Another beautiful day, this time Saturday October 28, ruined with the low loud buzzing of @100 overflights over Winfield/Rock Streets. In reference to the Norwood Record article of October 26, 2023, "over the course of 242 days since February--there had been 21 days on which neighborhood noise complaints had been filed." Very misleading, as not all noise complaints are individually filed. I am filing this complaint on behalf of the Winfield/Rock neighborhood. Nevertheless, 21 complaints x 100 overflights = 2100 planes flying low and loud and often over a congested residential neighborhood. That's a lot of planes...Diane Wiffin
