

What is Norwood's Recycler of the Month contest?

In an effort to boost curbside recycling rates, the Town of Norwood is partnering with Waste Management to create the "Recycler of the Month" program. Each month nominations will be recorded through a brief online survey. The winner will be determined through a random drawing from all nominations received that month. Prizes are sponsored by Waste Management.

Each month's winner will be notified in person by Doris Burtman, Norwood's Recycling Program Coordinator. Entrants should understand that this is part of a public relations campaign to increase recycling in Norwood. Therefore, each month's winner should expect to see his name and photograph in various media outlets shortly after being named Norwood's Recycler of the Month.

Nominations will be accepted through the end of the month. Entries will be limited to one nomination per month. Winners will be ineligible for the following month's drawing. Town of Norwood employees and their families are ineligible to participate.

CURBSIDE RECYCLING

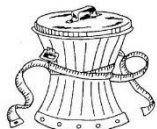

- *Follow the 3 foot rule:
keep 3 ft. between carts and cars
- *Cart lids are closed

DROP OFF RECYCLING

- *For Norwood residents only
