

Town of Mooresville Certified Backflow Tester List

Our staff has reviewed the credentials of the following individuals or businesses to see that they meet the qualifications necessary to conduct inspections/installations pursuant to the ordinance.

Our review does not indicate that we are endorsing any one individual or business.

NOTE: Only a licensed plumber or utility contractor can install or replace a backflow preventer.

If you contact a plumber or contractor not listed, be sure they are licensed and certified. Make sure your plumber/contractor is doing the work in accordance with federal, state, local code, and Town of Mooresville requirements. Prices and Services Vary!
