 months to 4 years, with an average maturity of 36 months.

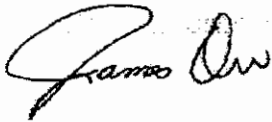

Risk management - During 1998, the government initiated a safety program for workers' compensation. This program strives to emphasize the importance of practicing sound loss prevention techniques, the refinement of work safety policies and procedures and the creation and maintenance of a safe working environment. In addition, various control techniques, including employee accident prevention training, have been implemented to minimize accident-related losses.

Acknowledgements

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the administration department. We would like to express our appreciation to all members of the department who assisted and contributed to the preparation of

this report. Credit also must be given to the governing council for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Monett, Missouri's finances.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "James Orr".

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor James Orr,
Councilman Jerry Dierker and Councilman Michael Brownsberger
City of Monett, Missouri

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the City of Monett, Missouri as of and for the year ended March 31, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Monett, Missouri's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the City of Monett, Missouri, as of March 31, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 20, 2010, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United State of America require that the management's discussion and analysis and budgetary comparison information on pages 9 through 16 and 48 through 52, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the

information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Monett, Missouri's financial statements taken as a whole. The introductory section, combining and individual departmental financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The combining and individual departmental financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and, certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, are fairly stated in all material respects in relation to the financial statements as a whole. The introductory and the combining departmental sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

THE CPA GROUP, P.C.

Monett, Missouri

MANAGEMENT'S DISCUSSION AND ANALYSIS

City of Monett, Missouri

THIRD CLASS CITY - COMMISSION FORM OF GOVERNMENT

James Orr, Mayor • Michael Brownsberger, Commissioner • Jerry Dierker, Commissioner

217 Fifth Street • P.O. Box 110 • Monett, Missouri 65708

City Clerk - (417) 235-3763

City Collector - (417) 235-3544

Council - (417) 235-3355

Fax - (417) 235-4608

Management's Discussion and Analysis

As management of the City of Monett, Missouri, we offer readers this narrative overview and analysis of the financial activities of the City of Monett, Missouri (the City) for the fiscal year ended March 31, 2010. We encourage readers to consider the information presented here in conjunction with the transmittal letter at the front of this report and the City's financial statements and footnotes, which follow this section.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$32,920,473 (*net assets*). Of this amount, \$4,915,230 (*unrestricted net assets*) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net assets increased \$1,519,927. Of this amount, \$1,271,274 was from the City's "governmental activities" and \$248,653 from the "business-type activities".
- The City total debt decreased by \$2,896,416 during the current fiscal year. The City's fiscal year started with existing debt of \$27,134,917, principal payments of \$2,982,716 were made during the year, also, new debt issuance of \$86,300, which created ending fiscal year debt balance of \$24,238,501. The debt increase was due to golf cart purchases.

Overview of the Financial Statements

This discussion and analysis is intended to provide an introduction to the basic financial statements. The basic financial statements comprise three components: government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The *government-wide financial statements* are a broad overview of the City's finances, in a manner similar to a private business.

The *statement of net assets* presents all of the City's assets and liabilities with the difference between the two reported as *net assets*. Net assets are an important measure of the City's overall financial health. The increases or decreases in net assets can be monitored to determine whether the City's financial position is improving or deteriorating.

CITY OF MONETT, MISSOURI

MDA

MARCH 31, 2010

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements report functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) and from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include policy development and administration, public safety, public works, parks and recreation, and municipal airport. The business-type activities of the City of Monett, Missouri include water, electric, sewer, sanitation and fiber optic operations.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure compliance with finance-related legal requirements. These funds are divided into two categories: governmental funds and proprietary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Proprietary funds. The City uses two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, electric, sewer, sanitation and fiber optic operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its hazardous material, safety, and mechanic operations. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

CITY OF MONETT, MISSOURI
MDA
MARCH 31, 2010

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's progress in funding its obligation to provide pension benefits to its employees. The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information on pensions.

Government-wide Financial Analysis

Net assets may serve as a useful indicator of the City's financial position. As of March 31, 2010, assets exceeded liabilities by \$32,920,473. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

NET ASSETS

The following table reflects the condensed schedule of net assets as of March 31, 2010 and 2009:

City of Monett Net Assets

	Governmental Activities		Business-type activities		Total	
	2010	2009	2010	2009	2010	2008
Current and other assets	\$ 4,040,991	\$ 4,340,309	\$ 8,989,916	\$ 8,053,929	\$ 13,030,907	\$ 12,394,238
Capital assets	26,653,822	27,722,031	20,076,267	21,122,590	46,730,089	48,844,621
Total assets	30,694,813	32,062,340	29,066,183	29,176,519	59,760,996	61,238,859
Long-term debt outstanding	15,075,839	16,985,476	8,032,133	8,491,965	23,107,972	25,477,441
Other liabilities	1,508,069	2,237,233	2,224,482	2,123,639	3,732,551	4,360,872
Total liabilities	16,583,908	19,222,709	10,256,615	10,615,604	26,840,523	29,838,313
Net assets:						
Invested in capital assets, net of related debt	10,885,894	9,511,873	11,605,694	12,197,854	22,491,588	21,709,727
Restricted	2,071,194	2,957,292	3,442,461	3,228,201	5,513,655	6,185,493
Unrestricted	1,153,817	370,466	3,761,413	3,134,860	4,915,230	3,505,326
Total net assets	\$ 14,110,905	\$ 12,839,631	\$ 18,809,568	\$ 18,560,915	\$ 32,920,473	\$ 31,400,546

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities. The City's combined net assets increased to \$32,920,473 from \$31,400,546 as a result of the increase in net assets reflected in the next table.

CITY OF MONETT, MISSOURI

MDA

MARCH 31, 2010

The largest portion of the City's net assets, \$22,491,588 (68%), reflects its investment in capital assets (e.g. land, construction in progress, buildings, improvements, machinery and equipment, and infrastructure); less any related debt used to acquire those assets that are still outstanding. An additional portion of the City's net assets, \$5,513,655 (17%), represents resources that are subject to external restrictions on how they may be used. The remaining balance of the City's net assets, \$4,915,230 (15%), represents unrestricted net assets that may be used to meet the City's ongoing obligations to citizens and creditors.

CITY OF MONETT, MISSOURI

Governmental Activities

Governmental activities increased the City's net assets by \$1,271,274. Sales tax revenues, the largest governmental category, were \$2,611,282. For the fiscal year ended March 31, 2010, revenues totaled \$28,839,413 (governmental and business-type). Revenues from governmental activities total \$6,288,109, or 22%, of the total City revenues. City revenues decreased \$879,855 within the governmental activities due to a reduction in capital grants and contributions.

CITY OF MONETT, MISSOURI
MDA
MARCH 31, 2010

Certain revenues are generated that are specific to governmental program activity. These totaled \$1,127,377. The following table shows expenses and program revenues of the governmental activities for the year ended March 31, 2010 and 2009:

Net Cost of City of Monett Governmental Activities

	Total cost of service		Net cost of service	
	2010	2009	2010	2009
Policy development and administration	\$ 446,791	\$ 628,863	\$ 217,143	\$ 420,539
Public safety	3,396,137	3,501,412	3,326,679	3,460,172
Public works	2,180,829	1,581,321	1,910,788	455,779
Parks and recreation	1,043,041	1,035,047	645,103	667,268
Municipal airport	431,390	442,779	271,098	(109,175)
Interest on long-term debt	719,677	921,817	719,677	921,817
	<u>\$8,217,865</u>	<u>\$8,111,239</u>	<u>\$7,090,488</u>	<u>\$5,816,400</u>

As previously noted, expenses from governmental activities total \$8,217,865 million. However, net costs of these services were \$7,090,488.

Business-type Activities

Business-type activities increased the City's net assets by \$248,653. Key elements of this increase are as follows:

- The water recorded net loss of \$79,138 for the year. Revenues relating to charges for services increased \$146,086. Operating expenses increased \$168,038 compared to prior year expenses due to increases in repairs and maintenance expense.
- The electric recorded net income of \$645,957 for the year. Revenues relating to charges for services decreased \$8,159. Operating expenses decreased \$130,277, due to reduced electricity purchase charges.
- The sewer recorded a net loss of \$518,236 for the year. Revenues relating to charges for services increased \$222,219. Operating expenses decreased \$153,164 due to reduced depreciation charges.

Financial Analysis of the City's Funds

As of the end of the fiscal year, the City's governmental funds report a combined fund balance of \$14,110,905 (an increase of approximately 10%). This increase is largely due to intergovernmental payment of \$1,120,692 from MODoT to the TIF 1 fund. This payment was for reimbursement of construction costs relating to Hwy 60.

The fund balance of the General Fund increased to \$1,389,996 at the end of the fiscal year due to reduction in operating costs and also reduced capital outlay.

The net assets in the E-911 Fund decreased to \$124,980 (decrease of \$12,245 or 9%) in the fiscal year due to operating expenditures in excess of restricted revenues for 911 purposes.

Capital Assets and Debt Administration Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of March 31, 2010, amounts to \$46.7 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, and infrastructure.

Capital events during the current fiscal year included the following:

- Administration – 5th Street Parking Lot \$17,060, N Central Land \$2,500.
- Airport – Credit Card Reader \$6,220
- Fire – Thermal Imager \$8,100.
- Street – Roof Replacement \$41,923, Vermeer Clipper \$33,840, Clear Creek Bridget \$185,418, Eisenhower Bridge \$123,331, Greenway Project \$49,218, TIF 1 Hwy 60 addition \$141,836 and land \$12,100.
- Golf – 24 carts \$103,190.
- Mechanic – Roof Replacement \$19,312
- North Park – HVAC unit \$5,500 (donated)
- South Park – Lighting Displays \$5,758 (donated) and 2002 Kubota Tractor \$20,000
- Electric – PCB building \$2,743 and Electric System Improvement \$101,764
- Sewer – Sewer System Improvements \$158,706.
- Sanitation – Land purchase \$12,100.

CITY OF MONETT, MISSOURI
RECONCILIATION OF THE CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED MARCH 31, 2010

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balance - total governmental funds	\$ (242,972)
Prior year construction in progress is included in current year capital outlay	(110,384)
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives.	775,306
In the Statement of Activities cost of capital outlay assets is allocated over their estimated useful lives and reported as depreciation expense.	(1,664,790)
In the Statement of Activities, assets that are sold, exchanged or retired generate a gain or loss	40,628
In the Statement of Activities cost of accrued compensated absences are expensed as salary costs.	16,875
Governmental funds report unamortized bond premium as expenditures. However, in the statement of activities the cost of those premiums are allocated over their debt repayment lives.	(32,168)
In the Statement of Activities cost of accrued interest expenses are expensed as interest costs	46,547
Governmental funds report proceeds from financing as revenue. However, in the statement of activities the proceeds of those loans are balance sheet items and not reported on the Statement of Activities.	(86,300)
The repayment of the principal of long-term debt consumes the current financial resources of governmental funds.	2,528,532
Change in net assets of governmental activities	\$ 1,271,274

See accompanying notes to the financial statements.

NONCASH CAPITAL FINANCING ACTIVITIES

Capital assets of \$192,856 were acquired through capital lease.

See accompanying notes to the financial statements.

NOTES TO FINANCIAL STATEMENTS

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(A) Reporting Entity

The City of Monett, Missouri, was incorporated as a town in 1888 and, as a city on March 3, 1914, under the provisions of the State of Missouri. The City operates under a Mayor-Board of Commission form of government as a Third Class City. The Mayor and the two Commissioners serve four-year terms that expire in April 2012. The City provides a variety of general governmental services to residents including general administrative services, public safety, public works, parks and recreation, and airport operations. Other services include water, electric, sewer, fiber optic, and sanitation operations.

The financial reporting entity consists of the primary government and its component units, which are entities that the government is considered financially accountable for. The determination of financial accountability includes consideration of a number of criteria, including: (1) the appointment of a voting majority of an entity's governing authority and the ability of the primary government to impose its will on the entity, (2) the potential for the entity to provide specific financial benefits to, or impose specific financial burdens on, the primary government, and (3) the entity's fiscal dependency on the primary government.

Blended Component Unit - The following legally separate entity is a component unit, which is, in substance, a part of the City's general operations. This component unit provides services entirely, or almost entirely, to the primary government or provides services which exclusively, or almost exclusively, benefit the primary government. Data from this unit is combined with data of the primary government for financial reporting purposes.

The East Highway 60 Community Improvement District (CID) - The CID, a political subdivision of the State of Missouri under Section 67.1401 to 67.1571 of the Revised Statutes of Missouri 2000, was created under Ordinance No. 7577 of the City adopted July 14, 2006. The purpose of the District shall be those purposes stated in Section 67.1401 to 67.1571 RSMo. 2000. The CID was established to impose a sales tax of one-half of one percent of all retail sales within the district for a period of four years from the date on which the tax is first imposed for the purpose of providing revenues to support a revenue bond issue in the City of Monett, Missouri to correct the blight conditions within the district.

The board of directors of the district consists of five persons appointed by the Mayor with the advice and consent of the City Council. Financial information for the CID has been included within the governmental activities and governmental funds. Although it is legally separate from the City, the CID is reported as if it were part of the primary government because its sole purpose is to finance the construction of various capital projects within the City. No separately issued financial statements are prepared for the CID.

No other entities met the criteria for inclusion as component units of the City.

(B) Government-wide and Fund Financial Statements

The basic financial statements include both the government-wide (the Statement of Net Assets and the Statement of Activities) and fund financial statements.

Government-wide Financial Statements: The government-wide statements display information about the primary government and its component unit. For the most part, the interfund activity has been eliminated from these statements to minimize the duplication of internal activities. Governmental activities, which are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely on fees and charges for services for support.

In the government-wide Statement of Net Assets, both the governmental and business-type activities are each consolidated and presented on the full accrual, economic resources basis of accounting. The consolidated presentation incorporates long-term assets and receivables as well as long-term debt and obligations, and it provides valuable information for greater analysis and comparability.

The government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities and for the business-type activities. Direct expenses are those that are specifically associated with a program or a function.

Program revenues include (a) charges paid by recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meet operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. Program revenues are typically restricted to a specific function or activity.

Fund Financial Statements: Separate fund financial statements report information on the City's governmental and proprietary funds. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining funds are aggregated and reported as nonmajor funds in their respective categories.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. Consequently, the emphasis on near-term inflows and outflows of resources do not present the long-term impact of transactions. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrued accounting. However, debt service expenditures, as well as expenditures relating to compensated absences are recorded only when payment is due. Conversely, the proprietary fund statements incorporate the accrual basis of accounting and focus on the change in total economic resources. This presentation records long-term assets and liabilities, and recognizes revenues and expenses when transactions occur, regardless of their impact on the flow of cash. Since the accounting differs significantly between the governmental funds and the proprietary funds, it is necessary to convert the governmental fund data to arrive at the government-wide financial statements. Therefore, reconciliations have been provided following the governmental funds balance sheet and the statement of revenues, expenditures and changes in fund balance identifying categories that required conversion from the fund statements.

In the governmental funds, sales taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of taxes received within 30 days is considered to be susceptible to accrual as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Operating activities of the proprietary funds include all transactions and other events that are not defined as capital and related financing, non-capital financing, or investing activities. More specifically, operating revenues consist of sales and charges for services. Operating expenses of the proprietary funds include personnel services, operating supplies, and services incurred in conducting daily business.

The City reports the following major governmental funds:

General Fund — This fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

E-911 — The purpose of this fund accounts for revenues and expenditures relating to 911 emergency dispatching services. Cash and investment for this fund are restricted by state statute.

Tax Increment Finance — The purpose of this fund accounts for revenues and expenditures relating to tax increment financing projects. Cash and investments for this fund are restricted by state statute.

The City reports the following major proprietary funds:

Water System — This fund accounts for the operations, maintenance and improvement activities of the existing water system and capital improvements pertaining to the City wells, facilities, equipment and infrastructure.

Electric System — This fund accounts for the operations, maintenance and improvement activities of the existing electric system and capital improvements pertaining to the City substations, facilities, equipment and infrastructure.

Sewer System — This fund accounts for the operations, maintenance and improvement activities of the existing sewer system and capital improvements pertaining to the treatment plant, lift stations, equipment, and infrastructure.

Sanitation System — This fund accounts for the operations, maintenance and improvement activities of the existing sanitation collection system and capital improvements pertaining to the recycling center, sanitation equipment and facilities.

Fiber Optic System — This fund accounts for the operations, maintenance and improvement activities of the existing fiber optics system and capital improvements pertaining to the equipment, and infrastructure.

The City reports the following fund types:

Internal Service Funds — These funds account for the costs of the Hazardous Material, Safety, and Mechanic Funds on a cost-reimbursement basis.

(C) Assets, Liabilities, and Net Assets or Equity

a. Deposits and Investments

City monies are deposited in FDIC-insured banks. Funds in excess of FDIC insurable limits are secured with collateral pledged by the banks. Permissible investments include obligations of the U.S. Government, State of Missouri, bonds, bills or notes guaranteed by the U.S., state or city governments, certificates of deposit, repurchase agreements, bankers acceptances, and commercial paper. The City purchases investments from SEC-registered broker-dealers and banks. Investments are carried at cost, less purchase premiums which are amortized over the life of the investment. Cost approximates fair market value at year end.

b. Receivables and Payables

Activity between funds that are representative of borrowing/lending arrangements outstanding at the end of the fiscal year are referred to as either "due to/due from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

c. Inventories and Prepaid Items

Purchase of various operating supplies are regarded as inventories at the time purchased and are recorded as assets at the close of the fiscal year. Supplies purchased are expensed at the time they are put into use.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Health insurance premiums and workman's compensation are accounted for using the consumption method.

d. Restricted Assets

Certain proceeds of the City's bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the applicable balance sheets and statement of net assets because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

e. Capital Assets

Capital assets include land, construction in progress, buildings and improvements, equipment, and infrastructure assets (e.g., roads, bridges, storm sewers, and similar items) and are included in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, excluding land, are defined by the City as assets with a cost of \$5,000 or greater and an estimated useful life of at least one year. All land purchases are capitalized regardless of cost. All purchased fixed assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated fixed assets are valued at their estimated fair market value on the date received. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of the business-type activities is included as part of the capitalized value of the assets constructed.

Building and improvements, equipment and infrastructure is depreciated using the straight-line method over the following estimated lives:

	<u>Years</u>
Primary government:	
Buildings	5 to 40
Improvements	5 to 40
Machinery and equipment	3 to 40
Infrastructure	20 to 40

f. Compensated Absences

All vested or accumulated vacation, scheduled holiday leave and vested accumulated sick leave is accrued when incurred in the government-wide and proprietary financial statements. Compensated absences for the years ended March 31, 2010 and 2009 are \$590,595 and \$594,643, respectively.

g. Long-Term Obligations

In the government-wide financial statements and proprietary fund financial statements, long-term debt and obligations are reported in the Statements of Net Assets as liabilities in the applicable governmental and business-type categories. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

h. Fund Balances

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for specific purposes. Designation of fund balances represent tentative plans for future use of financial resources that are subject to change.

i. Capitalization of Interest

Net interest costs related to acquisition or construction is capitalized as part of the cost of the related asset for the business type and proprietary activities of the City, and component unit. Total interest costs incurred by the City were \$1,106,790, of which none was capitalized.

j. Interfund and Related Party Transactions

Transactions between the City's various funds are accounted for as revenues and expenditures or expenses in the funds involved if they are similar to transactions with organizations external to City government. Certain transactions between City Utilities and the City are also treated in this manner. The operations of City Utilities for the year ended March 31, 2010 reflect payments in lieu of taxes (PILOTS) to the City of \$2,113,366.

In addition, City Utilities also provides services such as energy for street lighting and other electric, water and sewer services without charge to the City. The cost of providing such services was approximately \$685,562.87 in the current fiscal year.

k. Net Assets

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

Invested in Capital Assets, Net of Related Debt - This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted— This consists of net assets that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation.

Unrestricted - This consists of net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

l. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United State of America (GAAP) requires management to make estimates and assumptions that affect the reporting amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

(2) DETAILED NOTES ON ALL FUNDS

(A) Deposits

The City pools idle cash from all funds for the purpose of increasing income through investment activities. The cash and investment pool is available for use by all funds and is comprised of deposits and other investments. At March 31, 2010, the bank balance of the City's deposits was \$2,233,024, which was covered by federal depository insurance or by collateral held by the City's agent in the City's name. A difference exists between bank and book balances of (\$22,008) due to deposits in transit and other reconciling items.

The City also maintains separate cash accounts restricted for specific purposes. At March 31, 2010, the bank balance of the City's restricted deposits was \$3,089,670, which was covered by federal depository insurance or by collateral held by the City's agent in the City's name.

(B) Investments

Statutes authorize the City to invest in investments, which are:

- a. Obligations of the United States government, the State of Missouri, this city, or;
- b. In bonds, bills, notes, debentures or other obligations guaranteed as to payment of principal and interest by the government of the United States or any agency or instrumentality thereof, the State of Missouri or this city, or;

- c. In revenue bonds of the City, or;
- d. In certificates of deposit, savings accounts as defined in Chapter 369, Revised Missouri Statutes or in interest bearing time deposits when such funds are held in United States banks, state banks, savings and loan associations operating under Chapter 369, Revised Missouri Statutes, or savings and loan associations authorized by the United States government so long as such deposits, savings accounts, and interest bearing deposits are secured by one or more of the types of securities described in subparagraphs (a), (b), or (c) of this section.
- e. Banker's acceptances issued by domestic commercial banks possessing the highest rating issued by a nationally recognized rating agency, or Commercial paper issued by domestic corporations which has received the highest rating issued by a nationally recognized rating agency.

The City also maintains an investment pool that is available for use by all funds and separate investments accounts which are restricted for specific purposes. At March 31, 2010, the City held the following investments, all of which have maturities of more than 24 months:

<u>Investment Type</u>	<u>Fair Value</u>
U.S. Agency:	
GNMA	\$ 1,322,466
FNMA	200,787
FHMA	24,589
Certificates of deposit	<u>1,657,665</u>
Total	<u>\$ 3,205,507</u>

The following is a listing of cash and investments held by the City as of March 31, 2010:

Money market funds	\$ 50,850
Deposits	3,121,756
Investment in security	1,579,411
Investments in CD's	1,657,665
Trustee accounts	<u>1,968,111</u>
Total	<u>\$ 8,377,793</u>

For purposes of the financial statements, the City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Deposits and investments of the City at year end are reflected as follows:

Cash and cash equivalents	\$ 1,415,933
Investments	1,447,463
Restricted cash and cash equivalents	3,756,352
Restricted investments	<u>1,758,045</u>
Total	<u>\$ 8,377,793</u>

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All fixed income securities shall be perfected in the name or for the account of the City.

Interest Rate Risk

Interest rate risk is the risk that the fair value of the City's investments will decrease as a result of increase in interest rates. The City minimizes the risk that the market value of fixed income securities in the portfolio will fall due to changes in the general interest rates by structuring the investment portfolio so that fixed income securities mature to meet cash requirements for ongoing operations.

Credit Risk

Credit risk is the risk that the City will not recover its investments due to the ability of the counterparty to fulfill their obligation. The City minimizes credit risk by pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with which the City will do business and by diversifying the portfolio so that potential losses on individual fixed income securities will be minimized. As of March 31, 2010, the City's investments were rated by Moody's Investment Service or Standard & Poor's as follows:

<u>Investment Type</u>	<u>Rating</u>
U.S. Agency Securities	AAA

(C) Capital Assets

Capital asset activity for the year ended March 31, 2010, was as follows:

Governmental Activities	Balance March 31, 2009	Additions	Deductions	Transfers	Balance March 31, 2010
Non-Depreciable Capital Assets					
Land	\$ 939,346	14,601	-	(16,909)	\$ 937,038

General Obligation Bonds payable at March 31, 2010 are comprised of the following individual issues:

4.15% General Obligation Bonds, Neighborhood Improvement District Bonds Series 2006, due through September 6, 2015 \$ 95,091

2.00% to 5.10% General Obligation Bonds, Neighborhood Improvement District Bonds Series 2004 due through September 1, 2024, callable on or after September 1, 2010, at premiums beginning at 102% of the principal amount decreasing to 100% on September 1, 2014. Monies from this bond were utilized for gravity sewer projects in the city. 320,000

Total General Obligation Bonds \$ 415,091

Revenue bonds payable at March 31, 2010 are comprised of the following individual issues:

Tax Increment Financing fund:

3.625% to 3.85% Tax Increment Allocation Bonds, Subordinate Series 2007 (Hwy 60 Amended Redevelopment Project TIF #1) interest due semi-annually October 1 and April 1; bonds mature October 1, 2010 through 2014, optional redemption beginning October 1, 2012 at 100% of the principal. Original issuance of \$6,100,000 in December of 2009 had a partial defeasance of \$590,000 with the issuance of the Series 2009 bonds. Monies generated from these bonds were used in combination with funds received from Missouri Department of Transportation for projects such as added lanes on Highway 60 and also combined with funds from the Burlington Northern Santa Fe Railroad to build an overpass on Eisenhower Street. \$ 5,510,000

4.00% to 4.5% Subordinate Tax Increment Allocation Bonds, Junior Series 2009 (Hwy 60 Amended Redevelopment Project TIF #1) interest due semi-annually April 1 and October 1 with bonds maturing October 1, 2104 through 2018, optional redemption begins October 1, 2012 at 100% of the principal. Funding from this issuance was to further expand and improve the infrastructure of and adjacent to Highway 60. 2,720,000

5.00% Tax Increment Allocation Bonds Series 2005A (East Hwy 60 Infrastructure Project TIF #2) interest due semiannually January 1, and July 1, with principal and bonds maturing January 1, 2028 Optional redemption beginning January 1, 2010, at 100% of the principal. These monies were specifically generated to make improvements on and around Chapel Drive. 1,130,000

5.25% Tax Increment Allocation Bonds Series 2005B (RPA #1 Infrastructure Improvements Project TIF #2) interest due semiannually January 1, and July 1, maturing January 1, 2028 optional redemption beginning January 1, 2010, at 100% of the principal. Specific use of this funding was to redevelop 385 acres in the southeast portion of the city adjacent to Highway 60. 2,535,000

Sewer system fund:

2.00% to 4.70% Combined Waterworks and Sewerage System Revenue Bonds, (State Revolving Funds Program) Series 2003, due through January 1, 2025, callable on or after December 1, 2012 at 100% principal. Monies generated from this debt issuance were combined with funds from the State Environment Improvement and Energy Resources Authority to construct wastewater treatment and clean water facilities for the city (Drinking Water Loan). 7,515,000

5.20% to 6.55% Sewerage Revenues Refunding Bonds, (State Revolving Funds Program) Series 1992A, due through June 1, 2013. Monies generated from this debt issuance were combined with funds from the State Environment Improvement and Energy Resources Authority to construct wastewater treatment and clean water facilities for the city (Clean Water Loan).

255,000

Total revenue bonds payable

\$ 19,665,000

Developer agreements at March 31, 2010 consisted of the following obligation:

General fund:

Tax Increment Financing fund:

Certain developers applied for reimbursement of the cost of infrastructure should the city receive an increase in the sales taxes collected from the TIF district. The related infrastructure was given to the city and is included as capital assets.

540,194

Total notes payable

\$ 540,194

Certificates of Participation

In 2002, the City accepted the Commerce National Bank, N.A. bid to acquire leasehold certificates of participation, and subsequently entered into a Lease Purchase Agreement for the purpose of airport improvements. Currently the agreement has a present value of lease payments of \$80,000, with interest at 3.30%, and is payable in semiannual installments through October 2011.

In 2002, the City accepted the Commerce National Bank, N.A. bid to acquire leasehold certificates of participation, and subsequently entered into a Lease Purchase Agreement for the purpose of golf course improvements. Currently the agreement has a present value of lease payments of \$240,000, with interest at 3.30%, and is payable in semiannual installments through October 2011.

In 2004, the City accepted the Commerce National Bank, N.A. bid to acquire leasehold certificates of participation, and subsequently entered into a Lease Purchase Agreement in 2005, for the purpose of constructing a water tower. Currently the agreement has a present value of lease payments of \$380,573, with interest at 3.52%, and is payable in semiannual installments through December 2014.

Capital Leases

Governmental Activities:

Wells Fargo Brokerage Services, LLC, Governmental Lease-Purchase Agreement: dated February 25, 2009, the present value of lease payments is \$626,150, with interest at 3.85%, and is payable in annual payments through January 15, 2018. Funds generated from this lease were used for the interior security system and communication tower and equipment at the newly constructed Monett Justice Center.

Yamaha Motor Corporation Commercial Customer Finance Lease Agreement: In July of 2009, the City entered into a lease of 24 golf carts. The present value of lease payments is \$86,300 at year end, with interest at 4.88% and is payable in monthly payments through November 2014.

Citi-capital Finance Lease Agreement: In May 2009, the City entered into a Lease of 2 golf utility carts. The present value of lease payments at March 31, 2010 is \$7,800, with interest at 5.25% and is payable monthly through November 2012.

De Lange Landen Public Finance LLC: In October 2008, the City entered into a Lease of 3 police cars. The present value of lease payments at March 31, 2010 is \$27,393, with interest at 3.47%, and is payable in annual installments through January 2011.

Wells Fargo Brokerage Services, LLC: In January of 2008, the City entered into a Lease, for which the funds were used to expand the police station and municipal court facilities by building the new Monett Justice Center. The present value of lease payments at March 31, 2010 is \$2,170,000, with interest at 4.10%, and is payable in annual installments through January 2016.

Legal Debt margin – General Obligation Bonds

Article VI, Section 26 (b), (c), (d) and (e), Constitution of Missouri, limits the outstanding amount of authorized general obligation bonds of a political subdivision to twenty-percent of the assessed valuation of the political subdivision (excluding state-assessed railroad and utilities). The legal debt margin, computed excluding state-assessed railroad and utilities, of the City at March 31, 2010 was:

Assessed Valuation	
Real Estate	\$ 89,296,225
Personal Property	<u>44,804,110</u>
Total Assessed Valuation	<u>\$134,100,335</u>

The legal debt margin at March 31, 2010, was computed as follows:

General Obligation	
Debt Limit	\$ 26,820,067
General Obligation	
Bonds Payable	<u>415,091</u>
Legal Debt Margin	<u>\$ 26,404,976</u>

As of March 31, 2010, the City of Monett had \$415,091 outstanding general obligation bonds.

(E) Construction Commitments City of Monett

As of March 31, 2010, the City had no contractual construction commitments.

(F) Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of March 31, 2010 is as follows:

<u>Receivable fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Electric	Fiber	\$ 220,000

Interfund payables and receivables are made for specific purposes for each fund, and for overdraws of cash, both of which are made in the ordinary course of business. Interfund payables and receivables are intended to be repaid in future years.

<u>Interfund Transfers</u>		
<u>General fund</u>	<u>Electric Fund</u>	<u>Total</u>
\$ 396,000	\$ (396,000)	\$ -0-
<u>Transfers</u>		
<u>General fund</u>	<u>E-911</u>	<u>Total</u>
\$ (25,000)	\$ 25,000	\$ -0-

All interfund transfers provided funding for general operations of each fund. These transfers are permanent in nature, and are not intended to be repaid in future years.

(3) OTHER INFORMATION

(A) Employee Retirement Systems and Plans

The City participates in the Missouri Local Government Employees Retirement System (LAGERS), a statewide local government retirement system.

Missouri Local Government Employees Retirement System (LAGERS) Plan Description

The City of Monett participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri.

LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries.

LAGERS was created and is governed by statute, Section RSMo 70.600-70.755. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and it is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, MO 65102 or by calling 1-800-447-4334.

Funding Status

The City of Monett's full-time employees do not contribute to the pension plan. The political subdivision is required to contribute at an actuarially determined rate; the current rate is 10.3% (general), 9.3% (police), and 12.8% (fire) of annual covered payroll. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute.

Annual Pension Cost

For 2009, the political subdivision's annual pension cost of \$538,956 was equal to the required and actual contributions. The required contribution was determined as part of the February 28, 2007 and/or February 29, 2008 annual actuarial valuation using the entry age actuarial cost method. The actuarial assumptions as of February 28, 2009 included (a) a rate of return on the investment of present and future assets of 7.5% per year, compounded annually, (b) projected salary increases of 4.0% per year, compounded annually, attributable to inflation, (c) additional projected salary increases ranging from 0.0% to 6.0% per year, depending on age and division, attributable to seniority/merit, (d) pre-retirement mortality based on the RP-2000 Combined Healthy Table set back 0 years for men and 0 years for women and (e) post-retirement mortality based on the 1971 Group Annuity Mortality table projected to 2000 set back 1 year for men and 7 years for women.

The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The amortization period at February 28, 2009 was 15 years.

Three-Year Trend Information

Fiscal Year Ending	Annual Pension Cost APC	Percentage of APC Contributed	Net Pension Obligation
6/30/2007	523,460	100%	\$ -0-
6/30/2008	513,588	100%	\$ -0-
6/30/2009	538,956	100%	\$ -0-

Contribution Information

All Monett City full-time employees participate in LAGERS. The payroll for employees covered by LAGERS for the year ended March 31, 2010, was \$4,652,600; the City's total payroll was \$4,818,583. All City full-time employees are eligible to participate in the LAGERS Program. Employees who retire at or after age 60 (55 for police and fire employees) with 5 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 1.60 percent of their final-average salary for each year of credited service. Final-average salary is the employee's monthly average of gross salary paid an employee during the period of sixty months or, if an election has been made in accordance with the plan, thirty-six consecutive months or credited service producing the highest monthly average within the last 120 months of credited service. Benefits fully vest on reaching 5 years of service. Vested employees may retire at or after age 55 (age 50 for police and fire employees) and receive reduced retirement benefits.

(B) Litigation and Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor as a result of these audits is not believed to be material.

In the normal course of business, the City is involved in various legal proceedings. Although the outcome of these proceedings is not presently determinable, it is the opinion of the City legal counsel that the resolution of these matters will not have a material adverse effect on the financial position of the City.

(C) Risk Management

The City is exposed to various risks, such as property exposures, automobile liability, workers' compensation claims, equipment losses, general liability claims, and the costs associated with an employee health plan. For property exposures, the City purchases an all-risk insurance policy. This property insurance presently carries a primary deductible of \$5,000. While coverage is purchased for City-owned equipment, the comprehensive or collision exposure to City-owned vehicles is self-insured. Neither liability claims nor property losses have exceeded the limits of coverage.

The workers' compensation plan covers all City employees, while the health plan covers all full time City employees.

The City is exposed to various risks of loss related to torts: theft or, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City maintains commercial insurance coverage for property damage and various Missouri Official's bonds. Management believes coverage is sufficient to preclude any significant uninsured losses to the City.

REQUIRED SUPPLEMENTARY INFORMATION

CITY OF MONETT, MISSOURI
NOTES TO BUDGETARY COMPARISON SCHEDULES
MARCH 31, 2010

Budgets and Budgetary Accounting

The City utilizes the following procedures in establishing the budgetary data reflected in the financial statements:

1. All departments of the City of Monett, Missouri, are required to submit requests for appropriation to the City's Director of Finance in January each year. The Director of Finance uses these requests as the starting point for developing a proposed budget.
2. The Director of Finance presents a proposed budget to the City Council for review prior to March 10th.
3. The City Council is required to hold public hearings on the proposed budget and to adopt a final budget by no later than March 31, the close of the City of Monett, Missouri's fiscal year.
4. Prior to April 1, ordinances are passed by City Council which provide for legally adopted budgets in the City's General and Special Revenue Funds. Plans approved for Capital Projects, Debt Service and Proprietary Fund types provide operating guidance subject to actual activity during the fiscal year.
5. The City operates on a program performance budget system, with legally adopted budgets prepared by fund, program, and department. The legal level of budgetary control is at the department level. The City's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of City Council.
6. Formal budgetary integration is employed as a management control device in the General and Special Revenue Funds.
7. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with GAAP.

See accompanying notes to the financial statements.

CITY OF MONETT, MISSOURI
SCHEDULE OF FUNDING PROCESS
RETIREMENT SYSTEM
MARCH 31, 2010

Actuarial Valuation Date	(a) Actuarial Value of Assets	(b) Entry Age Actuarial Accrued Liability	(b-a) Unfunded Accrued Liability (UAL)	(a/b) Funded Ratio	(c) Annual Covered Payroll	[(b-a)/c] UAL as a Percentage of Covered Payroll
2/28/2007	9,287,107	9,113,567	(173,540)	102%	4,314,237	
2/28/2008	10,370,464	9,987,480	(382,984)	104	4,700,760	
2/28/2009	8,815,555	10,382,004	1,566,449	85	4,668,686	34

Note: The above assets and actuarial accrued liability do not include the assets and present value of benefits associated with the Benefit Reserve Fund and the Casualty Reserve Fund. The actuarial assumptions were changed in conjunction with the February 28, 2006, annual actuarial valuations. For a complete description of the actuarial assumptions used in the annual valuations, please contact the LAGERS office in Jefferson City.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor James Orr,
Councilman Jerry Dierker and Councilman Michael Brownsberger
City of Monett, Missouri

We have audited the financial statements of the governmental activities, the business-type activities, and each major fund of the City of Monett, Missouri, as of and for the year ended March 31, 2010, which collectively comprise the City of Monett, Missouri's basic financial statements and have issued our report thereon dated September 20, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Monett's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Monett, Missouri's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Monett's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of City of Monett, in a separate letter dated September 20, 2010.

This report is intended solely for the information and use of management, City Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Honorable Mayor James Orr,
Councilman Jerry Dierker and Councilman Michael Brownsberger
City of Monett, Missouri

Compliance

We have audited the City of Monett, Missouri's compliance with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended March 31, 2010. The City of Monett's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements referred to above is the responsibility of the City of Monett, Missouri's management. Our responsibility is to express an opinion on the City of Monett's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program identified in the accompanying schedule of findings and questioned costs occurred. An audit includes examining, on a test basis, evidence about City of Monett's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Monett's compliance with those requirements.

In our opinion, the City of Monett, Missouri, complied, in all material respects, with the compliance requirements referred to above that are applicable to each of its major federal programs identified in the accompanying schedule of findings and questioned costs for the year ended March 31, 2010.

Internal Control Over Compliance

The management of the City of Monett, Missouri, is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit, we considered the City of Monett's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Monett's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses in internal control over compliance. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, City Council, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor James Orr,
Councilman Jerry Dierker and Councilman Michael Brownsberger
City of Monett, Missouri

We have audited the financial statements of the governmental activities, the business-type activities, and each major fund of the City of Monett, Missouri, as of and for the year ended March 31, 2010, which collectively comprise the City of Monett, Missouri's basic financial statements and have issued our report thereon dated September 20, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Monett's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Monett, Missouri's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Monett's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of City of Monett, in a separate letter dated September 20, 2010.

This report is intended solely for the information and use of management, City Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Honorable Mayor James Orr,
Councilman Jerry Dierker and Councilman Michael Brownsberger
City of Monett, Missouri

Compliance

We have audited the City of Monett, Missouri's compliance with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended March 31, 2010. The City of Monett's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements referred to above is the responsibility of the City of Monett, Missouri's management. Our responsibility is to express an opinion on the City of Monett's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program identified in the accompanying schedule of findings and questioned costs occurred. An audit includes examining, on a test basis, evidence about City of Monett's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Monett's compliance with those requirements.

In our opinion, the City of Monett, Missouri, complied, in all material respects, with the compliance requirements referred to above that are applicable to each of its major federal programs identified in the accompanying schedule of findings and questioned costs for the year ended March 31, 2010.

Internal Control Over Compliance

The management of the City of Monett, Missouri, is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit, we considered the City of Monett's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Monett's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses in internal control over compliance. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, City Council, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
