The tent was provided by Marguerite, Delivery of set up materials was provided by Vic and others walked in with additional materials.

Giveaways included limited numbers of Trail Map Brochures, T-shirts, Water Bottles, stickers and future event information.

We also collected emails of interested visitors to the booth.

As it was last year, attendance was heavy throughout the day with a constant flow of people.

The event ended at 3:00 PM and the booth was disassembled by 3:10.

The Norwood Day Subcommittee wishes to sincerely thank everyone involved in the success of this Booth at this year's event. Without everyone's help it would have been much more difficult.
