1. NEW BUSINESS

Boston Market-Food Code violations

Daniel Theodore and Idir Saadi of Boston Market appear before the Board in regards to an on going Food Code violation. The Sanitarian had been trying to reach out to Boston Market since May 7th to find out when the alternate person in charge would be taking the Food Manager certification course. The certificate was received, but the Board's concern is the lack of response from management over this issue. The District Manager said he will be the one to communicate with the Sanitarian in the future and it will not happen again.
