Good Morning Mark,

I live in the Rock St./ Winfield St. neighborhood. I have attended most of the Airport Commission meetings since last January. Thank you to you and the airport for a relatively quiet summer. I have one noise complaint from this morning. A jet took off at about 7:40 A.M. I wasn't up yet, so I don't have a tail number for you. Clearly the pilot doesn't care about noise abatement. Thank you for working with us as we continue to strive for a more peaceful neighborhood.

Ed Costello
