In 2027, Downtown Monroe will be a state- and nationally-recognized vibrant and walkable downtown. The storefronts and upper floors are occupied and attract residents to shop and dine locally. It is the preferred downtown in the region for young and successful professionals and retired baby boomers to reside.

The Downtown Monroe retailers and restaurants combine into a lively shopping and entertainment district with an active nightlife. They leverage technology to augment their storefront sales online and to promote their businesses to the community and others in the region.

All historic downtown buildings have made improvements from facade renovations, new signage, and outdoor seating. Empty lots and underused properties are revitalized with productive real estate contributing to the tax base, creating jobs and places to live.

The downtown is connected by an attractive, functional streetscape that is welcoming to pedestrians and non-motorized modes of transportation. The downtown has created greater connection to major employers, education institute and other attractions in the area such as the River Raisin, National and State Parks, and the Center for the Arts.

Re: FAÇADE REINVESTMENT PROGRAM - REQUESTS FOR EXTENSION

BACKGROUND

In November, 2018, the board approved two projects for participation in the Facade Reinvestment Program. Then-guidelines require that the approved applicants commence work within ninety days of approval. That period since has passed. Approved applicants were contacted to submit a request an extension of the start date with a brief explanation of the delay. The requests, along with the committee recommendation for approval of the extensions, are attached. The subject properties are 34 West Front Street and 13 West Front (with frontage on Monroe Street).

NOTE: Given the shift in approvals to fall of each year, future consideration should be given to revising the downtown reinvestment grant program guidelines to provide more lead time for commencement of approved projects.

ACTION

Approve extensions to commence work by November 19, 2019 for façade projects at 34 West Front Street and 13 West Front Street in accordance with committee recommendation.

Façade Reinvestment Committee Meeting

May 7, 2019

Meeting: 8:10 a.m. – 8:38 a.m.

In Attendance: Janet Berns, Scott Goocher, Mary Gail Beneteau

Office Manager: Paula Stanifer

Excused: George Boyan, Jim Jacobs

Review of two current Reinvestment Grants.

Grants were awarded November 14, 2018. Both recipients have been in contact monthly with Ms. Stanifer providing updates. Committee feels it is unrealistic for facades to be started within 90 days due to the award date of November. Committee did not expect any real work to commence before May 2019. Further, both of the projects are full projects which include extensive interior work. Committee believes both recipients will begin interior work and finish with the façade. Committee feels both projects will extend past the one year mark and will ask recipients to provide a letter of extension at that time.

Motion by Mary Gail Beneteau, seconded by Janet Berns, to extend both grants to a minimum of one year (November 19, 2019).

Motion Unanimous

Hi Annette,

Thank you so much for reaching out. We apologize we haven't started within 90 days and would like to request an extension. We have had some issues with the contractors and that's why the project have been delayed. But, we are now working on an agreement and will start the construction in May.

Thank you again!!

Have a great weekend!

Hi Annette,

Thank you for the email and the explanation. Our project is still a work in progress as we have had to make changes to the brewing/distilling strategy as it relates to doing it on site. The regulatory process for distilling is regulated not only by the state but federally as well through TTB and they had conflicting information in determining if we could do what we wanted in the space we had. Ultimately we had to drop the idea of distilling and will now be focusing on brewing only. The space required and overall set up for brewing and distilling is completely different so we couldn't do the work with architects until we had the final determination from TTB on distilling. We started work with the architect in December are still waiting for a final print that we can submit for review and hope to have that in the coming weeks.

Sorry for the delay and for all the detail but hopefully this will help. We really appreciate all the help and cooperation we have received from the city on this and we look forward to getting this project started very soon!

Regards,

Dustin E. Leach, AIF®

Re: PROPOSED REVISED BY-LAWS

BACKGROUND

The DDA board last updated its by-laws in October, 2017. At the time, Article 8, Committees, purposefully was passed over because the transition to project-based work teams from standing committees needed some practical experience before the areas requiring revision could become evident

At this time, with the transition to project-based work teams completed, the by-laws are obsolete as they pertain to committees. An ad hoc by-law revision committee convened to rewrite Article 8 primarily. However, other minor changes were made to other articles where necessary. For example, the by-laws now mention Act 57 of 2018 rather than Act 197 of 1975.

At the April meeting, the proposed revisions were presented to the board according to requirements, but not acted upon.

If approved, any changes must be adopted by the honorable Mayor and City Council.

Attached is a clean copy of the proposed revised by-laws and a marked up version showing the proposed changes.

ACTION

Approve by-laws, 2019 revision one.

Re: PROPOSAL FROM ISSUE MEDIA GROUP

BACKGROUND

Attached you will find a proposal from Issue Media Group for participation in a coalition of stakeholders to bring the ad series On the Ground to Monroe. Details are outlined in the proposal and are not included herein.

If the board is inclined, funds for participation would be derived from the forthcoming fiscal year budget, with other low-priority projects sacrificed to make room. Although an investment of \$4,000.00 was suggested, the board may choose what it is comfortable in allocating. Discussion at the April board meeting centered around a \$3,000 contribution. At that meeting, the board requested information about the projects in the marketing plan that might be sacrificed to make available funds for this project. Lower priority projects in the marketing plan are:

Marketing as Jazz Festival Sponsor	\$500.00
Holiday co-op piece	\$1,000.00
Radio co-op piece	\$1,000.00
Virtual Tour	\$1,750.00

ACTIONABLE ITEM

Accept the proposal from Image Media Group to enter the On the Ground Monroe coalition, subject to legal review of its requirements, with the understanding that if the funding levels necessary to accomplish the program as proposed by Image Media Group are not met, the Monroe DDA is under no obligation; and, be it further resolved, that funds for the program in the amount of \$XXXXX are to be derived from Community Promotions, Account Number 751-65.691-880.000 in Fiscal Year 2019-2020, provided that said budget is approved by the City Council and with the acknowledgement that the program shall substitute X and X in the marketing plan.

On The Ground - Monroe

<u>Addressing Neighborhood News Deserts</u>

Because of the decade-long decline of local newspapers across the country, many communities are left with significantly diminished news coverage, creating neighborhood news deserts. As local news outlets struggle with shrinking capacity, these communities are receiving less coverage of critical issues like economic development and jobs, entrepreneurship, housing, seniors, education, healthcare, transportation, placemaking, environment and arts and culture.

Issue Media Group's On The Ground Program is designed to provide a platform for these communities to have a place in the news landscape, and to tell the stories of the residents who live and work in them. Issue Media Group (IMG) employs and embeds a journalist in neighborhoods and cities to better understand the nuance of each place.

Our experience with On the Ground

IMG launched its On the Ground embedded journalism program in neighborhoods in Philadelphia in 2012. The model quickly expanded to over 20 communities in Detroit, Memphis, Tampa, Cincinnati, Grand Rapids, Dearborn, Pontiac, Farmington, Ypsilanti, Muskegon, Battle Creek, and Kalamazoo.

Since the program launched, IMG has learned how to increase its impact. We have changed our approach by extending the length of time that our journalists spend in each neighborhood to maximize impact; we have added engagement, events, and media partnerships; and we have expanded our editorial focus beyond the non-profits and organizations working in neighborhoods to focus on giving residents more voice in the news cycle.

IMG surveys each community after the project is over so that we can continue to improve and build upon what we have learned. For example, IMG has found that this work is more impactful when a community invites the On The Ground project into its neighborhood, so we designed a selection process for determining where we will cover. The process allows communities to have a role in the earliest phase of our work, as well as tells us what the residents' greatest needs are from their own perspective. We also

understand the importance of continuing to cover a community after the initial intensive reporting period ends. We have begun to include a curriculum to train writers from each neighborhood to contribute to the project and develop skills to continue creating content and building capacity in neighborhoods for the future.

IMG's interest in improving our On the Ground work has largely been driven by the challenges we've faced since taking on these projects. Each new neighborhood presents its own challenges, as well, meaning that flexibility has been the greatest skill we have had in pursuing On the Ground programs. IMG sees this work as an ongoing investment into communities and approaches it as such, always with the goal of sharing residents' perspectives and raising their voices in the media landscape.

On the Ground programs are made possible with underwriting support from a variety of community stakeholders and partners—including MEDC, W.K. Kellogg Foundation, Knight Foundation, Kresge Foundation, The Skillman Foundation, The Assisi Foundation, Irving S. Gilmore Foundation, Fetzer Institute, Grand Rapids Community Foundation, Frey Foundation, Steelcase Foundation, Kalamazoo Community Foundation and many others.

Some examples of the impact of On the Ground include:

INCREASED FUNDING: In the Memphis neighborhood of Frayser, which IMG covered in 2017, Pastor DeAndre Brown, executive director of Lifeline to Success credited High Ground News with increasing visibility and understanding of his organization, which he suggested led to increased funding from City Council to \$200,000.

BUSINESS INVESTMENT: Damon Covington, a chef operating a catering and food truck business in downtown Muskegon, MI, connected with community residents interested in helping him expand his work to a food truck court after they read about him in an On The Ground article. He launched the court in spring/summer of 2018 near Muskegon's downtown.

INCREASED INTEREST: A number of Muskegon businesses and organizations cited On The Ground as the reason for increased business including Abeshi, McLaughlin Grows Urban Farm, Hamburger Mikey, Naan Pizza, and Curry Kitchen.

COMMUNITY IMPACT: Michelle Jokisch Polo, project editor for On the Ground in Grand Rapids, was named Person of the Year at the GVSU 'I Have Made A Difference" Awards for her work in Rapid Growth.

NEW PARTNERSHIPS: Melvin Parson was covered in Concentrate as part of the On The Ground Ypsilanti project. Parson offers healthy food options to formerly incarcerated residents with his urban farm. The coverage led to Washtenaw County seeking partnership opportunities with him to fund his work and expand to multiple sites countywide.

Resident engagement is critical for impact

Resident engagement is critical for the success of On the Ground and requires significant time sitting with, listening to and participating in community conversations. In the first month of the program, IMG hosts meetings to bring neighbors together and sends a journalist to community events to get to know the residents and learn the neighborhood's unique story. This part of the project includes editorial advisories with neighborhood stakeholders, residents, businesses and organizations to brainstorm story ideas. IMG may also operate community newsrooms within neighborhoods, which creates a space in the neighborhoods for residents and community members to meet the "On the Ground" team, share stories, and develop deeper relationships.

Expanding readership in neighborhoods

Over the past five years of running On the Ground programs around the country, IMG has experienced significant increases in neighborhood-level readership. The neighborhood coverage is always paired with additional investments in targeted Facebook boosting to ensure the residents and community stakeholders are reading the stories. IMG will also seek additional media partnerships with online, print, radio and TV news organizations that model our partnerships with WDET in Detroit, WEMU in Ypsilanti, The Daily Memphian in Memphis, and WMUK in Kalamazoo.

Evaluation

Evaluation of On the Ground includes surveys and interviews with the people and organizations that IMG has written about to better understand outcomes of our coverage. IMG conducts detailed surveys with people who have experienced the program on various levels—as partners, stakeholders, event participants, and speakers or panelists—and uses the results to improve our work in an upcoming community. IMG also uses Google Analytics and Facebook to track the performance of our content and readership growth on its sites and on social media.

The On the Ground work is a continually evolving project for IMG. Each program teaches us more about the ways to make improvements and meaningful impact in communities to come. IMG understands that the most important piece of the project is having the ability to listen to the unique needs of each neighborhood and pivot, if needed, to create an end result that has the most meaningful impact possible.

The organizations and neighborhood groups that IMG publications cover often use these stories as third-party validation of their work to secure additional grant dollars with new foundations, attract new talent, volunteers, partnerships and earned revenue opportunities.

Strategy

Issue Media Group will use an embedded journalism model to maintain a presence in Monroe.

Issue Media Group will focus weekly coverage on Monroe to tell the story of the businesses, nonprofits, community groups, artists, neighborhood organizations and residents who live there.

Issue Media Group will dedicate a new publication/platform to Monroe and will publish stories, convene events, and circulate a weekly email publication. The publication will be part of Issue Media Group's statewide Michigan network, Second Wave that helps distribute Monroe content outside the region.

Coalition Membership

Issue Media Group proposes the On The Ground program in Monroe be funded by a coalition of partners. Funding from the Monroe Downtown Development Authority will allow IMG to leverage other relationships in Monroe and build a coalition to fund the proposed work.

This contract contains the entire agreement between IMG and Monroe Downtown Development Authority and there are no other conditions in any other written or oral agreement concerning the subject matter in this contract. This contract supersedes any prior written or oral agreement between IMG and Monroe Downtown Development Authority.

In the event that IMG does not develop a sponsorship base that hits the necessary financial launch target, Monroe Downtown Development Authority will not be held to this sponsorship agreement.

Issue Media Group's Underwriting Policy

Issue Media Group offers its underwriters the opportunity to directly align their brands with content about talent, innovation, diversity, and place. In addition, IMG provides

corporations, governments, institutions, nonprofits, and foundations with similarly focused missions a way to use their media budgets to support and expand coverage of job growth, economic development, real estate, non-profit innovation, city building, and place making.

Underwriting is the basis of our model as a publication. Underwriters are considered crucial to our organization and their support is the reason that IMG is able to produce content within a broad spectrum of topics. Support from underwriters allows IMG to dedicate editorial resources to cover key issue areas that are of importance to both the underwriter and IMG's mission.

We work with like-minded stakeholders who have shared values and missions.

Because of our intersecting interests, we may cover our underwriters' work journalistically. However, IMG observes strict boundaries regarding the direction, review, and approval of content that is published.

IMG encourages underwriters to pitch ideas through Editorial Advisories and to our editorial teams. We value the knowledge our partners bring to our work, and we encourage underwriters to send story ideas, trends in underwriters' areas of expertise, and press releases. However, published content is at the discretion of the editorial teams and all final decisions regarding content are made without client approval.

While underwriters are not allowed to review or approve content, IMG works with them to establish focus areas that will be included in coverage. If an underwriter desires the ability to direct or edit content, the content will be considered "Partner Content," and given a treatment that distinguishes it from editorial content. The underwriter's logo will be embedded in the story and a transparency statement will be included.

IMG works with underwriters to fully understand the issues they care about. However, IMG trusts its editorial teams to shape stories around issues in a way that will resonate with readers.

IMG honors truthfulness and strives to avoid conflicts of interest in our reporting. This includes real conflicts and acts that may appear to be a conflict. To this end, we opt to disclose any relationships with underwriters that could be perceived as complicating our journalistic mission.
