Mr. Raymond: Can you please followup on why 80 planes were flying directly over the Winfield/Rock Street neighborhood on Saturday, March 18, 2023? I have received a couple of complaints because there was no redirection on these flights. It was a nice day out so we could see the overflights as they took off and flew low and loud directly over the houses on Winfield/Rock Streets. We appreciate your 3 meetings with our neighborhood to discuss our concerns and continue improvements. We look forward to the Airport Commission meeting on March 22 so we can hear what to expect when construction resumes in April. Thank you for working with our neighborhood...Diane Wiffin
