

NRPC provides transportation, land use, environmental, and economic development planning services and delivers extensive mapping and data assistance. Mason accessed a variety of NRPC membership benefits in 2021, including:

Energy Supply Aggregation: nashuarpc.org/e-agg

NRPC facilitates a bid process among licensed electricity suppliers. By serving the aggregate electric demand across NRPC member towns and schools, suppliers can offer a better rate than the typical default rates. Unfortunately, in this past year a savings wasn't realized, however, the Mason Schools and Town's **cumulative savings** since joining the aggregation is **\$34,677**.

Discounted New Hampshire Planning and Land Use Regulation Books

In conjunction with the NH Office of Strategic Initiatives, NRPC offers the annual New Hampshire Planning and Land Use Regulation Book to communities at a sizable discount over retail price.

- Mason's **Total Cost Savings** in 2021: **\$1,453.00**

Online GIS: nrpcnh.mapgeo.io

MapGeo, NRPC's Live Maps App, is the Town's public GIS property viewer.

- Estimated Annual Software **Cost Savings:** **\$3,000**

Development Review and Planning Services: Under contractual agreement, Mason utilizes NRPC's hourly "circuit rider" services to assist the Planning Board, including assistance to applicants in submitting subdivision or site plan applications, written reviews of submissions to the Planning Board, attendance at hearings and work sessions to assist and answer questions, and support to the Board and Town staff in preparing notices, draft amendments, and warrants for Town Meeting.

Road Surface Management System (RSMS): In 2021, NRPC completed a road surface assessment and pavement management project for the Town. This project includes an inventory of all local roads, a needs assessment based on current conditions, a prioritized future maintenance schedule, and a budget justification for associated future expenditures for road improvements on both paved and unpaved local roads.

NRPC extends heartfelt thanks to citizens and staff who support regional planning, including:

Commissioner: Charlie Moser

Transportation Technical Advisory Committee Representative: Dave Morrison
